Rev. Delman Coates, Ph.D., Senior Pastor
Mt. Ennon Baptist Church, Clinton, MD
Opening Prayer, 427th Legislative Session, Maryland State Senate, January 13, 2010

Eternal and all-wise God, You who are the beginning and the end,

We come to You today in humble submission with thanksgiving on our hearts. As we commence yet another legislative session, we pray for Your eternal blessings over this Body, and the State that we serve. Help us Lord to hear Your voice, to pursue Your will, and to serve Your people. May this Body be a model of civility in a time of war, a beacon of hope in a time of uncertainty, and a light to the world in a time of despair. As we assemble in this chamber, cause us to put principle above partisanship, the public interest above special interests, and the common Good above personal gain. May we lead with compassion and serve with conviction as we endeavor to confront the challenges before us. Strengthen us in our private lives and sustain us in our public lives, and keep before us the plight of the less fortunate, the downtrodden, and the forgotten. We pray for our Governor and our colleagues in the House, and may this 427th session produce prosperity and peace for this great State. In all that we do, remind us that You are the Source of our being, the Ground on which we stand, the Air that we breathe, and the Light that is our guide. This is our prayer, and we ask it in the Name of Unity, Hope, and Love. Amen.

SENATE OF MARYLAND-Invocation-01-14-10

Gracious God, your world is beautiful and we give you thanks for all seen and unseen, for this State of *"Maryland, "My Maryland"* and each elected official, ..in this Senate Family.

Give these officials here vision and wisdom to make decisions concerning this State from the Bay Bridge to the Woodrow Wilson Bridge to the lands and waters of the furthest west point of the high mountains of Garrett Co to St. Mary's Co. all corners of this great State and in-between; touched with the concerns of West Virginia, Virginia, Penn, Del, and D.C.; what a responsibility you give to this Senate Family to Care for your Creation.

Grace each one here God, with wise counsel to protect the environment, the beaches, bridges, highways, ships, fish, oysters, crabs, coal, cattle, chickens, and wildlife, and these are just a few of what each one needs to know to be able to keep this state in tact.

Guide this Senate with the concerns of our children and youth and our schools & teachers. Guide our Senators with wise decision-making with all the areas; from the largest cities, not only here at Annapolis and Baltimore, and Rockville, and Bowie, but the smallest areas like Fort Washington and Oxon Hill, a diverse county like P.G. and the smallest County called Calvert. Each is important because of the 4-million plus people who live in this state.

As your people of Senators, they have so much to do, and so little time to do it. Help them not to hurry-up when a special vote needs more time. Give them the highest ethical and moral standards to rule this House. Let them have integrity in what they do and how they go about their daily living, because we trust them with the present and the future of this State. Protect them in their genuine labor to care for your world with this slice of land called Maryland.

As this fast growing government of ours creates so many new functions to regulate, direct them. By "Going Green" help us do so the right way.

In this economic state, help this Senate to be creative in finding jobs and ways to help those in need.

O God, give to these Senators, restful nights, safe travel, homes and families of love and words of encouragement with their colleagues. Grace them with your peace, O God, peace for their enter-souls and peace for our world, so that the government of the people, by the people and for the people shall not perish from this earth.

Even thought Haiti is not part of Maryland, their disaster is a call for prayer for help for each one their.

Through the God of us all, we offer this prayer. Amen.

Rev. Sandra SW Taylor, Pastor
Mt. Harmony-Lower Marlboro United Methodist Church
155 Mt. Harmony Rd, Owings, MD

Maryland Senate Invocation
January 15, 2010
Msgr. Stuart Swetland

A moment of silent prayer that each of us may pray in our own way for the people of Haiti and all those working in aid and rescue there.....

Almighty God,
Lord of Heaven and Earth,
Ruler and Judge of all that is seen and unseen:

We entrust our state, its people and our work here today to your merciful care and Divine Providence.

We come before you deeply aware of our great need. We are challenged by what, at times, seems like overwhelming poverty and scarcity. There seems to be shortages in everything –from revenue to resources, from jobs to justice and everything in between. Many, if not all of us can be tempted to despair and lose hope.

But do not let us to succumb to this temptation. Allow us to recognize the riches and abundance all around us – the breathtaking beauty of our state from its gorgeous forest and mountains in the West to its scenic bay and oceanfront in the East; the great and historic cities, towns and villages that reflect the creative genius of our citizens; the farms and the fisheries; the factories and research centers, the service and tourist industries, the outstanding educational centers(public and private), the homes, hospitals and other centers of healthcare and the countless other endeavors, all of which reflect the industriousness of our great and noble populace. Help us to discern how we may best serve the people of Maryland. Give us good counsel, knowledge, understanding and wisdom to discern the true common good. Give us the courage and piety necessary to make the difficult decisions demanded of us as servant leaders. Deepen our faith and hope that convinces us that your promises to us will be fulfilled. Help us to live this day and always with a reverential awe of you, our Almighty God and of devoted love for all the people made in your image and likeness entrusted to our care. May we have a particular and preferential love for those most vulnerable and needy in our midst

And we ask this all in your Holy Name. Amen

First of all, I want to thank Senator Pugh for the opportunity to deliver the invocation on this historic day. With that said, let us pause for a moment of prayer.

Almighty God, we invite your presence as we give thanks for the day in which we celebrate the life and legacy of the Dreamer who called a nation to live out the full meaning of its creed. On this day, we remember Dr. Martin Luther King, Jr.' unwavering dedication and single-minded commitment to the cause of freedom and justice for all. We remember how he inspired and challenged us through the power of words that touched our heads and penetrated our hearts. While among us the Dreamer said:

Injustice anywhere is a threat to justice everywhere.

We must learn to live together as brothers or perish together as fools.

If a man hasn't discovered something that he will die for, he isn't fit to live.

If physical death is the price that I must pay to free my white brothers and sisters from a permanent death of the spirit, then nothing can be more redemptive.

As we remember Dr. King we also remember courageous pioneers like Clarence Blount, Lena King Lee, and Howard Rollins; brave souls who struggled during some of our darkest days against the forces of oppression and injustice. We thank God for those who continue to fight the good fight of faith in hope of securing a future that is determined by the content of character rather than the color of one's skin.

In these times of budget cuts and reduced services we ask God to give our elected leaders the wisdom to choose wisely between an array of options. We ask the Lord to bless our state with resources that will enable our leaders to meet emerging needs and difficult challenges. We pray that all branches of government would work in harmony with each another so that the needs, interest, and will of the people will take precedence over all else.

We pray tonight for men, women, and families in uniform; especially those who are deployed in distant lands in support and defense of freedom.

Finally, we ask God to bless our national leaders as they seek to lead and protect us from those who would attempt to disrupt and destroy our way of life.

Lord, in your mercy, hear our prayer and continue to bless and keep America! Amen.

Gracious and Holy One,

We give you thanks and praise for your many blessings to us. We thank you for the beauty and resources of this state. We thank you for the variety of the landscape, from the majesty of our mountains, to the fruitfulness of our fields, the magnificence of our cities, the hospitality of our many communities and towns, the wonder of the Chesapeake, the gift of our rivers, streams, and shores.

We praise you for the diversity of people who call this state our home, for the talents, dedication, and abilities of the people who live in Maryland. We hold before you those public servants gathered here who serve on behalf of the state of Maryland. We ask your blessing upon them and ask that you would guide them as they make decisions on behalf of our state and its citizens. May the divine light of your wisdom guide their deliberation. May they be enabled by your powerful protection to discharge their duties with honesty and to the best of their abilities. May they always seek to serve the common good and others before self. May they keep in mind the most vulnerable and those most in need among us. May the work they do bring tranquility, safety, peace and prosperity in our state. May their dedication and service inspire all of us to offer the best that we have to work for the greater good and the well-being of all.

Amen.

My Father in Heaven, today I have been honored to present supplications on behalf of these elected officials of this great State of Maryland and on behalf of many who voted in electoral process.

Today, . . . May this body be blessed with health and quickness of mind. I don't know the individual needs represented here, but I pray for sharp minds, not hindered by distractions. May their families be blessed by your good hand.

As we do our labors . . . May our hearts be filled with **humility** as we put off selfish desires and agendas that might have long term hurt for the short term gain. We all fight against this temptation.

May our words be filled with the **Truth** as we navigate through a world of many self-proclaimed "truths." May we not maneuver for self-service, but stand in wisdom for the betterment of character in those we serve. O, I pray for wisdom for these dear souls, Lord.

My Father, instruct our minds to remember **history** as a friend and a guide. Might the wisdom of the sages of old give principles for the decisions of the present. Might history and errors of the past help us to avoid the pitfalls of the day. There are so many voices that call out in self-service to the neglect of character and rightness. Please, defend us from these.

May our **strength** be from you and not from a tainted agenda that tickles men's ears nor from the pressures of others in positions of temporal power. Help these well-thinking men and women to respect the power of this body as it shapes the character of this State for the future. Help us not to punish those who have been wise, kind, prudent, and frugal for the sake of those who have chosen to be fools, excusing away or blaming others for their own demise; yet, Lord, give us great compassion for those who do not have the ability to care for themselves.

Finally, Lord, help us to know our end. Help us to see how frail life is. Help us to walk soberly before the God who judges the living and the dead. May we live out our lives in our given stations, decision by decision, to the glory of the Holy, Righteous and living God of our fathers. May we remember our Governor, those in the House of Delegates, and our sons and daughters who defend us at home and abroad. We pray the same petitions for them, and great blessings of protection for those in harm's way. To God be the glory of this day, I pray in my Savior's name, Amen.

May God truly bless you richly this day, and thank you for the privilege of praying with you.

"Yours, O Lord, is the greatness and the power and the glory and the victory and the majesty, indeed everything that is in the heavens and the earth; Yours is the dominion, O Lord, and You exalt Yourself as head over all. Both riches and honor come from You, and You rule over all, and in Your hand is power and might; and it lies in Your hand to make great and to strengthen everyone. Now therefore, our God, we thank You, and praise Your glorious name." 1 Chronicles 29:11-13

We acknowledge this day our need for you, O Lord, the One who strengthens us.

Who are we that we should have the honor and privilege to govern your people?

Help us, Lord, to serve the people of this state well today, to the very best of our ability.

Help us to lead well, to love well, to serve well.

I pray for whatever burdens and concerns might be present among us:

- personal concerns of family, health, finances, or business.
- decisions that will be weighed and discussed today that impact our state.

Grant us wisdom and strength, patience and a heart that desires unity.

May your will be done...and your kingdom come!

We pray this in your great and glorious name.

Amen

Eternal God, we bow before you this morning in the acknowledgement that the tasks before us need an insight, an understanding and a compassion that is beyond us as individuals. We too often seek to change others while being unable to change ourselves. We who have been made in your image ask your forgiveness and for your empowerment to be the beloved community that serves you and our neighbor.

I thank you for these men and women who have been willing to bear the darts of public opinion to serve in our behalf, especially in these days of economic distress. Be present among them in their deliberations and with their families who also share in this most public of endeavors.

We pray this to the honor and glory of your holy name. Amen.

Invocation for the Maryland Senate
January 25, 2010
By Rev. Kevin McGhee, Senior Pastor, Bethany Community Church & President, Laurel Clergy Association

Gracious and Almighty God,

As the Senate begins a new week of work on matters that will affect every citizen in our State, we pray for your Spirit to empower them with endurance, embolden them with courage, and enlighten them with wisdom. Grant them humility and grace as they work with each other in the midst of contentious debate. We ask that you fill every Senator's heart with a passion for that which is true and pleasing in your sight; that they not only find common ground, but the moral high ground for the pressing issues of our day.

Lord, those who bow before you this night will face many temptations over the next ninety days. Guard them from the temptation to do the politically expedient at the expense of conscience. Protect them from any temptation that would undermine their relationships with their spouses and children. Enable them to be uncompromising in their work to restrain evil and to advance that which is good, especially for the most vulnerable members of our communities. We pray that their efforts in this legislative session will result in more and better jobs, better schools, and practical relief for the suffering. We pray that you will grant to the Senators this day, and every day, a profound sense of your calling on their lives, and that you grant them rest – the untroubled sleep of a clear conscience and a job well done.

As representatives of all our citizens, we gather tonight with thankful hearts for our friends and neighbors who have left Maryland to relieve the suffering in Haiti. Let them be instruments of your **Comfort** – especially those who left us on a ship which bears that name. We are also thankful this night for fellow citizens who serve in our military, far from home, in Iraq, Afghanistan, and in every corner of our troubled world. We pray that they will have success in their mission to bring peace and security to those who have never enjoyed the freedoms you have entrusted to us. We pray for your blessing on their families, and for their safe return.

And so, as we gather tonight to deliberate and legislate in a state and a nation known 'round the world as a beacon of freedom; we, with one voice, pray for the peacemakers who preserve that freedom for us –

We offer our humble prayers in the name of the Prince of Peace.

Amen.

Maryland State Senate Prayer
January 26, 2010
Prepared by Rev. John Kazanjian
Kenwood Presbyterian Church
Baltimore, MD 21236

Almighty and gracious God, who created the world and all that is in it and called it good, hear us now as we come to you in prayer, to begin our day of work.

The agenda is full, important issues await our deliberation, people's lives are affected, so many causes cry out for our attention, and we can't help but feel overwhelmed as we stand in humility for the job before us.

We face an enormous state budget deficit, our schools need much attention, parts of our beautiful Chesapeake Bay have become impotent, our cities and counties are shouting for help, and we need to create jobs and more jobs to help Maryland families and the sagging State treasury. The work of a law maker is not an easy one, so we ask for, and pray for, your help.

Help us to know we cannot do this by ourselves – forgive any arrogance that thinks we can lead or legislate without your comforting and powerful hand upon us, to guide us along the way. We seek your wisdom as we wrestle with the issues. We need all the help we can get.

Great God, keep us especially mindful of those who are marginalized and mixed up, keep us sensitive to those living on society's fringe. Stir our hearts to act with kindness and mercy and equality. May our actions encompass justice – for all of Maryland citizens.

And now we confess, deep down in our hearts – how each one of us has been blessed by your abundant grace – and how those blessings continue. Let those blessings be the catalyst for what we do and say today.

As we come to you in prayer on this new day, gathered in this beautiful State House, we come seeking strength to do our work, and wisdom to do what is right. May our work together continue to make Maryland a great place to be. I thank you God, for these public servants, who give of themselves to make our home a better place. Bless and guide them, and continue to make us instruments of your peace, now and always. Amen.

On behalf of Pramukh Swami Maharaj, spiritual leader of the BAPS Swaminarayan Sanstha, and on behalf of the Swaminarayan Hindu Temple in Beltsville, MD, I bid everyone a warm and humble Namaste and Jay Swaminarayan.

Approximately 230 years ago, Bhagwan Swaminarayan, the founder of the organization, had given blessings to the leaders of India at the time. Although the words were uttered many years ago, they are just as momentous today. He said: "If you rule the country with morality and a sense of duty, the country will prosper." The roots of America's prosperity can be found in similar precepts.

And so, today, let us offer prayers to God so that prosperity can also lead to peace. The words of the prayers are from traditional Sanskrit Hindu scriptures thousands of years old.

Finally, a prayer on behalf of Pramukh Swami Maharaj, who often says: "In the joy of others lies our own."

May all of the members present here today, along with all of their family and loved ones prosper... may all find peace of mind... may all work for the good of others.

Thank you. Namaste and Jay Swaminarayan.

Invocation for the Maryland State Senate
Thursday, January 28, 2010
10:00 a.m.

Creator God, loving God, and God of our past, of our present and of our future:

We gather again this day in this historic chamber and in your majestic presence to do the work you and the citizens of this great state have called us to do. As these Maryland state senators and aids and staff consider the tasks that lie ahead in this legislative session, may they each remain faithful to their high calling to legislate with fairness, with justice, with sensitivity, and with hearts full of compassion.

These days in which we live remain challenging as we all – in one way or another – feel the burden of a statewide and national economic downturn. Yet in the midst of it all, we seek your guidance in leading us into attitudes of hope and optimism for a better tomorrow as we do our work today.

On this day and in these weeks ahead, I pray that you would bless and surround the families of each Senator and aid and staffer in these chambers, dear God. Where there is a need for hope or peace or healing or reconciliation – or just more time together with family – may these needs be met.

I pray that you would continue to surround Senator Mike Miller with a large dose of wisdom, of guidance and of patience as he navigates this body through the challenges that come their collective way in this legislative session.

And be with our nation, Lord God – with its leaders, with its lawmakers, with its citizens – that all would seek to work together for world peace, for national unity and for a collective desire to make the world a better place in which to live.

Amen.

Maryland Legislative assembly

Opening prayer

(By Apostle Victor McGodman)
January 29, 2010

Dear Father,

We thank you for this honor accorded us to invoke not only Your living presence, but Your matchless wisdom and grace upon this Assembly. Father, we petition You to give your servants clarity of vision and the accompanying ability to actualize the same. There is a divine protocol by which this great State can become yet greater. Lord show them that protocol.

I speak and activate the laws of productivity, fruitfulness and the law of speed and momentum on our state so that we will prosper in what so ever we set our hearts, our desires and our hands to accomplish.

We pray for the anointing that was on Joseph to rest upon this august body, so that like Egypt in the midst of a "recession", the State of Maryland will continue to thrive.

I pray for the anointing of Abraham upon these your people, the unction to father nations, so that as they deliberate on the affairs of this State and its communities, they will not make any distinctions but will include all people groups and see all as one.

Father, I decree a prayer hedge and a prayer shield around our great State; we cancel every diabolical plan of the evil one tc bring destruction upon this State and the Nation. We avert and abort any and every activity of terror; we decree that they shall fail, in Your name.

Finally, may the Sevenfold Spirit (of Isaiah 11:2) rest upon this assembly, the Spirit of wisdom and understanding, the Spirit of counsel and might, the Spirit of knowledge, and of the reverential and obedient fear of the Lord.

Amen!

Dear God. We thank you for the blessings that we have enjoyed in this day. The joys and the sorrows, the wins and the losses, the agreements and the arguments are all proof positive that our lives are filled with excitement. And so we look forward to the possibilities that are before us. Thank you for this legislative body that dares to think through the tough issues that will impact the human community beyond this room. We pray for your abiding presence to challenge, convict, confirm, and if need be change every decision to help the helpless and heal the hurting. Bless every committee, every staff worker, every leader, and their families as they are accountable for so much and so many. And now we thank you because you hear us and you see us. Help us to hear and see you. For thine is the kingdom and the power and the glory, forever, Amen!

By Reverend Steven M. Hall

Dear God, thank you for this assembly of public servants who desire to fulfill the full extent of the appointment you have given them. I am fully aware that politics and religion are far from mutually exclusive. In fact, regarding faith, they are inseparable. For politics and religion deal with the health and well being of people; religion as for the spiritual, and politics for the physical. Yet, both in need of partnering toward the same end; the salubrious nature of the people served. As a religious leader I cherish the charge given me by you to nurture the eternal health of those in my flock. May these here in this chamber cherish the similar charge given them by you to nurture the temporal health of those in the community they represent. In this place today may your presence preside and your providence reign in the great state of Maryland. In you God, we live move and have our being. Amen.

Blessed are You, Eternal God, for renewing us to life this day. For this day is both precious and important.

The citizens of Maryland, as of this great nation, react today and everyday to a changing world. Venting their emotions, expressing their fears, and seeking validation, our citizens pray that however things may change around them, they will be secure in their personal places, and have their personal experiences honored.

Given the shock waves of economic recession and financial strain, watching the upheaval in political discourse, and observing the weakening of social institutions; our citizens - and our leaders – feel vulnerable each day.

God, You know our instinct, which is to seek out those who confirm our points of view. God, You see how self interest overwhelms common interest as we fight for what is ours, which only widens the gap between us and those from whom we feel distant.

That is why You renew us to life this day. Today is another opportunity to discover that our aspirations and convictions, our diversity and character, our initiative and entrepreneurship, as well as the moral vision we share, are the true strength of our state and our democracy. We ask inspiration, God, that our leaders may pay more attention to these traits and qualities.

In this hallowed chamber, as our state's Senators work to craft legislation for the welfare of Maryland's citizens, we pray they may recognize this call. May they find the wisdom and insight to appreciate that they are to do more than balance budgets and craft legislation.

As the Biblical prophet Jeremiah wrote in a letter to the leaders of his day, "And seek the welfare of the city to which I have sent you and pray to the Lord in its behalf; for in its prosperity you shall prosper." (Jeremiah 29:7)

Our elected leaders are called to understand and respond to the pressing needs of Maryland's citizens. For this is the most effective policy for securing success in public service, confidence in political process, and most of all, improvement in the lives those whom they are privileged to represent.

Eternal God, bless us this day in our service. For this day is both precious and important. Amen.

PRAYER FOR THE SENATE OF MARYLAND

February 4, 2010

Delivered by Bishop Douglas I. Miles

Eternal God, our Father, It is humbly that we call upon your name. We thank you for this day and all the promise that it brings. We ask your blessings upon our nation, our President, Barack Obama, and all who serve in federal government. We lift in prayer our state and our governor, Martin O'Malley. We pray this day for Michael Miller who presides over this Senate and all who share with him in leadership. Grant to each senator the wisdom needed to effectively legislate this day, the courage to stand up for that which is good and the compassion to see the needs of the least among us. We ask for Your Guidance of all that takes place this day. In these difficult economic times we ask that we not forget the poor and needy, our seniors who stand in need and our children who cannot speak for themselves. And whether we bend beneath the Cross, or bow before the Star of David, or kiss the Black Stone of Mecca, or find our strength in the meditation of Buddah, or seek wisdom from the Bavagad-Gita or simple stand before the Infinite Is, it's in Your name we pray. AMEN

PRAYER BEFORE THE MARYLAND SENATE
FEBRUARY 12, 2010

You have promised, O God, that as long as the earth remains, seedtime and harvest, cold and heat, summer and winter, day and night, shall not cease (Genesis 8:22).

In this winter, and especially in this winter, we have seen that once again you have been faithful to your promise. Indeed, O God, you are faithful to all your promises.

Bless this body, the Maryland Senate, that these men and women may also be faithful:

faithful to the highest ideals of service, of righteousness, and of integrity;
faithful to the citizens they serve, even to the least of our brothers and sisters;
faithful to your will and purpose for our lives: that we do justice,
love kindness, and walk humbly before you (Micah 6:8).

Keep us faithful, O God. In your holy name we pray, Amen.

Good and Gracious God,

As we gather here this evening in this historic room, the oldest working state house in the country, we thank you, Almighty Father, for the many gifts and graces you have given us. As we honor our past presidents on this President's Day, we humbly bow to remember our founding fathers and the past leaders of our great nation.

This evening we pray for our beautiful country to continue to prosper in a land where freedom and peace abide. We also pray for our leaders, that God may bestow on them the wisdom and courage to speak their values and convictions at all times. Give them also the grace to hear clearly and accurately the many insights presented by others around them. Help them to put the welfare of the nation and its people before their own. And with the help of God, may they make sound decisions to lead our country.

We ask this in the name of our Lord. Amen.

Reverend Herbert Watson
St. Mark United Methodist Church
Senate Invocation: February 16, 2010

Almighty God, creator and sustainer of life, we acknowledge your presence and power with us today. I thank you for allowing each of us to wake up this morning, rise from our beds of slumber and look out and rejoice and see that the predicted light dusting of snow was correct this time. I ask that as you are with the men and women of this chamber and with all men and women throughout this building to please lead, guide and direct them so that everything that is said, done and even thought would be pleasing to you and work to the building up of the people of the great state of Maryland.

I thank you for recently showing us that we are not as much in control of things as we think we are. You have shown us that the earth will tremble with earthquakes, the sea will roar with tsunami and the snow will fall and the wind will blow it to slow us or stop us in our tracks. We thank you for slowing us down and giving us time to pause and reflect on those things that matter most on our journey.

I pray this morning that eyes will be open to see the beauty of diversity; the diversity in this chamber and the diversity that we have in the great state of Maryland, a state that runs from the mountains to the seashore. A state of small towns and large cities. A diverse state of farmers, teachers, lawyers, doctors and many other occupations. A state where there are many racial and ethnic groups. I pray this morning that as we see the diversity we would also see that we are as one body with many parts and that each part is important and must be represented.

I pray this morning that hearts will be compassionate about the needs of the people of the great state of Maryland. Remind the men and women of this chamber of how in the recent storm people really had to look at needs as opposed to wants. Some may have wanted the city or county to dig them out but if they really needed to get out then they and their neighbors had to put hand to shovel and shovel to snow. Remind the men and women of this chamber that it was a passion to serve people that brought them to their position. A position as a leader to represent not only the high and mighty, not only special interest groups but also the low and needy, those without voice, the least, the last and the lost. It has been said that the greatness of a people is not measured by how they serve the best among them but by how they serve the least. I pray this morning Almighty God that you will remind them of the struggles that they have been through that have brought them to this place. Rekindle in their hearts the passion to serve the people of the great state of Maryland who need them today more than ever.

In closing, I pray this morning that the men and women in this chamber will have a spirit of boldness for the truth. A spirit of truth that realizes that they represent more than a political party, they represent the people. A spirit of truth that realizes that poverty, joblessness and homeless is about people. A spirit of truth that realizes that decisions made today and the days to come will have an impact on the lives of people. A spirit of truth that will seek to guard each person's dignity and save each person's pride. A spirit of truth that will not let them as leaders ask people to tighten their belts and do without unless they do it first by example. A spirit of truth that allows leaders to move beyond an attitude of entitlement to become bold but humble in spirit to lead by example the people of the great state on Maryland to do the right thing for them during these challenging times. Hear my prayer O Lord, Amen.

Rabbi David Finkelstein

There is a great book that was written in the time of the Temple called Pikei Avot – Ethics of our Fathers. It was written by some of the greatest Rabbis that ever lived and became a book of the oral law call the Mishna. In the fourth chapter Rabbi Shimon says "There are three crowns that a person can wear; the crown of Torah, the crown of Kingship and the crown of Priests." When one wears a crown of Torah it means that this person is well respected because of his knowledge of the Bible. Rabbi Shimon continues "but the Crown of a good name surpasses them all"

Rabbi Shimon is explaining that while there are so many high levels one can reach in their lifetime, having a good respected name is what we should strive for in our lifetimes. Wealthy is not necessarily associated with a good name. A good name means so much more than that. You earn a good name in life by caring for others, putting other people's needs in front of your own and Tikun Olam – working to make this world a better place. When one passes from this world to the next, he is not buried with riches or possessions – he leaves this world only with a good name that he has acquired in this world.

To those sworn in to lead us, may you be strengthened in your most vital roles to use your knowledge, strength and abilities to continue to help the citizens in this great country and state of ours and help make them feel safe and secure. All of you in the Senate are in the business of helping others and each day you are adding to your own personal legacy by the good work that you do.

May you all possess a great vision for the entire world but never lose sight of the everyday needs of the people you meet.

I would now like to conclude with the Priestly Blessing.

May the Lord bless you and keep you. May the Lord cause His face to shine upon you and be gracious unto you. May the Lord lift up His face unto you and grant you peace. Amen

Thanking you Lord for your many blessings, We ask you Lord to unite us on this day.

Unite those of different faiths, different backgrounds, different races, and different agendas.

Take us Lord from where we are to where we need to be. Make your will, our will. Make your way our way. Make your words our words.

Lord we pray that as those assembled here today, begin the work and decision making process of serving all the people that they serve those who sit high and those who sit low and everyone in between.

On this day Lord, work miracles for the least, the lost, and the left out.

On this day Lord, give us the serenity to accept the things we cannot change, the courage to change the things we can, and the wisdom to know the difference between the two.

On this day Lord, remove every obstacle to success, remove every disagreeable spirit, remove every wall of confusion.

On this day Lord, let those assembled here, see what they haven't seen, do what they haven't done, and go where they haven't gone.

On this day Lord, there are many issues of life facing this Senate.

There are many problems to be solved without enough finance. We face a challenged economy, a challenged housing market, while unemployment is at an all time high.

But on this day...you can fix it through those assembled here...have your way Lord!

We thank you in advance for your love...your merci and your grace....amen!

Gracious God, you have given into our care this beautiful State we call Maryland and the diverse peoples who live here. Grant to the men and women elected to represent us the vision, imagination, skill and energy necessary to govern wisely. Help them to find common ground in addressing the challenges that we face at this critical time. Let those who are unemployed, impoverished, without healthcare or decent housing never be far from their considerations. Fill them with a love of truth and with such integrity that they may be effective in their leadership and provide for the needs of all your people. Assist them with insight, courage and compassion that through the debates and discussions, the decisions they reach may bring us a fair, just and unified society. Amen.

Almighty God and our heavenly Father,

We begin our prayer tonight with the humble admission that we need you. It is no small task to assume the mantle of leadership and to shoulder the responsibility of making life better for those we serve. We ask you for wisdom that comes from above, because we are flawed and broken and will never find the best without your help. In a world of so many competing messages, we are eager to discern your voice. We pray that everyday we will seek your truth and your ways. Keep us open, keep us attentive, and keep us willing.

Father, in a day when politics has such a bad name, grant these men and women the wonderful title of 'public servant.' We ask you to remind them to serve, not out of selfish ambition, but in a way that creates the most good for the most people, especially for those who have no one to speak on their behalf. Remind them that really great ideas do not care who gets the credit. Protect them from ego, arrogance and pettiness. Make the sum of their contributions greater than anyone could accomplish on their own. Create in us a spirit of teamwork that will astound all who witness it.

Lord I pray you will bless the efforts of this team. Give them success as they create environments of freedom and opportunity. Help them discover the best ways to reward good and punish evil. Grant them the ability to be peace makers, not just peace keepers. May the trust and goodwill they create provide a place where commerce, charity, and civic duty thrive.

Lord I pray you will protect each of them. Guard them from foolish choices. When weariness sets in, refresh their spirits and their bodies. Remind them of the incredible platform of a life well-lived. Give them vibrant marriages and great relationships with their kids. Honor the sacrifice and commitment they make by blessing them with full and wonderful families.

Lord, may they do all they do for an audience of one. Free them from the tyranny of the urgent and the fickleness of the crowd. Make them women and men of character.

We ask this for their sakes, we ask it for our sakes, and we ask it for your sake.

In your name we pray.

Amen

O Great God,

Snowstorms remind us that there is so much out of our control. Sometimes we must be forced to slow down, to admire beauty, to spend more time with those we love.

But there is also much within our control, much within the power of this assembly. Help them to use their power for good, not for evil; for the prosperity of your people, not oppression; for help to those who need it, and not for harm. Give them your wisdom as they make decisions and your protection and they serve your people. Bless their efforts and multiply their resources.

This we pray today with confidence and trust in You, O God. Amen.

Holy Lord, you have gathered us here to serve a holy purpose: to uphold our common life, to protect the weak and vulnerable, to give honor to those who do good and to restrain those who would do evil. Hold us accountable, O Lord, for the sake of your people and the honor of your name.

Give to the members of the Maryland General Assembly a full measure of your wisdom so that the laws they establish may be filled with justice and mercy. Bless the work of these senators so that today the people of the State of Maryland might be well served and all may give you thanks for the gift of good government.

We pray in your holy name. Amen.

Gracious God: support us all the day long until the shadows lengthen and the evening comes and the busy world is hushed, and the fever of life is over, and our work is done. Then, in your mercy grant us a safe lodging, and a holy rest, and peace at the last. We ask, O God, for that same support upon this Senate, all the day long as they continue in committee and hearings to forge legislation that will better the lives of us all

As the evening comes for this year's legislative session, give each of these Senators the strength of their convictions, perseverance of their pursuits, humility to hear the voices of wisdom, and courage to continue to vote their conscience. Since the busy world is not yet hushed, help them to hear the "still small voice" of those most disenfranchised, the poor, the weak, the frightened and the sick amongst us.

So that when the fever of this session is over each of those in this chamber may find that holy rest and peace at the last, knowing that to their best of their ability they served their constituency and in so doing served you as well. To you, O God, be the glory!

Amen

Almighty God,

These are times that test the limits of our ability to solve the problems that face our state and to provide for the needs of our citizens.

The days are long; the resources are limited; and patience easily wears thin.

In the midst of these challenges, help us to remember the words of Scripture – "If any of you lacks wisdom, he should ask of God, who gives generously to all without finding fault, and it will be given to him" (James 1:5).

We ask for your wisdom today. Help us to be wise enough to seek to understand even as we seek to persuade. Let your Spirit guide our deliberations. Despite the scarcity of present resources, give us grace to be generous in our judgment of others. In all things, may we remember that what seems impossible to us is never impossible for You.

We ask these things in the Name of the One Who Loves Us All,

Amen.

Almighty God, Creator of Heaven and Earth, Giver and Sustainer of Life and the God with Whom we Have to do; We humbly come before You seeking Your Guidance, Wisdom and Presence in these difficult days.

Your Word instructs us that You use earthly governments to fulfill Your Purposes. As such, we come acknowledging our need of You and acknowledging we are indeed poor in spirit. Unless You help us, our best efforts will fall far short. We come before You, humbling ourselves, so that You might lift us up.

We come asking that You would grant this body Your Eyes to See, Your Heart to feel, Your Hands to do and Your feet to bear good news to the people they lead. Strengthen our hands and hearts to lead with skillfulness and integrity. We ask You would make us peacemakers so we could see Your Hand at work on behalf of all the citizens of Maryland.

Help us to love mercy, to do justly and to walk humbly before the Lord our God.

Finally, when future generations live out the decisions of our day, may they have cause to rise up and call this body "Blessed".

May all who come behind us find us faithful! Amen

Let us pray.

To our God and maker, we give thanks this morning for a new day and a new opportunity to be servant leaders. We acknowledge that you are our guide, our help and our strength as the challenges of our great state plead for response. Because of your presence, there is this resolve; that somehow, by your power, solutions to problems and victory over obstacles will be realized.

This assembly represents various counties, districts, regions, experiences, journeys, lifestyles, interests and faiths. However it is the common good of the state that rests heavy upon the members of this chamber. For them and upon the proceedings of the day I ask your blessing. Grant them clarity of vision, extraordinary wisdom, a spirit of cooperation, formidable courage, uncompromising compassion and diligence to duty. May what transpires here today be marked by universal love and your grace. As you have manifested your wonder in these halls in times before – please, do it again. Do it today.

Thank you for what has already been done, what you are now doing in and through us, and for what is yet to be experienced.

With one voice to this we say – Amen.

God of All souls, of truths which sets us free, of love which overcomes all differences, and of the vision of the earth made fair with all her people one, be with us this morning. At this point in the session, our hard working legislators may feel like the young mother who was ready for a few minutes of relaxation after a long and demanding day. Her young daughter was insistent that they spend time together. The mother tore into little pieces the back page of a magazine.

It contained a full-page picture of the world. The mother asked her daughter to put the picture together before reading a story together. A short time later, the little girl returned the world picture completely assembled. The mother asked her daughter how she managed to do it so quickly. The daughter explained that on the reverse side of the page as the picture of a little girl. "You see, Mommy, when I got the little girl together, the whole world came together."

God of all souls, may our legislators not lose sight of themselves and their ideals. When they face the puzzle of competing rights, complex issues, and limited resources, may they remember that politics is not about two distinct primary colors but about all citizens; and that policies are not popularity contests, but a reflection that all people are precious. Through their mutual promises may our legislators continue to bring our whole state together. Amen.

O God we thank You today for Your faithfulness, Your mercy and Your grace. You're always there when we need You. You've never turned us away and You've never failed us. You've never failed to fulfill Your promises to us and to Your world. In our troubles and trials and when the road seemed long, You've been right there with us and You've helped us through. And for that, we give You thanks and praise today. Thank You, Lord, for all You've done for us. But most of all, we thank You for Who and What You are.

We ask You God to meet our needs this morning, and to give us the assurance that You're answering our prayers. We pray for many among us and around us who have different kinds of physical needs, financial needs, relationship needs, and emotional needs.

We pray for all those people of the world who are suffering this week: those who are mourning the death of loved ones in Haiti and Chili.

We ask your comfort and support for those who are losing jobs, and all those who are unable to find employment as our economy contracts. Help them to make it through these tough days.

We also pray for those who have lost health care benefits. Use our legislative leaders in Maryland and across this nation to find a reasonable and fiscally responsible way to provide health coverage for those most in need.

We ask Your blessing today on all who are seeking jobs and changing careers, either voluntarily or involuntarily. Open new opportunities for those who are feeling discouraged by the way our economy is closing doors on them. Give them the strength to persist until the right door opens up, and the sustenance to make it through until that brighter day dawns.

We bring these petitions to You God, because we believe You can do something about them.

Lastly, we ask Your special blessing upon the MD Senate. We invoke Your presence on these precedings. As they conduct their business today and every day,

- May their eyes see with the vision of Your eyes;
- May their ears hear with the power of Your ears;
- May their minds think with wisdom and discernment; and
- May their tongues speak with clarity and what's best for the people of Maryland.

Grant them the courage, strength and ability to lead justly and wisely.

All these things we pray, knowing that You are our Leader and Sustainer. Amen.

This is the day of new beginnings, time to remember and move on. So here we are again ready to begin ready to serve. Lord as we begin this legislative session we pray that we might listen to each other, and put our own personal agendas aside. May we never forget that we are here to represent the people of our community in the great state of Maryland. As we continue to work for peace and justice may we dream dreams about tomorrow. Keep us faithful to our tasks this day as we consider the needs of others.

May we respond together by saying yes we can, yes we will. May the spirit of co-operation be at the center of all that takes place this day. May we always remember that love is more powerful then hate. May we always remember that we are one nation under your guidance with liberty and justice for every person. We have difficult days ahead, but help us to take one step at a time and be thankful for all our blessing. We take so much for granted. Bless the Great State of Maryland.

So, let's get to work to bring about a better day for our state, our nation and all the people of world. In honor of all that has been done in the past, may we find joy in listening and working together in the present and continue to hope for things to come. So may it ever be. Amen.

Prayer for the Maryland State Senate on Tuesday, March 9, 2010

By: Rev. Dr. Alvin C. Hathaway, Sr., Senior Pastor, Union Baptist Church

Let us pray: We face a period of tremendous challenge. Our country, state, counties, and cities are all under the stress and strain of limited resources and unmet needs. The Citizens of the State of Maryland have entrusted in us the awesome responsibility of being good stewards of their resources and good representatives of their hopes and dreams. You have guided our feet to this time in history when we are charged as legislative leaders to shift through bills and policies; but more importantly to shift through our own hearts, minds and spirits to discern Your will in us and to follow Your way for us. Indeed life demands of us that Thy will be done.

We thank you for the opportunity to serve the last, the least, and the lost. Insulate us from undue political pressure. Inoculate us from blind ambition. Empower us with a resolve to seek mercy, to do justly, and to walk humbly with you.

The time for our legislative session is winding down. There are those among us who may not return. Bless them as only you can. Protect them as they continue life's journey. Allow them to experience the joy of family and relationships that comfort and affirm them.

Others will return. For them political life may seem like a never ending series of meetings, fundraisers, debates, and long nights. Help them to return once again with vigor, vitality, and vision. Indeed without vision the Citizens of the State of Maryland will perish.

We thank you for the distinct honor to be called Senators of the State of Maryland. We thank you for the responsibility entrusted to us. We thank you for the leadership provided by Senators Miller, McFadden, Kasemeyer, Gladden, Kittleman and Jacobs. They carry the mantle of leadership with integrity and grace.

We make of You this request, that The State of Maryland become the greatest State in America: a State where people who are hungry are fed; a State where people needing health care are insured; a State where a second chance is seen as a redemptive force; a State where children receive a quality, affordable education; a State where business operates in such a way that job opportunities are increased and unemployment is decreased; a State where people are safe and secure; a State where differences are applauded and discrimination is eliminated.

We close our prayer with the awesome weight of this reality on our shoulders.

"Our hands are on the plough, our faltering hands, and all that is before us, is un-tilted land. The wilderness in its solitary place. The lonely desert with its inner space.
The handles of our plough with tears gets wet, the shears with rust are spoiled, and yet.
My God, keep us from turning back!"

Gracious loving God we just want to praise You for Your goodness to us and to our beautiful state. We pray that today You send a special anointing on the hearts and minds of this distinguished body of lawmakers. Oh God, sometimes the devil is busy and we can be lured into pettiness and myopic thinking. Today, we pray for Your insight and Your wisdom. Help each person here to humbly stand before You knowing that You have called them to this lofty office, not to advance their own cause, their own issues, their own glory, but You, Lord God, have chosen them to serve You. To serve You by serving the people of this great state of Maryland. To serve You by listening to the needs of all the people, not just those who voted for them, but also those who voted against them. You, Lord God, have given them wisdom and integrity and a spirit of justice. Help them today to be strong where You called them to be strong, and to be gentle when and where You called them to be gentle. Put Your wisdom in their minds as they vote and deliberate issues affecting so many. Put Your love in their hearts as they deal with this economic crisis and budget shortfalls. Help them to have, as You have, a heart for the poor and downtrodden. Sometimes the poor have no voice, no high paid lobbyest. So give these great men and women whom You have called and You chosen to do Your will courage so that at the end of the day, knowing they have done Your will, whether popular or not, they can say, Thank You Lord, Thank You Lord, Thank You Lord!
Amen

God of all Nations, please look with favor upon this esteemed Assembly. Guide these important decision makers with Your Divine Presence. Be their source of strength and comfort. Enable them to serve you and glorify Your name by serving the citizens of this great state, regardless of their gender, ethnicity or religion.

Make them Your instruments to deliver Your Divine Mercy and Compassion. Bless them with openness and humility. Fill their hearts and minds with passion and determination to improve the quality of the life of their fellow human beings. Grant them success in their efforts to wipe out poverty, ignorance, discrimination and hatred in this state and beyond.

Make these women and men, peacemakers, healers and bridge builders, who are so urgently needed in these times of uncertainty and brokenness. Give them the strength that they need to keep what needs to be kept. Give them the courage that they need to change what needs to be changed. Give them the wisdom they need to distinguish the one from the other.

Finally, we pray tonight for all those who are in Harm's way and their loved ones, asking that Your mighty hand would protect them and deliver them from evil.

Now, strengthen us in heart, mind and spirit as we serve you, our God, and our beloved Maryland. Amen.

Almighty God, Mystery beyond all knowing or telling, with wonder and praise we thank you for the gift of this day. We pause at the beginning of this day's proceedings to invoke Thy blessings upon this beloved State of ours, upon our senators and all those entrusted with her well being and security so that they may discharge their duties of office with wisdom and prudence and justice.

Great indeed are our faults and numberless our needs, but complete is our trust in Your goodness. Multiply upon this Senate Thy countless and fruitful blessings. Send forth Thy Spirit in its fullness of gifts to bless us with wisdom to know what is right; with courage to choose what is good; with knowledge to enlighten the darkness of our minds; with fortitude to strengthen our will; with understanding and piety to appreciate and recognize your quiet and simple presence in all those around us.

With a great spirit of gratitude we thank you for the many blessings you have bestowed upon the people in the State of Maryland. Endow us with grace to bear one another's burdens with a generous spirit. Continue to bless us with all good things and allow us to be an example of your love for each of us.

Hallow us all in Your service, give us joy along the journey and peace at the end of our days.

We ask this through Christ our Lord,

Good morning. In less than two weeks, people of the Jewish faith will begin observing the holiday of Passover, which celebrates the Israelites' Exodus from Egyptian slavery to freedom. In the biblical story of the Exodus, God brings plagues against Pharaoh to convince him to let the Israelites go. When the 2nd plague comes, in the form of swarms of frogs, the Egyptian magicians are able to duplicate the same feat. But that is where the similarity ends—Pharaoh's magicians could bring the frogs, but they couldn't remove them. With God's help, Moses revokes the plague.

It is not difficult to bring about a plague, to cause people pain. Even our great country experiences plagues—plagues of poverty, disease, illiteracy, injustice, hatred, and pollution. Nor is it difficult to have a heart that is hard like the heart of Pharaoh and remain indifferent to the pain of others.

What IS difficult is to avoid indifference and display the courage and the faith to find ways to eradicate these plagues from our midst. And it is precisely that challenging task that faces this legislative body daily. You are blessed with the opportunity, the power, and the responsibility, to do what

you can to combat these plagues. I pray that each of the leaders in this room, and this collective body of the Senate, will find the concern, the wisdom, and the strength to continue to make difficult decisions today, as you do every day--to transform frustration and despair into hope, and to improve our state and the world for good. May it be God's will. Amen.

I want to thank you, first for having me here this morning, but far more importantly, for the work that you do on behalf of all of the people of Maryland. I am the Chaplain of Goucher College, near Towson. Our population is drawn from throughout Maryland, and from around the country. One of the things that makes me most proud of our alums is that many of them come to Goucher, fall in love with Baltimore, and stay. They stay largely because they know that there are many issues facing the city of Baltimore, and they want to make a difference; they stay, and become loyal and active citizens. They make me proud and grateful.

As do you all. I do want to thank you for the work you do. It is not easy, requiring long hours, often much reading and study, listening to so many and seeking to find a way that works. I am grateful for your willingness to serve.

And now, I offer these words, as hopes and prayers for you.

May these hardworking public servants be blessed with stamina for the grueling days and nights. May their families be blessed with empathy and good humor, as they, too, deal with long and crazy hours, and absent spouses and parents.

May these good people be blessed with open hearts to hear the stories told them, with the capacity to hold fear and pain and anger, and with discernment to sort through it all.

May they be blessed with insight and wisdom, able to use common sense and also to see possibilities in new and different ways.

May those who are grieving the loss of someone important to them find comfort in true and honest memory, and in the presence of family and friends.

May those whose hearts are heavy with worry for someone sick in body, mind, and spirit find peace as they wait and worry; may the ones who care for those sick ones be blessed with kind hearts, compassionate words, and healing insights.

May these good people be blessed with good humor and collegiality, so that in this difficult work there are moments of laughter and joy and comaraderie.

And may these good, hard-working, dedicated people be blessed with satisfaction in their efforts to make a difference.

May it be so. Amen.

Good morning…let us pray:

Father God, Creator of Heaven and Earth, we thank You for Your Grace in our lives and the many blessings You have bestowed upon each us of individually, upon our state, and upon our great nation, America.

Heavenly Father, as this great body, the Senate of Maryland, engages in its important tasks, we are reminded that all of us are servants...servant leaders...called to lead and called to serve. Your Word reminds us clearly, that, "***Every person is to be in subjection to the governing authorities. For there is no authority except from God, and those which exist are established by God.***"

Let each Senator be reminded of the heritage given by those who have walked before, and let *each Senator, in the days ahead, strive to be a heritage to this very assembly, to our communities, and to our families.*

Today, Father, we seek Your Face. Give courage to the Senators to choose according to the dictates of their conscience, yet seeking the ***"harder right instead of the easier wrong; and never to be content with the half truth when the whole can be won."***

In this moment of history, when pressures abound and uncertainty flourishes, let it be said that this Senate harkened to prophet's words, ***"to do justice, to love mercy, and to walk humbly before our God."***

And finally, we thank You God for the brave men and women of Maryland, and our nation, serving in harm's way. Protect them and their families, as they serve the nation with honor and distinction.

Hear our prayer, Oh God, that ***You would bless us and keep us; make Your face to shine on us…be gracious to us; Life up your countenance on each one here, and give us peace in all we do.***

In His Name We Pray, AMEN!

March 22, 2010

Dear Almighty God,

We come to you this evening, thanking you for this glorious day. We thank you for your watchful eye upon our great nation, including the beautiful State of Maryland, in which we so proudly live with great freedom.

I ask that you provide wisdom for these men and women here before me this evening, our public servants, who provide sound leadership for our great State. Provide them with insight, understanding, and a clear mind. Give them strength, comfort, discernment, and courage, as they govern the affairs of our State, especially in these difficult economic times. Pour out your many blessings upon them, their families, and their staff.

We ask that you watch over the poor, heal the sick, feed the hungry, and show your mercy to the imprisoned. Build a hedge of protection around the fine law enforcement officers across our State. Forgive us for any hatred that we may have toward our enemies. Help us to overcome evil with good. We petition your grace, your love, and your mercy.

I pray these things in Jesus' Name. Amen.

Source of justice – Giver of peace:

We humbly bow before you this day asking that your spirit of guidance be upon this chamber. Grant courage to the representatives of our great state, and our governor, that they might lead with integrity. Empower this chamber with the gift of discernment so that the right path is chosen for the good of all persons. Grant this same spirit to our leaders in Washington, and especially upon our fine president.

We confess our tendency to seek self-flattery. We seek forgiveness from our blunders and compromises. Grant us the strength to admit our mistakes. Remove from us as individuals and a nation stubborn pride that leads to conceit. Instill your spirit of humility and an attitude of servant hood.

We offer prayers for all those who suffer this day. Be with those who struggle with illness, and despair from a lack of adequate health care and insurance. Watch over those who experience injustice and oppression. Extend your arm of safety to the fine men and women of our armed forces. We seek peace with justice in this world – assist us, we pray, in realizing this dream.

Unite us as a people this day, and may peace reign in all lands. Amen

We pray O God of might, wisdom, and justice! Through whom authority is rightly administered, laws are enacted, and judgment decreed, assist with Your spirit of counsel and fortitude the members of this body. Let the light of Your divine wisdom direct their deliberations and shine forth in all the proceedings and laws framed for our rule and government, so that they may tend to the preservation of happiness, the increase of industry, sobriety, and useful knowledge; and may perpetuate to us the blessing of equal liberty.

We recommend likewise, to Your unbounded mercy, all our fellow citizens throughout the state of Maryland that they may be blessed in the knowledge and sanctified in the observance of Your most holy law and after enjoying the blessings of this life, be admitted to those which are eternal. Amen.

God of us all, we bow before you in prayer at the beginning of this new day you have granted us. We give you thanks for the gifts you have poured upon each of us - life and health, family and friends, work and leisure. And we give you thanks today for being able to be together here in this place on this particular day - Maryland Day. We remember and give thanks that on this day, March 25th in the year 1634 two sailing vessels - the Ark and the Dove - brought the first settlers to Maryland - to St. Clements Island in the Potomac. From that day to this, you have made this land that we love to be a special place for so many. From the oceans of the Eastern Shore, to the mountains of western Maryland, to the breathtaking beauty of the Chesapeake Bay in between, Lord, you have richly blessed us all.

So on this day, in this state that we love with its rich history and beautiful land, we gather in this place to do the work it takes to keep Maryland a good and just place for all of its citizens. Bless all who are here today O God - the members of the Senate, the staff, and all of the support personnel. Be with them all in such a way that they may do their job with honesty and integrity, and always with a concern for the common good. Give them the strength they need to make sometimes tough decisions, and the fortitude it takes to weather the storms and pressures of their office. Most of all, Lord God, remind all of them of your presence with them, and of the support and prayers of so many that surround them even this day.

With trust, and in thanksgiving, we lift these and all of our prayers this day in your most holy name. Amen.

As today is the day after Maryland Day which commemorates the first landing of the English colonists at St. Clement's Island in beautiful St. Mary's County to celebrated the Solemnity of the Annunciation 376 years ago in 1634, let us pause, as did Fr. Andrew White and his congregants from the *Ark* and the *Dove,* to give thanks to God especially for the gift of religious freedom which is such a glorious part of Maryland's great heritage:

Heavenly Father, Our lives and our freedoms are a good and gracious gift given to us from above. Help us to always be thankful to You for the bounty we have so wondrously received. Since religious liberty is among the many rights that are ours because of who we are as beings created in Your image and likeness, help us to promote this right and to exercise it in our own lives and in our vocations as spiritual and temporal leaders.

May we always seek religious truth and abide by the truth that we have discovered.

Help us to defend and protect others' consciences and practices as they sincerely seek to live in harmony with You and with others following the lights that they have received. May we never in any way unjustly abridge the free exercise of a sincere religious conscience.

Help us recognize those in need around us and let us reach out to them in mercy and compassion. Help us to use all the gifts and opportunities you give us to serve others.

Blessed all who work here and all those who entrust these distinguish men and women with their concern for the common good. Thank you for your many gifts and we ask you to hear these, our prayers, offered in Your Holy Name. Amen

O living One, O Eternal One
In your mercy we seek help
Order well for us our affairs
And abandon us not to our baser selves even for an instant
O Compassionate One
Our hearts are between two of your noble fingers and you turn them about as you will
So establish our hearts in your way
Let our hearts find satisfaction in remembering you
Send down tranquility into our hearts
And make us adhere closely to the command of righteousness
And make us worthy of, and entitled to it.

Prayers for Peace, Serenity and Love

Our Lord, Possessor of Majesty and Splendor, to you we have turned our faces, so turn to us with your noble Person, and receive us with your pure pardon and generosity whilst you are looking with pleasure at us and are pleased with us. By your Mercy. O Most merciful one, O God, O Lord of Majesty and Splendor.

God. Place light in our hearts, light on our tongues, light in our eyes, light in our hearing.
Light on our right, light on our left, light above us, and light beneath us.
Light before and light behind us and place for us light in our souls and give us abundant light.

'So Glory be to God in the evening and in the morning. To Him is the Praise in the heavens and the earth. And in the late evening and the noon.
It is He who brings out the dead from the living, and who gives life to the earth after it is dead. And thus shall we be brought forth.'

O our Lord, grant us that we may be grateful for your favors which you have bestowed upon us and our parents
And that we may work righteousness, such as pleases You
And be gracious to us in matters of our children
Truly we have turned to You and to you do we submit

O Lord, keep straight the relations between ourselves
Join our hearts with Love
Guide us to the Path of Peace
Deliver us from the Depths of Darkness into light
Keep us away from indecent deeds, both hidden and open
O Lord, bless us in our hearing, in our vision, in our hearts, in our spouses and our children.
And turn to us in forgiveness for you are the acceptor of repentance, the merciful
Make us grateful for all your favors
Praising you for them
Accepting them and completing them for us.

O God
By your knowledge of the Unseen and your Power to create,
Grant us life as long as you know life to be best for us
And take us when you know death to be best for us
Lord
We ask you to be in awe of You both openly and secretly
We ask for the Word of certainty in both anger and in pleasure
We ask for moderation both in riches and in poverty
We ask for felicity which does not pass away
We ask for comfort which is not cut off
We ask for satisfaction for what is decreed
We ask you for a pleasant life after death
We ask you for the pleasure for looking at your face
O God
Beautify us with the adornment of faith
And make us leaders who are rightly guided.

O God,
We give you thanks for the beauty of this day and for each of those gathered here in this Senate chamber.

We know that you have bound us together in a common life to seek truth, justice, and the collective good for the disparate reaches of the state of Maryland.

Direct us in all our doings with your continual guidance and wisdom.

Remind us of the poor and the neglected; the hungry and the homeless; the elderly and the infirm; and all those who have no one to care about them or for them.

Strengthen these your servants who spend their days establishing equal protection of the law and equal opportunities for all.

Help us to confront the issues which are before us without division or bitterness.

We thank you for setting us at tasks which demand our best efforts, and for leading us to accomplishments which satisfy and delight us.

We thank you also for those disappointments and failures which lead us to acknowledge our dependence on you alone.

May our senators each utilize the gifts you have given them to honor this world you have created and placed in our care.

Grant these things to us for the blessing of your many peoples.

As we come to you, we pray in your name...
be it God, Allah, El Shaddai, Jehovah, Lord, or Adonai. Amen.

Our Father, the Creator, the Giver and the Sustainer of all Life, the Almighty God,

We come to you this morning to say thank you! We want to thank you for another day of life and existence to do your will. We thank you for another opportunity to serve you as we serve our state and the fellow citizens of our communities.

We pray your richest blessings upon every Senate member under the sound of my voice and we ask you for your divine wisdom, guidance, and supernatural influence as they handle the business that will come before them throughout this day.

We pray that everything that is accomplished today will be done so in a manner that's well pleasing unto you and will bring you glory as well as benefit every citizen in this glorious state of Maryland.

Again O Mighty God, we thank you for this wonderful privilege and opportunity to serve you and may this day be filled with good success. If you do these things we will not cease to give you the glory, the honor and the praise - for without you we can do absolutely nothing.

For your sake we pray,

Amen

O God of many names,

Thank you for all the men and women of this Senate who work diligently to serve the people of Maryland, and for all the people of good hearts who seek reconciliation and peace in our communities.

As we seek to serve, give us the courage to face all of our days unafraid; grant us the strength to face our mistakes and our fears; and bless us with the humility to admit our failures and acknowledge our weaknesses.

Grow in us the ability and desire to serve everyone without regard to status or influence. Help us to offer hospitality and hope to the stranger, the orphan, the bereaved, the jobless, the homeless, the helpless, the voiceless, and the fearful.

Grant us wisdom, understanding, and compassion, and form us into leaders who love your people, who feel their pain, and who share their joys.

Gracious God, You have shown us what is good; enable us we pray, to act justly, to love mercy, and to walk humbly with you. Amen

April 2, 2010

Good Morning Mr. President, esteemed members, all of whom, in spite of political agreements and disagreements, or political party affiliation, I consider as friends.

This week we celebrated two important Holy days. Passover, the night when Yahweh passed through the land to deliver his children, Israel, Yahweh recognized them by the sign on the doorpost and declared, when I see the blood of the Lamb, I will Passover you. And today is, Good Friday, where regardless as to where you stand theologically on this Christian celebration. The fact remains all of us here are also giving our lives to make life better for others. For life in its strictest definition is time. When time for us ends, life as we know it ends. Therefore, the way we spend our time is the way we spend and give of our lives. The time you spend here working is really giving your life in order to make life better for others. In recognition of these two Holy days and of your work I invite us to pray. Let us pray!

Gracious Creator, Heavenly father, Jehovah, Yahweh, Lord we come to you today to give you thanks. It is easy to find things for which to complain, but today we focus on our blessings.

I come not to pray about issues or to give a "speechy" prayer on politics. We already know about those things; rather I come, God, just to thank you for life, family, friends and the people before me who live their lives with the ultimate purpose, selfless sacrifice on behalf of others I thank you that in many ways we have become a Passover for others. We work, so that ignorance will Passover many through quality education. We work so that poverty will pass over someone. We work, so that opportunity, quality and affordable healthcare, employment and safety **will never** Passover anyone.

We come this Good Friday asking that we will so live our lives, so that every day someone for whom we sacrifice will have good days. Not just a Good Friday, but through our work a Sabbath rest Saturday, and a Good Sunday. Through our work, justice will to provide quality reign on Monday, protection for the least of these will fill somebody's Tuesday, we serve the people so that Wednesdays will too provide quality of life be good for our seniors. The time we spend in long voting sessions on Thursdays, may it manifest in our communities. Lord not just a Good Friday, but I thank you for these servants who labor here in Annapolis, so that every day is a good day.

Bless us today, bless our great state, bless our Governor, Lt. Governor and all the leaders. Bless our soldiers on battlefields. Bless our families who sacrifice three months out of the each year, away from families, friends, hobbies and loved ones.

Finally Lord, encourage my brothers and sisters here who labor and work often without thanks and amidst criticism that is many times so unfair. Give us strength as we race into the homestretch of this session. Fill us with the words, "be not weary in well doing, we shall reap if we faint not". I pray this to God our helper, God our sustainer, God our keeper, God our friend. So let these requests be granted. Amen, Amen and Amen.

As we start the final week of session, with all its pressure and demands, I would like to pray based on the greatest sermon ever delivered, the Sermon on the Mount.

Let's pray.

Blessed are the **meek**, for they will inherit the earth.
Blessed are those who **hunger and thirst** for righteousness,
for they will be filled.
Blessed are the **merciful**, for they will be shown mercy.
Blessed are the **pure in heart**, for they will see God.
Blessed are the **peacemakers**, for they will be called sons of God. Matt 5:5-9

Lord,
As we start this final week of the 427th Session, with the reality that many bills need to be decided this week, I pray that each of our hearts would be right with you and with our colleagues.

Help us to hunger and thirst for righteousness.

I pray that we would have an attitude of mercy toward one another.

May we be characterized by meekness – strength and conviction under control.

Help us to be peacemakers, knowing that we can do great things when we pursue peace.

And I pray that each of us would be characterized as pure in heart; men and women of integrity.

So, Lord God Almighty, we commit these last days to you and pray that your will would be done through each of our 47 Senators.

Strengthen them. Protect them. Watch over their families and all their personal responsibilities so they can give their focused attention to the matters before them.

Bless and prosper the State of Maryland through their wise leadership.

For your honor and glory,

Amen.

Prayer for Maryland Senate

Good morning:

To Senator Miller, President
To Senator DeGrange who invited me here today to offer up a prayer, an invocation and to the members of the General Assembly and Senate

Father we come this morning to lift your servants up in prayer. We thank You for the time they have meet here in Annapolis to make laws that will help our communities. This session has been very challenging but I pray that you will give these men and women who serve their constituents more of your grace and mercy in these tough times.

I pray that you will grant them the courage to hear the heartbeat of the community they serve. May they not be divided on issues that will cause our State to be a healthy State. I thank You for all that You have put in their hands to do.

May Your love be extended to them as we celebrate in this post Resurrection Season. We give you thanks and praise. To God be the glory for the great things He has done. Amen

I just came back from a trip and when I got home, my garden, my impossible garden, which fights me every step of the way, was in bloom. Some of you aren't gardeners and so don't relate to the thrill, yes the thrill, of taking clay soil with no goodness in it, in a bit of land with little sun, and finally bringing forth flowers, in colors and shapes of all kinds, close the ground or standing up tall from it, in sturdy solitude or companionable bunches.

I went out to work on my impossible garden the next day and as I moved some thriving plants in among others that needed some help, and started figuring how much to water and how much to feed, and how to make the most of what isn't really enough to go around, I was thinking also of coming to speak and pray with you. And I realized that what I was doing there is also what you do here together. Whether or not you like gardening, you're all gardeners. You move what's thriving in among what needs help, and you figure out how much to water and how much to feed and how to make the most of what isn't really enough to go around.

We, your people, are your garden. This is not a fanciful metaphor, it is true. We are in your hands as surely as the tender plants I handled a few days ago. We all depend on you for what we need to live, to thrive, together, in colors and shapes of all kinds, close to the ground or standing up tall from it, in sturdy solitude or companionable bunches.

Therefore, Creative spirit that moves in all things, source of all that blesses us, take care of these gardeners. May they be strong and healthy and wise in exercising the power they wield here.

Help them to remember the essential humanity of everyone they represent, all the people who are their garden, people of all colors and cultures, all the children and all the elderly, all the straight people and all the gay people, all those who are employed and those out of work, the business owners and laborers, those with money and those with none, those with rights and those with none, those of all faiths and those of none.

Help them to remember and protect also the others in this garden, the animals on land and in our fragile bay, and all that grows in the forests and wetlands and upon the farms and along the roadways and riverways.

Help them hear me now as I remind them of what they already know but need not to forget: we believe in you. Do not become callous from the unglamourous grind that is part of any work that makes a lasting difference. Hold yourself accountable for compassion, especially not towards those whom you do not know or do not like or who only come to pester you on lobby day.

I have said before to you that no one prays, or fears, for the voice and needs of money and power, nor do I fear they will let you forget them here. Justice. Compassion. May you keep to these as keenly and truly as I am trying to speak them, to you, and on your behalf to the most high. May your work this day, and every day, be wise work, a legacy all people will be proud of for all the right reasons. May your understandings and decisions respect the inherent worth and dignity of every human being, and the fragility and ultimacy of this world we share with all living creatures. Amen.

Eternal and Everlasting God:

In whom we all live, move and have our being:

We are indeed grateful to You for all the elected officials of the State of Maryland who have been afforded the opportunity and the privilege of serving the citizens of this state. By Your divine providence, You have called each of them to serve the common good in this day and at this hour. For this, we humbly give you thanks.

Dear God;

We are especially thankful for those who occupy this chamber as Senators of this State. We invite your presence into this place and with each person present as this session begins. They have gathered here in order to give consideration to and engage in deliberations over proposed measures for the purpose of passing legislation that will assist in facilitating the realization of the unalienable rights of life, liberty and the pursuit of happiness for all the citizens of Maryland. Grant, O God, that as they go about the task for which they have been set apart and which stands before them, that they will do so with compassionate hearts, insightful and understanding minds, gracious and merciful spirits and just intentions so that no effort will be spared to lift the quality of life for every citizen in this state, even those who find themselves numbered among the very least of us.

Gracious God;

We ask that those who make up this esteemed assembly will be faithful and committed to the task to which they have been duly called and elected; that they will be honest and truthful in their deliberations, and that the decisions they make will exemplify the kindness and good will that is needed for the living of these days to the end that the state of Maryland will be a better place in which to live when they will have concluded their labor, than it was when they began.

We ask these petitions in the name of the One who is our Creator and our Sustainer; Amen!

We turn to our individual sources of strength and honor, of life and love,
as we pray:
Let us proclaim the purpose of this day in the words of the poet John T. White:
"Sail on, sail on O ship of state
May we thy children, make thee great."

For these Legislative Captains, here assembled, grant
Strength to stay the course in the waning days of this legislative session
Wisdom to avoid the shoals and
Faith that ALL share the same goals.

To steer this Assembly into safe harbors,
Let us remember:
"... we in thought and purpose one
Pursue the work so well begun."

And so we ask for:
Patience to "fire when ready" and not before
Perseverance so we "Don't give up the ship."
And the moral power to say when duty calls, "Damn the torpedoes. Full speed ahead."

Again the words of John T. White inspire our day:
"And may our state be ne'er outdone."

And so we ask:
May the ship of state be blessed with fair winds and following seas.
May all who captain and all who crew
"Bow in loving thankfulness,
Maryland, My Maryland."

So say we all.
Amen

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill 72 – *Higher Education – Institutions of Postsecondary Education – Exempt Institutions.*

Senate Bill 72 prohibits an institution of postsecondary education that may operate without a certificate of approval issued by the Maryland Higher Education Commission (MHEC) from making reference to its approval or exemption from

approval on any certificate, diploma, academic transcript or in advertisements, publications, or on a web site. A violator is subject to a fine of up to $5,000 for each violation.

This legislation is designed to protect Maryland students by prohibiting organizations that are exempt from accreditation by MHEC from making a reference to that exemption in diplomas or other documents. The State has received numerous complaints from students that some institutions are misleading students by advertising their exemption as approval of the program by MHEC. Institutions that are exempt do not undergo review of their programs by MHEC and do not have accreditation.

While I support the intent of Senate Bill 72, the Attorney General informed me in a letter dated May 15, 2009, that in his view, the legislation "presents an unconstitutional restraint on truthful commercial speech" in violation of the First Amendment of the United States Constitution. In the Attorney General's view, the legislation not only prohibits misleading advertising by exempt institutions, it also prohibits truthful advertising in violation of the First Amendment. The Attorney General further stated in his letter that if signed into law, the prohibition against truthful advertising, even if not enforced, "would unconstitutionally chill the free speech rights of these exempt institutions." As a result, the Attorney General recommended the bill not become law.

Based on the Attorney General's opinion, I have vetoed Senate Bill 72. Legislation can be adopted next year that provides the necessary protection for students while still meeting the Constitutional standards for commercial free speech.

Sincerely,

Martin O'Malley
Governor

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate

Annapolis, MD 21401

Dear Mr. President:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed Senate Bill 721 – *Private Wastewater Treatment Act of 2009*. Senate Bill 721 is a cross file of House Bill 1105, which I intend to sign. Both Senate Bill 721 and House Bill 1105 prohibit the installation of an individual sewerage system for residential use except upon the Department of Environment's approval when an existing on–site sewage disposal system fails and cannot be repaired or replaced by any means. "Individual sewerage system" is defined under both bills as a privately owned system of sewers, piping and treatment tanks that serves a single lot and discharges to the surface waters of the State. Senate Bill 721 specifies that the term "individual sewerage system" does not include a "septic tank disposal system." House Bill 1105 does not include this same language. "Septic tank disposal system" is not a defined term under the bill, nor in current Maryland statute or regulation.

The language in Senate Bill 721 specifying that the term "individual sewerage system" does not include a "septic tank disposal system" was added to the bill by floor amendment in the House of Delegates. According to a review of the discussion on the floor of the House when the amended language was offered, there was a desire for clarification that the new prohibition on an "individual sewerage system" did not include private septic systems.

The exchange on the House floor occurred as follows:

Delegate Walkup: *Does this restrict private septic systems?*

Delegate McIntosh: *The answer is no, it does not. As a matter of fact, we're going to accept an amendment from your colleague to clarify that.*

Delegate Haddaway: *I have an amendment at the desk. This amendment clarifies that this legislation applies only to individual sewerage systems and does not apply to septic tank disposal systems. It is just a clarifying amendment that allows us all to feel comfortable with this legislation.*

Delegate McIntosh: *We had a chance to review this amendment and the Environmental Matters Committee voted unanimously to accept it.*

Speaker Busch: *So this is a friendly amendment.*

The amendment was then adopted without a recorded vote and the bill went on to pass 137–0.

Based upon the above–referenced exchange on the House floor, it is clear that the legislature's intent was to exclude private septic systems from the definition of "individual sewerage system." However, the terminology it used to do so – "septic tank disposal system" – is not defined anywhere in Maryland statute or regulation. Instead, the correct terminology to refer to what is popularly known as a private septic system is "on–site sewage disposal system." *See* COMAR § 26.04.02.01 (2009) and 2009 Md. Laws Chapter 280 (Senate Bill 554).

Although I believe it is clear that the legislature did not intend that an on–site sewage disposal system (as defined by Maryland law) be considered an "individual sewerage system," the legislature did not use that term. In an attempt to clarify that the provisions of the bill did not apply to "private septic systems," the use of an undefined term in fact created uncertainty regarding the meaning of the final provisions of Senate Bill 721. Therefore, because of the uncertainty and the conflicting interpretations that could result from adding the undefined term "septic tank disposal system" to Maryland law and the passage of House Bill 1105, which meets the policy objectives of the original bill, I am hereby vetoing Senate Bill 721.

Sincerely,

Martin O'Malley

GENERAL ASSEMBLY COMPENSATION COMMISSION

January 12, 2010

The Honorable Thomas V. Mike Miller, Jr.
President of the Senate

The Honorable Michael E. Busch
Speaker of the House of Delegates

Gentlemen:

On behalf of the members of the General Assembly Compensation Commission, it is my privilege to transmit to you the commission's eleventh quadrennial analysis of legislative compensation and allowances, an effort mandated by Article III, Section 15, of the Maryland Constitution.

The commission's Resolution, to be considered at the 2010 legislative session, makes the following changes from the 2006 Resolution which currently governs legislative compensation:

- The Resolution freezes legislator salaries for two years but provides the opportunity for a one-time increase if certain conditions are met. Specifically, if on January 1, 2013, the State annual unemployment rate in the preceding calendar year is 5% or lower, the salary of legislators will increase by $2,000 to $45,500 for calendar 2013 and remain at that level for calendar 2014. If the State annual unemployment rate is above 5% on that date, but on January 1, 2014, is 5% or lower for the preceding calendar year, the salary of legislators will increase by $2,000 to $45,500 for calendar 2014 only.

- The Resolution maintains the current differential for the presiding officers allowing for an increase under the same conditions provided for other legislators.

- The Resolution increases the annual in-district travel allowance from $500 to $650 to reflect increases in the cost of fuel.

- The Resolution ties the maximum reimbursement for meals and lodging expenses for approved out-of-state travel to the current federal domestic per diem rates as established by the United States General Services Administration and removes the approval of reimbursement in excess of those rates.

- The Resolution alters the legislative pension by providing for a limited military service credit for legislators with certain service levels. Specifically, legislators with 8 years or more of creditable legislative service may claim a military service credit of up to 3 years.

- The Resolution also amends and repeals two optional forms of retirement allowances based on the Internal Revenue Service concerns. These changes have already been made in the State employee and teacher retirement systems.

All other provisions of the current Resolution are maintained in the 2010 Resolution.

While not part of the formal Resolution, based on its discussions, the commission also requests that the Joint Committee on Pensions further investigate two issues:

- The possibility of the State taking advantage of other deferred compensation options currently available and utilized in the private and non-profit sector, such as the 457(f) "Ineligible" Plan, and

- The potential benefits of establishing a trust fund for legislators with pay-outs at the end of legislative service.

The members of the compensation commission have enjoyed the opportunity to serve and would be pleased to meet with you and members of the General Assembly to discuss the commission's findings and proposals.

Executive Summary

Pursuant to Article III, Section 15, of the Maryland Constitution, the General Assembly Compensation Commission submits its recommendations for legislative compensation and allowances during the 2011-2014 term of office. This report summarizes the compensation principles and information guiding the commission's determinations and presents the recommendations. As required by the Maryland Constitution, these recommendations have been incorporated in a Resolution adopted by the commission (2010 Resolution).

The recommendations presented in the report reflect the legislature's part-time status but also acknowledge that much is expected of a legislator in terms of time and dedication of effort, ability to manage and determine appropriate action on multiple and complex issues, and a willingness to communicate regularly with constituents. While a significant proportion of Maryland's State legislators consider themselves to be full-time legislators, the majority do not. The legislature continues to be representative of a wide range of occupations and professions. This broad-based range of experience has long been considered an integral element of what the Maryland General Assembly represents.

The commission's recommendations concerning compensation seek to balance the time that legislators spend on their job, both in and out of the legislative session, while acknowledging that the legislature should continue to be considered part-time. Although the report separately discusses recommendations pertaining to salaries, expense allowances, other benefits, and pensions, the commission asks that the recommendations be viewed as a total compensation package. As a whole, the commission believes the proposals represent a balanced approach to compensation under the principles outlined in this report.

The commission recommends the following changes to the compensation package:

- The Resolution freezes legislator salaries for two years but provides the opportunity for a one-time increase if certain conditions are met. Specifically, if on January 1, 2013, the State annual unemployment rate in the preceding calendar year is 5% or lower, the salary will increase by $2,000 to $45,500 for calendar 2013 and remain at that level for calendar 2014. If the State annual unemployment rate is above 5% on that date, but on January 1, 2014, is 5% or lower for the preceding calendar year, the salary will increase by $2,000 to $45,500 for calendar 2014 only.

- The Resolution maintains the current differential for the presiding officers allowing for an increase under the same conditions provided for other legislators.

- The Resolution increases the annual in-district travel allowance from $500 to $650 to reflect increases in the cost of fuel.

- The Resolution ties the maximum reimbursement for meals and lodging expenses for approved out-of-state travel to the current federal domestic per diem rates as established by the United States General Services Administration and removes the approval of reimbursement in excess of those rates.

- The Resolution alters the legislative pension by providing for a limited military service credit for legislators with certain service levels. Specifically, legislators with eight years or more of creditable legislative service may claim a military service credit of up to three years.

- The Resolution also amends and repeals two optional forms of retirement allowances based on the Internal Revenue Service concerns. These changes have already been made in the State employee and teacher retirement systems.

Outside these changes, the commission recommends that all other aspects of the 2006 Resolution currently governing legislative compensation be retained.

Chapter 1. Introduction

Prior to 1971, the State's Constitution established legislative salaries. Related allowances, including expense reimbursements and retirement benefits, were specified in statute. The salary could be changed only through a constitutional amendment ratified by the people in a general election. With the exception of a salary increase to $2,400 in 1964, the voters defeated all the constitutional amendments relating to legislative salaries proposed from 1958 to 1971. The General Assembly Compensation Commission's first report, issued in 1971, includes a detailed history of the constitutional and statutory changes from 1867 to 1971.

Believing that higher and more regularly adjusted legislative compensation would assist in the modernization of the General Assembly, the 1967-1968 Constitutional Convention included a provision in the proposed new Maryland Constitution giving the legislature the power to establish legislative compensation. After the voters rejected the proposed constitution in 1968, a study group appointed to recommend amendments to the existing constitution proposed the creation of a legislative compensation commission.

A constitutional amendment, approved by the voters in 1970, created the nine-member General Assembly Compensation Commission and specified that the commission submit salary and allowance recommendations to the legislature every four years. The commission includes five persons appointed by the Governor, two appointed by the President of the Senate, and two appointed by the Speaker of the House of Delegates. Appointees serve a four-year term. The appointments should be made by the Governor and the presiding officers four years in advance of the session at which the commission's recommendations are submitted. This schedule seeks to provide the commission with greater independence. Members of the General Assembly and State and local government officers and employees are not eligible for appointment to the commission.

In 1976, the compensation commission provisions of the Maryland Constitution were changed to require uniformity of legislative compensation. The modification requires that all members, except officers of the Senate and the House of Delegates, receive the same rates of compensation and retirement benefits. The 1976 amendment negated a policy, established by the 1974 commission that had required members of the General Assembly employed by the State or local governments to receive reduced compensation.

The constitutional provisions, Article III, Section 15, (**Exhibit 1**) provide that:

- the compensation commission shall submit its compensation, allowances, and pension recommendations to the General Assembly by formal Resolution within 15 days after the beginning of the last regular General Assembly session in a four-year term of office. In 2010, the commission must submit its Resolution proposing compensation and allowances for the 2011-2014 General Assembly term by January 27, 2010;

- rates of compensation and pensions shall be uniform for all members of the General Assembly, except that the officers of the Senate and the House of Delegates (traditionally, the President and the Speaker) may receive higher compensation;

- compensation allowances may not be less than the dollar amounts prior to the establishment of the first compensation commission in 1970;

- through a Joint Resolution, the General Assembly may reduce or reject, but may not increase, any item in the Resolution;

- the commission's Resolution, with any reductions concurred in by Joint Resolution of the General Assembly, has the force of law and takes effect at the beginning of the next General Assembly; and

- the provisions of each Resolution govern until superseded by a subsequent Resolution.

The Maryland Constitution, as interpreted by the Attorney General, gives the commission exclusive jurisdiction over salaries, meal and lodging expense allowances, travel allowances, employee benefit programs, and the legislative retirement system. This exclusive jurisdiction extends only to payments made to the legislators themselves. Most prior commissions have not dealt with legislative district office accounts which fund Annapolis and district office space, equipment, utility, communication, and legislators' staff assistance costs. The annual legislative budget process establishes the district office account funding levels.

The General Assembly Compensation Commission Resolutions of 1971, 1974, 1978, 1982, 1986, 1990, 1994, 1998, and 2002 took effect as submitted, unchanged by the legislature. In each year, joint legislative resolutions reducing or rejecting items in the commission's Resolution failed to pass both houses. In 2006, changes proposed by the commission were rejected by the legislature leaving compensation and other allowances unchanged from the 2002 Resolution.

Exhibit 2 sets forth the process and time line by which a Resolution takes effect. **Exhibit 3** summarizes the commission's preceding resolutions.

Activities in 2009/2010

The commission met three times in 2009 and 2010. The following summarizes the various meetings and activities of the commission:

- **December 8, 2009** – At its organizational meeting, the commission scheduled future meetings and discussed the nature of the commission's work. The commission was briefed by staff on applicable constitutional requirements and other legal issues, the legislative process pertaining to the commission's Resolution, elements of the current (2006) Resolution, and the composition and workload of the Maryland legislature.

  The commission also began its briefings on legislative compensation with staff presenting information on legislative salaries in Maryland, expense allowances for Maryland legislators, other benefits available to Maryland legislators, and district office accounts.

- **December 15, 2009** – Following approval of the December 8, 2009 minutes, the commission was briefed by staff on the Legislative Pension Plan including a comparison to pension plans in other states. The commission also considered pension issues raised by the State Retirement Agency and from a retired legislator concerning credit for military service. Time was set aside to receive testimony from the public, legislators, and other interested parties. However, no testimony was offered. The meeting concluded with follow-up items from the prior meeting.

- **January 5, 2010** – At its decision meeting, the commission first took public testimony from a former legislator concerning a pension issue, then debated and voted on compensation issues and requested that the staff prepare a final report incorporating the commission's recommendations and the Resolution to be introduced at the 2010 session of the Maryland General Assembly.

Minutes of the December meetings are provided in **Appendix 1**. The discussions of the decision meeting are incorporated into the text of the final report.

Chapter 2. Compensation Principles

The Commission's Framework for Decision Making

This commission recognizes, as have all past compensation commissions, that the Maryland legislature is a part-time institution, although interim work requires a substantial commitment of time and effort throughout the year. The commission acknowledges the categorization of state legislatures adopted by the National Conference of State Legislatures (NCSL) that distinguishes between legislatures as follows:

- Full-time legislatures, where the legislative calendar and workload requires a legislator to commit the equivalent of 80% or more of a full-time job to legislative duties. Legislative salaries tend to reflect this commitment.

- Traditional or citizen legislatures, where the time commitment to legislative duties is less than 50% of a full-time job and salaries are likewise relatively modest.

- "Hybrid" legislatures, where the time commitment falls between the full-time and citizen categories. Legislative salaries are set likewise, but it would be expected that the member might need to earn additional outside income.[1]

While some legislators in a hybrid legislature may describe themselves as full-time, the hybrid legislature retains a diverse membership, bringing different perspectives and experiences to the law making process. In other words, it retains an important element of the truly citizen legislature, and this element has long been prized in Maryland. As shown in **Exhibits 4** and **5**, although the largest block of legislators consider their legislative career as their primary occupation, the legislature is drawn from individuals with a broad swath of professional and educational backgrounds. Indeed, that block of full-time legislators probably fails to acknowledge individuals who have had other careers prior to election to the General Assembly.

In establishing the legislative compensation package, the commission was mindful not to set compensation that would change the direction of the legislature in either way. At the same time, the commission was clear in its desire to attract persons with experience and ability who otherwise might or could not run for office. The salary should be high enough to enable individuals to periodically leave their professions or businesses for legislative work. However, full-time Maryland legislators also make important contributions to the legislative process. If an individual wants to devote full-time to public service, the salary level should not automatically foreclose such a decision. There is no practical way to measure the influence of legislative compensation on an individual's decision to serve. The level of candidacy for office does not seem markedly different from one term to the next, and while the level of turnover in recent

[1] National Conference of State Legislatures. *Full-and Part-time Legislatures* (June 2009).

elections (Exhibit 6) is perhaps lower overall compared to 30 years ago, the primary driver for turnover remains redistricting with higher levels of turnover typically seen after a decennial reapportionment (1974, 1982, 1994, and 2002 in that exhibit).

In terms of other compensation, expense reimbursement should offset the reasonable costs of lodging, meals, and travel associated with attending the 90-day legislative session, interim committee meetings, and other legislative functions. Certainly, reimbursement levels should not be an impediment to service, be adequate to facilitate the work of members, while at the same time not being extravagant.

Finally, the pension plan should recognize the impact serving in the legislature can have on a member's career outside the legislature. A decision to serve as a legislator does not allow an individual to focus solely on a single career and could negatively impact salary and retirement benefits from the source of primary employment.

At the same time, the commission found itself meeting under a unique set of circumstances. Specifically, for the first time since the creation of the General Assembly Compensation Commission, deliberations are being made to a compensation package that was unchanged during the course of the current term. Furthermore, the economic climate is also arguably the worst during that same time-frame.

Legislative Salaries

The commission reviewed a variety of salary data in order to judge the adequacy of legislative salaries. The first point of comparison was to compare Maryland's legislative salaries with other states although it should be stressed that the duties, responsibilities, and compensation of legislators in other states are partially a function of institutional characteristics. For instance, according to NCSL, 10 states (California, Florida, Illinois, Massachusetts, Michigan, New Jersey, New York, Pennsylvania, Ohio, and Wisconsin) rely on full-time legislatures.[2] Among states with part-time legislatures, session lengths vary considerably with some states meeting only every other year. Exhibit 7 sets out comparative data as to 2009 salaries and session lengths.

Given the institutional variations and the lack of information documenting the time that legislators across the states devote to legislative business, it is difficult to precisely compare Maryland's legislative compensation with that of other states. Even in Maryland, workload statistics are inadequate. The bill and Resolution count, for example, provided in Exhibit 8, offer limited insight into the extent of the legislature's work during the 90-day session (although even these fail to illustrate the change in organizational structure over recent years which, for

[2] Prior to 2009, Florida was not considered a full-time legislature. The Council of State Governments does not include Florida in its list of full-time legislatures, instead categorizing it a hybrid legislature (Council of State Governments. *State Legislator Compensation: A Trend Analysis* (2007).

example, has seen a significant increase in the use of sub-committees and workgroups during session) and no insight into the work done during the legislative interim.

Nonetheless, the comparison to other states shows that Maryland's legislative salary is the eleventh highest in the nation, second only to Hawaii in terms of non-full-time legislatures. As shown in Exhibit 9, which sets forth comparative salary data for state legislators across the country over recent years, the salary for members of the Maryland General Assembly ranked just one place higher in 2006. However, overall, the salary has held its relative standing despite the fact that the salary has remained unchanged in the current term. The data from Exhibit 9 shows that slightly more states received some increase between 2006 and 2009 than those like Maryland that did not. Interestingly, 7 of the 10 states identified by NCSL as full-time legislatures received some form of an increase.

A different kind of state-by-state comparison is by budget size. Among those states with budgets comparable in size to Maryland's (see Exhibit 10), Maryland's legislative salaries ranked the highest.

Another point of comparison is to compare State legislative salaries with other State and local officials as well as State employees. For example, a summary of State employee and legislator salary changes since fiscal 1999 (Exhibit 11) shows that State employees received eight general salary increases (cost-of-living adjustments (COLAs)) and nine merit increases, in the last 12 fiscal years. The maximum COLA in any given year was 4.0%, occurring twice. Members of the General Assembly received six salary increases over the same period, ranging from 3.0 to 9.5%. The commission also reviewed the history of general salary increases, increments, and other compensation for State employees since 1999 (Exhibit 12).

Exhibit 13 sets forth legislative salary increases compared to several price indices, Maryland personal income, and State employee general salary increases for the last five legislative terms of office as well as projections for the next term. With the exception of the dramatic increases between 2003 and 2006 (38.1%), legislative salaries generally lagged behind Maryland personal income and State and Local Government Compensation. It also tended to lag behind the Consumer Price Index (CPI) – All Urban Consumers but outperform State employee general salary increases (although that understates overall State employee compensation as it excludes increments).

The salaries of selected Maryland State officials, including constitutional officers, cabinet secretaries, and judges are set forth in Exhibit 14 for fiscal 2003 through 2010. It shows that while the salaries of constitutional officers were similarly frozen in the current term, salaries of deputy constitutional officers, judges, and most cabinet heads showed increases ranging up to almost 30%.

Looking at compensation at the local level, salaries for the county councils of the six most populous counties and the Baltimore City Council show widely varying increases since fiscal 2002 (Exhibit 15). Interestingly, five of the seven jurisdictions shown have council

member salaries that are above those for State legislators, even though most of those jurisdictions are also considered part-time. As would be expected, salaries for the Chief Executive of those jurisdictions easily outstrip State legislative salaries (see Exhibit 16). Indeed, the County Executives of Montgomery and Prince George's counties enjoy salaries substantially above that of the Governor of Maryland. However, as at the State level, local salary increases in the current fiscal year are more sporadic (Exhibit 17) although all but eight local boards of education were able to offer some form of increase (COLA, step or both) to teachers.

Finally, in Exhibit 18, median household income and per capita personal income levels for each Maryland jurisdiction are presented. For calendar 2007, the latest year for which information is available, the average per capita personal income statewide was $46,471, more than the 2007 legislative salary of $43,500. The legislative salary is actually above the average per capita income in 16 jurisdictions, almost twice that of the lowest jurisdiction (Somerset). Conversely, it is almost 50% below that of the wealthiest jurisdiction (Montgomery County). A legislative salary is also well below the statewide average median household income of $70,400 (although still higher than median household income in 5 jurisdictions), underscoring the notion that a Maryland legislative salary will typically need to be supplemented in some way by the individual member or a household family member.

Finally, in terms of legislative salaries, it should be noted that like most other states, Maryland pays additional compensation only for the presiding officers, in our case a differential of $13,000. The presiding officers of the legislature (the President of the Senate and the Speaker of the House of Delegates) perform tasks and assume responsibilities considerably greater than those of other legislators. They plan and organize session and interim activities, appoint committee chairmen, speak for the legislative branch, and jointly administer the legislative branch of State government. Historically, the President of the Senate and the Speaker of the House have been granted a salary differential in recognition of the greater duties and time commitment required as the primary officers of their respective houses.

Salary Recommendations

The commission's recommendation concerning legislative salaries reflects the reality of the State's current fiscal situation and the constraints of the current constitutional framework for the establishment of legislative compensation which only provides the ability to change that compensation once every four years.

The commission was unanimous in freezing legislative salaries for calendar 2011 and 2012. However, the commission had concerns about freezing salaries for all four years of the next term both because no salary increases had been approved for the current term and because of the impact that the freeze would have on retiree benefits which are directly linked to active legislator salaries (see further discussion on this issue in the section on pension plan recommendations). Ultimately, two broad views emerged:

- Establishing a condition which, if met, would trigger an increase in salaries only in the second half of the next legislative term. A trigger, such as improved employment levels for example, would indicate an economic upturn and presumably a better fiscal environment in which to allow for an increase.

- Deferring to the next commission to make up for lost ground if the fiscal climate at that time warrants an increase.

On a vote of 6-3, the commission recommends the provisions of a one-time $2,000 increase in legislative salaries from $43,500 to $45,500 for calendar 2013 and 2014 if, on January 1, 2013, the State annual unemployment rate in the preceding calendar year is 5% or lower The commission also recommends that if the State annual unemployment rate in the preceding calendar year is above 5% on January 1, 2013, but is 5% or lower for the subsequent calendar year on January 1, 2014, the salary will increase by $2,000 to $45,500 for calendar 2014 only. Voting in favor of this proposal were Mr. Glynn, Mr. Ebersberger, Ms. Higgins, Ms. Powell, Mr., Sprague, and Mr. Terrasa; voting against were Mr. Antonetti, Mr. Gilliss, and Mr. Lingan.

The commission also recommends maintaining the existing salary differential provided to the presiding officers and apply the same conditions for any dollar increase in the next term as agreed to for other members.

Expense Reimbursements

Other states' comparisons have less relevance for per diem expense reimbursements, which should be a function of actual costs rather than institutional characteristics or legislative workloads. Nevertheless, it is worth noting that 45 states have some kind of per diem or expense reimbursement allowance. Most states, like Maryland, tie those reimbursements to some external measure such as federal per diem rates.

In-state Travel

The current Resolution establishes guidelines for the reimbursement of expenses incurred for food and lodging while engaged in specified legislative activities in Maryland. Legislators receive a meal allowance in the same combined amount that is allowed State employees under the standard State travel regulations ($42 per day in fiscal 2010) without having to supply receipts. Lodging reimbursements must be supported by receipts and are subject to the limits specified by the Internal Revenue Service (IRS) for Annapolis ($126 per day in 2006). Legislators may be reimbursed for expenses incurred in traveling between a member's home and place of session, meeting, or legislative function at the standard mileage rate set for State employees under the standard State travel regulations (55 cents per mile in fiscal 2010 through December 31, 2009, 50 cents per mile beginning on January 1, 2010).

These in-state expenses have been tied to these various external standards for some considerable time: mileage since 1975, lodging since 1995, and meals since 2003.

The Resolution also provides that legislators are entitled to a $500 nonvouchered annual payment for travel within a member's district. This payment was introduced in 1987 although has remained unchanged since 2002.

Exhibit 19 provides data for fiscal 2006-2009 for regular session, special session, and interim expenses for lodging, meals, and mileage. **Exhibit 20** offers more longitudinal data for regular session meals and lodging. In both exhibits, the primary drivers of growth are changes in the standard rates rather than utilization. For example, lodging rates in Annapolis and lodging utilization by legislators during the 2005 and 2009 sessions (**Exhibit 21**) show that over the period (1) rates for hotel rooms have increased directly in relation to the increase in the IRS rates to which reimbursement is tied; (2) the number of legislators who did not request lodging reimbursement increased only from 17 in 2005 to 25 in 2009; and (3) the number of legislators who stayed in hotels declined only slightly from 120 in 2005 to 116 in 2009.

Exhibit 22 illustrates patterns of meal allowance submissions by legislators during the 2006 and 2009 sessions. This continues the pattern since the meal reimbursement was tied to the State Standard Travel Regulation in 2003: most legislators consistently request 100% of the daily limit for the entire session.

Out-of-state Travel

Under the current Resolution, any legislator who wishes to be reimbursed for actual expenses incurred for registration fees, meals, lodging, and travel in attending a function outside the State must seek prior approval of the President of the Senate and the Speaker of the House. The presiding officers develop guidelines for out-of-state travel and may utilize Maryland's standard travel regulations to the degree applicable subject to limitations contained in the Resolution. Out-of-state travel requests must be in writing and be authorized by both presiding officers, with the amount of reimbursement for registration fees approved in advance. The maximum reimbursement amount for meal and lodging expenses is determined by joint action of the presiding officers and cannot exceed $225 per day. The presiding officers may authorize an amount greater than $225 per day if a legislator is representing the State or traveling as part of a State delegation and the costs of the travel exceed the limit due to the nature of the travel or the high cost of meals and lodging in the out-of-state location.

The guidelines for out-of-state travel have evolved over time: the requirement for prior approval established in 1975, dollar limits on travel imposed in 1983, exceptions to the dollar limits in place since 1995, and the current $225 limit (with exceptions) in place since 2003.

Exhibit 23 provides data on the extent of out-of-state travel from fiscal 2006 to 2009 (transportation and registration costs are included to provide an overall sense of expenditures, although these costs are not part of the commission's jurisdiction). **Exhibit 24** provides more

longitudinal data. Overall expenses fluctuate widely from year to year, and are primarily influenced by the location of various annual conferences that are frequently attended by legislators (*e.g.*, National Conference of State Legislatures, Southern Legislative Conference, and Council of State Governments), as well as the willingness of the presiding officers to authorize out-of-state travel.

It is interesting to compare the current $225 limit with frequently used lodging and meal reimbursement rates. **Exhibit 25**, for example, provides an 18-city sample of rates under the General Services Administration (GSA) and IRS High-Low methodology. The current $225 limit is close to the GSA 18-city average; although, the need for an exception is clear for many cities. Compared to the IRS High-Low reimbursement rates, the $225 limit fall in-between the two rates although is above the 18-city average.

Expense Recommendations

The commission finds that the current framework for expense reimbursements is generally appropriate and recommends just two changes:

- With regard to the annual in-district travel allowance, it was noted that fuel costs have risen almost 80% since the last increase in this allowance in 2003. The commission unanimously recommends an increase from $500 to $650 in this annual allowance.

- The commission notes that over the years, where possible, prior commissions have gradually aligned expense reimbursements to external standards. Many other states have adopted a similar stance. This stance eases the need for independent calculation of appropriate expenses and also allows for automatic adjustments within the term as those external standards change. The commission proposes to extend this approach to out-of-state travel for legislators. While retaining the current requirements for prior approval of out-of-state travel, the commission unanimously recommends that the current $225 per diem limit for meals and lodging be replaced by the most current federal domestic per diem rates as established by the United States General Services Administration. Given that these rates already reflect local variation, this recommendation includes the removal of the current provision allowing the presiding officer's to provide written approval to exceed the maximum per diem rate.

Pension Plan

Over 75% of states have legislative pension plans. Although direct comparisons are difficult to make, these other plans offer perspective in evaluating Maryland's legislative pension plan, which appears to provide very substantial retirement benefits.

Under the current Resolution, participation in the Legislative Pension Plan is optional. A member must accumulate 8 years of service credit in order to vest in the pension plan and thus be eligible to receive benefits. The member contribution rate is 5% of the member's salary for up to 22 years and three months. Legislative service beyond this does not earn additional retirement benefits. In addition, the member does not make any further contributions.

To receive a normal service retirement allowance from the plan, in addition to accumulating eight years of service credit, a member must also be age 60. A member may retire as early as age 50, but benefits will be reduced by 6% for each year the member is less than age 60 (a maximum reduction of 60%). The retirement allowance at age 60 equals 3% of the salary of an active legislator in a similar position for each year of service. The maximum allowance is 66.66% of the salary payable to an active legislator. Following retirement, post retirement allowance increases are based upon increases in the salary of an active legislator.

There is a death benefit for legislators with less than eight years of service that provides to the surviving spouse or designated beneficiary if there is no surviving spouse, a lump sum payment of one year's salary plus a return of member contributions with 4% interest. There is also a death benefit for legislators with eight or more years of service (vested members) or former vested members who are not yet receiving a benefit. In that case, the surviving spouse, or designated beneficiary, if there is no surviving spouse, may elect (1) the lump sum payment of one year's salary plus a return of member contributions with 4% interest; or (2) a monthly benefit of 50% of the allowance accrued at the member's death. Payment to the surviving spouse begins at the member's death. Payment to the designated beneficiary begins at age 60 (or actuarially reduced at age 50). Finally, the surviving spouse or designated beneficiary, if no surviving spouse, of a retired legislator receives a monthly survivor benefit of 50% of the allowance accrued at the member's death. Payment to the surviving spouse begins at the member's death, while payment to a designated beneficiary begins at age 60 (or actuarially reduced at age 50).

A comparison of the Legislative Pension Plan to the pension plans available to judges, the State Police and other law enforcement officers, the Governor, State employees, and teachers is summarized in **Exhibit 26**.

Exhibit 27 examines demographic data regarding the membership in the Legislative Pension Plan, specifically the number, average age, and years of creditable service of active legislators in the plan. This exhibit shows that there are 181 active legislators participating in the plan (seven members have elected not to join the plan), of whom approximately 51% have served eight years or more in office and thus are vested.

Exhibit 28 presents the number, average age, average years of service, and average monthly benefit of retired legislators. The statistics show that the average monthly benefit for retirees under the current Resolution is $1,422; for beneficiaries, the average monthly benefit is $717, or approximately 50% of the member benefit. On average, these retirees had served as legislators for 14.6 years.

Exhibit 29 includes a state-by-state comparison of the retirement benefits accruing to legislators and the contributions or cost which a legislator must pay to be a member of the retirement plan. As indicated in Exhibit 29, Maryland's legislative pension plan ranks tenth among 35 states reporting information on their legislative pension benefits with respect to the benefits accruing to retired legislators. Maryland dropped two places from its 2006 ranking. This fall may be attributed to the members of the Maryland legislature not receiving any salary increases during the current term (in turn freezing retiree benefits) coupled with significant salary increases received by the legislators from Hawaii and Ohio.

Of the nine states with higher benefits than Maryland's, six have full-time legislatures. Two states with full-time legislatures either do not offer a defined benefit program or do not offer any retirement benefits. Of part-time legislatures in the survey, Maryland ranks fourth, dropping one place from its 2006 ranking. Again, this fall is attributable to the lack of salary increases to Maryland legislators during the current term and the significant salary increase received by Hawaii legislators.

As a percentage of salary, Maryland provides a retiree with 12 years of service a benefit equal to 36% of the salary of a current legislator, and a retiree with 20 years of service a benefit equal to 60% of the salary of a current legislator. Only nine states offer benefits that equate to a higher percentage of salary than Maryland's. The average annual benefit is $11,188 after 12 years of service and $18,591 after 20 years of service. Maryland exceeds both the 12- and 20-year averages, with an annual benefit of $15,660 after 12 years of service and $26,100 after 20 years of service. Maryland is tied for fourteenth out of 35 states with respect to the member contribution (5%).

The commission received a written request from a former legislator requesting the commission to provide members of the Legislative Pension Plan with the opportunity to claim military service credit that could be applied towards their pensions. The commission also received testimony from a former legislator requesting their consideration of a proposal that would allow active and retired legislators and former legislators who retired from another State retirement or pension system the opportunity to purchase service credit in the Legislative Pension Plan for which these individuals would not otherwise be entitled.

Additionally, the State Retirement Agency (SRA) reported that the IRS regulations prevent an individual who elects a 100% survivor benefit from designating a non-spouse as a beneficiary, if the non-spouse is more than 10 years younger than the member. Within the Legislative Pension Plan, there are potential difficulties with this IRS regulation in paying a joint and survivor option (Option A) if a non-spouse, or non-disabled child, is designated as the beneficiary. In addition, SRA also reported that the IRS has opined that personalized options (Option C) are no longer acceptable. Accordingly, SRA recommends amending Option A to conform to IRS regulations and repealing Option C entirely.

Pension Plan Recommendations

Based on the material presented, the commission finds that the existing Legislative Pension Plan provides adequate benefits for retirees. The commission recognizes the adverse impact legislative service may have on an individual's personal career and believes that the major changes made to the Legislative Pension Plan by the 1990 and 1994 Resolutions are consistent with this commission's emphasis on a citizen legislature. The commission thus recommends that the existing pension plan be maintained with two changes:

- The commission recommends on a vote of 7-2 to permit members and deferred vested members who have accrued at least eight years of creditable service in the Legislative Pension Plan to claim one year of additional service credit for each year of active military duty earned prior to or during the individual's legislative service, up to a maximum of three years. The commission also recommends that the military service credit is granted at no cost to the member or deferred vested member. This recommendation reflects the commission's intent to recognize the military service provided by legislators. While the recommendation of a maximum of three years of military service credit is less than the maximum of five years granted to State employees who are members of the Employees' Pension System, it is proportional in weight to that offered to State employees. Voting in favor of the proposal were Mr. Antonetti, Mr. Ebersberger, Mr. Gilliss, Ms. Higgins, Ms. Powell, Mr. Sprague, and Mr. Terrasa; voting against were Mr. Glynn and Mr. Lingan.

- In response to recommendations of the State Retirement Agency, the commission unanimously proposes changes to two of the existing optional forms of reduced retirement allowances in order to conform to current IRS regulations. Specifically, the commission recommends amending the 100% joint and survivor option (Option A) to prevent a member who elects this option from designating a non-spouse as a beneficiary, if the non-spouse is more than 10 years younger than the member. In addition the commission also recommends repealing the personalized option (Option C) inasmuch as the IRS has opined that personalized options are no longer acceptable.

A number of other pension proposals were considered by the commission but ultimately rejected. Specifically:

- In recognition of the lack of increases to retirees' pension benefits since 2006, the commission considered a proposal to temporarily decouple legislative pension increases from legislative salary increases only for the legislative term beginning in 2011. Under this proposal retirees would not receive any increases to their pension benefits in 2011 or 2012. If legislators did not receive any salary increase in 2013, retirees would receive a cost-of-living adjustment in that year equal to the cost-of-living adjustment received by retirees in the Employees' and Teachers' Pension Systems. However if in either 2013 or 2014, legislators did receive a salary increase, legislative pension increases would be

re-coupled" for the remainder of the term. Accordingly, retirees would receive retirement increases corresponding to the salary increases rather than a cost-of-living adjustment. This proposal was defeated narrowly by a vote of 5-4 with the majority feeling that the legislative pension system offered other benefits to retirees that on balance offset the potential lack of increase in the next term. Members voting against this proposal were Mr. Glynn, Mr. Ebersberger, Mr. Gilliss, Mr. Lingan, and Mr. Sprague; those voting for were Mr. Antonetti, Ms. Higgins, Ms. Powell, and Mr. Terrasa.

- The commission received testimony from a former legislator requesting his consideration of a proposal that would allow active and retired legislators and former legislators who retired from another State retirement or pension system the opportunity to purchase service credit in the Legislative Pension Plan for which these individuals would not otherwise be entitled. The purchase would be made at a cost equal to the member contribution rate in effect in the Legislative Pension Plan for the years to be purchased, plus accrued interest. The commission was informed that each State retirement or pension system has specific provisions regarding purchases of service credit. As a result, the commission expressed concern that including this proposal in the final resolution would create a conflict between the 2010 Resolution and certain provisions of the State Personnel and Pensions Article. This proposal was defeated on a vote of 6-2. Members voting against this proposal were Mr. Glynn, Mr. Antonetti, Mr. Gilliss, Ms. Higgins, Mr. Lingan, and Ms. Powell; voting in favor were Mr. Ebersberger and Mr. Terrasa. Mr. Sprague abstained from voting on this proposal.

- The last issue considered by the commission was whether to repeal the existing optional forms of reduced retirement allowances (A, B, and C) and in their place incorporate the optional forms of reduced retirement allowances offered to members in the Employees' Pension System. The State Retirement Agency reported that because a retired legislator's designated beneficiary is currently entitled to 50% of the retiree's pension benefit at the time of the retiree's death, very few legislators select a reduced optional allowance. This proposal was defeated by a vote of 8-1 with only Mr. Antonetti in favor.

Other Benefits

Benefits Available to Active Legislators

The 2006 Resolution permits legislators to participate in benefit programs generally available to all State employees including: health insurance, prescription drug plan, dental insurance, accidental death/dismemberment, term life insurance, long term care insurance, tax sheltered spending accounts, deferred compensation programs (although no State match is available to members), Workers' Compensation coverage, and Credit Union services. Participation is in the same manner as the participation of State employees and includes payroll deductions directly relating to these programs. However, legislators may not receive State

employee death benefits or paid leave and may not participate in the State's unemployment insurance program.

As shown in **Exhibit 30,** as of August 31, 2009, the majority of legislators participated in the health (70.7%) and prescription drug (66.0%) plans that are available to State employees, and over half have elected coverage for two or more individuals (family coverage). In addition, 58.0% participate in the dental plan, with most choosing family coverage. The exhibit also reports the monthly State subsidy for the health, prescription drug, and dental plans for single and two or more coverage.

Information presented on other states' subsidies for legislator health coverage (see **Exhibit 31**) shows that in six states the state pays the full cost of health insurance for legislators. However, in most states, including Maryland, the cost is split between the state and the member. **Exhibit 32** presents the information for states with budgets within $5 billion of Maryland's. Compared to these states, Maryland's benefit is not as generous as Minnesota for example, but is better than Louisiana's.

It should be noted that additional benefits authorized for State employees during a legislative term of office may not be made available to legislators until the beginning of the next term (per an opinion of the Attorney General). To be sure, the cost of the health programs changes from year to year with an increase in costs for both the employee and the State. A legislator may decide to select different coverages, thereby increasing or decreasing the individual's costs with a corresponding effect on the State subsidy. This is not considered an increase in benefits. However, if the State decides to subsidize a benefit program that currently is entirely paid for by State employees, including legislators, legislators are not eligible for the subsidy that was initiated during the term of office. The subsidy could be received only beginning in the next term.

Benefits Available to Retired Legislators

Retired legislators may participate in State benefit programs available to retired State employees. Except for spending accounts and workers' compensation coverage, these programs are the same as those for active legislators.

Retired legislators qualify for the State health program subsidy if vested (8 years of service). The amount of the subsidy is 1/16 of the full State subsidy for each year of service. This means that upon reaching the normal retirement age a former legislator with 8 years of service is eligible to receive 50% of the State subsidy for health insurance. Those with 16 or more years qualify for 100% of the subsidy.

Prior to the 1990 Resolution, retired legislators were eligible to participate only if they met one of the following criteria, which still apply to State employees:

- retire directly from State service with at least five years of service;
- leave State service with 16 years of service;
- leave State service with 10 years of service and within 5 years of the normal retirement age (age 60 for legislators); or
- leave State service prior to July 1, 1984.

Legislators who leave public service are eligible to continue as participants in the State health insurance program until they decline to participate, become eligible for health insurance coverage through another employer, or retire. However, they are responsible for the full cost of the coverage, *i.e.*, the individual's contribution, the State subsidy, and an administrative charge not exceeding 2% of the premium.

District Office Accounts

The commission does not have jurisdiction over district office accounts or other items which legislators do not receive as individuals. For information purposes, however, the commission was presented with material regarding the amount and use of district office expenses (**Exhibit 33**), a history of district office account allowances since 1971 (**Exhibit 34**), and information on staff assistance for members of the legislature (**Exhibit 35**).

Other Benefits Recommendations

Based on its review of other benefits currently available to legislators, the commission recommends no changes.

(2) Except as provided in paragraph (3) of this subsection, the Board of Trustees shall pay the lump-sum death benefit payable under subsection (b) of this section, in equal shares to each child who has not attained the age of 18, if on the member's death, the member:

(i) Has a child or children under the age of 18 years; and

(ii) Is deemed to die contemporaneously with the member's spouse or as a result of the same occurrence.

(3) (i) Instead of the lump-sum death benefit payable under paragraph (2) of this subsection, the member's children who have not attained age 18 may elect to receive the survivor allowance that would have been paid to the surviving spouse under subsection (c)(1) of this section had the member's spouse survived the member. The survivor allowance is payable to the member's children as of the date of the member's death.

(ii) If the Board of Trustees pays the survivor allowance to more than one child, the Board of Trustees shall divide the allowance equally among the children who are under the age of 18 years.

(iii) The survivor allowance shall be payable until each child attains age 18.

17. Benefit - Death of member with less than 8 years of service.

(a) Application of section. This section applies only on the death of a member who:

(1) Is currently serving in the General Assembly; and

(2) Has less than 8 years of creditable service.

(b) Lump-sum death benefit.

(1) On the death of a member, the Board of Trustees shall pay a lump-sum death benefit consisting of the sum of the member's accumulated contributions and an amount equal to the member's annual salary at the time of death:

(i) To the member's surviving spouse, unless the member has a child under the age of 18 years and the member is deemed to die contemporaneously with the member's spouse or as a result of the same occurrence, in which case, in equal shares, to each child who has not attained the age of 18; or

(ii) If there is no surviving spouse, to the member's designated beneficiary or beneficiaries.

(2) If a member has designated more than one beneficiary, the lump-sum death benefit provided in paragraph (1) of this subsection shall be divided equally among the beneficiaries.

18. Death of member - No beneficiary. On the death of a member who is not survived by a spouse, a designated beneficiary, or a child who is eligible to receive a benefit under § 16, § 17, or § 18 of this Item 3A, the Board of Trustees shall pay the member's accumulated contributions to the estate of the member.

19. Termination of rights in Plan. At any time after termination of service as a legislator but prior to receiving a retirement allowance, a member may elect to withdraw the member's accumulated contributions by completing an application for refund of contributions and submitting the application to the Board of Trustees. A member who withdraws accumulated contributions does not have any further rights under the Legislative Pension Plan.

20. Transfer of credit.

(a) In general. Except as provided in subsection (b) of this section, creditable service earned as a member of the Legislative Pension Plan qualifies for benefits under the Legislative Pension Plan and no other system or plan administered by the Board of Trustees.

(b) Exception. Prior to retirement, a member may elect to transfer creditable service in the Legislative Pension Plan and the member's accumulated contributions to the State system in which the member participates, if the member:

(1) Has less than 8 years of creditable service in the Legislative Pension Plan; or

(2) Earned the creditable service for years of service in the Legislative Pension Plan if any of the years of service occurred on or before January 8, 1975.

(c) Effect of transfer of creditable service. A member who is eligible to transfer creditable service to another State system and who makes the election to transfer shall withdraw the member's accumulated contributions.

21. Miscellaneous Provisions.

(a) Receipt of retirement allowance from another State system. A retiree who is receiving a retirement allowance from another State system may receive a retirement allowance from the Legislative Pension Plan if the years of service in the Legislative Pension Plan do not overlap with the years of service in the State system.

(b) Average final compensation. As of January 8, 1975, the annual salary payable to a member while serving as a legislator may not be added to the earnable compensation payable by the State or a political subdivision of the State to determine the member's average final compensation in a State system in which the member participates.

(c) Applicability. Except as otherwise provided herein, this Item 3A (including the calculation for the retirement allowance and the survivor's allowance) applies to:

(1) A legislator who elects to join the pension plan during the legislator's term of office;

(2) A former legislator who:

(a) elected to join the Legislative Pension Plan during the legislator's term of office;

(b) has not withdrawn the member's accumulated contributions; and

(c) is not currently receiving a retirement allowance; and

(3) A retiree.

22. Military Credit.

(a) Subject to the provisions of Title 38 of the State Personnel and Pensions Article, a member is entitled to receive service credit for military service only on the attainment of 8 years of creditable service in the Legislative Pension Plan.

(b) Military service credit under this section may not exceed 3 years.

(c) A member may not purchase any service credit to attain the 8 years of creditable service required under subsection (a) of this section.

Item 3B

Former legislators regularly receiving a retirement allowance may participate in benefit programs available to retired State employees, including health programs, deferred compensation programs, and credit union services. Former legislators receiving a retirement allowance who have at least eight (8) years' service shall qualify for a State health program subsidy equal to one-sixteenth (1/16) of the full State subsidy for each year of service. Should additional benefit programs be authorized for retired State employees, such benefits may be made available to retired legislators with the approval of the presiding officers. Participation in these programs shall be in the same manner as the participation of retired State employees.

Constitutional Provisions Regarding General Assembly Compensation Commission

Art III, §15

Section 15. Duration of sessions of General Assembly; compensation and allowances.

(1) The General Assembly may continue its session so long as in its judgment the public interest may require, for a period not longer than ninety days in each year. The ninety days shall be consecutive unless otherwise provided by law. The General Assembly may extend its session beyond ninety days, but not exceeding an additional thirty days, by resolution concurred in by a three-fifths vote of the membership in each House. When the General Assembly is convened by Proclamation of the Governor, the session shall not continue longer than thirty days, but no additional compensation other than mileage and other allowances provided by law shall be paid members of the General Assembly for special session.

(2) Any compensation and allowances paid to members of the General Assembly shall be as established by a commission known as the General Assembly Compensation Commission. The Commission shall consist of nine members, five of whom shall be appointed by the Governor, two of whom shall be appointed by the President of the Senate, and two of whom shall be appointed by the Speaker of the House of Delegates. Members of the General Assembly and officers and employees of the Government of the State of Maryland or of any county, city, or other governmental unit of the State shall not be eligible for appointment to the Commission. Members of the Commission shall be appointed for terms of four years commencing on June 1 of each gubernatorial election year. Members of the Commission are eligible for re-appointment. Any member of the Commission may be removed by the Governor prior to the expiration of his term for official misconduct, incompetence, or neglect of duty. The members shall serve without compensation but shall be reimbursed for expenses incurred in carrying out their responsibilities under this section. Decisions of the Commission must be concurred in by at least five members.

(3) Within 15 days after the beginning of the regular session of the General Assembly in 1974 and within 15 days after the beginning of the regular session in each fourth year thereafter, the Commission by formal resolution shall submit its determinations for compensation and allowances to the General Assembly. The General Assembly may reduce or reject, but shall not increase any item in the resolution. The resolution, with any reductions that shall have been concurred in by joint resolution of the General Assembly, shall take effect and have the force of law as of the beginning of the term of office of the next General Assembly. Rates of compensation and pensions shall be uniform for all members of the General Assembly, except that the officers of the Senate and the House of Delegates may receive higher compensation as determined by the General Assembly Compensation Commission. The provisions of the Compensation Commission resolution shall continue in force until superseded by any succeeding resolution.

(4) In no event shall the compensation and allowances be less than they were prior to the establishment of the Compensation Commission *(amended by Chapter 695, Acts of 1941, ratified Nov. 3, 1942, Chapter 497, Acts of 1947, ratified Nov. 2, 1948; Chapter 161, Acts of 1964, ratified Nov. 3, 1964; Chapter 576, Acts of 1970, ratified Nov. 3, 1970; Chapter 541, Acts of 1976, ratified Nov. 2, 1976; Chapter 681, Acts of 1977, ratified Nov. 7, 1978).*

Comments

[1] Anne Arundel County renegotiated cost-of-living adjustment (COLA) amounts with several bargaining units. These units were scheduled to receive a 3% COLA in fiscal 2010; but instead will receive no COLA but will receive a merit increase. For units that did not renegotiate, no funds were budgeted for either COLA or merit increases. Police officers will not receive a COLA but will receive a 3% merit increase, based on their new contract.

[2] Baltimore County COLAs take effect on January 1, 2010. Baltimore County school teachers received a 3.5% COLA and other school employees received a 2.0% COLA, both of which are implemented at mid-year.

[3] Frederick County deputy sheriffs will receive a merit/step increase.

[4] Garrett County employees will receive $750 in December 2009 and an additional increase totaling up to 3% in March 2010; however, these adjustments will not increase employee base salaries. Road department employees represented by AFSCME received a 4% COLA.

[5] Howard County provided a 3.0% merit/step increase for most positions and a 3.5% merit/step increase for police officers.

[6] Somerset County school employees will receive a merit/step increase in January 2010 if sufficient funds are available.

[7] Washington County provided a 2% COLA for teachers and support personnel effective July 1, 2009, and a 3% COLA for school administrators effective January 1, 2010. School administrators did not receive a merit/step increase, while other school employees did.

Mr. Glynn convened the meeting at 10:05 a.m. After introductions and opening remarks, staff presented a brief overview of the charge of the commission as well as a review of the 2006 commission recommendations and the ultimate outcome of those recommendations.

To provide some context for the commission's work, the chair asked staff to update the commission on the State's fiscal situation and immediate budget outlook. Drawing on a larger fiscal update document (see http://mlis.state.md.us/2009RS/misc/2009_Dec3_Briefing.pdf), staff outlined the current fiscal 2010 budget situation and the significant budget reductions and other pending actions which have been taken to keep the fiscal 2010 budget in balance. The significant challenge for fiscal 2011 was also discussed as was an indication of the seriousness of the out-year outlook.

Background Information on State Legislatures Generally and Maryland Specifically

Following the brief budget overview, staff presented data from the Council of State Governments noting that most States utilize a commission or other independent body to establish legislative compensation. Also presented was an overview of the nature of the Maryland legislature. Specifically, information from the Council of State Governments and National Council of State Legislatures was presented that distinguished state legislatures as full-time, citizen, or a hybrid of full-time/citizen legislatures. Maryland is considered a hybrid legislature. There is a strong relationship between the categorization of State legislatures and legislative compensation, *i.e,* full-time legislatures being compensated relatively well, citizen legislatures at the lower end of the compensation spectrum with hybrids between the two. Maryland is second only to Hawaii in terms of relative compensation for a hybrid state. In response to a question from Mr. Gilliss, staff elaborated that one of the factors used to categorize legislatures is the extent of staff. Mr. Gilliss asked for additional information on staffing levels in Maryland. Data was also presented on workload in terms of bill counts. However, it was noted that this data is a poor indicator of the workload of the legislature.

Information was also provided as to the profile of the Maryland legislature in terms of educational background and other occupations. Several questions were asked about occupations and how the data was compiled. Staff indicated that the data was drawn from the personal responses as to a legislator's occupation compiled in the Maryland Manual (see http://www.msa.md.gov/msa/mdmanual/07leg/html/ga.html). Mr. Lingan asked how the profile of the legislature had changed over time in terms of occupational background. Staff noted that there was some difference compared to data presented in the 2006 commission report, in particular with more legislators identifying themselves as full-time legislators in the most recent profile. However, staff also noted that it was difficult to verify how the historical data had been compiled, making comparisons difficult.

Finally, information was presented on election year turnover. In response to a question from Ms. Higgins, staff noted that the turnover data did not appear to provide any insight as to whether compensation was too great or a deterrent to attracting candidates. Indeed, Mr. Sprague noted that open seats typically attract significant competition.

Legislator Salaries and Other Salary Data

Against this backdrop, the commission was given data on the relative standing of legislative salaries. Again, it was noted that Maryland's salary ranks one place lower in 2009 compared to 2006 and remains high among non-full-time legislatures. Data was also provided comparing Maryland's legislative salaries to states with a similar budget size. Again, Maryland compared well.

In order to compare recent activity in legislative salaries (which saw significant growth between 2002 and 2005 but have been unchanged since), data was first presented on State employee compensation increases. In response to a question from Mr. Lingan, staff detailed recent pay actions and the impact on State employee compensation of furloughs. Staff noted that mandatory reduction of legislator salaries akin to a furlough was not permitted although most legislators took voluntary reductions. Additional comparative material was presented including personal income data and the Consumer Price Index. Mr. Antonetti questioned the basis for the relatively healthy projected growth in personal income. Staff noted that this data was derived from official State estimates developed by the Board of Revenues Estimates that in turn utilizes outside consulting services but that it was possible that some write-down in this estimate was likely.

Data was also presented on local government salaries and salary activity. For the information presented on council salary levels, Mr. Terrasa requested clarification as to which councils were considered part-time and full-time. Mr. Lingan also asked about the differentiation in salary between regular members and the presiding officers. Staff explained that this differentiation, which has been in place since the modern commission was established in 1970, is allowed because the Presiding Officers are elected. According to the Attorney General, no other differentiation (for example for committee chairs) is allowed.

Expenses

The next set of presentations concerned expense claims for in-state, out-of-state, as well as in-district travel. In terms of in-state travel, it was noted that 45 states allow some kind of per diem claim, with most tied to an applicable state or federal rate. In this regard, Maryland is little different. When on official business, legislators may claim mileage and meals at the standard travel rate. Lodging may also be claimed at a rate not to exceed the IRS level for lodging. The commission was presented with data on total expenditures for these expenses. Changes appear to be predominantly driven by changes in the standard rate.

Rules for out-of-state travel were detailed, including the maximum allowed amount of $225 (although exceptions are permitted). Staff compared this amount with two standard rates: the federal General Services Administration schedule and the IRS High-Low methodology. Data on the extent of out-of-state travel expenditures was also presented, although no discernible pattern was revealed.

Finally, it was noted that legislators are eligible for a $500 in-district travel allowance that is provided as a lump-sum and for which no expense forms are submitted. This allowance was put into place in 1986 and has remained at $500 since 2002.

There were a range of questions around the expense information. Mr. Lingan clarified that the in-district allowance was provided in lieu of a system of receipted mileage reimbursement for in-district travel. Staff indicated that this was the case and that the allowance was intended to cover travel to the various community meetings that legislators attend on a regular basis. Mr. Antonetti asked for additional information on why meal reimbursements were not receipted. It was noted that in the previous report, receipting such expenses would involve significant paperwork but additional research would be done to clarify why this provision exists. Mr. Sprague noted that the Historic Inns, for example, provide a free breakfast, and did that mean legislators were able to still claim for breakfast. The commission was pointed to data that most legislators claim the full meal allowance. Ms. Higgins wanted to confirm that the meal and lodging reimbursement were claimed separately, which is the case, and not as a single per diem expense (the federal government practice). Mr. Terrasa asked if standard rates changed during a term whether legislator expenses were similarly changed. It was confirmed that this was the case, and indeed was one of the advantages of incorporating such standards by reference in the Resolution.

Benefits

The staff presentation on the benefits for which legislators are eligible focused primarily on health benefits and the cost-sharing arrangements. A specific comparison to states with similar budgets to Maryland was provided. Ms. Powell asked staff to give additional information on the range of health packages available to legislators, which staff provided. Mr. Antonetti also asked about former legislators' eligibility for health insurance. It was explained that former

legislators who are not eligible as a retiree to access the health insurance program may do so at cost plus a 2% administrative fee. Thus, for example, a legislator losing an election or choosing not to run, could still access health insurance through the State. A legislator with eight years of service who is a regular retiree can continue to access the health insurance program and would also receive a subsidy equal to one-sixteenth of the State subsidy provided to active legislators for each year of service.

Other Information and Issues

For information purposes, the commission was presented with other data regarding district accounts and other expenditures made by legislators over which the commission does not have jurisdiction. Mr. Sprague noted that the amounts for operating a district office were low. It was noted that it is common for legislators to combine funds to operate those offices.

The commission asked staff to follow up on a number of other issues in addition to the follow-up requests noted in the discussion above. Specifically, Mr. Ebersberger expressed an interest in developing alternative compensation vehicles that might be offered as a way to incentivize legislators to serve. He asked staff to provide certain data that could be used to develop such a proposal. Staff also confirmed that it would confirm with the Office of the Attorney General as to whether there were any limits on the types of compensation that the commission may recommend. Also, Ms. Higgins asked if legislators were able to accept honoraria in addition to salary.

Prior to adjournment, Mr. Glynn confirmed dates for future meetings at the same location: December 15, 2009, and January 5, 2010.

The meeting was adjourned at 11:50 a.m.

General Assembly Compensation Commission

Minutes – December 15, 2009 Meeting

Commissioners in attendance: Sean Glynn, Chair, Robert Antonetti, Jr., Adolph Ebersberger, Kathryn Higgins, Thomas Lingan, Margaret Powell, John Sprague, and Gabriel Terrasa.

Staff in attendance: Simon Powell, Dylan Baker, and Anne Gawthrop.

Mr. Glynn convened the meeting at 10:03 a.m. Mr. Gilliss was not in attendance but had sent advanced notice of his unavailability for this meeting. After the approval of the minutes from the December 8, 2009 meeting, staff began its presentation on legislative pensions.

Overview of Legislative Pension Plan

The pension presentation began with a basic overview of participation, eligibility, and benefits. Key elements of the pension plan include:

- Participation in the plan is optional.
- A member needs to accrue 8 years of service credit to vest in the plan.
- The member contribution rate is 5.0% of the member's annual salary for up to 22 years and three months.
- A member may begin receiving a full service retirement allowance at age 60 if the member has accrued 8 years of service. If the member has accrued 8 years of service by the age of 50, the member may begin receiving a retirement allowance subject to an early retirement reduction equal to 0.5% for each month that a member retires prior to age 60 for a maximum reduction of 60.0%.
- A full service retirement allowance at age 60 with at least 8 years of service equals 3.0% of the salary of a current legislator multiplied by the members total years of service. The maximum allowance that a member can receive is 66.66% of the salary payable to a current legislator.
- Because a retired legislator's retirement benefit is based in part on the salary of a current legislator, the retiree will receive post retirement adjustments whenever current legislators receive an increase to their salaries.

- There are three types of death benefits.

- The Legislative Pension Plan also provides disability benefits if the member is vested and is determined to be totally incapacitated from the further performance of the member's duties. Disability benefits equal a full service retirement allowance regardless of age and salary.

Discussion on the basic plan included a question from Mr. Terrasa on the recommendation of the 2006 commission that proposed increasing the age for early retirement to 55 and regular benefits to 62. Staff noted that discussion at that time centered on aligning eligibility to that for State employees not based on the actuarial health of the system. Ms. Higgins asked how many legislators are not participating. Staff indicated that the State Retirement Agency thinks only five to six are not. It was noted that some do not join initially, but often join subsequently (and have to make up contributions). Mr. Antonetti asked if it was possible to know if the legislator retirement was somebody's only income source. Staff indicated that that information could not be obtained.

Comparing the Legislative Pension Plan to Other State Employee Plans

Staff then presented comparative data on the various State retirement plans noting differences in vesting requirements, contribution rates, eligibility, benefit calculations, annual increases, and disability options. Staff also presented data on some of the older legislative pension plans, but noted that at this point nobody remains a member in the older plans.

This material generated significant discussion among commission members. Mr. Terrasa noted that increasing the legislator salary would increase retirement contributions but also the retiree benefit. Staff confirmed this. Mr. Antonetti asked how many of the current legislators are vested in the plan. Staff noted that 90 of the current legislators are vested and presented other data on plan utilization generally, with the caveat that it was still working to update some of that information.

Ms. Higgins, Mr. Ebersberger, and Mr. Sprague asked separate questions about the management and investment of the retirement funds generally. Staff responded with a basic overview of the retirement oversight structure, as well as the investment vehicles utilized by the retirement agency and recent fund performance.

Comparison of Maryland Legislative Pension to Other States

Staff noted that Maryland has the tenth highest legislative pension benefit. This is a drop from eighth in 2006 and is directly attributable to the salary increases Hawaii and Ohio gave their legislators over the last five years. Of the 10 highest retirement benefits, 4 are states with part-time legislatures (Texas, Oklahoma, Maryland, and Hawaii). Five states with higher

retirement benefits than Maryland have increased the salaries of their legislators since 2006. Of these five states, Hawaii was the only part-time legislature to offer a raise. Detail was then provided on how the Maryland plan compared in terms of membership, eligibility, contribution rates, benefit calculation, and the availability of defined contribution plans.

Following this presentation, a variety of questions clarified the information provided. Ms. Higgins asked why data was presented for only 35 states. Staff responded that this related to available information and the ability to calculate a benefit based on that information. Mr. Glynn asked staff to affirm that 22 states have an age eligibility requirement over 60, which is the case.

Mr. Ebersberger asked about the deferred compensation options. Staff noted that members have the option of joining 457 and 401(k) supplemental retirement plans, although in the case of the 401(k) plan, members not eligible for the $600 match. Ms. Powell asked how many members participate in the deferred compensation programs. Staff noted that this information was still being updated, but that an estimated 55-60% of members participate. Ms. Higgins asked if the State had anything like the Thrift Savings Plan at the federal level, with its level of matching contributions. Staff indicated no.

Other Pension Issues

Staff noted that the State Retirement Agency had once again asked the commission to make changes concerning optional allowances. Specifically, the agency requested that Option A be amended and Option C repealed. Currently, a retired member has option to receive the basic allowance (with spouse getting 50% on death). However, the member can protect the spouse by electing certain options that reduce the basic allowance but providing a higher allowance for the surviving spouse. The rationale for repeal was the same as made in 2006 – few members use these options, it would better align with current State Employee options, and the IRS prohibits Option C. Mr. Antonetti indicated that this mainly sounded like clean-up to conform to IRS rules and current practice. Staff agreed.

Staff also noted that, as in prior commission deliberations, the commission had been asked to consider a military service credit addition to the legislator plan, something currently excluded. Staff noted that other systems can claim up to five years credit for pre-employment service provided certain employment conditions are met, plus credit for interrupted service time. However, prior commissions have rejected this change because of the part-time status of legislators compared to full-time employees. Staff, responding to a question from Mr. Sprague concerning local employment credit, noted that the same rationale applies here, with that kind of service time not being applied because it disproportionately impacts service calculations.

Further discussion on the military service credit included a question from Ms. Higgins about any distinction between full-time military service versus the National Guard. Staff noted that there is none. Ms. Higgins also asked if partial credit could be given. Mr. Terrasa asked if any change would apply prospectively or retroactively. In both cases, staff indicated that the

commission has the leeway to do as it wished. Staff also said, in response to a question from Mr. Lingan, that it would see what other states do with regard to military service credit.

Mr. Ebersberger noted that it was difficult to make recommendation in the current financial climate, but that the commission might like to look at alternative compensation arrangements including a deferred compensation proposal used by private companies in order to attract and retain key employees. After some additional discussion on the basics of the proposal, Ms. Higgins asked if this kind of proposal can apply to the legislative setting. Mr. Ebersberger believed it could be adapted to that setting. Ms. Higgins further noted that it is true that in a full-time legislature people do leave because of compensation, but it is unclear if that is true in a part-time legislature or, conversely, if people are not able to serve because of the nature of the job and the limitations that the demands of the job place on finding outside employment. Mr. Ebersberger noted that he thought this kind of compensation vehicle could attract higher quality decision makers.

Mr. Terrasa expressed concern that developing this proposal into something that can be implemented by the current commission might be difficult given the time constraints faced by the commission. Mr. Antonetti also asked if bonding for this kind of vehicle was appropriate. Mr. Glynn asked staff to see what additional information could be obtained about this proposal ahead of the next meeting. Staff indicated that they would contact the State Retirement Agency and other individuals to get that information.

Follow-up Items from the December 8, 2009 Meeting

Staff presented information on a number of items open from the December 8, 2009 meeting:

- With regard to information presented on council salaries, of those included in that information, only Montgomery County was considered full-time.

- The legislator/staff ratio in Maryland (support and professional staff) is 1:3, which is consistent with the definition of a "hybrid" legislature used by the National Conference of State Legislatures.

- Legislators in Maryland may not accept honorariums except to the extent that meals, travel, and other appropriate expenses may be provided. These limitations are set in statute.

- The current requirement that meal reimbursements do not need a receipt dates to 1978, when the meal and lodging sublimitations were created (prior to that time there was a per diem to cover both expenses but without a distinction). As a trade-off for creating the meal sub-limitation, the commission at that time adopted the no-receipt policy

Other Discussion

Mr. Sprague asked the commission to discuss making travel to the District of Columbia an in-state rather than out-of-state reimbursement, which require additional approval. Mr. Glynn indicated that this item could be considered at the January 5, 2010 work session. Similarly, other ideas should be forwarded to staff ahead of time in order to develop a decision document. Mr. Lingan asked if that material could be received ahead of the meeting and staff indicated that it would be e-mailed beforehand.

Mr. Glynn adjourned the meeting at 11:55 a.m.

The validity of any refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. Such

refunding bonds may be issued by the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, for the purpose of providing it with funds to pay any of its outstanding bonds authorized to be issued under the provisions of this Resolution at maturity, to purchase in the open market any of its outstanding bonds authorized to be issued under the provisions of this Resolution prior to their maturity, to redeem prior to their maturity any outstanding bonds which are, by their terms, redeemable, to pay interest on any outstanding bonds prior to their payment at maturity or purchase or redemption in advance of maturity, or to pay any redemption or purchase premium in connection with the refunding of any of its outstanding bonds authorized to be issued under the provisions of this Resolution.

(b) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued for the public purpose of:

(1) Realizing savings to Baltimore City in the aggregate cost of debt service on either a direct comparison or present value basis; or

(2) Debt restructuring that:

(c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.

If the Board of Finance determines to sell the refunding bonds at public sale, the refunding bonds shall be sold to the highest responsible bidder or bidders therefor after due notice of such sale, but the Mayor and City Council of Baltimore, acting by and through the Board of Finance thereof, shall have the right to reject any or all bids therefor for any reason.

(f) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall bear interest at such rate or rates as may be determined by the Board of Finance of the Mayor and City Council of Baltimore, which rate or rates may be fixed or variable or as determined by a method approved by the Board of Finance, and such interest shall be payable at such time or times as may be determined by the Board of Finance.

(g) The proceeds of the sale of any refunding bonds authorized to be issued and sold under the provisions of this Resolution, after the payment of issuance costs relating thereto, shall be set aside by the Mayor and City Council of Baltimore as a separate trust fund to be used solely for the purposes stated in this Section 4.

(h) Except as otherwise provided in this Section 4, the powers granted in, the limitations and obligations imposed by, and the procedures specified in this Resolution with respect to the issuance of bonds shall be applicable to the issuance of refunding bonds.

(i) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution shall not be subject to any debt policy limitation that may from time to time be established by the Mayor and City Council of Baltimore.

SECTION 5. AND BE IT FURTHER RESOLVED, that in the expenditure of the proceeds of sale of the bonds, the Mayor and City Council of Baltimore shall observe the following conditions:

The validity of any refunding bonds shall in no way be dependent upon or related to the validity or invalidity of the bonds being refunded. (c) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued in whatever principal amount shall be required to achieve the purpose for the issuance of the refunding bonds, which amount may be in excess of the principal amount of the bonds refunded or the maximum principal amount of bonds authorized to be issued under subsection (a) of Section 1 of this Resolution.

(d) Any refunding bonds authorized to be issued and sold under the provisions of this Resolution may be issued to mature on such dates and in such amounts as the Board of Finance may determine; provided that the entire principal amount represented by the refunding bonds shall be discharged not more than forty (40) years from the date of issuance of the bonds being refunded.

Budget Amendments

Add the following language:

Provided that a $1,371,000 reduction in general funds is made for operating expenditures. This reduction shall be allocated among the divisions.

Explanation: The Governor's proposed budget assumes a fiscal 2011 reversion of $5.0 million. Of this amount, it is anticipated that $3.6 million represents the employee furlough. Those funds are deleted in the back of the bill. This action deletes the remainder of the $5.0 million to reflect the entire anticipated reversion.

The reduction is contingent upon legislation that amends Section 13-604 of the Courts and Judicial Proceedings Article of the Annotated Code of Maryland to remove the sunset on funding major IT from the Land Records Improvement Fund.

Office of the Public Defender

Committee Narrative

Progress on Implementation of the Office of Legislative Audits Recommendations: During the 2008 session, the budget committees requested the Office of Legislative Audits (OLA) to conduct a follow-up performance audit to assess the effectiveness of the budgetary and financial management practices of the Office of the Public Defender (OPD). OLA released its findings in November 2009. The committees request that OPD establish policies and procedures to implement the recommendations set forth in the OLA audit and provide a report to the committees on its progress. These actions will improve OPD's overall financial and case management.

Budget Amendments

C81C00.01 Legal Counsel and Advice

Add the following language to the general fund appropriation:

, provided that this appropriation is reduced by $150,000. The Governor is authorized to process a Special Fund budget amendment for $150,000 to make use of the available balance in the Consumer Protection Recoveries Account.

Further provided that the Office of the Attorney General shall submit a report that provides estimates for indirect cost recoveries to the division of Legal Counsel and Advice associated with the oversight of its programs. The report shall be submitted to the budget committees by November 1, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: This action reduces general funds in the division of Legal Counsel and Advice. The Governor is authorized to process a budget amendment transferring special funds in the amount of $150,000 from the Consumer Protection Recoveries Account to the division of Legal Counsel and Advice. This action also requires a report estimating the indirect cost recovery to the division for personnel, training, information technology, financial management, and administrative support, to other divisions within the Office of the Attorney General (OAG). The division of Legal Counsel and Advice provides administrative support to all the divisions within OAG, so it is appropriate to estimate the expenses related to the operation and oversight of each division.

Budget Amendments

Add the following language:

Provided that position identification number 086522 is abolished to reflect the loss of funds for the position. The Governor is authorized to process a budget amendment for a contractual full-time equivalent if the Office of the State Prosecutor secures alternative grant funding.

Explanation: The fiscal 2011 allowance eliminates $54,490 in funding due to the loss of grant funds for the salary and fringe benefits of 1 position. Although the funding was deleted, the position was not. This action deletes the position. The Governor is authorized to process a budget amendment if the Office of the State Prosecutor is able to secure alternative grant funding to support a contractual full-time equivalent in fiscal 2011.

D05E01.02 Contingent Fund

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce allowance for contingent fund. This action is based on the following considerations: (1) the appropriation has only been fully exhausted once since fiscal 2001; (2) a review of prior usages indicates that many of fund's previous expenditures were nonemergency in nature; and (3) a heightened review of contingent fund expenditures is appropriate given the current fiscal climate. The reimbursable funds that supported this position are no longer available.

Amendment No. 9

Committee Narrative

Plan for the Inclusion of Washington Metropolitan Area Transit Authority Performance Measures: Beginning with the fiscal 2008 Managing for Results (MFR) submission by the Maryland Department of Disabilities (MDOD), the department attempted to include information on transportation services provided through the Washington Metropolitan Area Transit Authority (WMATA). However, the data has not been consistently included, and the fiscal 2011 submission includes no measures related to WMATA services. The committees request that MDOD, WMATA, and the Maryland Department of Transportation (MDOT) work together to develop a plan for the consistent inclusion of data associated with the WMATA service provision in MDOD's MFR to enable a more complete understanding of progress in public transportation options in Maryland.

D13A13.02 The Jane E. Lawton Conservation Loan Program – Capital Appropriation

Add the following language to the federal fund appropriation:

, provided that $2,562,075 of this appropriation made for the purpose of the Jane E. Lawton Conservation Loan Program – Capital Appropriation, may not be expended for that purpose but instead may be transferred by budget amendment to program D13A13.03 to be used only for the State Agency Loan Program – Capital Appropriation. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be cancelled.

Explanation: This language requires the federal fund appropriation of the Jane E. Lawton Loan Program available from the American Recovery and Reinvestment Act of 2009 to be transferred to the State Agency Loan Program (SALP). If these funds are not expended for SALP, the funds may only be cancelled. The Maryland Energy Administration (MEA) intended to use these funds to support energy conservation projects for commercial and industrial customers. MEA advises that it works with the Department of General Services to identify energy performance contracts for State agencies that could benefit from a SALP loan. The additional federal funds will provide additional funding to help reduce State agency energy consumption in fiscal 2011 and going forward as these funds are repaid into the revolving loan account.

Amendment No. 10

Committee Narrative

Program Funding Allocation: In fiscal 2010, the appropriation for the Maryland Energy Administration (MEA) was based on a certain projection of revenue available from the Strategic Energy Investment Fund (SEIF) that has not been achieved in recent auctions. In addition, MEA has experienced delays in spending funds available through the American Recovery and Reinvestment Act of 2009 (ARRA). These changes are expected to impact the actual allocation of funding to specific program activities by an as yet unknown amount. The fiscal 2011 allowance of MEA is based on a particular level of revenue anticipated to be available from SEIF and a certain level of funding available from the ARRA. It is uncertain whether more or fewer funds will be available from these sources as a result of similar conditions as fiscal 2010. As a result, the committees request MEA submit the actual fiscal 2010 program activity expenditures, a revised fiscal 2011 program allocation, and a fiscal 2012 program allocation concurrent with the submission of the fiscal 2012 allowance to provide the committees a clearer picture of the year-to-year funding changes and changes in program priority for specific programs of MEA.

Governor's Office for Children

Budget Amendments

D18A18.01 Governor's Office for Children

Add the following language to the general fund appropriation:

, provided that $390,000 of this appropriation made for the purpose of funding five new contract monitoring and evaluation positions, may not be expended for that purpose but instead may be transferred by budget amendment to the State Department of Education program R00A04.01 Children's Cabinet Interagency Fund to be used only for Local Management Board administration. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Further provided that these five new contract monitoring and evaluation positions are deleted.

Explanation: Five new positions created in the Governor's Office for Children were to have administered the contracts for early intervention and prevention programs on a unified basis. This language restricts the funding intended for these new positions to be used for Local Management Board administration with the intent that the Local Management Boards continue to perform the contract administration for early intervention and prevention programs. The positions are also deleted.

Amendment No. 15

D25E
Board of Public Works – Interagency Committee for School Construction

Budget Amendments

D25E03.01 General Administration

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation may not be expended subject to the items below:

(1) $50,000 of this appropriation shall be released upon submission of a report to the budget committees certifying the completion of 115 maintenance surveys in public schools;

(2) $50,000 of this appropriation shall be released upon submission of a report to the budget committees certifying the completion of 230 maintenance surveys in public schools; and

(3) the budget committees shall have 45 days to review and comment from the date of receipt of each report outlined in items (1) and (2) above.

Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The Interagency Committee on School Construction (IAC) has a Managing for Results objective to conduct maintenance surveys, or inspections, in at least 230 public schools each year. In fiscal 2007, the agency's two inspectors surveyed 233 schools, and in 2008 the number was 250. The number dropped to 145 in 2009 and is expected to be approximately 187 in fiscal 2010 and 2011 because of cost containment reductions. The agency reports that reductions of $4,000 for fiscal 2010 were applied to fuel expenditures for the two maintenance inspectors to travel to schools and conduct inspections.

The General Assembly believes the agency should reprioritize expenditures to ensure that the inspectors have adequate funds to travel to schools and ensure they are safe for students, and to protect the more than $5 billion investment the State has made in Maryland public schools.

State Board of Elections

Budget Amendments

D38I01.01 General Administration

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation made for the purpose of General Administration may not be expended until the State Board of Elections submits a report to the budget committees. This report shall include:

(1) for each multi-year contract it holds, the starting date, expected end date, number and length of option periods, estimated cost of the contract in each year of the contract including option periods, the Comptroller subobject where the contract is budgeted, a brief explanation of the services provided for contracts over $25,000 in effect in fiscal 2010 and 2011, and planned for fiscal 2012; and

(2) the estimated need for additional funding required for fiscal 2011 to administer the 2010 gubernatorial elections in addition to the funding provided in the fiscal 2011 appropriation.

The report shall be submitted by August 1, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The 2009 Joint Chairmen's Report included committee narrative requesting the State Board of Elections (SBE) to provide the budget committees a report on existing and planned multi-year contracts in effect in fiscal 2009 and 2010. The report was expected to include information on the starting date of the contract, expected end date of the contract, number and length of option periods if applicable, and the estimated cost of the contract in each year of the contract including optional periods if applicable. This report has not been submitted. In addition, SBE has not been able to provide full information on the funding available in the fiscal 2011 allowance to support the 2010 gubernatorial elections and early voting. This language restricts $100,000 of general funds in SBE until a report is submitted on the existing and planned major contracts and the estimated need for additional funding required to administer the 2010 gubernatorial elections.

Add the following language to the general fund appropriation:

Further provided that this appropriation shall be reduced by $5,000,000 contingent upon the failure of legislation reauthorizing the program as a budgeted tax credit.

Explanation: This action deletes the appropriation if legislation reauthorizing the Maryland Heritage Structure Rehabilitation Tax Credit as a budgeted tax credit fails. In combination with the existing budget bill language, the appropriation is deleted if legislation reauthorizing the program as a nonbudgeted tax credit is enacted or if legislation reauthorizing the program as a nonbudgeted tax credit fails. Therefore, the $5 million appropriation will be deleted if it is not needed for the program.

Strategic Consulting Expenditures: In November 2009, the Office of Legislative Audits (OLA) released a fiscal compliance audit for the Maryland Automobile Insurance Fund (MAIF). Finding Two of this audit stated that certain expenditures should be disclosed to the legislative budget committees as part of the annual budget submission process. These expenditures include strategic consulting, marketing, public relations, advertising, lobbying services, and producer appreciation events. MAIF provided information on the expenditures associated with marketing, public relations, advertising, lobbying services, and producer appreciation events. MAIF indicates that contracts it deems to be strategic consulting have a value over $10 million and consists of more than 140 contracts. However, the audit notes only $96,000 for these types of expenditures during calendar 2008 and 2009 (through May 31). The committees request that MAIF work with OLA to develop a uniform understanding of strategic consulting expenditures and submit a report containing this definition and detail on MAIF's strategic consulting expenditures in calendar 2009 and 2010. This detail should include the dollar value of the contract budgeted in each calendar year, type of service provided, vendor providing the service, and the Comptroller Object where the activity is budgeted.

BUREAU OF REVENUE ESTIMATES

E00A03.01 Estimating of Revenues

Amend the following language:

~~, provided that this appropriation shall be reduced by $103,000 contingent upon the enactment of legislation to suspend the production of the Statistics of Income report.~~

, provided that $103,000 of this appropriation made for the purpose of producing the Statistics of Income report may only be used for this purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The Statistics of Income Report provides the State with invaluable data regarding Maryland's income tax structure. This action strikes language authorizing a reduction in funding within the Bureau of Revenue Estimates program contingent upon the enactment of a provision in the Budget Reconciliation and Financing Act of 2010 that suspends the production of the Statistics of Income Report. This language further requires that funding appropriated for the production of the Statistics of Income Report be used solely for that purpose.

E75D00.02 Video Lottery Terminal Operations

Add the following language to the special fund appropriation:

, provided that the Governor is authorized to transfer an amount of this appropriation sufficient to fulfill the funding requirements specified in State Government Article Section 9-1A-27 to program D05E01.01 within the Board of Public Works for the purposes of a small, minority, and women-owned business investment account and to program P00E01.04 within the Department of Labor, Licensing, and Regulation's Division of Racing for the purposes of purse dedication and racetrack redevelopment.

Explanation: This language authorizes the Governor, as per the State Finance and Procurement Article Section 7-209(e), to transfer funds associated with video lottery terminal revenue to the appropriate agencies. Chapter 4 of the 2007 special session requires a certain percentage of revenues be dedicated to a small, minority, and women-owned business account and purse dedication and a racetrack facility redevelopment account. The budget as introduced includes these funds within the allowance of the State Lottery Agency, which has no particular expertise in disseminating grant funds. This language authorizes the transfer of these funds to the Board of Public Works and to the Maryland Racing Commission.

Controls on Employee Compensation: Given the fiscal outlook for the State in fiscal 2012 and beyond, it is the intent of the committees that in preparing the fiscal 2012 budget, the Governor shall take all necessary measures to constrain employee compensation with the goal of limiting the amount appropriated for regular and contractual employee salaries and wages to an amount not exceeding that allowed for fiscal 2011. Nothing in this statement of intent shall interfere with the collective bargaining process as currently specified in statute.

Aligning Retiree Benefits with Medicare Part D: The Blue Ribbon Commission to Study Retiree Health Care Funding Options shall evaluate alternatives for reducing the State's long term liability and ongoing cost by incorporating Medicare Part D into the State retiree health insurance prescription plan.

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funding for enhancements to the Maryland Children's Electronic Social Services Information Exchange. The fiscal 2011 allowance includes funding for five major information technology projects including two projects involving modifications to the WORKS system, one project for modifications to the Client Automated Resource and Eligibility System, and an enterprise content management system. Concerns have been raised about the Department of Human Resources' (DHR) ability to manage all these projects in fiscal 2011. This project should be deferred to enable DHR to focus its resources on properly completing the remaining projects.	739,037 GF

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for the IRS Service Locator. This service would utilize State funds to locate "missing" former members in order to pay benefits or return contributions. Leaving the funds in the trust to earn 7.75% per year on the $46.7 million these members represent outweighs the liability of 5.0% annual interest earnings to be repaid, and any negligible administrative cost for maintaining existing records.	73,200	SF	
2. Reduce funds for "Alive and Well" audit. In fiscal 2010, $96,000 was appropriated for this oversea retiree locator service. The contract will most likely not be awarded until April 2010. Study of System Funding: The Joint Committee on Pensions should analyze all items that have a material impact on the funding status of the State Retirement and Pension System and the employer contribution rates for the Employees' Pension System and Teachers' Pension System during the 2010 interim. The focus of study will be to detail the comparability, competitiveness, affordability, and sustainability of State-funded retirement benefits in relation to the system's long-term funding outlook. The Joint Committee should present its findings and recommendations to the budget committees on or before January 1, 2011.

OFFICE OF FACILITIES PLANNING, DESIGN AND CONSTRUCTION

H00G01.01 Facilities Planning, Design and Construction

Add the following language to the general fund appropriation:

Further provided that $100,000 of this appropriation made for the purpose of facilities planning, design, and construction may not be expended until the Department of General Services (DGS) submits a report to the budget committees outlining a proposal to fund critical maintenance projects. The report shall include a proposal to add a square foot assessment charge for critical maintenance to the current annual square footage rent calculation for each State-owned facility beginning in fiscal 2012. For critical maintenance projects, the proposal shall include a rental rate that would generate:

(1) $10,000,000 annually to address ongoing critical maintenance and backlog needs;

(2) $541,000 annually to restore the DGS assessment team; and

(3) an amount to be determined by DGS to initiate the purchase of a computerized maintenance management system.

The report shall be submitted by July 1, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The General Assembly is concerned that the demand for State facility maintenance and renewal funding far exceeds the State's capacity under the current funding structure to adequately support these programs and ensure that the State's assets are properly maintained. This language restricts the expenditure of funds until DGS develops a proposal to fund critical maintenance and facilities renewal projects. The proposal shall entail adding a square foot assessment charge to the current annual square footage rent calculation for each State-owned facility beginning in fiscal 2012.

Department of Transportation

Budget Amendments

Add the following language:

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10%, or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2010-2015 CTP or will increase a total project's cost by more than 10%, or $1 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2010 session CTP as the basis for comparison.

Amendment No. 37

Add the following language:

It is the intent of the General Assembly that funds dedicated to the Transportation Trust Fund shall be applied to purposes bearing direct relation to the State transportation program, unless directed otherwise by legislation. To implement this intent for the Maryland Department of Transportation (MDOT) in fiscal 2011, no commitment of funds in excess of $250,000 may be made nor such an amount may be transferred, by budget amendment or otherwise, for any project or purpose not normally arising in connection with the ordinary ongoing operation of MDOT and not contemplated in the approved budget or the last published Consolidated Transportation Program without 45 days of review and comment by the budget committees.

Explanation: This annual language prohibits MDOT from using transportation funds for uses other than for transportation-related purposes without review and comment by the budget committees.

Amendment No. 38

Add the following language:

The Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 8,979.00 positions and 137.91 contractual full-time equivalents paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2011. The level of contractual full-time equivalents may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport which demands additional personnel; or

(2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 100 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2011 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 100.

Explanation: The General Assembly has established a position ceiling for MDOT each year to limit growth in regular positions and contractual full-time equivalents.

Amendment No. 39

Add the following language:

Further provided that the Maryland Department of Transportation shall submit a revised financial forecast to the budget committees no more than three days after the Board of Revenue Estimates releases its March 2011 revenue estimate including actual and estimated snow removal costs. The revised financial forecast shall include information on the last actual full fiscal year and the subsequent six fiscal years as well as the following:

(1) a schedule of operating expenses for each specific modal administration;

(2) a schedule of revenues, including tax and fee revenues, deductions from revenues for other agencies, department program and fees, Motor Vehicle Administration cost recovery, deductions for highway user revenues, operating revenues by modal administration, and miscellaneous revenues; and

(3) a summary schedule for the Transportation Trust Fund that includes the opening and closing fund balance, revenues, transfers, bond sales, bond premiums, any other revenues, expenditures for debt service, operating expenses, amounts available for capital expenses, bond interest rates, bond coverage ratios, total bonds outstanding, federal capital aid, and the total amount for the Transportation Capital Program.

Explanation: Under current law, the Maryland Department of Transportation (MDOT) submits a financial forecast to the budget committees in September of each year and with the Governor's allowance. Due to the current economic environment, the budget committees request an update of the financial forecast during the 2011 legislative session. MDOT should submit a revised financial forecast, consistent with existing statutory requirements, no more than three days after the Board of Revenue Estimates releases its March 2011 revenue estimate as well as updated operating budget spending estimates.

1. Reduce payment in lieu of taxes (PILOT) to Baltimore City. Baltimore City receives several PILOTs for properties around the Port of Baltimore; however, not all of the funding provided for in the allowance is necessary. Specifically, the City receives funding for properties formerly known as McComas, Seagirt, and Toyota Maryland Shipping. The PILOT is reduced by $110,465 to reflect the fiscal 2009 payment. Unless Baltimore City raises its property tax rate, the reduction allows for sufficient funding. In addition, Ports of America will begin to make the Seagirt PILOT payment as part of the long-term lease agreement. Debt Service Requirements

Budget Amendments

Add the following language:

Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed $1,791,840,000 as of June 30, 2011. Further provided that the debt service appropriation shall be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level will be based on outstanding debt as of June 30, 2010, plus projected debt issued during fiscal 2011 in support of the transportation capital program.

Amendment No. 46

Add the following language:

The Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2010 through 2021. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The General Assembly is interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

Amendment No. 47

Add the following language:

The total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed $628,340,000 as of June 30, 2011. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

(1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2011, and the total amount by which the fiscal 2011 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2011 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2010, and all anticipated sales in fiscal 2011. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2011 by providing notification to the budget committees regarding the reason that the additional issuances are required.

Amendment No. 51

MARYLAND PORT ADMINISTRATION

J00D00.01 Port Operations

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Abolish 27 crane maintenance positions and delete associated funding. As part of the recently approved public-private partnership for Seagirt Marine Terminal, Ports America Chesapeake hired 27 crane maintenance employees from the Maryland Port Administration. 2. Delete funding for the stevedoring contract for operations at Seagirt. A public-private partnership for all Seagirt operations was approved in December 2009; therefore, this expense is no longer required.	36,392,956	SF	
3. Reduce expenditures by $1.5 million to reflect the long-term lease of Seagirt Marine Terminal to a private company. This action reduces the fiscal 2011 allowance to more accurately reflect expected expenditures in fiscal 2011 given the recent long-term lease of Seagirt Marine Terminal. Reductions include	1,548,666	SF	

$200,000 for utilities, $50,000 for communications, $50,000 for vehicle-related expenses, $50,000 for janitorial services, $100,000 for information technology-related expenses, $4,000 for medical services, $494,666 for crane and other supplies and materials, $50,000 for additional and replacement equipment, $500,000 for insurance, and $50,000 for general maintenance of the terminal.

4. Delete funds for operating lease payments to the Maryland Transportation Authority (MDTA). In 1990, MDTA invested $208 million in the construction of Seagirt Marine Terminal and the Intermodal Container Transfer Facility (ICTF). The facilities were then leased to the Maryland Port Administration (MPA) for a term of 40 years. In December 2009, MPA entered into a public-private partnership for Seagirt, and MDTA received an upfront cash payment of $140 million to repay its investment in the construction of Seagirt and the ICTF. In light of this payment, and the 20 years of operating lease payments previously made, MPA should no longer be required to make annual operating lease payments to MDTA. 500,000 SF

5. Delete 1 position that has been vacant over 12 months. This position has been vacant since March 2007 and was reclassified to Manager of Community Relations in August 2008. The position will be responsible for interacting with communities and organizations to enhance understanding of port operations; however, other people have fulfilled these job duties up until now and can continue to do so. 60,507 SF 1.00

6. Reduce funds for travel to the fiscal 2010 working appropriation. The action deletes the increase for travel in the fiscal 2011 allowance. During fiscal 2010, the Maryland Port Administration reduced its travel budget by $163,276 as part of one-time cost containment efforts. Most of this reduction was restored in the fiscal 2011 allowance. Given the ongoing nature of this recession, this cost containment action should be continued in to fiscal 2011. 148,000 SF

7.	Reduce funds for association dues to the fiscal 2010 working appropriation. This action deletes the increase included in the fiscal 2011 allowance. This item was reduced in fiscal 2010 as a one-time cost containment action, and given the ongoing nature of this economic downturn, this cost containment action should be continued into fiscal 2011.	20,000 SF	
8.	Delete 4 vacant positions that are no longer necessary due to a public-private partnership at Seagirt Marine Terminal. Explanation: This action reduces the Motor Vehicle Administration's special fund operating budget by $903,000. The agency can allocate the reduction as necessary across the agency to recognize the savings.

Amendment No. 54

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce maintenance and repair for vehicles. The fiscal 2011 allowance increases $36,502 for maintenance and repair to vehicles based upon fiscal 2009 actual expenditures. This reduction reduces spending to the fiscal 2010 working appropriation.	36,502 SF

MARYLAND TRANSIT ADMINISTRATION

J00H01.01 Transit Administration

Options for Meeting Farebox Recovery: Operating costs for the Maryland Transit Administration (MTA) continue to increase; specifically fuel, spare parts, labor and contracted service costs have outpaced the available revenues from fares despite a continued increase in ridership over that same period. The committees are interested in understanding the financial and ridership impacts of various revenue and expenditure options that MTA might pursue in order to meet the statutory farebox recovery level. By December 15, 2010, MTA should submit a report that outlines:

- potential scenarios for increasing farebox in fiscal 2011 or 2012;
- the ridership and revenue/expenditure impact of those scenarios;
- the impact to MTA's budget and to the Transportation Trust Fund forecast of those scenarios; and
- the efficiencies in service that could be undertaken to improve the farebox.

J00H01.02 Bus Operations

Add the following language to the special fund appropriation:

, provided that the Maryland Transit Administration and the Maryland Transportation Authority shall not consolidate their police forces prior to submitting a report to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. The report shall include information on any consolidation of police services being taken, why the consolidation is occurring, the budgetary impact, the status of collective bargaining rights for each police force, and jurisdictional responsibilities.

Explanation: The Maryland Department of Transportation is investigating the consolidation of police forces to create efficiencies and savings. Prior to any efforts to consolidate or merge the Maryland Transit Administration (MTA) Police with the Maryland Transportation Authority (MDTA) Police, a report explaining why such a merger was occurring and the budget impact would be required. The budget committees would have 45 days to review and comment on the action.

MARC Third Party Contract: The Maryland Transit Administration (MTA) is currently in the process of identifying a third party to operate and maintain portions of the Maryland Rail Commuter (MARC) system. Using a third party to operate and maintain the MARC service represents a departure from past practice. To fully understand the impact of the third party contract, MTA should submit a report to the committees 45 days after the contract has been approved by the Board of Public Works (BPW) that addresses the following:

- the length of the contract;
- the cost of the contract in each fiscal year;
- a comparison of the cost and services provided under the old contract and new contract;
- the level of Minority Business Enterprise involvement;
- a discussion of liability insurance;
- what impact the change to a third party contractor will have on riders; and
- any other aspects of the contract of which MTA feels the committees should be made aware.

New Starts Financing Plan: Currently, the Maryland Transit Administration (MTA) is moving forward with planning for three major transit lines, the Corridor Cities Transitway, the Purple Line, and the Red Line. Due to the existing constraints facing the Transportation Trust Fund, a major revenue increase will be required to pay for one of the transit lines. As part of the federal approval process, MTA is required to submit a New Starts application that allows them to enter into preliminary engineering and that provides detailed information on ridership and the planning of the project. Preliminary financial information regarding how the State will pay for the project will also be provided. MTA should submit a report to the committees 45 days after each New Starts submission detailing how it will pay for the Red Line, Purple Line, and Corridor Cities Transitway. The report should include copies of the financial information provided to the Federal Transit Administration (FTA) as well as a discussion of the viability of the financial information presented.

Impact of Federal Changes on New Start Projects: The Federal Transit Administration (FTA) recently announced major changes to its New Starts justification criteria. The changes in the criteria could have impacts on the major transit lines that the Maryland Transit Administration (MTA) is currently evaluating. In light of the changes in criteria, MTA shall do a full study of any and all reasonable heavy rail or automated guide way alternatives, including alternative alignments for the Red Line, the Purple Line, and the Corridor Cities Transitway. MTA should also consult with various transit rider groups in the preparation of this study.

MARYLAND AVIATION ADMINISTRATION

J00100.02 Airport Operations

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for the security contract with the Maryland Transportation Authority (MDTA) Police. In fiscal 2010, the contract with MDTA Police was reduced by only 3.5% while the Maryland Aviation Administration's total budget was reduced by 5.0%. As a quasi-State agency, MDTA has not been subject to the level of cost containment actions that other State agencies have. To help in cost containment measures, the Airport Detachment of the MDTA Police should defer all vehicle replacements, defer information technology related expenses where possible, reduce overtime, and hold vacant positions open longer. Although MDTA Police follows a modified version of the furlough plan for all State employees, savings will also be realized from temporary salary reductions.	500,000	SF	
2. Delete funding for 4 positions that have been vacant for 12 months or longer. Associated position identification numbers are 013234, 056277, 056278, and 075240. This action requires the positions to stay vacant in fiscal 2011 as a cost containment measure; however, should other funding be identified, these positions may be filled.	234,732	SF	
3. Delete funding for employee awards programs. Given the State's current fiscal situation, this program awarding employees for submitting innovative ideas should be discontinued.	19,470	SF	

4.	Reduce funding for information technology related expenses. The fiscal 2011 allowance for information technology related expenses, including the acquisition and maintenance of software and applications, increases $556,838 from the fiscal 2010 working appropriation. This action reduces the increase by half and still allows for an increase of $276,838.	280,000 SF

Amendment No. 57

Committee Narrative

Cost Recovery for Issuing Identification Badges: Each year, the Maryland Aviation Administration (MAA) issues 20,000 identification badges to employees, contractors, and delivery personnel requiring access to the airport. Recent federal mandates requiring a biometric component to the badges has significantly increased the cost of issuing badges, from $0.70 per badge to $7.00 per badge. The fiscal 2011 allowance includes an increase of $113,500 in MAA's operating budget for expenses related to the issuance of badges with a biometric component. Given the rising cost of issuing badges, it is the intent of the committees that MAA should implement a fee for new and/or replacement badges to recover the costs of issuance.

J00I00.03 Airport Facilities and Capital Equipment

Land Determined No Longer Needed for Noise Mitigation May Not Be Noise Free: Since 1985, the Maryland Aviation Administration (MAA) has purchased 202 parcels of land at a cost of $36 million as part of noise mitigation efforts. Following Federal Aviation Administration guidance, MAA is currently reviewing these parcels of land to determine which are no longer needed for noise mitigation or other airport development needs. Estimates suggest that MAA may sell as much as 275 acres of land surrounding Baltimore/Washington International Thurgood Marshall Airport. Although by definition of the land no longer being needed for noise mitigation, these properties fall outside the airport's current noise contour maps, the property

may still be affected by federally acceptable levels of noise. However, as the airport location is a preexisting condition known when the property is purchased, it is the intent of the committees that MAA should stipulate in all contracts involving the sale of this surplus land that unless the federal noise contour maps are changed to include this property, the property is ineligible for any type of State-funded noise mitigation strategies.

Maryland Transportation Authority

Committee Narrative

J00J00.41 Operating Program

Changes to Tolling Structure: The Maryland Transportation Authority's (MDTA) financial forecast indicates that a substantial toll increase will take place in fiscal 2012. The current tolling structure provides extremely generous commuter discounts of up to 84% and provides a financial disincentive to consumers to use E-ZPass due to start-up costs and monthly fees. It is the intent of the committees that when evaluating the tolling structure in preparation for the fiscal 2012 toll increase, MDTA should give consideration to modifying the commuter discount plans to moderate substantial commuter discounts and implementing a bifurcation of the tolling structure to offer discounted toll rates to E-ZPass users to offset start-up and monthly fees imposed on E-ZPass accounts.

Transportation Law Enforcement Consolidation and Legislative Oversight: Since a 2004 Executive Order that expanded the primary jurisdiction of the Maryland Transportation Authority (MDTA) Police, MDTA Police have begun patrolling the Maryland Rail Commuter System and the headquarters of the Motor Vehicle Administration. In addition, MDTA Police and the Maryland Transit Administration (MTA) Police are working together to identify operational efficiencies between the agencies. Currently, three of the Maryland Department of Transportation's (MDOT) modes reimburse MDTA Police for costs totaling $30.1 million in fiscal 2011. Cost savings may be realized by consolidating all transportation law enforcement into one law enforcement agency, as was originally proposed by the 2003 Commission on the Structure and Efficiency of State Government, chaired by former Governor Marvin Mandel. MDTA Police is the seventh largest law enforcement agency in the State; yet, it is also the only State law enforcement agency to operate off budget. The nonbudgeted status of MDTA Police limits legislative oversight of the jurisdiction, policies, and budget of MDTA Police. MDTA, in consultation with MDOT and State Police, should submit a report identifying the cost savings that may be realized by consolidating all transportation law enforcement into one unit. The report should also include an analysis of where the consolidated transportation law enforcement unit should be housed in – MDTA, MDOT, or the State Police. In considering where the unit should be housed, consideration should be given to the role of legislative oversight.

Legislative Review of Travel Plaza Proposal: The Maryland Transportation Authority (MDTA) is current preparing a request for proposals to issue in March 2010 for the redevelopment of the Maryland House and Chesapeake House travel plazas along I-95. The public-private partnership will involve a long-term lease of the facilities and private investment in the redevelopment. Current law and regulations provide some ambiguity about what notice and approval is required for this transaction. It is the intent of the committee that 45 days prior to entering into an agreement, MDTA should provide:

- the length of the proposed agreement;
- the scope of payments to MDTA from the private partner;
- a cost benefit analysis of the proposal;
- evidence of the financial stability of the private partner;
- requirements pertaining to the ongoing operation and maintenance of the facility and contract oversight;
- requirements pertaining to capital investment in the facility and timeline for completion of that investment;
- a description of any performance measures utilized in the contract, as well as actions that may be taken if performance goals are not met;
- contract provisions relating to the variety of brands and competitiveness of prices at the travel plazas;
- provisions allowing the State right of first refusal prior to a reassignment of the lease to another entity;
- the estimated dollar amount of any bonds to be used to finance the agreement; and
- a description, including the estimated value, of any land, buildings, or other structures or assets that are to be transferred, leased, or exchanged with the private partner.

Furthermore, it is the intent of the committees that all contract provisions, including the ground lease agreement and the concession contract, should be approved by the Board of Public Works.

Budget Amendments

Add the following language:

Provided that $2,696.006 of the General Fund appropriation within this agency, made for the purpose of general operating expenses, may not be expended for that purpose but instead may be used only to provide operating expenses for and installation of 50 water quality monitoring stations to measure ambient nitrogen and phosphorus concentrations as well as flow data for water bodies entering Maryland but that currently are not being monitored. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This action restricts $2,696,006 of the general fund appropriation in the Department of Natural Resources for the installation of 50 water quality monitoring stations along fourth order stream border crossings that enter Maryland and empty into a Maryland tributary of the Chesapeake Bay but that currently are not being monitored. The stations are to be placed at the site where each of these fourth order streams not currently being monitored enter Maryland and where the fourth order streams empty into a Maryland tributary of the Chesapeake Bay. The full cost is anticipated to be $2,696,006 in fiscal 2011 with salaries and fringe benefits ($192,262), equipment ($103,744), contractual full-time equivalents ($150,000), and stream gauges ($2,250,000 or $45,000 per gauge).

Future of Maryland's Furbearer Management Program: The Department of Natural Resources (DNR) has a game management program, which lost a furbearer biologist position in the November 18, 2009 Board of Public Works actions. Given this position reduction and a reduction in associated funding, the committees are concerned about the future State oversight and management of Maryland's furbearer populations and the attendant impact of furbearer species on the integrity of natural resources, public and private property assets, and human health. Therefore, the committees request a report by DNR and the Maryland Department of Agriculture (MDA), in cooperation with the Maryland Legislative Sportsmen's Foundation, assessing the future of Maryland's furbearer management program by (1) developing alternative funding policies for helping to underwrite the State's oversight and management responsibility; and (2) recommending the unit within the Executive Branch of State government best capable of fulfilling this responsibility. The report should be submitted to the committees by December 1, 2010.

Soil Conservation District Field Personnel Summary Information: Section 8-405 of the Agriculture Article mandates that the Governor shall include in the annual budget bill an amount sufficient to employ not less than 110 field personnel in the soil conservation districts and that the appropriation for fiscal 2011 shall be $10 million. The committees are concerned that it is difficult to independently verify funding for the 110 soil conservation field personnel and $10 million funding level for soil conservation district field personnel in the fiscal 2011 allowance. Therefore, the committees request that the Maryland Department of Agriculture include with its fiscal 2012 budget submission information on the fiscal 2010 actual, fiscal 2011 working appropriation, and fiscal 2012 allowance data on the following:

- the number of contractual and permanent soil conservation district field personnel positions (defined as soil conservation planner, soil conservation associate, and soil conservation engineering technician positions); and

L00A15.04 Resource Conservation Grants

Add the following language:

Authorization to expend reimbursable funds received from the Department of Natural Resources for the Cover Crop Program is reduced by $8,245,048.

Explanation: The BayStat agencies anticipate requesting a special fund budget amendment after the 2010 session and before the start of fiscal 2011 in order to allocate the revenues from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund. Therefore, this reimbursable fund appropriation for the Maryland Department of Agriculture's Resource Conservation Grants is unnecessary.

Incomplete Survey Activities Resulting From Insufficient Staffing Level: The combination of increased workload, a structural deficiency in positions allotted for survey and inspection activities, and chronic vacancies among surveyor positions prevent the Office of Health Care Quality (OHCQ) from conducting all of the survey activities for which the agency is responsible. The committees request that OHCQ submit a written report on the activities that the agency has had to eliminate or not fully complete due to insufficient staffing levels in fiscal 2010. The report should address survey and inspection requirements for each unit, including which activities were prioritized and which were foregone due to insufficient staff.

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation made for the purpose of licensure and inspection of food processing facilities, may not be expended until the Department of Health and Mental Hygiene, in conjunction with the Department of Agriculture, submits a report to the budget committees on the progress of a rabbit and poultry certification program that ensures rabbit and poultry producers in this State that are exempt from regulation by the U.S. Department of Agriculture may sell their products at farmers' markets in the State without being required to have a license from a local jurisdiction provided the producer has completed this program. The report shall be submitted by September 1, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: The language withholds funds pending the receipt of a report on a plan to ensure that no jurisdiction requires a license for the sale of poultry or rabbit products at a farmers market if the farm on which the product was produced is exempt from regulation by the United States Department of Agriculture.

~~, provided that $3,716,516 of this appropriation shall be reduced contingent upon the enactment of legislation reducing funding for Core Public Health Services.~~

Explanation: This language is unnecessary as the General Assembly can choose to reduce funding for the Core Public Health Services Targeted Local Health Department formula without legislation.

Amendment No. 77

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation may not be expended until the Department of Health and Mental Hygiene, in conjunction with the local health departments, provides a report to the budget committees on the budgets of the 24 local health departments. Specifically, the report shall outline how State funds were used programmatically by the departments in fiscal 2010 and how they will be used in fiscal 2011. Lastly, the report shall describe programmatic and budgetary changes made in response to cost containment measures in fiscal 2010 and 2011. The report shall be submitted by January 1, 2011, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Since 1997, the State has been providing funds to local health departments through the Core Public Health formula. During fiscal 2010, these funds were reduced by $20.1 million. The budget committees should be informed on how the funds are being used and how the reductions have affected the local health services.

This reduction would result in a decrease in general funds in the amount necessary to bring the appropriation level for the tobacco cessation programs and Statewide Academic Health Centers to the level specified in the BRFA of 2010. The fiscal 2011 budget provides additional funding to allow MHA to make this a one-time action in fiscal 2010. Community Services Expansion on the Eastern Shore: The committees are concerned that the roll-out of expanded community services on the Eastern Shore related to the closure of the Upper Shore Community Mental Health Center (USCMHC) has occurred in a timely manner and not left service gaps. The committees request the Mental Hygiene Administration (MHA) to report on:

- A fiscal 2010 accounting of costs and savings associated with the closure of USCMHC and the expansion of community services (including expenditures incurred by private hospitals). To the maximum extent possible, community service expansion data should include in-state and out-of-state expenditures.

The report shall be submitted by October 1, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce general funds based on the applicability of the enhanced federal match to the State's Medicare clawback payment. On February 18, 2010, the United States Department of Health and Human Services announced that it would apply the American Recovery and Reinvestment Act of 2009 Medicaid enhanced federal match to state "clawback payments." These payments are made by the states to the federal government to offset the cost of Medicare coverage for prescription drugs for state residents eligible for both Medicare and Medicaid. This results in general fund savings to the fiscal 2010 and 2011 Medicaid budget. The proposed reduction is based on the assumption built into the Governor's allowance that the enhanced federal match will be in place for the whole of fiscal 2011.	24,000,000 GF

As part of this consolidation, the Department of Human Resources (DHR) is expected to produce a plan on how this consolidation will be implemented. The committees request a copy of this plan to better understand how this action will be implemented and impact the local departments.

Budget Amendments

N00G00.08 Assistance Payments

Add the following language to the general fund appropriation:

, provided that $500,000 of this appropriation made for the purpose of providing assistance through the Temporary Disability Assistance Program, may not be expended for that purpose but instead may be transferred by budget amendment to program N00G00.04 Adult Services to be used only for respite care services. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts $500,000 of the funding for the Temporary Disability Assistance Program (TDAP) to only be used for respite care services in the Department of Human Resources' Adult Services. The funds are available for this use because the TDAP caseload growth has slowed significantly from the rate experienced in fiscal 2009 resulting in a projected surplus in the TDAP budget.

Amendment No. 95

Add the following language to the general fund appropriation:

Further provided that $550,000 of this appropriation made for the purpose of providing assistance through the Temporary Disability Assistance Program, may not be expended for that purpose but instead may be transferred by budget amendment to program N00A01.05 Office of Grants Management to be used only for the Service-linked Housing Program. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts $550,000 of the funding for the Temporary Disability Assistance Program (TDAP) to only be used for the Service-linked Housing Program in the Department of Human Resources' Office of Grants Management. The funds are available for this use because the TDAP caseload growth has slowed significantly from the rate experienced in fiscal 2009 resulting in a projected surplus in the TDAP budget.

Amendment No. 96

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Reduce funding for the Temporary Disability Assistance Program to reflect slowing caseload growth. The rate of caseload increase in the first six months of fiscal 2010 is half that experienced in fiscal 2009. N00I00.06 Office of Home Energy Programs

Add the following language:

Provided that $1,020,000 of the Special Fund appropriation and $980,000 of the Federal Fund appropriation made for the purpose of software maintenance and systems support for application software development for the Office of Home Energy Programs (OHEP) data system may not be expended for that purpose in OHEP but instead may be transferred by budget amendment to N00F00.04 Office of Technology for Human Services program to be used only for the purpose of software maintenance and systems support for application software development for the OHEP data system. Funds not expended for this restricted purpose in N00F00.04 may not be transferred by budget amendment or otherwise to any other purpose and shall be cancelled.

Explanation: This language transfers the appropriation for the software maintenance, support, and system development for the OHEP data system to Office of Technology for Human Services (OTHS) consistent with the budgeting of the other information technology projects in the Department of Human Resources (DHR). DHR advises that OTHS manages and procures contracts for the OHEP data system. Funds not transferred for this purpose to OTHS shall be cancelled.

Explanation: This language ensures that the Department of Public Safety and Correctional Services (DPSCS) maintains executive administration in accordance with what is prescribed in statute and within the departmental budget. DPSCS is provided, in statute, 2 deputy secretary positions. The department is currently reviewing its leadership structure and this language ensures that changes are not implemented without going through the appropriate budgetary and statutory processes.

PATUXENT INSTITUTION

Q00D00.01 Services and Institutional Operations

Analysis of Consolidating the Patuxent Institution within the Division of Correction: The committees direct the Department of Public Safety and Correctional Services (DPSCS) to conduct a cost-benefit analysis of incorporating the Patuxent Institution into the Division of Correction (DOC). A significant portion of the offenders housed at the Jessup facility are DOC-sentenced inmates, and the department is already in the process of moving toward a mission-specific institution format. The committees believe consolidating the Patuxent Institution to be a DOC facility could result in improved efficiency of departmental operations, expanded and better coordinated mental health services, and significant cost savings. The analysis should specifically examine the operational and legislative changes necessary to incorporate the Patuxent Institution into the DOC and identify potential cost-savings and operational efficiencies. The report should also address any concerns or obstacles the department has regarding a potential consolidation. The report should be submitted to the budget committees no later than October 1, 2010.

CRIMINAL INJURIES COMPENSATION BOARD

Q00K00.01 Administration and Awards

Add the following language to the special fund appropriation:

, provided that $250,000 of this appropriation made for the purpose of funding administrative operating expenses within the Criminal Injuries Compensation Board (CICB) may not be expended until CICB provides the following information:

(1) confirmation that all staff and board members have completed training on maintaining compliance with the State Open Meetings Law and the Administrative Procedure Act;

(2) confirmation that all staff and board members who have interaction with victims and their families have completed sensitivity training;

(3) a report on each case in fiscal 2010 where statutory timeline provisions were violated and the number of claims where the claimant was requested to resubmit information;

(4) the potential for providing a victim advocate within existing agency resources to assist with victims' needs, and if existing resources are inadequate, the cost of creating a victim advocate position; and

(5) proposed solutions for addressing the fiscal concerns regarding the amount of funding available for making awards to victims of crime, including potential legislation.

It is the intent of the General Assembly that CICB improve its efficiency of operations and alter its agency culture in order to better address the needs of Maryland's crime victim population and create a more victim-friendly environment.

The report shall be submitted by October 15, 2010, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise for any other purpose and shall be cancelled if the report is not submitted to the budget committees.

Explanation: The General Assembly is concerned that CICB has not been operating in an efficient or victim friendly manner. Most notably, the agency may not always be compliant with the State Open Meetings Law and Administrative Procedures Act or timely in its processing of victims' claims. This action requires CICB to provide training on relevant State laws, in addition to providing sensitivity training for personnel who work directly with victims, in order to improve agency operations. The agency is also required to submit information regarding cases

that are not addressed within the statutory timeframe, the potential for maintaining a victim advocate position, and possible solutions for increasing the amount of funding available to victims of crime.

Budget Amendments

Add the following language:

Provided that a reduction of $524,776 is made for the Deferred Compensation Match (Comptroller subobject 0172). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$132,638
Special	$6,911
Federal	$385,227

Explanation: This action deletes the Maryland State Department of Education fiscal 2011 allowance for the Deferred Compensation Match, which should be deleted in all agencies. The total reduction should be split as indicated above among general, special, and federal funds.

Amendment No. 110

Add the following language:

Further provided that a $225,000 reduction is made to implement furloughs for loaned educator contracts (Comptroller subobject 0885). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$67,073
Federal	$140,670
Special	$17,257

Explanation: The loaned educator program at the Maryland State Department of Education (MSDE) allows local school system employees to work for MSDE on special projects. These personnel should incur salary reductions equivalent to furloughs incurred by State employees in similar positions.

As of January 2010, MSDE has 44 loaned educators who earn more than $100,000 annually, and it is assumed that their salaries average $125,000. There are 5 loaned educators who earn between $50,000 and $100,000, and it is assumed their salaries average $75,000. The furlough for State employees earning more than $100,000 is roughly 3.84% of their salary, and the amount for those earning between $50,000 and $100,000 is roughly 3.45%.

Amendment No. 111

HEADQUARTERS

R00A01.01 Office of the State Superintendent

Add the following language:

Provided that it is the intent of the General Assembly that no individual loaned educator be engaged by the Maryland State Department of Education (MSDE) for more than five years.

Further provided that it is the intent of the General Assembly that all loaned educators submit annual financial disclosure statements, as is required by State employees in similar positions.

Further provided that MSDE shall provide an annual census report on the number of loaned educator contracts and any conversion of these personnel to regular positions to the General Assembly by December 15, 2010. The annual report shall include job function, title, salary, fund source(s) for the contract, the first year of the contract and the number of years that each loaned educator has been employed by the State, and whether the educator files a financial disclosure statement. MSDE shall also provide a report to the budget committees prior to entering into any new loaned educator contract to provide temporary assistance to the State. The budget committees shall have 45 days to review and comment from the date of receipt of any report on new contracts.

Explanation: The loaned educator program at MSDE allows local school system employees to work for MSDE on special projects. If these personnel need to be engaged for more than three years, they should be hired as regular MSDE personnel and not through loaned educator contracts.

Committee Narrative

R00A01.04 Division of Accountability and Assessment

Legislative Auditor Review of Assessment Contracts: In the 2009 legislative session, the General Assembly added language to the budget bill that directed the Maryland State Department of Education (MSDE) to submit a report on the cash flow needed for assessment contracts for fiscal 2009, 2010, and 2011. The committees are concerned that MSDE's cash flow report for fiscal 2010 and 2011 does not reconcile with the amounts budgeted for assessment contracts in those years.

The assessment contracts total at least $30 million annually. Given the magnitude of these contracts, the committees request that the legislative auditors review assessment contracts and related documents and provide a report to the committees by December 1, 2010. The report should include the amount owed by month for each contract currently in effect, taking into account that these contracts extend over multiple years.

Major Information Technology Projects on Longitudinal Data: The Maryland State Department of Education (MSDE) has major information technology (IT) projects underway to gather longitudinal data about student performance from pre-kindergarten through college and the workplace. Detailed teacher data also will be gathered.

At this point, information technology and budget documents associated with the effort do not match. Frequent changes in these documents make it difficult to track overall progress on the longitudinal data effort. The committees request that MSDE, the Maryland Higher Education Commission (MHEC), and the Department of Information Technology (DoIT) jointly submit a report by December 1, 2010, about the overall design and requirements of the longitudinal data effort. The report should describe the anticipated number of IT projects and phases involved, the projected schedule, and available federal funds. Project cost estimates should be provided to the extent possible.

Committee Narrative

R00A01.19 Home and Community Based Waiver for Children with Autism Spectrum Disorder

Additional Funds Needed for Waiver Program for Children with Autism: The budget committees are concerned about the long waiting list for the Autism Waiver Program. The Home and Community Based Waiver for Children with Autism Spectrum Disorder currently serves 900 children who are at risk of institutional placement. More than 3,000 children are on the waiting list for the program. However, only 50 to 75 slots become available each year from turnover. As a result, even though early intervention is important, children may spend years on the waiting list. Many children may age out before they ever receive services.

The committees strongly encourage the Governor to provide approximately $1.2 million in additional State funds that would leverage federal matching funds for up to 100 additional slots per year. The State currently is in year one of a five-year federal contract through which Medicaid provides a 50% match to State funds for the program. The contract authorizes federal matching funds if State funds are provided. The Autism Waiver Program has been level funded at $10.8 million in general funds since fiscal 2008, which is not enough to meet increased demand for these critical services.

Budget Amendments

R00A04.01 Children's Cabinet Interagency Fund

Add the following language to the general fund appropriation:

, provided that $210,000 of this appropriation made for the purpose of funding early intervention and prevention programs may not be expended for that purpose but instead may only be used to supplement funding of Local Management Board administration. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts a portion of the $15.7 million intended for early intervention and prevention programs to be used to supplement funding for Local Management Board (LMB) administration. Together with funding restricted in the budget for the Governor's Office for Children and LMB funding included in this budget as originally introduced, this additional funding brings the total for LMB administration to $3.0 million.

Amendment No. 117

Add the following language to the federal fund appropriation:

, provided that $1,823,709 of this appropriation made for the purpose of early intervention and prevention activities may only be used to fund these activities through Youth Services Bureaus. Further provided that the allocation of funding among Youth Services Bureaus shall be distributed in the same proportions as provided in fiscal 2010. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be cancelled.

Explanation: This language restricts funds to only be used for Youth Services Bureaus and requires the funding to be distributed among the bureaus in the same proportion as in fiscal 2010.

Committee Narrative

Report on the Current Fiscal Year Working Appropriation for the Maryland Higher Education Commission: The committees request that the Maryland Higher Education Commission (MHEC) submit reports by October 15, 2010, and January 15, 2011, on the current fiscal year working appropriation for MHEC scholarships by program. MHEC frequently moves money between scholarship programs to ensure that available funds are fully spent. A significant lag time often exists between when funds are moved and when the move is recognized through budget amendment. As a result, it is difficult to monitor the use of scholarship funds across fiscal years. The current year working appropriation reported by MHEC in the Governor's budget books is often not reflective of the actual working appropriation. These reports on the current working appropriation would ensure that the committees have access to the most updated data available.

DIVISION OF TOURISM, FILM AND THE ARTS

T00G00.03 Maryland Tourism Board

Add the following language to the general fund appropriation:

, provided that $300,000 of this appropriation made for the purpose of statewide marketing initiatives may not be expended for that purpose but instead may be transferred by budget amendment to T00G00.02 Office of Tourism Development to be used to prevent the closure of the welcome centers located on US-13, Crain Memorial Highway, and I-70 East and West; and to reopen the Mason Dixon welcome center on US-15. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise for any other purpose and shall revert to the General Fund.

Explanation: The cost containment initiative of fiscal 2010 resulted in the closure of 6 of the 12 welcome centers in the State. This language would dedicate a portion of the funding under the Maryland Tourism Board to prevent the closure of four additional centers as assumed in the fiscal 2011 allowance and to reopen on center closed during the fiscal 2010 cost containment effort.

, provided that this appropriation shall be reduced by $500,000 contingent on the enactment of SB 141 or HB 151 which creates a special fund to provide local impact grants to jurisdictions with electronic bingo and tip jar machines.

Explanation: An amendment to the Budget Reconciliation and Financing Act of 2010 (SB 141/HB 151) would establish a new special fund for fiscal 2011 only to provide grants to local jurisdictions with electronic bingo and tip jar machines, which would reduce the amount of funding available for the Special Fund for the Preservation of the Cultural Arts.

LAND MANAGEMENT ADMINISTRATION

U00A06.01 Land Management Administration

Report on Status of Voluntary Cleanup Program: The Voluntary Cleanup Program is a hybrid environmental remediation and economic development program and has smart growth components because of the focus on the remediation of blighted properties in urban areas. However, there is insufficient information available concerning the status of the program because Managing for Results measures are not included in the fiscal 2011 budget submission. In addition, applications have dropped between fiscal 2007 (72), fiscal 2008 (59), fiscal 2009 (31), and fiscal 2011 projected (30). Finally, the Voluntary Cleanup Fund balance is projected to be reduced to zero at the end of fiscal 2010, although additional revenue is anticipated in fiscal 2011. Therefore, the Maryland Department of the Environment (MDE) is requested to submit a report on the number of applications the program has received for each year since fiscal 2001; the geographic location of applications; the number of acres and properties in the program completed and a No Further Requirements Determination or a Certificate of Completion issued and where they are located; the cumulative number of properties remediated/completed since the beginning of the program; the number of jobs created each year as a result of the program; the amount of capital investment in program sites that have been cleaned up; and the increase in the tax base from job creation or capital investment resulting from cleanup of program sites. In addition, MDE is requested to comment in the report on why applications have decreased and whether the program should be improved, and how, or whether it should be ended.

Report on Strategic Energy Investment Fund Expenditures: The Maryland Department of the Environment (MDE) receives funding from the Strategic Energy Investment Fund that is deposited into the Maryland Clean Air Fund. The committees are concerned that the revenues from the Strategic Energy Investment Fund – the sale of carbon dioxide allowances – is subject to uncertainty and year-to-year variability despite the need for MDE to recoup the costs of managing Maryland's role in the quarterly carbon dioxide allowance auctions and the expenses associated with implementing Chapters 171 and 172 of 2009. In addition, the committees are concerned that it is not clear how the revenues received from the Strategic Energy Investment Fund are being used. Therefore, the committees request a report on how MDE is using the revenues from the Strategic Energy Investment Fund to further climate change work, in general,

and to meet the requirements of Chapters 171 and 172. The report is requested to cover the fiscal 2010 actual, fiscal 2011 working, and fiscal 2012 allowance funding period.

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funding to improve the functionality of the Enterprise Environmental Management System software system. The agency was requested to provide updates on the status of information technology projects given concerns about how information technology projects were funded in the past. The fiscal 2011 allowance funding reflects a $120,000 increase from the fiscal 2010 working appropriation level with no such notification.	350,000 SF	
2. Delete operation and maintenance funding for wastewater treatment plants upgraded to enhanced nutrient removal technology. The agency is required to use up to 10% of the annual fee revenue from wastewater treatment plant users for this purpose. However, the draft January 2010 Bay Restoration Fund Advisory Committee report notes that one option to reduce the funding gap for upgrading the State's 67 major wastewater treatment plants to enhanced nutrient removal technology would be to discontinue the annual operation and maintenance grants. This action executes that option for fiscal 2011 and reduces operation and maintenance funding for approximately 14 wastewater treatment plants.	1,000,000 SF

Committee Narrative

Substance Abuse Options for Court-involved Youth: The committees are concerned about the ongoing underutilization of limited substance abuse treatment options for court-involved youth. Participation in juvenile drug courts is particularly low, and the Department of Juvenile Services (DJS) recently suspended programming at one of its two residential drug treatment programs pending a review of that programming. The committees request that DJS, the Office of Problem-solving Courts (OPC), and the Alcohol and Drug Abuse Administration (ADAA), in

consultation with substance abuse providers that work with adolescents with substance abuse issues, jointly prepare a report assessing what range of treatment options should be available to court-involved youth. In making this assessment, the response should identify demand for substance abuse services from within the juvenile justice system both at the State and local level as well as the evidence-based practice program options available for the different levels of substance abuse treatment considered appropriate.

General	$24,309
Special	$19,975

Explanation: This action reduces the Department of State Police's fiscal 2011 allowance for cell phone expenditures. The total reduction should be split as indicated above among general and special funds.

W10A

MARYLAND STATE POLICE

W00A01.01 Office of the Superintendent

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation made for the purpose of providing police protection grants may not be expended until the Department of State Police (DSP) submits the Crime in Maryland, 2009 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided that if DSP encounters difficulty in obtaining the necessary crime data on a timely basis from local jurisdictions who provide this data for inclusion in the UCR, DSP shall request that the Governor's Office of Crime Control and Prevention withhold a portion, totaling no more than 50%, of that jurisdiction's State Aid for Police Protection grant for fiscal 2011 until such time that the jurisdiction submits its crime data to DSP.

Explanation: This annual language was originally added because DSP had not been submitting its annual crime report in a timely manner due to issues related to receiving crime data from the local jurisdictions. As such, this language withholds a portion of the general fund appropriation until the budget committees receive the 2009 Uniform Crime Report. The language also permits the Governor's Office of Crime Control and Prevention to withhold a portion of the State Aid to Police Protection grant until certain crime data is submitted.

Committee Narrative

Helicopter Maintenance Study: The 2009 Joint Chairmen's Report directed the Department of State Police (DSP) to conduct a review of all helicopter maintenance options and to submit a report to the budget committees by October 2009. In order to respond to the committee narrative, DSP plans to develop a maintenance request for proposal (RFP) and to solicit bids for maintaining the fleet. Upon receipt of the proposals, DSP plans to compare the cost of maintaining the fleet internally to that of commercial providers. However, issuing an RFP prior to the procurement award for the new Medevac fleet would be premature as certain pertinent information (*e.g.*, the make and model of the new aircraft) would be unavailable for inclusion in the maintenance RFP. Such information is vital when determining the maintenance requirements and costs of the fleet. In light of the ongoing Medevac procurement, the budget committees request that the helicopter maintenance study be submitted on October 1, 2010.

Part of the fiscal 2010 general fund deficiency in Medicaid is due to shortfalls in fiscal 2010 CRF revenue. On February 18, 2010, the United States Department of Health and Human Services announced that it would apply the American Recovery and Reinvestment Act of 2009 Medicaid enhanced federal match to state "clawback payments." These payments are made by the states to the federal government to offset the cost of Medicare coverage for prescription drugs for state residents eligible for both Medicare and Medicaid. N00G00.08 Assistance Payments

Add the following language to the general fund appropriation:

, provided that $250,000 of this appropriation made for the purpose of providing assistance through the Temporary Disability Assistance Program, may not be expended for that purpose but instead may be transferred by budget amendment to program N00G00.04 Adult Services to be used only for respite care services. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: This language restricts $250,000 of the funding for the Temporary Disability Assistance Program (TDAP) to only be used for respite care services in the Department of Human Resources' Adult Services. The funds are available for this use because the TDAP caseload growth has slowed significantly from the rate experienced in fiscal 2009 resulting in a projected surplus in the TDAP budget.

The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0305, and 0322 between State departments and agencies by approved budget amendment in fiscal 2010 and 2011. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of

Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or cancelled.

Explanation: This amendment makes it possible for the Office of Legislative Audits to track the disposition of funds in statewide subobjects 0152, 0154, 0175, 0305, and 0322.

Section 28 Federal Fund Spending

SECTION 28. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2011, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or Federal Fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS-related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to the administration of federal funds by executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

The report shall detail by agency for the actual fiscal 2010 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every three years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2011, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery.

Section 30 Executive Long-term Forecast

SECTION 30. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the Executive budget proposal on the long-term fiscal condition of the General Fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and four years thereafter. Add the following section:

Section 31 Reporting on Budget Data and Organizational Charts

SECTION 31. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2012 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2011 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2010 spending, the fiscal 2011 working appropriation, and the fiscal 2012 allowance, the budget detail shall be available from the Department of Budget and Management's (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund for actual fiscal 2010 spending, the fiscal 2011 working appropriation, and the fiscal 2012 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available upon request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full-time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS with the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Explanation: This annual language provides for consistent reporting of fiscal 2010, 2011, and 2012 budget data, and provides for the submission of department, unit, agency, office, and institutions' organizational charts to the Department of Legislative Services with the allowance.

Amendment No. 170

Add the following section:

Section 32 Interagency Agreements

SECTION 32. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2010, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2010 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full-time and part-time, associated with the agreement; and

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2010, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000, that were in effect at any time during fiscal 2010.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of $100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. Further, it requires that DBM submit a consolidated report on all agreements by December 1, 2010, to the budget committees and the Department of Legislative Services.

Section 33 Budget Amendments

SECTION 33. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

(1) This section shall not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance;

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

(c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services (DLS); and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:

(a) restore funds for items or purposes specifically denied by the General Assembly;

(b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;

(c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and

(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a Federal Fund appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

(7) Further provided that the fiscal 2011 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2011 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation pay-as-you-go capital program.

(8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2012 allowance the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This annual language defines the process under which budget amendments may be used.

Amendment No. 172

Add the following section:

Section 34 Maintenance of Accounting Systems

SECTION 34. AND BE IT FURTHER ENACTED, That:

(1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2010 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2010 to program R00A02.07 Students With Disabilities for Non-public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.

(3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2010 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.

(4) For the programs specified, reports shall indicate total appropriations for fiscal 2010 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2010, March 1, 2011, and June 1, 2011.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2010 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene, the Maryland State Department of Education, and the Department of Human Resources.

Sections

Add the following section:

Section 36 The "Rule of 100"

SECTION 36. AND BE IT FURTHER ENACTED, That the Board of Public Works (BPW), in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 100 positions in excess of the total number of authorized State positions on July 1, 2010, as determined by the Secretary of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 100 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, BPW may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

BPW may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 100 under this section.

The numerical limitation on the creation of positions by BPW established in this section shall not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of Budget and Management certify for each position created under this exception that:

(1) funds are available from non-State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non-State funds are no longer available.

The Secretary of Budget and Management shall certify and report to the General Assembly by June 30, 2011, the status of positions created with non-State funding sources during fiscal 2007, 2008, 2009, 2010, and 2011 under this provision as remaining authorized or abolished due to the discontinuation of funds.

Explanation: This annual language, the "Rule of 100", limits the number of positions that may be added after the beginning of the fiscal year to 100 and provides for exceptions to the limit.

Section 37 Annual Report on Authorized Positions

SECTION 37. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2010, the Secretary of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2010 and on the first day of fiscal 2011. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2010 and 2011 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self supported activities, and the Maryland Correctional Enterprises.

The Department of Budget and Management shall also prepare during fiscal 2011 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2012 Governor's budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;

(2) where regular FTE positions have been created;

(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2011 Governor's budget books shall also be provided.

Section 38 Annual Executive Pay Plan Report

SECTION 38. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services' (DLS) Office of Policy Analysis:

(1) a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2010, October 1, 2010, January 1, 2011, and April 1, 2011; and

(2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS' Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

SECTION 41. AND BE IT FURTHER ENACTED, That $500,000 of the General Fund appropriation for the Department of Budget and Management (DBM) and $500,000 of the General Fund appropriation for the Department of Natural Resources (DNR) made for the purpose of general operating expenses may not be expended until DBM and DNR provide two reports on Chesapeake Bay restoration spending. The reports shall be drafted subject to the concurrence of the Department of Legislative Services (DLS) in terms of both electronic format to be used and data to be included. The scope of the reports is as follows:

(1) Chesapeake Bay restoration expenditures by agency, fund type, and particular fund source based on programs that have over 50% of their activities directly related to Chesapeake Bay restoration for the fiscal 2010 actual, fiscal 2011 working appropriation, and fiscal 2012 allowance, which is to be included as an appendix in the fiscal 2012 budget volumes and submitted electronically in disaggregated form to DLS; and

(2) two-year milestone funding over the fiscal 2009 to 2012 time period by fund type and particular fund source for each best management practice along with the associated nitrogen, phosphorus, and sediment reductions as they relate to meeting the respective two-year milestone, which is to be submitted electronically to DLS at the time of the fiscal 2012 State budget submission.

The budget committees shall have 45 days to review and comment upon the receipt of each report. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Add the following section:

Section 42 Plan to Allocate Budget Reductions

SECTION 42. AND BE IT FURTHER ENACTED, That:

(1) the Department of Human Resources (DHR) shall submit to the Department of Budget and Management (DBM) a plan which allocates the reductions included in DHR programs and subprograms in Comptroller subobject 0193 (Health Savings) to the objects, programs, and subprograms in which the reductions will actually occur; and

(2) after reviewing and approving the plan submitted by DHR, DBM shall reflect the allocations of the reductions as contained in the plan in the appropriations listed in the fiscal 2011 Fiscal Digest.

Further provided that DHR shall submit the report to DBM on a schedule acceptable to DBM.

Further provided that DHR shall provide a copy of the plan as approved by DBM to the Department of Legislative Services no later than July 1, 2010.

Explanation: The budget for DHR contains an unallocated budget reduction in Comptroller subobject 0193 (Health Savings). Until the reduction is allocated to the actual objects to be reduced, a clear picture of the DHR budget cannot be seen. This language requires DHR to report to DBM on the allocation and requires DBM to include the allocation in the fiscal 2011 Fiscal Digest.

Amendment No. 181

Add the following section:

Section 43 Report on Money Owed to the State

SECTION 43. AND BE IT FURTHER ENACTED, That $50,000 of the General Fund appropriation for the Interagency Committee on School Construction (IAC), program D25E03.01 General Administration, and $50,000 of the General Fund appropriation for the Governor's Office of Crime Control and Prevention, program D15A05.16 representing a portion of Montgomery County's share of State Aid for Police Protection, may not be expended until the IAC and Montgomery County jointly prepare and submit a report to the budget committees concerning the results of negotiations on funds owed by Montgomery County to the State resulting from the sale or lease of public school properties. The report shall include a payment plan that is agreed upon by the county and IAC. The budget committees shall have 45 days from the date of receipt of the report to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: A December 2009 legislative audit report stated that in two preceding audits, at least $3.2 million was identified that IAC should collect from Montgomery County as a portion of proceeds from the lease or sale of 17 former school properties in which the State has a financial interest. The county has agreed that it owes funds to the State, but it has disputed the amount of $3.2 million.

IAC reports that the $3.2 million was calculated as of 2000 based on projected rental proceeds to lease maturity. In the intervening years, some lease agreements have changed. As a result, IAC recently recalculated the amount owed based on 2009 projected rental proceeds to lease maturity, which is $2.1 million. On March 9, 2010, Montgomery County offered a counter-proposal to pay $1.4 million, which represents rental proceeds previously collected, and it will make an annual payment to the State for future rental proceeds collected.

Amendment No. 182

Add the following section:

Section 44 Speed Camera Operations

SECTION 44. AND BE IT FURTHER ENACTED, That the Department of State Police (DSP) may not expend $100,000 of the appropriation made for new positions associated with speed camera operations until DSP, the Department of Budget and Management, the Maryland State Highway Administration (SHA), and the Maryland Transportation Authority (MDTA) submit a joint report to the budget committees outlining the long-term plan for speed camera operations in the State of Maryland. At a minimum, the report shall include a formalized plan outlining:

(1) the duties and responsibilities of each agency participating in the program, including a draft copy of a signed memorandum of understanding between the parties;

(2) the number of law enforcement positions (DSP and MDTA) needed to successfully operate the program, including a spending plan that is not based on employee overtime;

(3) the estimated annual costs of the program, including personnel and vendor costs; and

(4) the number of mobile enforcement vehicles to be operated statewide.

The budget committees shall have 45 days from the receipt of the report to review and comment. Funds restricted pending the receipt of the report may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund if the report is not submitted to the budget committees.

Explanation: Chapter 500 of 2009 authorized the use of work zone speed monitoring systems. This action restricts a portion of the funding approved in the fiscal 2011 legislative appropriation until DSP, the Department of Budget and Management (DBM), SHA, and MDTA submit a joint report outlining the long-term plan for speed camera operations.

Amendment No. 183

Add the following section:

Section 45 Position Abolitions

SECTION 45. AND BE IT FURTHER ENACTED, That the Governor shall abolish 500 regular full-time equivalent positions from the Executive Branch during fiscal 2011, and the funding for salaries shall be reduced by $11,412,000 in general funds related to these abolitions. The abolitions shall occur on or before June 30, 2011, and an accounting of the abolished positions shall be noted in Appendix E of the fiscal 2012 budget submission. The Governor is authorized to promote these position abolitions through attrition by offering financial inducements that encourage voluntary separation, provided that any inducements are disbursed from within existing agency resources.

Explanation: This action abolishes 500 regular full-time positions in the Executive Branch and reduces general fund spending by $11.4 million. The action authorizes the Administration to promote voluntary employee separations through financial incentives.

Fiscal 2011 Budget Highlights
Budget Bill (Senate Bill 140)
As Amended by the Senate Budget and Taxation Committee

---

1. **Continues to Constrain Spending to Offset a Significant Decline in Revenues** – Revenues for fiscal 2010 are projected to decline 5.2%, leaving them almost 10.0% below fiscal 2008. A modest rebound in revenue growth of 3.6% is forecast for fiscal 2011. Consistent with this revenue outlook State spending, exclusive of federal funds and reserve funds grows less than 1.0%. The total budget actually declines, reflecting a decrease in federal funds.

2. **Reduces Out-year Budget Gaps by Almost 50.0%** – The two-year decrease in State revenues and the anticipated loss of over $1.0 billion of federal stimulus dollars in fiscal 2012 result in significant future budget gaps. The Budget Reconciliation and Financing Act (BRFA) constrains future growth in statutorily mandated spending, continues the transfer of highway user revenues to the general fund, and initiates the sharing of teacher's retirement costs with the school systems, libraries, and community colleges. These provisions, in conjunction with maintaining higher education and personnel costs at fiscal 2011 levels for another year, reduce the out-year budget gaps by $1.0 billion.

3. **Maintains the State's Commitment to the Public Schools** – Education aid will be about $5.7 billion, an increase of $189.0 million, or 3.4%. With the exception of a $4.3 million scaling back of the increase in school bus transportation grants, the budget fully funds the major aid programs.

4. **Protects Previous Investments in Higher Education** – Maryland's State colleges and universities receive $1.2 billion in State funds, essentially level with fiscal 2010. This funding will enable the institutions to hold tuition increases to 3.0% after four years of an in-state undergraduate tuition freeze. Aid for community colleges and private colleges and universities is also not reduced below fiscal 2010 levels.

5. **Sustains Healthcare Programs for Low-income Marylanders** – Medicaid funding grows over $230.0 million, and there is no reduction in services or eligibility for services. In addition, the BRFA provisions will make it possible to increase Medicaid rates for nursing home patients by 2.0%.

6. **Maximizes Use of Federal American Recovery and Reinvestment Act (ARRA) Monies** – The proposed fiscal 2011 State budget includes $1.6 billion in federal funds resulting from the ARRA. Of this amount, $778.0 million reflects a higher federal match for the State's Medicaid program, $422.0 million funds the State's education aid formulas, $315.0 million enhances existing federal programs, and $76.0 million supports costs traditionally funded with general funds.

7. **Maintains 5.0% of General Fund Balance in Rainy Day Fund** – The proposed budget actions result in a fund balance of about $256.0 million. In addition the balance in the State's Rainy Day Fund is estimated to be $633.0 million, or 5.0%, of general fund revenues at the end of fiscal 2011.
