2019 ANNUAL REPORT

A Message from Secretary George Owings

On behalf of Governor Hogan and Lt. Governor Rutherford and the Maryland Department of Veterans Affairs (MDVA), I am pleased to present this year's Annual Report. The year 2019 was an exciting one as Governor Hogan proclaimed it the Year of the Veteran in Maryland. This year also marked the 20th Anniversary of the Department along with a number of other veteran related anniversaries. The following report provides the opportunity to share our successes and ongoing efforts to improve the quality of life for our Maryland veterans and their families.

The MDVA manages five key programs with one mission, to serve our veterans and families by ensuring they have access to the benefits and services which they are entitled to resulting from military service. We accomplish our mission in a number of ways as evidenced in this report.

Regardless of service era, we take an all-inclusive approach to ensure all Maryland veterans have access to their benefits. Moving ahead to 2020, we look forward to continuing in our diligence to making service access for our Maryland veterans and families as seamless as possible.

Sincerely,

George W. Owings, III
Secretary

2019 ANNUAL REPORT

Executive Summary

In accordance with §9-946 and §9-928c of the State Government Article, the Maryland Department of Veterans Affairs submits its 2019 Annual Report.

The MDVA is a State Government Executive Department with a service mission to provide representation to the U.S. Department of Veterans Affairs (USDVA) via the Service and Benefits Program. It is responsible for operating authorized Maryland State Veteran Cemeteries and caring for the Maryland World War II Memorial, Vietnam Veterans Memorial, Korean War Veterans Memorial, Gold Star Families Memorial Monument, and a Civil War Cemetery in Western Maryland. The Department also manages the Charlotte Hall Veterans Home, the Maryland Veterans Trust Fund and an Outreach and Advocacy Program.

According to the most recent USDVA data projections (FY2019), there were an estimated 371,000 veterans living in Maryland. To help address the challenges facing Maryland Veterans as they retire or return home from military service the Department continues to provide safety nets, wherever possible, to enhance services provided by the USDVA and the U.S. Department of Defense. The Department regularly collaborates with other agencies to advocate on behalf of veterans and their families. We diligently work to ensure that providers are informed of veteran needs and to be a resource for veterans and their families when they seek benefits.

In Fiscal Year 2019, *The Service Program* submitted 4,917 disability compensation and pension claims for adjudication to the USDVA. Maryland veterans received almost \$34 million dollars in new/increased and one-time monthly cash benefits with support from this program. *Charlotte Hall Veterans Home* continues to provide quality assisted living and skilled nursing services to our aging and disabled veterans, along with eligible spouses. Their most recent 2019 year to date census reached 88% capacity. This year the *Maryland Veterans Trust Fund* distributed over \$126,000 in grants to Maryland veterans and eligible dependents.

A leader in the nation, *The Cemetery Program*, has provided an average of 3,390 interments over the last three years. To ensure that Maryland veterans and their families are aware of benefits and services, the *MDVA Outreach and Advocacy Program* attended over 110 events and meetings, speaking to over 2,500 veterans, families, and community members. The program increased its email distribution list to over 135,000 contacts.

SERVICE PROGRAM

"Thank you for a few minutes to share some comments about our recent experience at the MD Department of Veteran Affairs on Washington Street in Hagerstown, Maryland; and Veteran Affairs Specialist Keri Keefer.

He (Korean War Veteran and father) and I met with Keri Keefer for advice and education regarding any possible VA benefits for which he might be eligible. WOW!!! This lady is an outstanding representative of the VA System. Her nonjudgmental approach, positive people spirit, respect and appreciation for those with military service, and overall supportive attitude are simply unique and amazing. She provided us with understandable guidelines, and reassurance that she would help us with any difficulties completing the forms.

When we returned with the finished paperwork, she made both my father and me feel competent and worthy. She assisted us with a few questions he had, with no criticism or frustration, only positive input. The pursuit of financial assistance, and completing the forms accurately were our main concern. However, I want to add with deepest gratitude, that she treated him with dignity and respect during an event that was so very necessary, but likewise so difficult for him in many ways." -Daughter of a Korean War Veteran

The Service Program assists the men and women who served in the United States Armed Forces, their dependents and survivors, and the public, in obtaining benefits from the USDVA, the Department of Defense, the State of Maryland, and other programs for veterans and their families. Accredited by the USDVA, benefits specialists provide representation and advocacy to veterans and dependents. They also assist the veteran community in reviewing previous USDVA rating decisions.

With offices located statewide, benefits specialists enhance services through direct access to USDVA claims tracking systems. Access to these systems allows each service center location to obtain claim status and updated information for customers.

MDVA was pleased to collaborate with the Motor Vehicle Administration in 2019 for the opening of its newest veterans' service center. The newest office was dedicated in October and is co-located in the Glen Burnie Service Center. This newest office, located in

2019 ANNUAL REPORT

one of the heaviest populated counties for veterans in Maryland, will enable MDVA to serve even more veterans and their families.

Customers include veterans who served in World War II, Korea and Vietnam, who may present with geriatric, Alzheimer's and dementia issues, as well as the effects of Agent Orange exposure and post-traumatic stress. Additionally, veterans of recent conflicts may present with the impact of traumatic brain injury as well as post-traumatic stress or toxic exposures. The nature of an individual contact varies greatly depending upon the needs of the individual veteran, dependent or family member.

Individual contacts may include interviews, involving the review of military separation or discharge documents for the purpose of determining eligibility for USDVA programs, as well as claim development, or providing general information to family or friends of a veteran.

In Fiscal Year 2019, the Service Program made just under 140,000 contacts with veterans, dependents and survivors.

The Service Program submitted 4,917 disability compensation and pension claims for adjudication to the USDVA on behalf of veterans, dependents and survivors.

In Fiscal Year 2019, Maryland Veterans received over \$33.5 million dollars in new/increased and monthly cash benefits with support from the Service Program. Economic studies indicate these monies turn over between three and seven times in a community. In Fiscal Year 2019, the Service Program had a 90% approval rate (5,042 granted) on submitted claims. Note that there is no direct correlation between claims filed and benefits received in any one particular year. Many claims filed in Fiscal Year 2019 will not be adjudicated until 2020 or 2021.

Family member of a Charlotte Hall Veterans Home veteran resident

Located in St. Mary's County, Charlotte Hall Veterans Home (Charlotte Hall) is a 454-bed facility providing assisted-living and skilled nursing care for Maryland Veterans and eligible spouses who are unable to take care of themselves due to age or disability.

All in all, the level of attention and care that he got was impressive. It always amazed and pleased me to see how many staff members knew him by name and had a cheerful greeting for him. CEMETERY AND MEMORIAL PROGRAM

"This past year has been difficult, watching my father pass. Dad has always been special to us. The kindness you've shown to our family during this difficult time eases our pain because he was clearly a part of your family, too." –family member of veteran who also retired from MDVA and is interred at Crownsville Veterans Cemetery

The MDVA Cemetery Program maintains five (5) State veterans' cemeteries, providing a final resting place for eligible Maryland veterans and their eligible dependents. The five State Veterans Cemeteries include Crownsville in Anne Arundel County, Cheltenham in Prince George's County, Eastern Shore in Dorchester County, Garrison Forest in Baltimore County and Rocky Gap in Allegany County. The Cemetery Program also oversees a Civil War Cemetery at Rose Hill Cemetery in Hagerstown.

2019 ANNUAL REPORT

Since the program's inception in the mid-1970s, more than 108,000 of Maryland's veterans and their dependents have been interred at our five veterans' cemeteries. This requires the MDVA not only to conduct burial services, but also provide perpetual care to the ever-increasing expansion of gravesites within the system in accordance with USVA National Cemetery Administration Standards. *The MDVA is a leader among the nation in State veteran's cemeteries with three out of the five among the top ten busiest cemeteries.*

The most important function of the cemeteries is ensuring an honorable and dignified interment for our veterans and eligible dependents. In addition, the program sets eligibility requirements, manages day-to-day operations and maintains interment records. The Program provides interment services during the normal business week (Monday through Friday) with cemeteries open to the public 365 days a year.

OUTREACH AND ADVOCACY

“Thank you again so much for inviting The Baltimore Station to participate in your “Serving Those Who Serve” summit yesterday. It was an amazing opportunity for us to share our information with so many wonderful people all at the same time. I was truly inspired and motivated by the commitment that each of those folks have to our veterans, service men and women and their families. We look forward to staying connected and growing our partnership with the MDVA. Thank you for all that you and your team do for our veterans.

-Kim Callari, Director of Development and Communications, The Baltimore Station, following her participating in the Maryland Library and Outreach joint library summit

Outreach & Advocacy’s (Outreach) mission is to develop innovative ways to seek out and inform Maryland’s veterans about benefits, services, and incentives that are available from federal, state and local agencies and solicit feedback from veterans regarding their needs for additional services.

Traditional Outreach Strategies:

In 2019, with a staff of two, Outreach continued to build upon the established model of reaching out to veterans and families through attendance at community events. The Outreach Program attended 116 outreach meetings and events. Over 2,500 veterans, family members, and community members were addressed face to face as a group or spoken with one on one at events.
