# Information About the Maryland Register and COMAR

## MARYLAND REGISTER

The Maryland Register is an official State publication published every other week throughout the year. A cumulative index is published quarterly.

The Maryland Register is the temporary supplement to the Code of Maryland Regulations. Any change to the text of regulations published in COMAR, whether by adoption, amendment, repeal, or emergency action, must first be published in the Register.

The following information is also published regularly in the Register:

- Governor's Executive Orders
- Attorney General's Opinions in full text
- Open Meetings Compliance Board Opinions in full text
- State Ethics Commission Opinions in full text
- Court Rules
- District Court Administrative Memoranda
- Courts of Appeal Hearing Calendars
- Agency Hearing and Meeting Notices
- Synopses of Bills Introduced and Enacted by the General Assembly
- Other documents considered to be in the public interest

## CITATION TO THE MARYLAND REGISTER

The Maryland Register is cited by volume, issue, page number, and date. Example:

- 19:8 Md. R. 815—817 (April 17, 1992) refers to Volume 19, Issue 8, pages 815—817 of the Maryland Register issued on April 17, 1992.

## CODE OF MARYLAND REGULATIONS (COMAR)

COMAR is the official compilation of all regulations issued by agencies of the State of Maryland. The Maryland Register is COMAR's temporary supplement, printing all changes to regulations as soon as they occur. At least once annually, the changes to regulations printed in the Maryland Register are incorporated into COMAR by means of permanent supplements.

## CITATION TO COMAR REGULATIONS

COMAR regulations are cited by title number, subtitle number, chapter number, and regulation number. Example: COMAR 10.08.01.03 refers to Title 10, Subtitle 08, Chapter 01, Regulation 03.

## DOCUMENTS INCORPORATED BY REFERENCE

Incorporation by reference is a legal device by which a document is made part of COMAR simply by referring to it. While the text of an incorporated document does not appear in COMAR, the provisions of the incorporated document are as fully enforceable as any other COMAR regulation. Each regulation that proposes to incorporate a document is identified in the Maryland Register by an Editor's Note. The Cumulative Table of COMAR Regulations Adopted, Amended or Repealed, found online, also identifies each regulation incorporating a document. Documents incorporated by reference are available for inspection in various depository libraries located throughout the State and at the Division of State Documents. These depositories are listed in the first issue of the Maryland Register published each year. For further information, call 410-974-2486.

## HOW TO RESEARCH REGULATIONS

An Administrative History at the end of every COMAR chapter gives information about past changes to regulations. To determine if there have been any subsequent changes, check the "Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed" which is found online at <http://www.dsd.state.md.us/PDF/CumulativeTable.pdf>. This table lists the regulations in numerical order, by their COMAR number, followed by the citation to the Maryland Register in which the change occurred. The Maryland Register serves as a temporary supplement to COMAR, and the two publications must always be used together. A Research Guide for Maryland Regulations is available. For further information, call 410-260-3876.

## SUBSCRIPTION INFORMATION

For subscription forms for the Maryland Register and COMAR, see the back pages of the Maryland Register. Single issues of the Maryland Register are \$15.00 per issue.

## CITIZEN PARTICIPATION IN THE REGULATION-MAKING PROCESS

Maryland citizens and other interested persons may participate in the process by which administrative regulations are adopted, amended, or repealed, and may also initiate the process by which the validity and applicability of regulations is determined. Listed below are some of the ways in which citizens may participate (references are to State Government Article (SG), Annotated Code of Maryland):

- By submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see "Opportunity for Public Comment" at the beginning of all regulations appearing in the Proposed Action on Regulations section of the Maryland Register). (See SG, §10-112)
- By petitioning an agency to adopt, amend, or repeal regulations. The agency must respond to the petition. (See SG §10-123)
- By petitioning an agency to issue a declaratory ruling with respect to how any regulation, order, or statute enforced by the agency applies. (SG, Title 10, Subtitle 3)
- By petitioning the circuit court for a declaratory judgment on the validity of a regulation when it appears that the regulation interferes with or impairs the legal rights or privileges of the petitioner. (SG, §10-125)
- By inspecting a certified copy of any document filed with the Division of State Documents for publication in the Maryland Register. (See SG, §7-213)

## REGULATIONS CODIFICATION SYSTEM

Under the COMAR codification system, every regulation is assigned a unique four-part codification number by which it may be identified. All regulations found in COMAR are arranged by title. Each title is divided into numbered subtitles, each subtitle is divided into numbered chapters, and each chapter into numbered regulations.

**09.12.01.01D(2)(c)(iii)**  
 Title            Chapter            Section            Paragraph  
                   Subtitle            Regulation        Subsection        Subparagraph

A regulation may be divided into lettered sections, a section divided into numbered subsections, a subsection divided into lettered paragraphs, and a paragraph divided into numbered subparagraphs.

## Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed

This table, previously printed in the Maryland Register lists the regulations, by COMAR title, that have been adopted, amended, or repealed in the Maryland Register since the regulations were originally published or last supplemented in the Code of Maryland Regulations (COMAR). The table is no longer printed here but may be found on the Division of State Documents website at [www.dsd.state.md.us](http://www.dsd.state.md.us).

## Table of Pending Proposals

The table below lists proposed changes to COMAR regulations. The proposed changes are listed by their COMAR number, followed by a citation to that issue of the Maryland Register in which the proposal appeared. Errata pertaining to proposed regulations are listed, followed by "(err)". Regulations referencing a document incorporated by reference are followed by "(ibr)". None of the proposals listed in this table have been adopted. A list of adopted proposals appears in the Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed.

[20-009-F]

On February 18, 2020, the Secretary of Natural Resources adopted amendments to Regulation .16 under **COMAR 08.02.01 General**. This action, which was proposed for adoption in 47:1 Md. R. 20 (January 3, 2020), has been adopted as proposed.

### Subtitle 02 FISHERIES SERVICE

#### Notice of Final Action

[19-273-F]

On February 18, 2020, the Secretary of Natural Resources adopted amendments to:

(1) Regulation .02 under **COMAR 08.02.05 Fish**;

(2) Regulations .01, .03, .08—, .10, and .12 under **COMAR**

**08.02.15 Striped Bass**; and

(3) Regulation .03 under **COMAR 08.02.25 Gear**.

This action, which was proposed for adoption in 46:26 Md. R. 1171—1174 (December 20, 2019), has been adopted with the nonsubstantive changes shown below.

**Effective Date: March 9, 2020.**

#### Attorney General's Certification

In accordance with State Government Article, §10-113, Annotated Code of Maryland, the Attorney General certifies that the following changes do not differ substantively from the proposed text. The nature of the changes and the basis for this conclusion are as follows:

The Department is reducing the length of the spring closure. The reduction is based on comments received during the public comment period and further analysis of the data presented to the Atlantic States Marine Fisheries Commission. It has been determined that it is not necessary to close the fishery until April 1. This change will benefit anglers and local businesses. This change is less restrictive on licensees than the language originally proposed. Additionally, the designation “NW” is being changed to “northwest” to be consistent with similar directional references. For these reasons, the changes are nonsubstantive, and the regulation does not need to be repropose.

**Attorney General's Certification**

In accordance with State Government Article, §10-113, Annotated Code of Maryland, the Attorney General certifies that the following changes do not differ substantively from the proposed text. The nature of the changes and the basis for this conclusion are as follows:

13A.05.12.03E: The change is to remove the letter “A” indicating a section A. This is a typographical error. Reference to a section A was not intended. The agency’s proposed change is not a substantive one because it does not change the position of any group affected by the regulation, decrease any benefits, or increase administrative burdens. It corrects a typographical error and does not change the intent of the regulation as originally proposed. It adds nothing new; it takes nothing away.

## Promulgation of Regulations

An agency wishing to adopt, amend, or repeal regulations must first publish in the Maryland Register a notice of proposed action, a statement of purpose, a comparison to federal standards, an estimate of economic impact, an economic impact on small businesses, a notice giving the public an opportunity to comment on the proposal, and the text of the proposed regulations. The opportunity for public comment must be held open for at least 30 days after the proposal is published in the Maryland Register.

Following publication of the proposal in the Maryland Register, 45 days must pass before the agency may take final action on the proposal. When final action is taken, the agency must publish a notice in the Maryland Register. Final action takes effect 10 days after the notice is published, unless the agency specifies a later date. An agency may make changes in the text of a proposal. If the changes are not substantive, these changes are included in the notice of final action and published in the Maryland Register. If the changes are substantive, the agency must repropose the regulations, showing the changes that were made to the originally proposed text.

Proposed action on regulations may be withdrawn by the proposing agency any time before final action is taken. When an agency proposes action on regulations, but does not take final action within 1 year, the proposal is automatically withdrawn by operation of law, and a notice of withdrawal is published in the Maryland Register.

#### Notice of Proposed Action

[20-065-P]

The Maryland Department of Planning proposes to repeal existing Regulations .01—.12 and adopt new Regulations .01—.11 under COMAR 34.03.03 Certification of County Agricultural Land Preservation Programs.

#### Statement of Purpose

The purpose of this action is to revise the regulatory framework for certifying County Agricultural Land Preservation Programs.

#### Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

#### Estimate of Economic Impact

**I. Summary of Economic Impact.** The proposed action, consistent with recently enacted legislation, extends for a certain number of years the certification period for certain county agricultural land preservation programs. Under the proposed action, if the Department of Planning and the Maryland Agricultural Land Preservation Foundation determine that a county program is consistently effective in achieving program goals, its recertification period shall be for 5 years rather than 3 years. Accordingly, this may reduce a county’s administrative time and costs to have its county program recertified.

II. Types of Economic Impact.	Revenue (R+/R-)	Expenditure (E+/E-)	Magnitude
A. On issuing agency:	NONE		
B. On other State agencies:	NONE		
C. On local governments:	(E-)		Minimal
	Benefit (+)	Cost (-)	Magnitude
D. On regulated industries or trade groups:	NONE		
E. On other industries or trade groups:	NONE		
F. Direct and indirect effects on public:	NONE		

#### III. Assumptions. (Identified by Impact Letter and Number from Section II.)

C. If a county program is determined to be consistently effective in achieving program goals, its recertification period shall be 5 years

rather than the current 3-year period; and thereby reduce the administrative time and costs to seek recertification.

#### Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

#### Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

#### Opportunity for Public Comment

Comments may be sent to Adam Gruzs, Chief of Staff, Maryland Department of Planning, 301 W. Preston Street, Suite 1101, Baltimore, MD 21201, or call (410) 767-4613, or email to adam.gruzs@maryland.gov. Comments will be accepted through March 30, 2020. A public hearing has not been scheduled.
