COLONEL  
WILLIAM M. PALLOZZI  
SUPERINTENDENT

January 1, 2017

Dear Librarian:

The Maryland Handgun Roster Board is pleased to forward the semi-annual copy of the Handgun Roster, as required under the Public Safety Article, §5-405(a)(2), Annotated Code of Maryland. The Handgun Roster Board appreciates your continued assistance in making the Handgun Roster accessible to the citizens of the State of Maryland.

This Roster includes approximately 2500 models of handguns, approved by the Board, which are listed alphabetically by manufacturer. The semi-annual Handgun Roster is also posted on the internet at the following address: [mdsp.maryland.gov](http://mdsp.maryland.gov). Any person may petition the Handgun Roster Board for inclusion of an additional handgun on the Roster. Any person may object to the inclusion of any handgun on the Roster, within 30 days of the handgun's placement on the Roster. Other handguns are pending review by the Handgun Roster Board, and notice of their approval by the Board will be published in the Maryland Register.

In the State of Maryland, a person may not sell or offer for sale a handgun manufactured after January 1, 1985 that is not on the Handgun Roster. In addition, except for the manufacture of prototype models required for design, development, testing, and approval by the Board, a person may not manufacture for distribution or sale, any handgun that is not included on the Handgun Roster in the State. Please be advised that as a result of the enactment of Senate Bill 619, Chapter 456 of the Laws of Maryland, effective June 1, 1994, certain handguns were removed from the Handgun Roster by operation of law. Please consult Firearms Bulletin 94-1, issued by the Maryland Department of State Police Licensing Division, for more information.

The Attorney General's Office has determined that the Public Safety Article, §5-406(a)(2), Annotated Code of Maryland, prohibits the sale of an unapproved handgun if the purchaser takes physical delivery in Maryland, even if the seller is located in another state. It also prohibits any seller from making an offer to sell an unapproved handgun in Maryland, even if the purchaser would take physical delivery in another state.

Sincerely,

William M. Pallozzi  
Superintendent

WMP:mj

Enclosure

*"Maryland's Finest"*

**MARYLAND  
DEPARTMENT OF STATE POLICE**

**Handgun Roster Board**

**Official Handgun Roster**

The following is a list of handguns manufactured after January 1, 1985 that have received final approval by the Handgun Roster Board and that are not otherwise prohibited by law.

Manufacturers are listed alphabetically. Be advised that the Handgun Roster has been amended in accordance with Senate Bill 619, Chapter 456 of the Laws of Maryland, effective June 1, 1994, which prohibits the sale of certain assault pistols in the State of Maryland. Please consult the law or Firearms Bulletin 94-1, which is available from the Maryland State Police Licensing Division, for more information on assault pistols.

The Firearm Safety Act of 2013 – Senate Bill 281, effective October 1, 2013, prohibits a person from manufacturing, selling, offering for sale, purchase, receiving, or transfer, a detachable magazine that has a capacity of more than 10 rounds of ammunition for a firearm.

It is unlawful to manufacture for distribution or sale or to sell or offer for sale in Maryland any handgun manufactured after January 1, 1985 that is not officially on the Handgun Roster, except for the manufacture of prototype models required for design, development, testing, and approval by the Board. Neither the State of Maryland nor any agency, officer, or employee of the State assumes any liability for injuries caused by any handgun on the Handgun Roster.
