DEPARTMENT OF STATE POLICE**

**Handgun Roster Board**

**Official Handgun Roster**

The following is a list of handguns manufactured after January 1, 1985 that have received final approval by the Handgun Roster Board and that are not otherwise prohibited by law.

Manufacturers are listed alphabetically. Be advised that the Handgun Roster has been amended in accordance with Senate Bill 619, Chapter 456 of the Laws of Maryland, effective June 1, 1994, which prohibits the sale of certain assault pistols in the State of Maryland. Please consult the law or Firearms Bulletin 94-1, which is available from the Maryland State Police Licensing Division, for more information on assault pistols.

The Firearm Safety Act of 2013 – Senate Bill 281, effective October 1, 2013, prohibits a person from manufacturing, selling, offering for sale, purchase, receiving, or transfer, a detachable magazine that has a capacity of more than 10 rounds of ammunition for a firearm.

It is unlawful to manufacture for distribution or sale or to sell or offer for sale in Maryland any handgun manufactured after January 1, 1985 that is not officially on the Handgun Roster, except for the manufacture of prototype models required for design, development, testing, and approval by the Board. Neither the State of Maryland nor any agency, officer, or employee of the State assumes any liability for injuries caused by any handgun on the Handgun Roster.
