# SPRING HIGHLIGHTS

## How to Prepare for Your BIG Day!

Commencement is a joyous celebration of your hard-earned academic achievement. Follow these steps to make sure your big day goes off without a hitch:

**1 Apply to graduate.** At UMUC, “graduation” and “commencement” are significantly different terms. Graduation—the conferral of diplomas—occurs three times a year; commencement—the official ceremony celebrating that accomplishment—is held annually in spring. Before you plan for commencement, you must first graduate—and to do that you must inform UMUC that you are finishing your degree requirements and want to receive your diploma. Our Graduation Review Team will verify your degree completion status and inform you of the results.

Deadlines for diploma applications are listed on p. 3 of this schedule and online. Check with your academic advisor to ensure that you apply to graduate in a timely manner.

**2 RSVP for commencement.** Graduates from summer and fall 2013, as well as students who expect to graduate in spring 2014, will be invited to participate in the 2014 Commencement at Adelphi. Your e-mail invitation will provide instructions for how to reply via the online commencement registration system.

**3 Order regalia, reserve rooms, request assistance, etc.** The registration system will include links to order your cap and gown, information about lodging and assistance for graduates and guests with special needs, and instructions for obtaining tickets for your guests. Be sure to pay attention to the deadlines posted.

**4 Visit us online.** We encourage you and your guests to visit our Adelphi commencement home page to see answers to the most frequently asked questions, along with detailed information that will ensure you’re ready for commencement day.

**5 The last step?** Enjoy your commencement day! You’ve earned it, and we are here to help make it the memorable day that you deserve.

Learn more by visiting [www.umuc.edu/commencement](http://www.umuc.edu/commencement).

## ENHANCING YOUR COLLEGE EXPERIENCE THROUGH ACADEMIC CLUBS AND ORGANIZATIONS

Balancing your classes with the other responsibilities in your life can make finding time for anything else seem difficult. However, joining and participating in one of UMUC’s student organizations can be a valuable asset as you progress toward your degree. These organizations can help you meet your goals, whether those goals are career change, promotion, or personal fulfillment.

Currently, UMUC has more than 18 student organizations, so you are bound to find one that matches your interests. A majority of the clubs are specific to an academic area, focusing on bringing together students who are interested in the same fields or major. Within the clubs, you are able to network with other students, learn about topics in the field from guest speakers, receive updates on current events in the field, chat with faculty, and more. Some of the clubs are hosted in an interactive classroom, while others are primarily located within social media venues like Facebook and LinkedIn.

As a member of one of these organizations, you can participate as often or as little as you wish. Some of the student organizations provide an opportunity for you to assume a leadership role and gain valuable experience as a student officer or leader. The more you participate, the more fulfilling your experience will be.

The clubs can also help you develop further as a student, through activities like book clubs and essay contests, and can assist you in preparing for your field of choice through certification information meetings, networking events, and more. If you are a veteran or a military servicemember looking ahead to when you will transition to civilian life, check out the Veterans Club and the Student Veterans Association—two of UMUC’s newest organizations!

For a more enriching UMUC experience, take some time to browse the different clubs at [www.umuc.edu/studentsuccess](http://www.umuc.edu/studentsuccess).

# PLAN TO SUCCEED

Carefully planning the route to your UMUC degree is the best way to ensure that you reach your destination.

## 1. SCHEDULE

At UMUC, there's a detailed degree planning worksheet for each major that can help you plan your education from initial registration to graduation (see p. 7). Many academic programs have courses that must be taken in sequence, and starting your education with a degree planning worksheet in hand—and periodically checking your progress against it—is a simple way to ensure that you don't waste time or money.

## 2. MODERATE

College-level coursework is challenging and time-consuming, so be realistic with your course load. Make sure you consider how your responsibilities, such as career and family life, may affect your study time. When you sign up for a class, expect to spend at least twice as many hours working on coursework outside the classroom as you do inside the classroom. And remember that online classes demand as great a time commitment as on-site classes (except for the commute). Special courses such as EXCL 301 Learning Analysis and Planning—which grants credit for experiential learning—can be even more time-consuming. Courses in accelerated formats also require more time per week than those in standard eight-week sessions. For help, talk with an advisor.

## 3. ANTICIPATE

Whether you are taking your class online or on-site, you can access your syllabus online through the learning management system a week before class begins. The syllabus describes the purpose of the course, how it will be graded, and the due dates for assignments and examinations. Read it thoroughly and check your own schedule for conflicts.

If you foresee a problem with dates for exams or assignments because of your work or family responsibilities, check with your faculty member early in the session. Faculty policies on extensions and makeup work differ, and you should be sure you have a clear understanding with your faculty member.

## 4. COMMUNICATE

Don't be afraid to ask questions or share your perspective. Faculty members are not only ready and willing to explain assignments or offer suggestions on how to improve your work but able to serve as mentors, job references, and networking contacts. Classmates can be a source of academic inspiration and professional support as well. At UMUC, good relationships with both faculty members and classmates can pay big dividends.

If you have a problem with a class or with a faculty member, you can also contact the academic department. Your advisor can help you find the appropriate point of contact or program director.

## 5. PREPARE

UMUC puts a wealth of superior academic support services at your fingertips—from advising and career planning to extensive library services, tutoring, and writing assistance. The Center for Student Success ([www.umuc.edu/studentssuccess](http://www.umuc.edu/studentssuccess)) can also help by connecting you to fellow students (through student clubs and honor societies), experts in your field, tutors, and mentors. Check out Where to Find What You Need in this schedule, and don't hesitate to ask for help. Your advisor can always help you find the right source of assistance. At UMUC, we want you to succeed.

## 6. UPDATE

Go to MyUMUC—<https://my.umuc.edu>—every day to keep up to date with the latest news and information about the Undergraduate School.

# STICK TO YOUR PLAN

Taking advantage of UMUC's many services and resources can make it easier to get from registration to graduation.

What courses fulfill the requirements? When is the best time to take them? Putting together a degree plan can seem like putting together a jigsaw puzzle—6 credits of this, 4 credits of that, 30 or more credits of major coursework. But UMUC has replaced the puzzle with simple degree planning worksheets that tell you how and when to fulfill all the degree requirements, from the first course to your last, for each major.

Degree planning worksheets are available for every major at [www.umuc.edu/worksheets](http://www.umuc.edu/worksheets), and a more general one is available for those who haven't yet decided on a major. If you need help deciding on a major, go to [www.umuc.edu/majorchoice](http://www.umuc.edu/majorchoice) for some helpful pointers.

## START WITH YOUR ACADEMIC ADVISEMENT REPORT

If you haven't already done so, you should make sure that UMUC receives official transcripts of any other college-level courses you've taken. Once your official transcripts have been received and you have selected a major, your transfer credit will be reviewed in the academic advisement report. Your academic advisor can then show you if your transfer credit relates to the requirements listed in the degree planning worksheet and exactly what requirements still remain.

## FOLLOW A CLEAR SEQUENCE

If you're still in the early stages of your college career, you'll find the worksheet helpful in showing you how to build the foundation for further study, starting with basic skills in English composition, math, and library research—the required “first courses”: LIBS 150 Introduction to Research, WRTG 101 (or WRTG 101S) Introduction to Writing, and either MATH 106 Finite Mathematics or a higher-numbered math course (depending on your major).

Even if you have already completed all the general education requirements, the worksheets can help ensure that you take your remaining coursework in the right sequence so that you fulfill prerequisites and take basic courses before tackling upper-level courses.

## LOOK FOR RECOMMENDATIONS

Recommendations can guide you toward the most appropriate choices in some areas of the degree plan—and the recommended courses are widely available, so you won't have trouble finding them when you're ready to take them.

You do not have to take a recommended course; you may choose from the other allowable alternatives. However, if you vary from the recommended courses or the sequence of courses, it could affect other elements of your degree plan. If you choose a lower-level course where an upper-level one is recommended, you may have to take additional upper-level credit elsewhere to meet the upper-level course minimum. You also have to be aware of how your course choice relates to the rest of your courses (especially required courses),

so you'll need to carefully check the course description to review prerequisites and course equivalencies (the last sentence of most descriptions). Your advisor can clarify the consequences of your choices and help make sure that you fulfill all requirements.

If you're going to complete a minor (which is recommended) or a certificate<sup>+</sup> along with your major, you should copy the requirements for the minor or certificate from the catalog onto your worksheet. Then check each course off on the worksheet as you complete it.

## FIND THE HELP YOU NEED

The degree planning worksheets are an excellent tool, but remember to communicate with your advisor regularly. Your advisor can assist you with course selection and help you understand the requirements for your degree. You can reach an undergraduate advisor at [ugadvising@umuc.edu](mailto:ugadvising@umuc.edu) or 800-888-UMUC.

- Check (made payable to University of Maryland University College)
- E-check

Commissioned corps members of the U.S. Public Health Service and the National Oceanic and Atmospheric Administration and their spouses and some dependent children are also eligible. Veterans who reside in Maryland may be eligible for the Maryland resident tuition rate. See [military.umuc.edu/admissions](http://military.umuc.edu/admissions) for more information on qualifications for military and in-state rates.

♦ Golden ID students are eligible for remission of tuition only. All other fees continue to apply.

‡ More information about certificates, including gainful employment disclosures, is available at [www.umuc.edu/ugcertificates](http://www.umuc.edu/ugcertificates).

## Delinquent Accounts

In accordance with UMUC and the Board of Regents, all students who fail to pay charges incurred with UMUC will be transferred to the State Central Collection Unit. Additionally, UMUC has received authorization from the Board of Regents to charge students' delinquent accounts a 17 percent collection fee and/or all attorney and court costs incurred by the university. Once a past due balance with UMUC has been transferred to the State Central Collection Unit, students' information will be forwarded to the credit bureau.

Requests for services (e.g., transcripts, diplomas, commencement arrangements, transfer credit review) may be denied until all debts are paid in full. All undergraduate students are required to pay undergraduate tuition for all undergraduate courses in which they are enrolled.

## Tuition and Fee Changes

Tuition rates are subject to the approval of the University System of Maryland (USM) Board of Regents. The rates may be changed, or other charges may be included, as a result of the Board of Regents' decisions.

Notwithstanding any other provision of this or any other university publication, the university reserves the right to make changes in tuition, fees, and other charges anytime that such changes are deemed necessary by the university and the USM Board of Regents.

## Change in Residency

If you wish to apply for a change to in-state status, you must file a completed USM Petition for Change in Residency Classification for Admission, Tuition, and Charge Differential, along with all required documentation. You must submit the petition by the deadline listed on p. 3 (earlier is preferable) for the change to be effective for that session. For the full text of the USM residency policy, visit [www.usmd.edu/regents/bylaws/SectionVIII/VIII270.html](http://www.usmd.edu/regents/bylaws/SectionVIII/VIII270.html).

## Tuition Refund Policy

The official date used to determine a refund of tuition is the date of the drop or withdrawal transaction. Tuition refund policies and deadlines can be found at [www.umuc.edu/refundpolicy](http://www.umuc.edu/refundpolicy).

## Drops/Withdrawals and Financial Aid

If you are receiving financial aid and drop or withdraw from a class, your financial aid awards may be canceled or reduced, depending on the type of funds you are receiving and when you drop or withdraw. If you are receiving Title IV federal financial aid funds and drop or withdraw from all classes within the first 60 percent of the academic session, your financial aid will be subject to a return of funds calculation, as required by federal law. UMUC is required to return to the federal government any federal financial aid funds that were "unearned" based on the percentage of time you attended class. If you stop attending all classes without officially withdrawing, you will be subject to a return of funds calculation at the end of the session, based on the last documented date of attendance as determined by the faculty.

Financial aid recipients should check with a financial aid advisor before dropping or withdrawing from a course to determine the impact on their award.

To withdraw from a course after the drop grace period, you must follow UMUC's withdrawal procedures, as outlined in the undergraduate catalog or online at [www.umuc.edu/withdraw](http://www.umuc.edu/withdraw).

For more information on the federal Title IV refund policy, see [www.umuc.edu/policies](http://www.umuc.edu/policies).

## Refund for Class Cancellations

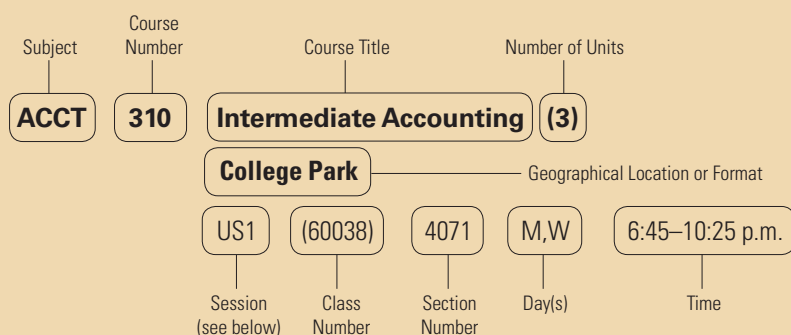

The university refunds 100 percent of tuition and technology fees for classes canceled by the university. The application fee is nonrefundable, even when a class is canceled.

Tuition refund policies and deadlines can be found at [www.umuc.edu/refundpolicy](http://www.umuc.edu/refundpolicy).

## Updates to Course Information

Changes are sometimes made to course offerings after the schedule goes to press. Be sure to go to MyUMUC to check class availability and find out which course materials are required and (if applicable) your classroom building and number.

## Duplicate Credit

Avoid duplicating courses you've already taken—it can be costly. In certain cases, particularly in technical subjects, some lower-level junior community college courses may be similar to beginning upper-level UMUC courses.

To protect your investment of educational effort and the value of the degree, UMUC will not award credit for courses that repeat material you have been credited with learning.

If you've earned credit at other colleges, you are responsible for determining whether UMUC courses you plan to take duplicate any credit you earned previously. If you are in doubt, consult a UMUC academic advisor before you register.

## Placement Tests

Proctored online placement testing through Accuplacer is required for all admitted students who require lower-level mathematics and writing courses. For more information, go to [www.umuc.edu/testing](http://www.umuc.edu/testing).

If you wish to take a language class and have prior experience with the language, you should take a placement test to determine which level class is appropriate for you. For information on language placement testing, consult the Communication, Arts, and Humanities department or visit [www.umuc.edu/language/testing](http://www.umuc.edu/language/testing).

## Prerequisites

Most courses beyond the introductory level expect that you have acquired basic knowledge in the area before enrolling. These expectations are stated as prerequisites and are listed at the beginning of the course description (available via the online schedule of classes or the undergraduate catalog).

MyUMUC will automatically alert you if you attempt to register for a class for which you have not met the prerequisites. If you have questions (or believe that you have met prerequisites through experience or other coursework), please contact your advisor.

## Course Evaluations

UMUC uses student feedback to make decisions about future courses. The evaluation is required to ensure complete information from every student. Your responses are kept confidential. If you are taking an online or hybrid class, you will see the evaluation notice on the class screen when about three-quarters of the class has been completed. If you are taking an on-site class in an intensive format, you will be given a paper evaluation in class.

## Course Delivery Formats

UMUC provides a number of learning options that are designed to offer you the greatest flexibility in planning your academic schedule. **Hybrid classes** that combine online study with on-site class meetings are offered at convenient times. These classes meet about half as often as regular on-site classes, usually once a week. Students in these classes should access their class online as soon as the session begins, regardless of when the first class meeting is held. **Interactive video network (IVN) classes** allow students at different locations to attend the same class session via live television broadcast. **Online classes** use the latest technological advances to enable you to complete course requirements without classroom attendance. Online courses offered for spring 2014 are listed on p. 39.

## Locations

In the following pages, course listings are provided by location. Within each location, courses are listed by format (hybrid, IVN/hybrid, or intensive) and session. Information is also provided on how to find the site and what services are available there.

## Military Sites

UMUC classes held at military sites are open to all UMUC students, unless otherwise specified. However, civilian students must complete a civilian waiver and may need to follow other security regulations for site access. See below for details.

### CIVILIAN WAIVER

Because of heightened security, civilian students taking UMUC courses or accessing student services on military bases may be required to complete a waiver in accordance with the Family Educational Rights and Privacy Act (FERPA) permitting UMUC to provide personally identifiable information (i.e., Social Security number, address, and telephone number) to the military administration. You may find the FERPA waiver form online at [www.umuc.edu/waiver](http://www.umuc.edu/waiver).

### SECURITY REGULATIONS

Many military installations require a vehicle entry pass if you do not have a military ID or DoD vehicle decal. Call the individual site to determine whether you need a vehicle entry pass for admission to the site.

## Virginia Sites

UMUC is certified by the State Council for Higher Education to operate in Virginia. Classes are available at Fort Belvoir, Joint Base Myer-Henderson Hall, Joint Expeditionary Base Little Creek-Fort Story, and UMUC at Quantico. Student services are also available in Virginia on military bases and other locations as needed.

## Classroom Assignments

Classroom assignments are available via MyUMUC (<https://my.umuc.edu>) just before the session starts.

## Parking

If you are taking a UMUC course that meets at College Park weekdays after 4 p.m. or anytime on the weekend, you need not register for a UMCP parking permit. During those times, you may park in any unrestricted lot, including Lots 1, 2, 4, 11, and 16. Be sure to pay attention to signs at the entrance to all parking lots for possible restrictions. Some campus events may make parking difficult, so allow enough time to find a space in a permissible location. The schedule of athletic events at UMCP can be found online at [www.umterps.com/calendar/events/](http://www.umterps.com/calendar/events/).

If you are taking a UMUC course that meets weekdays at College Park before 4 p.m., you may acquire a free parking permit for Lot 4 only by presenting a photocopy of your itemized UMUC bill to the Department of Campus Parking at UMCP. Meters are in effect 7 a.m.–10 p.m., Monday–Friday. For more information, call 301-314-PARK.

# REGISTRATION INFORMATION

Registering at UMUC is easy, no matter which option you choose. If the class you want is already full, you can put your name on a waiting list. And if you think of better choices later, you can always make adjustments to your schedule until class starts.

## Registration

Detailed information on the various ways to register (online via MyUMUC, by mail or fax, or on-site) is available online at [www.umuc.edu/register](http://www.umuc.edu/register).

A form is provided on the following pages for those who prefer to mail or fax their registration. (*Please note:* Online registrations are confirmed immediately; mail and fax registrations require manual processing.)

You may register by fax or mail if

- You have already been admitted to UMUC as an undergraduate and have registered for courses within the last two years.
- You are enrolled in the Graduate School at UMUC.
- You are a new student who meets the UMUC admission criteria and have submitted your Application for Admission (available at <https://my.umuc.edu>) with the \$50 application fee.
- You were previously enrolled at UMUC but have not attended class in more than two years and have submitted your Application for Admission.
- You are transferring from UMUC overseas and have submitted your Divisional Transfer Form via MyUMUC.
- You are an undergraduate student enrolled in another University System of Maryland institution and have included a letter of permission from your major department. (*Please note:* If additional information is required, your registration could be delayed; you may find your registration processed more quickly if you present your letter of permission in person at the UMUC Academic Center at Largo or at a regional site.)
- All your financial aid awards are enclosed or have already been confirmed.

You may not register by fax or mail if you are a financial aid applicant without an award letter or a GSL disclosure statement—unless your own payment accompanies the registration form.

## Instructions

1. Complete the registration form, using black ink and printing legibly.
2. If you are currently enrolled as an undergraduate with another institution in the University System of Maryland, be sure to include a letter of permission from your major department along with the registration form.
3. Compute the amount due for tuition and fees. (Refer to p. 8 of this schedule or see [www.umuc.edu/tuition](http://www.umuc.edu/tuition).)
4. Be sure to meet the deadlines listed under Important Dates on p. 3 of this schedule.
5. Either fax your registration to 240-684-2151 or mail it to Undergraduate Advising, Office of Enrollment Management, University of Maryland University College, 3501 University Boulevard East, Adelphi, MD 20783-8075 USA. Fax registrations require that you already be admitted and that you pay by credit card.

UMUC will mail you a statement of your account.

## Schedule Adjustment

After your registration has been processed, you may make changes online. To do so, access MyUMUC (<https://my.umuc.edu>). *Note:* Changes in course load may affect financial aid eligibility and VA benefits. Be sure to keep the appropriate office informed of schedule adjustments.

## Army Students

To make use of military tuition assistance, Army students must register via [www.GoArmyEd.com](http://www.GoArmyEd.com). For more information, contact your advisor.

## The Waiting List

If a class is already full at the time of registration, you have the option of placing your name on a waiting list for the class. For information on how the waiting list works, visit [www.umuc.edu/register](http://www.umuc.edu/register). To check on class availability and see if new class sections have been added, go to MyUMUC (at <https://my.umuc.edu>).

## Withdrawals or Dropped Courses

Official withdrawal from a class must occur before 65 percent of the class has been completed. Specific withdrawal deadlines are provided online at [www.umuc.edu/withdrawals](http://www.umuc.edu/withdrawals). For information on how to withdraw from a class, see [www.umuc.edu/register](http://www.umuc.edu/register).

*Please note:* UMUC can honor only those withdrawal requests actually received. Failure to withdraw in the required manner will result in the forfeiture of any refund and may result in a failing grade.

Stopping payment on checks for registration fees or not paying at registration does not constitute an official withdrawal or relieve you of your financial obligation to UMUC. Never attending or ceasing to attend classes does not constitute a withdrawal.
