2. **BOARD OF PUBLIC WORKS**
Wetland Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant the licenses for projects involving dredging and filling in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

19-1027 *ANNE ARUNDEL CO. DEPT. OF PUBLIC WORKS* – To provide shoreline erosion control and beach maintenance by extending existing and constructing new breakwaters; removing and replacing a concrete groin; and filling, grading and planting marsh vegetation.
Beverly Triton Beach, Edgewater, Chesapeake Bay
Special conditions: Requirements for Marsh Establishment and Marsh Maintenance Plans, photographic documentation, and Toxic Material Permit.
Wetlands created: 12,632 sf

BALTIMORE CITY

20-0233 *MD PORT ADMINISTRATION* – To evaluate sediment characteristics for possible confined aquatic disposal site by collecting underwater geotechnical cores.
Baltimore, Patapsco River
Special conditions: None.

BALTIMORE COUNTY

19-1204 *BALTIMORE CO. DEPT. OF RECREATION & PARKS* – To provide shoreline erosion control by constructing a containment structure; filling with sand, grading, and planting marsh vegetation.
Chesterwood Park, Dundalk, Bullneck Creek
Special conditions: Requirements for Marsh Establishment and Marsh Maintenance Plans.
Wetlands created: 24,660 sf

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
August 12, 2020

2. **BOARD OF PUBLIC WORKS** (cont'd)
Wetland Licenses

CALVERT COUNTY

- 20-0120 *CALVERT CO. GENERAL SERVICES DIVISION* – To improve navigable access and provide shoreline erosion control by removing and constructing new timber piers, replacing a bulkhead, and constructing a timber-steel breakwater.
Solomons, Back Creek
Special Conditions: Requirements for bulkhead design, construction, and fill.

QUEEN ANNE'S COUNTY

- 19-1241 *QUEEN ANNE'S CO. DEPT. OF PARKS & RECREATION* – To improve navigation by replacing bulkhead; removing a platform and constructing a pier with a platform and a boatlift; and mechanically dredging an area and transporting the dredged material.
Chester, Kent Narrows
Special conditions: Time-of-Year and accessory platform restrictions. Requirements for dredged material transport, platform removal and marsh vegetation transplanting.

3. **BOARD OF PUBLIC WORKS**
***Wetlands License – 20-0416 – Dominion Cove Point, LNG
Compensation***

Recommendation: Approval is requested of the following application for a wetlands license for a project involving filling in the navigable waters of Maryland. The Board of Public Works Wetlands Administrator recommends that the Board grant the license and charge annual compensation of \$18,000 that will be deposited into the MDE Wetlands and Waterways Program Fund.

MDE: The Department of the Environment concurs with this recommendation.

- Application received – April 21, 2020
- Comment period closed – August 1, 2020
- MDE Report and Recommendation received – July 29, 2020

Classification: This case is classified as extraordinary because there is a recommendation that the Board assess compensation. COMAR 23.02.04.08B.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

Compensation: The Board of Public Works shall assess annual compensation for the installation of cables in the wetlands. The Wetlands Administrator recommends annual compensation of \$18,000 calculated as follows:

$$3,600 \text{ linear feet} \times 2 \text{ cables} = 7,200 \text{ lf} @ \$2.50/\text{lf} = \$18,000.$$

*§23.02.04.17.D.3(a)

CALVERT COUNTY

20-0416 *DOMINION COVE POINT, LNG* – To remove existing cathodic anodes and cables and to replace by excavating trenches, installing anodes and cables, and backfilling with excavated material.

Cove Point, Chesapeake Bay

Special Conditions: Payment to the MDE Wetlands and Waterways Program Fund.

5. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**
***HOME Investments Partnerships Program/Multifamily Energy Efficiency and
Housing Affordability Program***

Recommendation: That the Board of Public Works approve a Right of Way agreement between Homes for Downtown Annapolis Limited Partnership and Baltimore Gas and Electric (“BGE”). The agreement will enable the installation of additional exterior lighting at a BGE facility adjacent to Timothy House and Gardens, an 81- unit affordable housing project in Annapolis that secures a HOME loan and MEEHA loan provided by the Maryland Department of Housing and Community Development. Although the installation of the lighting is primarily for the benefit of BGE, it will also improve the safety and security of Timothy House and Gardens. All costs of the installation, maintenance and operation of the lighting will be the responsibility of BGE.

Borrower: Homes for Downtown Annapolis Limited Partnership

Project Address: 29 W. Washington Street, Annapolis 21401
Anne Arundel County

Authority: §§ 4-211 (a)(8) and (10) of the Housing and Community Development
Article of the Annotated Code of Maryland, as amended.
HOME Loan

Pursuant to an Order dated December 22, 2011 from the Public Service Commission of Maryland to various public utility companies with respect to the Empower Energy Efficiency Act of 2008, § 7-211 of the Public Utilities Article of the Annotated Code of Maryland, and various Memoranda of Agreement between DHCD and various public utility companies.

The *HOME* Program finances rental housing occupied by households with incomes at or below 60% of the Area Median Income.

Authority to Approve Agreement: State Finance and Procurement Article
§§ 10-305, Maryland Code

Amount: Original HOME Loan: \$2,000,000
Current Balance: \$1,926,889

5. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT** *(cont'd)*
***HOME Investments Partnerships Program/Multifamily Energy Efficiency and
Housing Affordability Program***

History: On February 2, 2017, DHCD provided Homes for Downtown Annapolis Limited Partnership a HOME loan and a MEEHA loan to assist in the development of Timothy House and Gardens. The HOME loan is to be repaid from surplus cash generated by Timothy House and Gardens. Homes for Downtown Annapolis Limited Partnership is in full compliance with the terms of the HOME loan. The repayment of the MEEHA loan is deferred until its maturity.

6. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**
The Rental Housing Works Program

Recommendation: That the Board of Public Works approve lending general obligation bond proceeds for this project.

Borrower: Princess Anne Owner, LP

Project: Princess Anne Townhomes
30475 Pine Knoll Drive, Princess Anne 21853
Somerset County

Rental Housing Works Authority: Sections 4-101 through 4-255 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, and the regulations promulgated for the Multifamily Bond Program at COMAR Chapter 05.05.02

The Rental Housing Works Program finances rental housing that will be occupied by households with incomes at or below 60% of area median income.

Loan Amount: \$2,500,000

Fund Source: MCCBL 2020 - *Rental Housing Works Program*

Collateral: Deed of Trust

Description: The project consists of the substantial rehabilitation of 120 townhome units for families in Princess Anne, Somerset County. The project will offer a mix of affordable two, three, and four bedroom units, and will serve households with incomes at or below 30% and 60% of the area median income. The project is sponsored by NHP Foundation.

- The A/C compressors will be replaced with Energy Star rated 15 Seer compressors
- All interior and exterior light fixtures with LED fixtures will be installed
- The attic will be air sealed and R 49 insulation blown in

There is a single Recognized Environmental Concern to be addressed. Tile found under the existing HVAC equipment contains asbestos. A licensed remediation contractor will abate that contamination during the replacement of the furnace.

**6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont'd)
*The Rental Housing Works Program***

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

- All windows will be new and Energy Star rated
- All plumbing fixtures and faucets will be Low Flow or Water Sense rated
- All new Energy Star gas water heaters are being installed
- All oven/ranges with new Energy Star rated gas oven/ranges will be installed
- All new Energy Star refrigerators and dishwashers will be installed

7. **DEPARTMENT OF NATURAL RESOURCES**
General Obligation Bond Proceeds/Oyster Restoration

Recommendation: That the Board of Public Works approve the expenditure of general obligation bond proceeds in the total amount of \$4,383,908 to Oyster Recovery Partnership, a 501(c)(3) organization, as described for the following two contracts.

Program: DNR's Oyster Restoration Program enhances native oyster populations through rehabilitating oyster habitat. Enhancing oyster habitat is an identified strategy for re-establishing a self-sustaining oyster population in the Chesapeake Bay, and supports the goals stated in Maryland's Oyster Restoration and Aquaculture Development Plan.

Authority: § 8-301, State Finance & Procurement Article, Annotated Code of Maryland

Procurement § 11-203(a)(xviii), State Finance and Procurement Article,

Exemption: Annotated Code of Maryland

- Contract ID:** Large-Scale Oyster and Habitat Restoration in Maryland Sanctuaries 2021
ADPICS Contract 605P1600003

Description: Purchase and collect oyster shell and plant hatchery-reared oysters for oyster reef construction in large-scale restoration tributaries. This contract is part of a project to construct and restore oyster reefs in direct support of the 2014 Chesapeake Watershed Agreement that calls for restoring native oyster habitat and populations in five Maryland water bodies: Harris Creek, Little Choptank, Tred Avon, St. Mary's, and Manokin.

Contract Term: October 1, 2020 – October 31, 2021

Amount: \$4,343,908

Fund Source:

Amount: \$577,799.52

Compensation to State
\$577,779.52 (10-year base)
\$359,605.74 (Option 1)
\$416,881.61 (Option 2)
\$483,280.05 (Option 3)
\$560,254.03 (Option 4)
\$2,397,800.95 over 30 years

Property location: – I 270 & Montrose Rd, Montgomery County

Requesting Agency Remarks: This revenue generating transaction results from a resource sharing agreement between Maryland Department of Transportation State Highway Administration and New Cingular Wireless PCS, LLC. For this proposal, the benefit to the State is the continuing lease compensation for tower space in support of telecommunications antennas located along I 270 & Montrose Rd, Montgomery County. Since the monetary value of the lease over the 30-year term is more than \$100,000, this item was submitted to the Legislative Policy Committee for review and comment and was posted on *eMarylandMarketplace*.

11. **MARYLAND DEPARTMENT OF THE ENVIRONMENT**
Water Supply Grant

Recommendation: That the Board of Public Works approve new funding as described.

Authority: §§ 9-420 – 9-426, Environment Article, Annotated Code of Maryland

Project: Keyzers Ridge Water System Water Storage Tank

Recipient: Board of County Commissioners of Garrett County

Amount: Up to \$445,047

Location: Garrett County/Legislative District 1A

Project Description: This project involves the engineering and construction of a 245,000 gallon storage tank to provide adequate water storage and pressure for the Keyzers Ridge area. The existing residents and businesses served by the Keyzers Ridge Water System have expressed concerns regarding insufficient water supply and inconsistent water pressure. The new 245,000 gallon storage tank will provide safe and reliable drinking water for residents as well as adequate fire protection. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Project Funding Sources:

Water Supply Financial Assistance, WSG 14.12, MCCBL 2018-18265 (This Item)	\$ 445,047
Local Share/Appalachian Regional Commission Grant	<u>\$ 562,657</u>
Total Estimated Project Cost:	\$1,007,704

State Clearinghouse: MDE has determined that its recommendation is consistent with Maryland's State Clearinghouse comments and recommendations.

12. **MARYLAND DEPARTMENT OF THE ENVIRONMENT**
Maryland Drinking Water State Revolving Loan Fund

Recommendation: That the Board of Public Works approve new funding as described.

Authority: Maryland Water Quality Financing Administration Act
§§ 9-1601--9-1622, Environment Article, Annotated Code of Maryland.

Project: Oxford Water Main Replacement – Morris Street

Recipient: Town of Oxford

Amount: Up to \$1,497,616

Location: Talbot County/Legislative District 37B

Project Description: This project entails replacing and cured-in-place pipe lining of the existing steel water main pipe and associated appurtenances within the Town of Oxford. The existing water main is approximately 100 years old and fused with lead soldered joints, which can potentially leach lead into the Town of Oxford’s potable water supply. Moreover, there have been multiple water leaks occurring in recent years which have made the system vulnerable to contamination, caused service interruptions, and damaged the roadway infrastructure. This project will provide more reliable service, reduce contamination hazards, and better meet current demands. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects. This approval may include prior incurred costs.

Financing Description:

A. **New Loan (up to) \$748,808 – Drinking Water State Revolving Loan Fund**

Term. Period not to exceed 30 years following project completion

Rate. Disadvantaged community interest rate of 25% of the average of the Bond Buyer 11-Bond Index for the month preceding loan closing. (Based on this formula, in fiscal year 2020 loan recipients received interest-rates ranging from 0.40% to 0.70%.)

Security. Borrower will deliver its bond, along with its full faith credit endorsement, to the Maryland Water Quality Financing Administration.

BOARD OF PUBLIC WORKS
 SECRETARY'S
 ACTION AGENDA
 August 12, 2020

12. MARYLAND DEPARTMENT OF THE ENVIRONMENT (cont'd)
Maryland Drinking Water State Revolving Loan Fund

B. New Loan Forgiveness (up to) \$748,808 – Drinking Water State Revolving Loan Fund

This funding is provided under the Water Quality State Revolving Loan Fund Program disadvantaged-community criteria. The principal forgiveness loan terms/grant conditions are enforceable should grantee default.

Project Funding Sources:

Drinking Water State Revolving Loan Fund	\$ 748,808
Drinking Water State Revolving Loan Fund Forgiveness	\$ 748,808
Local/U.S. Department of Agriculture Share	<u>\$ 201,362</u>
Total Estimated Project Cost	\$ 1,698,978

Funding may involve multiple sources which may include general obligation bond proceeds as the required 20% match to federal funds and other funds.

State Clearinghouse: MDE has determined that its recommendation is consistent with Maryland's State Clearinghouse comments and recommendations.

**13. MARYLAND DEPARTMENT OF THE ENVIRONMENT
Water Supply Grant**

Recommendation: That the Board of Public Works approve new funding as described.

Authority: §§ 9-420 – 9-426, Environment Article, Annotated Code of Maryland.

Project: Town of Westernport Water Line to Luke

Recipient: Town of Westernport

Amount: Up to \$507,243

Location: Allegany County/Legislative District 1A

Project Description: This project involves the design and construction of a 6” waterline and all necessary appurtenances to extend water service from the Town of Westernport to the Town of Luke. The Luke Paper Mill, which currently provides Town of Luke with water, has closed and will cease to provide the Town with water in the near future. The Town of Westernport and the Town of Luke have signed a water purchase agreement for Luke to purchase water from Westernport that will be conveyed through this proposed waterline. This new waterline will provide the residents of Luke with safe and adequate drinking water, including fire protection. This approval may include reimbursement of previously incurred costs. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Project Funding Sources:

14. **MARYLAND ENVIRONMENTAL SERVICE**
New Germany State Park

A/E Contract: New Germany State Park Water and Wastewater Infrastructure Upgrade
MES Project # 1-21-2-05-3

Description: Engineering Services for the preparation of as-built drawings and a preliminary engineering report for improvements to the water distribution and wastewater collection and treatment facilities at New Germany State Park.

Procurement: A/E Shortlist

Award: Hazen and Sawyer
Baltimore, MD

Amount: \$210,724

Term: 9 months

MBE Participation: 30%

Remarks: The water supply and distribution systems were installed 70 years ago. Major upgrades are required to keep up with significant increases in water usage and future demands. The outdated wastewater treatment facility has limited capacity and is reaching the limit of its ability to remove required pollutants. There is a considerable amount of infiltration and inflow coming into the wastewater collection system that also impacts the treatment plant capacity. Upgrading the old systems should help reduce maintenance costs.

The purpose of this project is to complete the preliminary design and associated site investigations to develop the most appropriate and cost-effective options to address the identified problems

16. MORGAN STATE UNIVERSITY
Deferred Maintenance – Air Handler Unit 14 Replacement in Key Hall
Construction

Contract ID: Deferred Maintenance, DCM-DMAHU-20-2CO

Recommendation: Approve the award of a contract to Denver Elek, Inc. for deferred maintenance project construction services.

Project: This is the third of several deferred maintenance/site improvement projects. This project is to replace the existing Air Handler Unit in Key Hall, including associated systems such as power, structural and mechanical connections.

Contract Description: Construction Services

Procurement Method: Competitive Sealed Bids

Bids:

<u>Firms</u>	<u>Total</u>
Denver Elek, Inc. (<i>Essex, MD</i>)	\$ 824,000
EMJAY Engineering and Construction Co., Inc., (<i>Gwynn Oak, MD</i>)	\$1,108,900

Award: Denver Elek, Inc.
Essex, MD

Amount: \$ 824,000

Contract Term: 39 months from issuance of the Notice to Proceed to the end of the 2-year warranty period.

Fund Source: MCCBL 2019 Item #346: *Provide funds to design, construct and equip various infrastructure, building systems and site improvements, \$10,000,000, provided that \$1,000,000 of this authorization may not be expended until Morgan State University submits a report the budget committees that provide the following information:*

- 1. The priority rankings developed by that list for deferred maintenance and site improvement projects;*
- 2. The projects that are listed as deferred maintenance and the projects that are listed as site improvement; and*
- 3. The costs associated with each of those projects.*

17. **MORGAN STATE UNIVERSITY**
Northwood Development Agreement

Contract ID: MCB Northwood Development Agreement

Recommendation: Approve a Development Agreement with MCB Northwood, LLC to construct the Morgan State University Public Safety Building at the Northwood Shopping Center for an expenditure of \$15,000,000.

Fund Source: Historically Black College and University Capital Financing Loan Program (HBCU CAP FIN). Secretary's Agenda, Item 10 (October 31, 2018)

Contract Description: MCB Northwood, LLC will oversee the coordinated construction of the Morgan State University Public Safety Building, located on the east end of the Northwood Shopping Center property and the Northwood Shopping Center redevelopment simultaneously.

Contractor: MCB Northwood, LLC
Baltimore, Maryland

Amount: \$15,000,000

Procurement Method: Sole Source
MCB Northwood will oversee the construction of the entire Shopping Center for the Northwood Development Company. The Public Safety Building is on the Northwood property and is intricately tied to the construction of the Shopping Center. It would be extremely difficult to construct the projects independently. Both projects will be constructed by the same firm. This method was approved by the Board via Secretary's Agenda, Item 17 (August 22, 2018).

Contract Term: 18 months from issuance of the Notice to Proceed.

Remarks: In August of 2018, Morgan entered into a long term ground lease for 99 years with Northwood S.C., LLC (currently known as MCB Northwood, LLC (MCB)) to construct the Public Safety Building for Morgan. The building will sit on approximately 0.28 acres and will be located in the southeast corner of the Shopping Center, and is adjacent to Morgan's West Campus. MCB Northwood will construct the Public Safety Building simultaneously with the Shopping Center. The Public Safety Building foundation walls are an integral part of the Shopping Center due to the elevation changes throughout the site.

In addition to the Public Safety Building, Morgan entered into a second lease agreement with Northwood S.C., LLC (currently known as MCB Northwood, LLC (MCB)) and will relocate its newly co-branded bookstore (Barnes and Noble at Morgan State University) to the Shopping Center. The bookstore will be located at the northeast end of the Shopping Center adjacent to Morgan's West Campus. This lease was approved at the August 16, 2017 Board of Public Works meeting.

19. **ST. MARY'S COLLEGE OF MARYLAND**
New Academic Building and Auditorium Bid Package 2 of 2

Contract ID: New Academic Building and Auditorium
Construction Manager at Risk
SMCM RFP No. 19723

Pervious Approvals: Secretary's Agenda, Item 12 (2/21/18) (preconstruction services)
Secretary's Agenda, Item 13 (1/8/2020) (Bid Package 1)

Award: Holder Construction Company, Herndon, VA

Project: Construct two buildings totaling 31,159 NASF/59,430GSF for the College's Music and Educational Studies departments. The new facility will permit future renovation of vacated areas in other buildings to address deficiencies for STEM, visual, and theater arts programs. The project includes a 700-seat auditorium to relieve a historic lack of assembly space and a learning commons to increase student study space. The buildings are designed to meet LEED 4.0 Silver designation.

Contract Description: Construction Management at Risk

Bid Package 2 Description: Landscaping, hardscaping, interior painting and floor finishes.

Original Amount: \$ 375,000 (preconstruction services)

Bid Package 1 Amount: \$ 53,985,917

Contingency Draws (C.O.s): \$ 194,841

Bid Package 2 Amount [This Item]: \$ 4,294,713

Revised Contract Amount: \$ 58,850,471

Original Term: 3/1/18 - 6/30/19 (preconstruction services)

Revised Term (no change): 1/27/20 - 2/22/22 (construction phase)

MBE Participation: 25%

Performance Bond: Equal to contract amount

ACTION AGENDA
August 12, 2020**

**19. ST. MARY'S COLLEGE OF MARYLAND (cont'd)
*New Academic Building and Auditorium Bid Package 2 of 2***

Remarks: The initial total contract amount was higher than budgeted, due to the market conditions. In January 2020, the Board approved Bid Package 1 to begin construction with then-available funding, with the understanding the College would return with Bid Package 2 after additional funding in the FY21 Capital Budget was effective.

Bid Package 2, which includes work necessary to complete the project as programmed, includes site work (hardscape and landscaping) and interior floor and wall finishes not included in Bid Package 1. This package is approximately \$300,000 less than anticipated last year. (\$4.3M vs. \$4.6M projected in January 2020).

St. Mary's College of Maryland requests the Board approve this Bid Package No. 2 and authorize use of FY21 Capital Budget funds to continue the construction. The College will return to the Board for authorization of FY22 funds at the appropriate time.

20. **MARYLAND STADIUM AUTHORITY** (*cont'd*)
***Baltimore City Public Schools-Montebello Elementary/Middle School
Construction Management (CM) – Pre-construction Services***

Remarks:

The procurement was initially advertised as a Request for Qualifications (RFQ) in August 2016. Fifteen firms were selected to participate in the project pool and thus given the opportunity to receive the project specific Request for Proposals (RFP). The firms were then pre-qualified into specific categories by project cost and type. Montebello Elementary/Middle School is a Category I school, which is a renovation or addition to an existing school building costing up to \$30 million.

The revised project RFP was issued on May 7, 2020 and seven firms submitted technical proposals. Four firms were short-listed. The Selection Committee held oral presentations and requested financial proposals from the four firms. Financial proposals included pre-construction phase pricing as well as the construction phase pricing related to fee and estimated labor costs. After review of the financial proposals, best and final offers were requested from the four firms. CAM Construction Company, Inc. had the highest technical and overall score and offered a competitive combined fee.

The Stadium Authority intends to return with a recommendation to award construction services if pre-construction performance is satisfactory and an acceptable Bid Package is negotiated.

23. **DEPARTMENT OF HEALTH**
Record Correction

Recommendation: That the Board of Public Works accept a correction to the record in which remarks contained incorrect information.

Original Approval: Secretary's Appendix Agenda, A11, 7/20/20
Item Description: Professional Staffing Services for COVID-19 Patients
Award: Chesapeake Registry Program, Inc.
(Maryland Hospital Association)

Corrected Remarks: *Nature of Emergency – COVID-19:* On March 5, 2020, Governor Larry Hogan issued a Declaration of State of Emergency and Existence of Catastrophic Health Emergency due to the outbreak of a severe respiratory disease, resulting in illness or death that is caused by the person-to-person spread of the novel coronavirus.

The Chesapeake Registry Program (CRP), a subsidiary of the Maryland Hospital Association (MHA), is a unique repository of prospective nursing staff accessible to all member hospitals which MDH seeks to access by this procurement. This procurement is to address the situation when nursing home staff become sick with COVID-19 and are therefore forced to be absent from work, leaving the residents without sufficient coverage. MDH is creating "bridge teams" using this unique MHA staffing portal to be able to cover for shortages of nursing staff in a nursing home on a short term basis for four consecutive 24-hour days to carry a nursing home through any sudden staff shortage to afford the nursing home time to hire temporary staff to cover the 14-day isolation period for permanent staff before they may return to work. There are 240 227 nursing homes across the State and we expect 60% will need this assistance, using the CRP as a sole source to identify such staff.

A1. MARYLAND DEPARTMENT OF COMMERCE (cont'd)

Remarks: *Nature of Emergency – COVID-19:* In order to contain the spread of COVID-19, on March 12, 2020 Governor Larry Hogan issued a directive following consultation with public health experts to move the State to an “Elevated Level II” operational status, per the protocols contained in The Department of Budget & Management’s (DBM) Pandemic Flu and Other Infectious Diseases Attendance and Leave Policy. Under this “Elevated Level II” status, DBM imposed a period of mandatory telework across state agencies for all non-essential state employees who can perform their duties from home in order to help contain the spread of the virus, effective Friday, March 13, 2020.

At the time of the issuance of the directive, the COVID Relief for Small Business Program was initiated which allowed small businesses to apply for grant and loan assistance. DocuSign envelopes were being used to process the approved applications. In July 2020, the Governor allotted Commerce with \$50 Million in supplemental funding to provide further assistance to the small business community. Therefore, an additional 4,500 DocuSign Envelope licenses are needed for the disbursement of these critical investment resources.

Standard procurement procedures would have taken Commerce a significant amount of time to complete the modification and obtain the required approvals from the Department of Budget and Management and the Office of State Procurement. Therefore, Commerce determined that it was necessary to issue an emergency contract modification to Carahsoft to allow the Agency to receive access to the additional licenses in order to continue processing the applications.

A2. DEPARTMENT OF GENERAL SERVICES
Annapolis Public Buildings & Grounds

Contract ID: Replace Emergency Generator at Data Center Building;
BA-108-200-001

Contract Type: Construction

Description: Replace the existing emergency generator located at the Data Center Building in Annapolis, Maryland. The generator, original to the building, provides backup power in the event of power failure to the Office of the Comptroller of Maryland and Office of Central Payroll for the State and has been determined to be inoperable and obsolete. Included is the installation of a temporary backup generator until the new one is functional and all labor, materials, parts, tools, equipment, layout, freight and delivery and supervision.

Procurement Method: Emergency

Date Emergency Declared: June 2, 2020

Bids: Curtis Engine & Equipment, Inc., Baltimore, MD \$439,237.50
Victory Global Solutions, Inc., Columbia, MD \$506,930.40

Award: Curtis Engine & Equipment, Inc.

Award Date: June 9, 2020

Contract Amount: \$439,237.50

Term: 112 Consecutive Calendar Days

MBE/VSBE Participation: N/A / N/A

Fund Source: MCCBL 2019 *Provide funds for the repair and rehabilitation of State-owned capital facilities, provided that \$165,000 of this authorization made for the purpose of facilities renewal may be expended only for facility renewal projects at the Anne Arundel County Food and Resource Bank including repairs to the warehouse roof. A3. DEPARTMENT OF HUMAN SERVICES
Office of Technology for Human Services

Contract Title: Workload Automation Software – CA Tech Broadcom
(OTHS/MDTHK-20-149-C); ADPICS NO. N00P1600057

Contract Type: Information Technology

Description: Emergency purchase of CA Tech Broadcom critical Workload Automation software. This is a job scheduler utilized by the agencies on the MD THINK platform to schedule and execute application data processing, reporting and batch jobs as well as file transfers. It is used for application jobs at DHS such as MMIS, PEBT, LTC Eligibility Confirmation and Redeterminations are scheduled and executed using this software. It is also used for external agencies' applications that are on boarded onto the MD THINK Platform.

Procurement Method: Emergency

Date Emergency Declared: June 19, 2020

Bids: Presidio Networked Solutions \$232,975.00
Fulton, MD

Award: Presidio Networked Solutions

Amount: \$232,975.00 (Not to Exceed)

Contract Award Date: June 28, 2020

MBE/VSBE Participation: NA / NA

Term: 06/29/2020 – 06/28/2021

Fund Source: Federal 70%, Special 30% (MITDPF)
Appropriation Code: N00F0002

Remarks: *Nature of Emergency:* CA Tech Broadcom Workload Automation software is critical software currently used by the MD THINK Platform to automate IT processes in a heterogeneous environment. The software rapidly integrates all business processes into a single, comprehensive workload automation strategy that is shared from Development to Operations. This software is also used for external agencies applications onboarded onto the MD THINK Platform.

A3. DEPARTMENT OF HUMAN SERVICES (cont'd)
Office of Technology for Human Services

A Purchase Order Request for Proposals was released on 4/30/2020 with quotes due 5/7/2020. There was a delay in receiving the quote partly because CA Technologies was acquired by Broadcom during that time period, and they were busy merging business activities. The award package was completed and routed through DHS for internal approvals on 6/1/2020. Therefore, it could not be placed on a BPW agenda in time before the start date of the contract. The Contractor rejected the Department's request to allow time to submit and obtain retroactive approval from the BPW and submitted a revised invoice in the amount of \$349,463 to include a "reinstatement fee", which resulted in a markup of 67% and led to this emergency situation. The Contractor stated that if the purchase order was not approved and released to them prior to the start date of the contract, the licenses and support would expire. If the licenses expired, all of the automated essential daily and weekly batches, including those supporting critical live applications, would have ceased, and extensive manual intervention would have been required. This in turn would cause significant downtime and severely impact the business processes for all of the applications on the MD THINK platform such as the DHS Long Term Care and Child, Juvenile, and Adult Management System applications. In addition, it would also affect the applications of other state agencies which are hosted on MD THINK, such as Maryland Health Benefit Exchange and Maryland Department of Health's eMedicaid. Based on the risk to the operation of critical systems and the significant increase in cost, DHS believed that the emergency award was necessary. Therefore, the Department issued an emergency procurement to avoid a disruption in software services and to save the State an additional charge of \$116,488.

Basis for Selection: Presidio Networked Solutions was the only vendor that responded to the Request for Quotes and is able to meet the Department's specifications. The price has been deteried fair and reasonable when compared to the manufacturer's suggested retail price. This solicitation was released to the five qualified Master Contractors in Functional Areas I & III under the COTS 2012 Master Contract PORFP # N00P1600057 for this software manufacturer. Presidio Networked Solutions was the only authorized reseller that submitted a quote. Two master contractors submitted No-Bid forms stating that other commitments precluded them from submitting a bid at the time. The Department sent another request to the remaining two master contractors asking that they submit a No-Bid form; however, they did not respond. Because this is an enterprise software (used by external agencies such as MDH and MHBE), this software cannot be purchased directly from the manufacturer.

The Law Firm of Sharon M. Donahue, P.A (Somerset, Worcester)
Ocean City, MD

Amounts: \$50,700 - Legal Aid Bureau, Inc
\$78,980 - The Law Firm of Sharon M. Donahue, P.A

Contract Award Date: June 1, 2020

MBE Participation: None

Term: 06/01/2020 – 05/30/2021

Fund Source: 83% General; 17% Federal
Appropriation Code: N00A0104

Remarks: Nature of Emergency: The State of Maryland is statutorily mandated to provide legal representation services for children involved in Child In Need of Assistance and Termination of Parental Rights (CINA/TPR) hearings pursuant to Courts and Judicial Proceedings Article, §3-813. All children who have been victims of abuse and/or neglect shall be represented by counsel. MLSP contracts with legal service providers to provide quality representation to this vulnerable population. On October 23, 2019, MLSP was informed by the Judges in Worcester County of the need for appointed legal services for children in this jurisdiction. Two additional counties, Somerset and Wicomico, were also identified with the same need for appointed legal services.

On January 14, 2020, Lazarus Legal Group, LLC, who had a contract to represent the children in Montgomery County notified the Department that it did not want to continue with the final option year beginning June 1st, 2020. When this contract ended, the existing cases that this vendor handled were re-assigned under a sole source contract to Podzius Birch Law Group, an attorney that represents children previously under Lazarus Legal Group. **See companion Emergency Report A5.** For all new cases in Montgomery, Somerset, Wicomico, and Worcester Counties, the Department issued an emergency Request for Proposals.

Remarks (cont'd):

maintain continuity of legal representation. MLSP is responsible for ensuring that all of the children previously represented by the Lazarus law firm are appointed new counsel with the least amount of disruption. A new contract for the period of June 1, 2020 to May 31, 2021 is required in order to ensure uninterrupted representation to children involved in CINA/TPR proceedings.

Basis for Selection: The Department determined that a change in the children's attorneys for existing cases would have a detrimental impact on the children and that stability and continuity of representation should be the overwhelming goal. In order to preserve the continuity of representation for children involved in CINA/TPR cases, an Emergency Sole Source Contract was deemed appropriate for these services under COMAR 21.05.06.02. The decision to preserve the attorney-client relation for the children resulted in a Sole Source Contract being awarded to Podzius Birch Law Group, the attorney that had existing cases and worked for Lazarus Legal Group.

A6. DEPARTMENT OF LABOR
Division of Unemployment Insurance

Contract Title: Virtual Call Center Agent for Unemployment Insurance Division
LABOR-FY2020-023 ADPICS NO. P00B1600002

Contract Type: Information Technology Services

Description: Provide virtual call agents to assist the Unemployment Insurance Division during the COVID-19 pandemic.

Procurement Method: Emergency (Sole Source)

Date Emergency Declared: April 15, 2020

Award: Accenture
Austin, TX

Amount: \$22,359,500 (Not to Exceed)

Contract Award Date: April 15, 2020

MBE Participation: N/A

Term: 4/15/2020 – 12/31/2020

Fund Source: 100% Federal Funds
Appropriation Code: P008X801

Remarks: *Nature of Emergency – COVID-19:* On March 27, 2020, the U.S. President signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. This legislation provides emergency assistance and health care response for certain individuals, families, and businesses affected by the COVID-19 pandemic. The CARES Act includes relief for workers affected by COVID-19 as set forth in Title II, Subtitle A. Under the CARES Act, there is a substantial expansion of unemployment insurance benefits for workers sidelined for specified reasons associated with COVID-19. The three (3) programs in the law that extends the availability, amount, and/or duration of Unemployment Insurance (UI) programs are:

- Pandemic Unemployment Assistance (PUA)
- Federal Pandemic Unemployment Compensation (FPUC)
- Pandemic Emergency Unemployment Compensation (PEUC)

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
August 12, 2020

APP 13

A6. DEPARTMENT OF LABOR (cont'd)
Division of Unemployment Insurance

Remarks (cont'd):

The surging and unprecedented volume of calls during the COVID-19 pandemic could not be handled by LABOR's current staff. LABOR needed a vendor that was able to provide a large number of employees to assist with the increased volume of calls. The vendor needed to have the knowledge of the IVR (Interactive Voice Response) System and the experience of the UI Call Center. LABOR needed a staff augmentation vendor to get up to speed very quickly to meet the unexpected demand and the ability to work seven (7) days a week if needed. Without the experience and knowledge of the IVR System and the UI Call Center, it would've caused an extreme delay for the claimants seeking assistance during the application process. Maryland Unemployment Insurance would not have been able to accommodate the number of claimants daily if LABOR had to train a vendor on the IVR System or the other applications that are used during the filing process.

Basis for Selection: Maryland Department of Labor is requesting approval of an emergency sole source procurement with Accenture to provide a virtual call center to support the Unemployment Insurance Division in response to the COVID-19 pandemic. Accenture offers unemployment surge contact centers in various states and will make available to the State 275 resources. Clients served by Accenture range from those with about 6 million citizens to those over 30 million. The individual programs range in services (e.g., PMO / command center operations, PMO/command center + agents, PMO / command center + agents + virtual agent capability). LABOR determined Accenture to be a sole source after reviewing the capabilities of several vendors against the required scope of work, as well as LABOR's experience with the IVR system.

Reason for Late Report: This emergency procurement award is being reported late due to the declared state of emergency in response to the COVID-19 pandemic crisis. Due to the pandemic response, staff were limited in computer access and laptops were not readily available. As a result, LABOR was unable to prepare this report in a timely fashion.

A7. MARYLAND DEPARTMENT OF EDUCATION
Information Technology

Contract ID: Oracle License Maintenance and Support
ADPICS No.: R00P0601819

Contract Description: Annual support and system maintenance, including critical security patches.

Contract Type: Information Technology

Procurement Method: Emergency (Sole Source)

Date Emergency Declared: March 2, 2019

Award: Mythics Emergent Group Company
Virginia Beach, VA

Contract Award Date: April 16, 2020

Contract Term: 05/1/2019 – 04/30/2021

Amount: \$2,448,432.27

MBE/VSBE Participation: 0%

Incumbent: Mythics Emergent Group Company

Remarks:

Nature of Emergency: Oracle software has been in use at the Maryland State Department of Education since the late 1990's. The systems that utilize Oracle collect information on children, distribute grant funding to the local school systems, manage quality childcare in order to prepare children to be ready for school, and collect and analyze data from several State agencies to track children's educational track from birth to the workforce.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
August 12, 2020

APP 15

A7. **MARYLAND DEPARTMENT OF EDUCATION** (cont'd)
Information Technology

Remarks (cont'd):

The Education Data Warehouse (EDW) and the Financial Data Warehouse (FDW) are a few examples that are still in use today. Many other applications have been created completely in the Oracle environment or using only a few Oracle software tools. In addition to EDW and FDW mentioned earlier, below is a list of Oracle applications currently in production at MSDE:

- Web Data Collection System (WDCS)
- High School Data Collection (HSDC)
- Maryland Comprehensive Assessment Program (MCAP - formerly PARCC)
- Maryland Course Catalog (MCC)
- Maryland Integrated Science Assessment (MISA)
- Maryland State Alternate Assessment (MSAA)
- Student Course Grade Teacher (SCGT)
- Childcare Administrative Tracking System (CCATS)
- Maryland Longitudinal Data System (MLDS)
- Grants AFR

In 2011, MSDE entered into an agreement with Oracle for unlimited use of fifteen titles. The software and support costs were discounted to 74%. The discounted annual support costs for all of the products were negotiated to be a fixed cost, regardless of the number of times or on how many servers the software was installed on. In order to keep this pricing MSDE needs to maintain continuous service with Oracle. However, MSDE's most current contract with an Oracle reseller expired on April 30, 2019, leaving software systems vulnerable without security updates. Security updates are needed to ensure that MSDE's infrastructure is not vulnerable to cyber-attacks and other breaches of our security.

MSDE faced several challenges in soliciting and entering into a new contract in a timely manner. MSDE's former Chief Information Officer (CIO) conducted risk assessments to develop an understanding of the software license usage within each MSDE program. The specifications for this procurement effort were to be based on the results of this assessment. Unfortunately, the CIO found employment outside the state. Without a CIO, MSDE faced difficulties completing this risk assessment and implementing changes in a timely manner. MSDE now has a permanent CIO who will be able to work with DoIT and ensure that any future risk assessments are done promptly.

Oracle software is crucial to collecting, analyzing and reporting on data necessary to make decisions and track the success of student education in Maryland. MSDE respectfully reports this emergency agreement.

david.lachina@morgan.edu

A8. MORGAN STATE UNIVERSITY (cont'd)

Remarks (cont'd):

The emergency arises substantially out of the criticality of timing given the pending 2020-2021 Academic Year and the start of the Fall 2020 semester. A substantial number of classrooms are not entirely compatible with web conferencing tools used for remote teaching.

The *Morgan State University Procurement Policies and Procedures* distinctly give the University the authority to invoke Emergency/Urgent Procurements, indicating on page 34, Section E.2.:

An emergency condition justifies the use of an emergency procurement when that condition threatens one (1) or more of the following:

- a. The health or safety of any person (s) or animals;
- b. The preservation or protection of property; or
- c. The continuance of necessary University functions within the discretion of the President or designee.

This procurement is needed for the "continuance of necessary University functions" to be able to deliver consistent and high-quality instruction for Fall 2020 in a pandemic environment and not threatening the health and safety of students, faculty, and staff as relates to the efficient and safe delivery of instruction in a pandemic environment.

Basis for Selection: The Morgan State University Office of Information Technology/Academic Technology Services recommended System Source based on their pricing and because of their ability to meet each phase of the project schedule. System Source has consistently provided the University with high-quality classroom audio/visual technology guidance and installation services. System Source has provided excellent customer service and competitive pricing. This purchase includes a three (3) year hardware maintenance plan that will cover all workmanship regarding the integration, commissioning and programming.

A9. DEPARTMENT OF TRANSPORTATION (cont'd)
Motor Vehicle Administration

Remarks (cont'd):

After issuance of the directive it was determined that MDOT MVA branches and facilities needed sanitizing and disinfectant supplies to ensure the health and safety of MDOT personnel and the public coming into the MDOT MVA facilities. MDOT MVA quickly identified that the Department needed sanitizing/disinfecting wipes as an appropriate solution.

Standard procurement procedures would have taken MDOT MVA approximately 45 days to complete this procurement. Therefore, MDOT MVA determined that it was necessary to issue an emergency procurement due to the unknown date that MDOT MVA branches and facilities would reopen. MDOT MVA needed to be prepared to reopen with a safe environment for its employees and the general public.

Basis for Selection: MDOT MVA did extensive research to attempt to find wipes available from other sources but was unable to identify other firms that had wipes available. Simply Fresh Events, LLC was directly solicited and MDOT MVA requested the firm to provide a quote for 5,030 canisters of wipes to be delivered as soon as possible. Simply Fresh Events, LLC has previous experience with providing goods and services to the State of Maryland and had the capability to deliver the wipes within two weeks.

A10. STATE BOARD OF ELECTIONS

Contract Title: Public Relations Support for the 2020 Election Cycle
ADPICS NO. COI59894 (emergency modification- original
ADPICS # D38P0600129)

Contract Type: Services

Contract Description: Contract for public relations support for the 2020 Election Cycle. The scope of work includes development of a strategy, message, and timeline to educate the public about election related information and to develop a media strategy to assist with responding to media inquiries and interviews. Modification #1 added social media consulting services, including help with monitoring and combating misinformation/disinformation on social media and reviewing and proposing updates to the Agency's website. The Agency determined this modification was in the best interest of the State after multiple briefings with federal and state partners stating that the most likely threat to the 2020 election is misinformation/disinformation on social media.

Modification Description: This emergency modification was necessary after the Governor ordered that the June 2 election be conducted as primarily a vote-by-mail election in response to the COVID-19 public health emergency. This modification added a statewide public awareness campaign for the June 2 election to educate voters about the changes in how the June 2 election was conducted.

Procurement Method: Original award: Competitive Sealed Bidding
Modification #2- Emergency Modification

Date Emergency Declared: May 8, 2020

Award: Kearney O'Doherty (KO) Public Affairs, Baltimore, MD

Contract Award Date: December 23, 2019

Contract Term: 01/01/2020 – 11/15/2020

Modification Award Date: May 8, 2020

Original Contract Amount: \$38,000 (12/23/2020 – Small Procurement)

Prior Modifications: \$32,000 (03/23/2020 – Delegated Authority)

This Modification Amount: \$1,153,000

New Contract Total: \$1,223,000

MBE Participation: 0%

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA

APP 22

A10. STATE BOARD OF ELECTIONS (cont'd)

Remarks: *Nature of Emergency – COVID-19:* In response to the COVID-19 public health emergency, the June 2 election was conducted primarily by mail with limited in-person voting. The Governor’s Order 20-04-15-02 requires that the Agency “provide maximum notice as possible to voters about how to participate in the Primary Election, as well as other appropriate education regarding voting procedures.” This modification is part of the Agency’s efforts to meet this requirement.

This emergency modification (Modification #2) adds services associated with the statewide public awareness campaign for the June 2 election. This campaign is necessary to educate voters about the State’s first vote-by-mail election, and because the vast majority of voters have never voted by mail, explain how to vote by mail. KO Public Affairs provided a statewide public education plan, including TV, radio, digital, and print ads, earned media, and community-based outreach. A substantial portion of the cost associated with this modification is for advertising purchases. Community-based outreach efforts included flyer distribution, virtual Instagram events, and social media and ad graphics with curated messaging using trusted community voices.

KO subcontracted with Mission Media to develop the TV, radio and digital campaigns and conduct the media buy. KO also subcontracted with Sandy Hillman Communications, a minority business enterprise to help manage stakeholder outreach across the State working with Campfire Communications, Cool & Associates, a public relations firm specializing in Latinx media and stakeholder outreach, and GreiBO to oversee African American media relations and stakeholder outreach. Cool & Associates assisted with Spanish-language paid media in addition to stakeholder outreach and media relations. GreiBO led an in-community engagement and paid social media program partnering with other organizations in the City of Baltimore. The creative design and media buy with Mission Media accounted for almost 80% of the overall budget. Nearly 70% of the remaining budget went to the named MBE firms for statewide stakeholder outreach, earned media, translation services, Spanish-speaking paid media, and in-community engagement for Baltimore City.

The previous modification was within the Agency’s delegation (\$32,000) and executed in March 2020 for social media services. Since the original award in December 2019, Agency representatives learned from several briefings with federal and state partners that the most likely threat to 2020 election is misinformation/disinformation on social media. Vigilant monitoring social media accounts and promotion of accurate information from election officials (e.g., #trusted info2020) is a top priority of the National Association of Secretaries of State and the National Association of Election Directors.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
August 12, 2020

APP 23

A10. STATE BOARD OF ELECTIONS (cont'd)

Remarks (cont'd):

The Agency believes that the original scope of work, supplemented by and coordinated with the social media services and public awareness campaign modifications, best provided Maryland citizens with access to the information they needed to vote safely and accurately this election cycle.

Basis for Selection: SBE selected KO Public Affairs for public relations support for the 2020 Election Cycle. The original award was via a Competitive Sealed Bidding procurement with award to the lowest bidder in December 2019. An emergency modification is the most appropriate procurement method for these services because it is critical that the agency have cohesive and coordinated messaging between the overall media strategy covered by the original scope of work of this contract, the social media messaging added via modification #1, and the vote-by-mail public awareness campaign.

Recommendation: Approval to commit \$5,500,000 for the following **acquisition** project.

Belle Vue Farm/Davis Property Acquisition

\$3,600,000 (POS Local Share)

\$1,900,000 (POS State Share)

Harford County

POS #7105-12-302 MD20200528-0425

Background: Acquire 356.43 acres on the Oakington Peninsula in Havre de Grace for future development as a county park. This property is located between Swan Harbor Farms and Eleanor and Millard Tydings Parks in Harford County and has been a priority of Harford County for many years. Belle Vue Farms lies between Gashey Creek to the west and the Chesapeake Bay to the east. Adding this property to the existing County parks on the Oakington Peninsula will protect over 1,200 acres of environmentally sensitive lands that include over two miles of frontage on the Chesapeake Bay. This acquisition will be a partnership among the United States Army, Maryland DNR and Harford County. The Army is contributing \$770,000 toward the purchase of this property (through the Army Compatible Use Buffer Program). In exchange for \$1,900,000 in POS State Share funding, POS Stateside will hold a perpetual conservation easement on the Property.

13A. PROGRAM OPEN SPACE STATE SHARE
Frederick County (Mar-Lu-Ridge)

Recommendation: That the Board of Public Works approve the acquisition of a conservation easement.

Description: This almost entirely forested property contains largely mature forest and is located on a ridge of Catoctin Mountain that is an important route for migratory birds. The diverse tree canopy provides optimal nesting habitat for many species of Forest Interior Dwelling Species. Pine Rock, an extensive line of rock outcrops on the property, provides habitat for the state endangered Allegheny woodrat, timber rattlesnakes and other significant species of flora and fauna. The property is partially located in the Catoctin Mountain South Ecologically Significant Area and provides buffers along unnamed tributaries to Tuscarora Creek. Acquisition of this conservation easement will provide long-term water quality protection in the Potomac River watershed. This easement will be co-held by Frederick County.

POS Scoring System: 70 out of 100 **Targeted Ecological Area:** Yes

Grantor: Mar-Lu-Ridge Conference and Educational Center, Inc.

Grantee: The State of Maryland to the use of the Department of Natural Resources and Frederick County, Maryland

Property: 455.08+/- acres, improved, POS No. 5113

Price: \$675,000

Appraisals: \$1,274,000 (12/3/18) – Beth L. Riedel
\$ 388,000 (12/14/18) – Georgia Nichols
\$ 717,000 (12/6/18) – Terrence W. McPherson
All appraisals reviewed by Dave Wallenberg, Chief Review Appraiser

Remarks: Appraisals are older than a year due to coordination of conservation easement review by counsel for the Metropolitan Washington, D.C. Synod, Evangelical Lutheran Church in America.

14A. PROGRAM OPEN SPACE STATE SHARE
Cecil County (Missionary Servants of the Most Holy Trinity)

Recommendation: That the Board of Public Works approve:

- 1) The Eastern Shore Land Conservancy, acting on behalf of DNR, acquiring the property from the Missionary Servants of the Most Holy Trinity;
- 2) The Eastern Shore Land Conservancy conveying the property to DNR;
- 3) The reimbursement of due diligence costs expended by The Eastern Shore Land Conservancy.

Description: This mostly forested property is adjacent to Grove Farm WMA and will be managed by the Maryland Wildlife and Heritage Service. In addition to Forest Interior Dwelling Species habitat, the property includes 5,250 linear feet of stream corridor along an unnamed tributary to the Elk River and 1,250 linear feet of waterfront along the Elk River, which supports many recreationally and commercially important fish species. Acquisition will protect a unique freshwater wetland, improve water quality in the Lower Elk River Watershed, and expand public recreational opportunities for hunting, hiking, and wildlife observation.

POS Scoring System: 76 out of 100 **Targeted Ecological Area:** Partial

Legislative Notification: Budget Committee notification has been completed as required by Natural Resources Article, §1-104(k), Annotated Code of Maryland.

Grantor: The Eastern Shore Land Conservancy, Inc.

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 242.36 +/- acres, improved, POS No. 5150

Price: \$2,280,000

Appraisals: \$2,475,000 (11/15/19) – William R. McCain

15A. PROGRAM OPEN SPACE STATE SHARE

Anne Arundel County (Wahoo, LLC)

Recommendation: That the Board of Public Works approve the acquisition.

Description: This entirely forested property is adjacent to Severn Run Natural Environment Area and will be managed by the Maryland Park Service. Acquisition will improve access to the interior of Severn Run Natural Environment Area, providing a possible entrance/exit point for any future trail development, while protecting the water quality of the Najoles Stream and the Severn Run Watershed. Acquisition will also provide a critical access point in an area where the Department is working in partnership with the County on a large scale, long-term stream restoration project.

POS Scoring System: 68 out of 100 **Targeted Ecological Area:** No

Grantor: Wahoo, LLC

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 1.57 +/- acres, unimproved, POS No. 5620

Price: \$302,000

16A. RURAL LEGACY PROGRAM FUNDS
Worcester County

Recommendation: Approval to grant \$158,844.25 to **Worcester County**, from Rural Legacy Funds to acquire a 55.85-acre conservation easement.

Coastal Bays Rural Legacy Area – Pilchard Trustees

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 8A (10/19/2016) \$1,104,326 for FY 2017
 DNR-RP Item 3A (1/8/2020) \$250,382 for FY 2020

Project Description: Acquisition of this conservation easement will protect 55.85-acres of prime farmland and woodlands that contribute to the local agricultural economy. The property is adjacent to an existing Rural Legacy Easement. This Rural Legacy easement, RL No. 5761, will be held by the County Commissioners of Worcester County.

Easement Value: \$140,757.00 (\$2,520 per acre)

Purchase Price: \$140,757.00 (\$2,520 per acre)

Total Other DNR Costs:	Administrative:	\$ 4,222.00

19A. DEPARTMENT OF NATURAL RESOURCES
Maryland Environmental Trust

Recommendation: That the Board of Public Works approve the following Amendment to Deed of Conservation Easement.

Property: 38.64 acres, Dorchester County, 1232 and 1234 Lodge Hall Road, Fishing Creek
Dorchester County Tax Map 0093, Parcels 0012 and 0139
Legislative District 37B

Grantors: James R. O’Connell and Kenneth J. O’Connell

Grantees: Maryland Environmental Trust

Easement Record: Deed of Conservation Easement dated December 28, 2007 and recorded in the Land Records of Caroline County in Liber 845, Folio 643.

Background: Reference is made to Item 3(I) on the Secretary’s Agenda of November 28, 2007 in which the Board of Public Works approved the donation of a conservation easement to Maryland Environmental Trust by James R. O’Connell and Kenneth J. O’Connell. Additional reference is made to Item 10(C) on the Secretary’s Agenda of December 12, 2007 in which the Board of Public Works approved changes to the November 28, 2007 approval of a conservation easement to Maryland Environmental Trust by James R. O’Connell and Kenneth J. O’Connell.

Project Description: The purpose of the Amendment to Deed of Conservation Easement is to: 1) extinguish one residential right; 2) extinguish right to subdivide a lot for a residence; and 3) require that the two tax parcels that constitute the property remain in common ownership as if the property were only one parcel.

Proposed Action: The proposed amendment strengthens conservation of the property by extinguishing one of the two residential rights and eliminates subdivision allowed by the original conservation easement.

**3-GM. UNIVERSITY OF MARYLAND, COLLEGE PARK for
FROSTBURG STATE UNIVERSITY
*Education and Health Sciences Center***

Contract ID: Architectural and Engineering Design Services for the Education and Health Sciences Center, RFP# 54764-F

Recommendation: Authorize \$1,833,000 of design funds appropriated in the 2020 MCCBL to the previously-approved professional design services contract

Contractor: Ayers Saint Gross, Baltimore, MD

Amount: \$1,833,000

Fund Source: MCCBL 2020: Provide funds to continue design, construction, and equipping of a new Education and Health Sciences Center and relocate utility systems at the site, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project. Item#20-307 \$1,833,000

Contract Approval: USM Item 2-AE (5/2/2018)
USM Item 4-GM (7/24/2019)

Project: The project is to construct a 109,000 GSF, 57,010 NASF Education Professions & Health Sciences Center at Frostburg State University. The Education & Health Sciences Center will house the College of Education (including the new Doctorate in Educational Leadership), the College of Liberal Arts & Sciences Professional Health programs, several pre-professional health programs, the Center for Rural Health, and student health and wellness health services.

Background: The Board of Public Works approved the award of the design contract to Ayers Saint Gross (ASG) for the full amount of \$7,542,821, with the understanding that the University would only initially authorize work to cover Schematic Design and Design Development for a total initial contract award of \$2,997,829 (USM Item 2-AE, 5/2/18). A subsequent BPW action awarded the balance of design services to ASG once planning funds became available on June 1, 2019 to continue design (USM Item 4-GM, 7/24/19). This item requests authorization to release the balance of planning funds which became available on June 1, 2020 to cover the Construction Administration and Post-Construction Phase services of the contract.

*Utilities Upgrades Phase I Project***

Contract ID: General Contractor for the Utilities Upgrades Phase I Project at the University of Maryland, Baltimore County - #BC-21194-C

Recommendation: Award of the General Contractor contract

Contractor: Whiting-Turner Contracting Company, Baltimore, MD

Project: This project is to complete the first phase of the University’s campus-wide utility upgrade and site improvement project. This project encompasses mechanical and electrical equipment replacements inclusive of a new 50 million BTU/HR hot water generator capable of firing natural gas and No. 2 oil, replacement of five electrical feeders, low and medium voltage electrical switchgear in three buildings, and four electrical transformers.

Contract Term: Twelve months from notice to proceed.

Amount: \$7,375,000

Procurement Method: Competitive Sealed Proposals

Proposals:

Company	Technical Ranking	Price	Price Ranking	Final Ranking
Whiting-Turner Contracting Company, Baltimore, MD	1	\$7,375,000	1	1
J. Vinton Schafer & Sons, Inc., Abingdon, MD	2	\$7,495,000	2	2

Fund Source: MCCBL 2019: *Provide funds to begin construction to replace, repair, upgrade utility systems and campus infrastructure, provided that, notwithstanding Section 6 of this Act, work may commence on this project prior to the appropriation of all funds necessary to complete this project.* Item #314: \$1,676,000

Academic Revenue Bonds: \$2,346,000

MCCBL 2020: *Provide funds to continue construction to replace, repair, and upgrade utility systems and campus infrastructure, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project.* Item #310: \$6,041,000

4-C. UNIVERSITY OF MARYLAND, BALTIMORE COUNTY (cont'd)
Utilities Upgrades Phase I Project

Performance Security: A 100% performance bond is required.

MBE Participation Goal: 5%

Requesting Institution Remarks: This solicitation was advertised on *eMaryland Marketplace Advantage* as well as posted on the University's electronic bid board. A Pre-proposal meeting was conducted with 17 in attendance. Five technical proposals were received. These proposals were evaluated by a University Evaluation Committee. Two proposers were shortlisted and were invited to interview sessions. Following the interviews, the Committee conducted a second phase technical evaluation resulting in both firms remaining shortlisted and invited to submit a price proposal. Award is recommended to The Whiting-Turner Contracting Company, the firm with the highest technical ranking and lowest price.

Sustainability:

- Replacement of a Hot Water Generator will increase energy efficiency; and,
- New electrical transformers will reduce energy loss and comply with latest codes for energy efficiency

Resident Business: Yes

Task Order Amount: \$7,484,000

Procurement Method: On Call General Contractor Task Order

Task Order Bids:

<i>Bidders</i>	<i>Price</i>
Jeffrey Brown Contracting Towson, MD	\$7,484,000
Plano Coudon, Inc. Baltimore, MD	\$7,989,000
Brawner Builders, Inc. Hunt Valley, MD	\$9,639,200

MBE Participation: 30.00%
Sub-goals: 7% African American
4% Asian American

5-C. UNIVERSITY OF MARYLAND, BALTIMORE (cont'd)
Central Electric Substation and Electrical Infrastructure Upgrades Phase 1B

Performance Security: 100% performance bond

Requesting Institution Remarks: The solicitation was bid among all six on-call general contractors. Three contractors submitted bids. Award is recommended to Jeffrey Brown Contracting, LLC.

Sustainability: The demolition of the existing Recycling Center and construction of the North Switching Station will result in the use of energy efficient HVAC and building insulation systems. All motors utilized will be premium efficiency and controlled by variable frequency drives where applicable. The building lighting system is designed with LED fixtures and zoned switching. All the new electrical equipment will comply with the latest Department of Energy codes for energy efficiency and losses. Because cables, switchboards, and building switchgear do not “consume” energy, then there is no opportunity to increase the efficiency with its design.

Fund Source: MCCBL 2019: \$8,564,000 - *Provide funds to begin construction of an electric substation, recycling center, and electrical infrastructure upgrades for the University of Maryland, Baltimore, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project.* Item 233

7-RP. SALISBURY UNIVERSITY
Real Property Acquisition of 108 Pine Bluff Road

Recommendation: That the Board of Public Works approve the acquisition by Salisbury University of 108 Pine Bluff Road in Salisbury, Maryland.

Authority: §12-104 (h), Education Article, Annotated Code of Maryland

Property: 108 Pine Bluff Road, Salisbury, MD 21801

Grantor: Nicole Pine Bluff, LLC

Grantee: State of Maryland for the use of the University System of Maryland on behalf of its constituent institution Salisbury University

Price: \$360,000

Appraised Value: W. R. McCain & Associates \$370,000
Trice Group, LLC \$350,000

Fund Source: Plant Funds

Board of Regents Approval: June 19, 2020

Requesting Institution Remarks: Salisbury University requests approval to acquire a fee simple interest in one parcel totaling 0.34 acres from Nicole Pine Bluff, LLC. The property has one recently renovated, freestanding office building (1,928 square feet +/-) located on it. The property is located immediately south of the campus, adjacent to the recently purchased property at Court Plaza, which is to become a new 750-bed housing project for the university to replace 604 on-campus beds in aging residence halls.

The property is also strategically located directly between the Court Plaza property and Wesley Drive, which will serve as the main corridor for students traveling between the housing development and main campus. Along with planned Wesley Drive construction, portions of the parcel are also expected to be developed to create a bike trail and connecting pedestrian path for students traveling to and from main campus. A direct sight line, dedicated sidewalks and enhanced lighting will provide a safe and secure path for students residing in the housing development.

**8-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK
*School of Public Policy, Construction Management Bid Package 2 of 2***

Contract ID: Construction Management at Risk Services for
School of Public Policy, Contract No.: 43308

Recommendation: Award of Bid Package 2

Contractor: J. Vinton Schafer & Sons, Inc., Abingdon, MD

Prior Approval: USM Item 2-C (10/4/2017) (pre-construction services)
USM Item 6-C-MOD (10/16/2019) (contract term extension)
USM Item 2-C-BP (11/20/2019) (Bid Package 1)

Project: This office/classroom building project will provide 73,310 GSF/39,980 NASF of space for the School of Public Policy to meet its strategic plan goals for growth as well as allow the School to consolidate operations in a single location (by vacating Van Munching Hall and two other campus buildings). This project will enhance the ability of the School of Public Policy to become one of the top-ten public policy programs in the nation.

Modification: The building size has increased to 77,556 GSF/40,032 NASF to accommodate the additional faculty and staff required to support significantly faster than anticipated growth of the undergraduate program. The University originally projected that the School of Public Policy would have 240 full-time undergraduate students by 2020 and 540 by 2025. The undergraduate program has grown much faster than projected. As of 2019, the School had 298 undergraduate students and now projects it will have 700 by 2024.

Bid Package Description: Bid Package 2 consists of all remaining trade packages to complete the project including: general construction, landscape and site improvements, concrete, masonry, structural steel and miscellaneous metals, roofing, waterproofing, building envelope, interior storefronts, drywall and finishes, painting, elevators, MEP trades, fixed furniture, fire suppression, AV, and IT

The University anticipates the final value of the construction contract will be approximately \$52.3 million. The University estimates the overall project cost at \$62.4 million, which includes design, construction, and equipment. The increase to the overall project cost is due to a very busy construction market in the region combined with the limited availability of skilled labor resulting in higher costs than originally projected.

Contract Term: 10/4/2017 – 4/18/2024

This Bid Package Amount: \$46,442,644

8-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
School of Public Policy, Construction Management Bid Package 2 of 2

Current Contract Amount: \$5,951,174

Revised Contract Amount: \$52,393,818

Funding: MCCBL 2019: *Provide funds to complete design and continue construction of the School of Public Policy Building, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project.* Item#19-306: \$6,910,726
MCCBL 2020: *Provide funds to continue construction of the School of Public Policy Building.* Item#20-602: \$5,000,000
UMCP Institutional Funds: \$2,500,000 (See Requesting Institution Remarks)
Non-Budgeted Funds: \$32,031,918

MBE Participation Goal: Overall: 30%; Subgoals: 7% African American; 4% Asian American

MBE Compliance: 7% (only 4% of the work on the project has been performed to date)

Performance Security: Equal to contract amount

Requesting Institution Remarks: This Construction Management at Risk contract was initially awarded for pre-construction early in the design phase. As design progressed and design information became available, the contractor sequentially and competitively bid construction packages. This is the second bid package of two and includes all remaining construction services to complete the project. The Board of Public Works approved certain budget reductions on May 20, 2020 (Secretary's Agenda, Item 16-GM) resulting in a \$31 million reduction in MCCBL 2020 funds (Item #20-601). UMCP is prepared to provide a bridge loan through the use of Institutional Funds, if necessary, until decisions on funding sources are finalized. UMCP will seek restoration of the \$5 million in FY 22 and the restored funds will reimburse the bridge loan if necessary

Sustainability: The design of the project complies with the Maryland State High Performance Green Building Program and will achieve a LEED Silver rating. The project includes the following sustainable features: high efficiency HVAC systems, energy efficient LED lighting, water-saving plumbing fixtures, low VOC emitting materials, reflective roofing, high R-value building envelope, roof trellis/shade feature, automatic shades, and storm water management ponds with regional landscaping material.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

1-AE. MARYLAND AVIATION ADMINISTRATION (cont'd)

MBE Participation: 28%

VSBE Participation: 1%

Incumbents: Airport Design Consultants, Inc., The Temple Group Inc., ED3 Consultants, Inc., and Brudis & Associates, Inc.

Requesting Agency Remarks: The solicitation was advertised on eMaryland Marketplace, in The Daily Record, and on the Maryland Department of Transportation Maryland Aviation Administration's website. A total of six (6) consultant firms submitted Technical Proposals for this project.

Technical proposals were received January 7, 2020. A review of the technical proposals submitted by two (2) offerors revealed the proposals did not conform in all material respects to the requirements of the solicitation. Those proposals were therefore rejected as not susceptible of being selected for award. No protests were filed.

The consultants shall assist in continuous CMI services at BWI Thurgood Marshall and MTN Airports. Typical tasks for this project may include, but are not limited to:

- CMI Services for various projects with an estimated construction cost of \$50 million or less.
- Building Permit Plan Review and Inspection services consisting of electrical, mechanical, plumbing and occasionally structural plan review.
- Fire Protection Inspections and Compliance Support conducting design reviews, fire protection shop submittal reviews, construction in-progress inspections, and construction final inspections and acceptance tests.
- MBE/DBE/VSBE Compliance Support at BWI Thurgood Marshall and MTN Airports. These services will consist of contract compliance support services to monitor MBE, DBE, and VSBE contract goals for assigned projects

2-M. MARYLAND AVIATION ADMINISTRATION
Maintenance Contract

Contract ID: Public Address and Emergency Evacuation Notification System Repair and Maintenance at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport; *MAA-MC-21-005*
ADPICS No.: MAAMC21005

Contract Description: This contract provides for all general and preventive maintenance consisting of repairs, replacements and/or installations for the Public Address and Emergency Evacuation Notification System (PAEENS) at BWI Thurgood Marshall Airport.

Award: Levin Professional Services d/b/a
Washington Professional Services, Inc. (WPS)
Wheaton, MD

Contract Term: 10/01/2020* - 09/30/2025 (*or earlier upon BPW approval)

Amount: \$2,718,774 NTE

Procurement Method: Competitive Sealed Proposal (Single Proposal Received)

Proposal: Washington Professional Services, Inc.
Wheaton, MD

MBE Participation: 0% (see remarks)

Living Wage Eligible: Yes

Performance Security: 100% Performance Bond

Incumbent: Washington Professional Services, Inc.

Requesting Agency Remarks: The solicitation was advertised on eMaryland Marketplace Advantage on March 6, 2020. Due to the proprietary nature of the system, only factory certified contractors may work on the system. Innovative Electronic Designs, the manufacturer of the system, routinely does not provide these services. However, Innovative Electronic Designs authorizes Value Added Resellers to perform service requests. Innovative Electronic Designs performs major service request when authorized Value-Added Resellers are unable to resolve major issues.

The Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) identified three (3) factory certified Innovative Electronic Designs contractors and directly solicited each prospective offeror. One (1) proposal was received.

2-M. MARYLAND AVIATION ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

MDOT MAA contacted the potential offerors that did not propose to ascertain why they did not submit an offer. The reasons provided were they could not meet the required response time for incidents and repairs; they do not have a local office and they were not able to secure a subcontractor to submit a competitive offer.

Arima Technologies, LLC., a certified small business contractor indicated they did not have the capability to perform the requirements of the contract, therefore they decided to subcontract with WPS. WPS and Arima have a demonstrated working relationship on integration projects.

Pursuant to COMAR 21.05.05, Sole Source Procurement, MDOT MAA determined that a sole source procurement resulting from a single bid is appropriate. MDOT MAA compared the annual maintenance contract cost of \$312,605 to the 2015 annual preventive maintenance cost of \$357,143 and considers the price fair and reasonable.

There was no MBE goal designated for this contract, because there are no known Innovative Electronic Designs MBE authorized providers in the MDOT directory. The PAEENS is a proprietary system which limits subcontracting opportunities.

WPS has been in business for 35 years, demonstrating their extensive experience maintaining the PAEENS system at various airport facilities. WPS submitted a detailed and comprehensive maintenance plan for the ongoing maintenance required for the contract. WPS has a working relationship with the proposed sub-contractor and the team possess the experience and qualifications to perform their respective tasks.

3-EX. MARYLAND AVIATION ADMINISTRATION
Expedited Procurement Report

EXPEDITED PROCUREMENT REPORT - (COMAR 21.02.01.05A(3)(b))

Contract ID: Operation and Management of the Public Automobile Parking Facilities at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport and BWI MARC Rail Station Parking Garage; *MAA-SV-21-002*

Expedited Procurement Approval: DOT Agenda 06/17/2020, Item 18-EX

Contract Description: This project consists of the management, operation and maintaining of the existing public automobile parking facilities and related services for airline passengers, tourists, the general public, and all other users of the Airport and MARC Rail Station Parking Garage.

Date of Award: 07/01/2020

Award: SP Plus Corporation
Cleveland, OH

Amount: \$6,489,994

Term: 07/01/2020 – 06/30/2021

Procurement Method: Expedited Procurement (Non-Competitive Selection)

Proposals: SP Plus Corporation \$6,489,994

ACDBE Participation: 25%

Performance Security: 50% Performance and Payment Bond

Requesting Agency Remarks: This contract allows for the continuity of public automobile parking concession services for the BWI Thurgood Marshall Airport's public parking facilities and BWI MARC Rail Station Parking Garage.

MDOT MAA directly solicited SP Plus Corporation to perform operation and management services. SP Plus held the revenue producing contract for these services. Due to the COVID-19 pandemic and its detrimental impact to parking operations, the revenue that was expected to be earned from the revenue producing contract is no longer available to properly operate and manage the parking facilities. This one (1) year expenditure contract allows SP Plus to continue providing services to BWI Thurgood Marshall Patrons without any necessary training or gap in services.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

3-EX. MARYLAND AVIATION ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

During the one (1) year term of this contract, MDOT MAA will continue its solicitation process for a new parking concession services contract. MDOT MAA anticipates having a new concession contract in place and effective July 1, 2021.

4-AE- MOD. MARYLAND TRANSPORTATION AUTHORITY
Modification: Architecture/Engineering Contract

Contract ID: Electronic Toll Collection Project Management Services; AE-2853-000-001/6

Contract Approval: DOT Agenda Item 3-AE, 12/17/2014

Contractor: Jacobs Engineering Group, Inc.
Baltimore, MD

Contract Description: This contract provides Electronic Toll Collection (ETC) and related systems consulting services for the MDTA for a six (6) year period.

Modification Description: The Maryland Transportation Authority (MDTA) is requesting approval of a two (2) year extension and \$2,000,000 contract modification. This will allow MDTA to continue activities on active task orders and ensure continuity of services.

Original Contract Term: 12/22/2014 – 12/21/2020

Modification Term: 12/22/2020 - 12/21/2022

Original Contract Amount: \$6,000,000

Modification Amount: \$2,000,000

Prior Mods/Options: N/A

Revised Total Contract Amount: \$8,000,000

Percent +/- Changes: +33.33%

Original Procurement Method: Competitive Sealed Proposal

MBE Participation: 7%, with no Sub-goals

MBE Compliance: 6.40%

Requesting Agency Remarks: This consulting contract provides services related to managing the ETC3G contracts. The transition is scheduled for September 2020 and services will need to be continued throughout 2021 until new consulting contracts are procured. The procurement process for the new services has been started but is not expected to be completed until Fall of 2021.

4-AE. MARYLAND TRANSPORTATION AUTHORITY (cont'd)

Agency Remarks (cont'd):

Currently, one of the major tasks under this contract is the management of the transition to the new ETC3G systems. Although this is a significant contract modification, because of the timing of this task, the MDTA has determined that it is in the State's best interest and that it would not be feasible to procure new contracts to complete the transition work for the ETC 3G. Due to the complexity of the project, the transition requires staff continuity through the entire testing and implementation process. The project teams are well established with substantial investments in staff relocation, project orientation, training, and document control procedures. The project would incur significant costs, schedule days and additional risk if we were to transition to new teams, therefore, to ensure continuity of services and the critical path for the entire task, this modification is necessary. All other conditions and requirements pertaining to the contract shall remain the same.

Once the transition is complete and the punch list and major system work is complete and in the operations phases, the MDTA will be at a point where transition to new consulting teams from the new procurement can be done without the costs and risks faced during the transition period.

ACTION AGENDA
August 12, 2020

6-GM-MOD. MARYLAND TRANSPORTATION AUTHORITY (cont'd)

Prior Mods/Options:	\$172,590,597 (See Attachment I)
Revised Total Contract Amount:	\$358,791,528 (not including possible future option)
Percent +/- Change:	0%
Overall Percent +/-:	+213.73% (Modification No. 1-27 plus Option Nos 1 & 2)
Original Procurement Method:	Competitive Sealed Proposals
MBE Participation:	25.61%
MBE Compliance:	22.23%

Requesting Agency Remarks: Contract MA 549-000-006 was competitively solicited and awarded to ACS State and Local Solutions, Inc., October 19, 2005 (BPW Item 15-GM), for the Replacement Toll Collection, Transaction Processing, Reconciliation, and Reporting system, plus operation of the MDTA Customer Service Center, related to the Electronic Toll Collection Systems Replacement and Operation. To date, 27 modifications have been approved on this project totaling \$358,791,528 (See Item 9-GM Mod of the 12/07/2017 BPW Agenda). The contract expiration date for this Item is March 6, 2021.

Currently, the MDTA wishes to change multiple cost components of the contract representing a total increase of \$11,429,876 and a total decrease \$11,429,876 resulting in a \$0 change to the overall contract total. At the same time as the above modification, the MDTA also wishes to exercise Renewal Option No.2 as approved in BPW Item 9-GM-MOD dated December 7, 2017 and extend the original contract term by a period of six (6) months until March 6, 2021 to allow time for the replacement Third Generation (3G) contract to go live. A sum of \$16,248,957 was set aside for this 6-month renewal option but the MDTA has sufficient funds remaining in this contract and will not be requesting these additional funds with this renewal option.

A 25.61% Minority Business Enterprise (MBE) overall goal was established for this contract and the contractor is currently achieving 22.23% in MBE participation based on the expenditures to date.

7-RP. MARYLAND PORT ADMINISTRATION
Real Property – Easement

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) exchange of perpetual easements.

Authority: Transportation Article, §6-204 (k) (1)
Annotated Code of Maryland

Property: MC# 20-4017
Hawkins Point Marine Terminal, a perpetual easement (13,512 square feet or 0.310 acre of land ±) and associated riparian rights, located in Baltimore City.

Grantor: State of Maryland, MDOT MPA

Grantee: Baltimore Gas & Electric Company

Consideration: \$0 (see below for details)

Appraised Value: N/A

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: N/A

Requesting Agency Remarks: To continue electric service to the Baltimore area, the Baltimore Gas & Electric Company (BGE) will retire in place existing underwater lines across the bottom of the Baltimore Patapsco River and replace them with a new high voltage transmission system attached to towers above the water. BGE obtained a Certificate of Public Convenience and Necessity (CPCN) for this project from the Maryland Public Service Commission on February 12, 2020, PSC Case No. 9600. Recommendations in support of this project were received from seven (7) state agencies: The Departments of Natural Resources, Environment, Agriculture, Commerce, Planning, and Transportation, and the Maryland Energy Administration. These recommendations were incorporated into the CPCN. The seven (7) agencies were informed that the easement from the MPA to BGE would need to be done in order to make this project happen.

On March 11, 2020, the Maryland Board of Public Works and the Maryland Department of Environment recommended approval of a tidal wetlands license for this project. The Board of Public Works approved the tidal wetlands license on April 1, 2020, Secretary's Agenda Action Item #3.

ACTION AGENDA
August 12, 2020

7-RP. MARYLAND PORT ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

Easement Exchange: As part of this project, one of the towers and transmission lines will be placed on the MDOT MPA's land at its Hawkins Point Marine Terminal. MDOT MPA intends to grant a perpetual easement consisting of 0.31 acre of land +/- and associated riparian rights to BGE for the tower and transmission lines. In consideration for the easement, BGE will grant an easement for 2.18 acres of BGE's property adjacent to the Hawkins Point Marine Terminal to the MDOT MPA at the completion of BGE's project in December 2022, to be used as an extension of MDOT MPA's Hawkins Point Marine Terminal.

8-M-MOD. MARYLAND TRANSIT ADMINISTRATION
RETROACTIVE: Modification – Maintenance Contract

Recommendation: That the BPW ratify the Maryland Department of Transportation Maryland Transit Administration’s (MDOT MTA) payment of compensation to a vendor who provided the MDOT MTA with services that exceeded the approved contract value and services after the contract expired.

Authority: State Finance & Procurement Article, § 11-204(c);
Annotated Code of Maryland

Contract ID: Metro Division Landscaping and Ground Maintenance Services;
T-8000-0449

Contract Description: This contract provides grounds maintenance, the planting or replacement of trees & shrubs, and trash removal services for MDOT MTA’s Metro SubwayLink division.

Modification Description: Modification No. 2 increases the contract authority and extends the contract for six (6) days.

Vendor: The Arc Baltimore
Baltimore, MD

Original Contract Term: 09/01/2014 – 08/31/2019

Modification Terms: 06/01/2019 – 07/31/2019 (for contract authority)
09/01/2019 – 09/30/2019 (for contract authority)
11/01/2019 – 11/14/2019 (for contract authority)
11/15/2019 – 11/20/2019 (for contract authority & additional time)

Original Contract Amount: \$1,706,242

Modification Amount: \$ 76,213

Prior Mods/Options: \$ 50,000 (Mod. No. 1; DCAR 08/29/2019)

Revised Contract Total: \$1,832,455

Percent +/- Change: 3% (Modification No. 1)
4% (Modification No. 2; *this agenda item*)

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

8-M-MOD. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Overall Percent +/-: 7%

Original Procurement Method: Preferred Provider

MBE Participation: 0%

MBE Compliance: 0%

Requesting Agency Remarks: Retroactive approval is being requested pursuant to State Finance & Procurement Article §11-204(c). These contracts should be treated as voidable, rather than void, because: 1) all parties have acted in good faith; 2) ratification of the procurement contract would not undermine the purposes of the procurement law; and 3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the procurement law.

This contract provides MDOT MTA with landscaping maintenance services at 26 locations along the Metro SubwayLink line between the months of March and November. The services include grounds maintenance, the planting or replacement of trees & shrubs, and trash removal.

This contract was originally awarded by the Board of Public Works on 08/13/2014 as MDOT Item 12-M. Over the course of the contract, MDOT MTA used more monies than the Board of Public Works had granted authority to use. Services that were performed the months of June, July, and September and between 11/01/2019 to 11/20/2019 exceeded the approved contract value. In addition, MDOT MTA continued to utilize this vendor's services after the expiration of the contract between 11/15/2019 to 11/20/2019. MDOT MTA overspent the contract by \$76,213.

9-C. **MARYLAND TRANSIT ADMINISTRATION**
Construction Contract

Contract ID: BaltimoreLink Dedicated Bus Lanes Rehabilitation; T-1469-0440
ADPICS No.: T14690440

Contract Description: This contract provides for the rehabilitation of dedicated bus lanes in downtown Baltimore, used by the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA).

Award: P. Flanigan & Sons, Inc
Baltimore, MD

Contract Term: 09/03/2020* – 04/01/2021 (*or earlier upon BPW approval)

Amount: \$1,989,382

Procurement Method: Competitive Sealed Bidding

Bids: P. Flanigan & Sons, Inc. \$1,989,382
Baltimore, MD

Concrete General, Inc. \$2,520,619
Gaithersburg, MD

MBE Participation: 29%

Performance Security: Performance & Payment Bonds at 100% of the Contract Amount

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace Advantage on February 21, 2020, notifying 29 vendors. The bid opening was conducted on April 13, 2020.

This contract provides for the rehabilitation of dedicated bus lanes in downtown Baltimore, by removing existing pavement marking and color surface treatment by hydro-blasting. In addition, the contractor will install/place new pavement markings, bus lane pavement color surface treatment, signs, and signposts. This work will be completed on Baltimore, Fayette, Gay, N. Charles and Saint Paul/Light Streets.

MDOT MTA has confirmed P. Flanigan & Sons, Inc.'s bid price for the full scope of work required under this contract.

The MBE goal established for this contract is 29% and P. Flanigan & Sons, Inc. has committed to the goal.

11-E. MARYLAND TRANSIT ADMINISTRATION
Equipment Contract

Contract ID: Bus Frame Straightening Machine; *BM-19-1002*
ADPICS No.: BM-19-1002

Contract Description: This contract provides the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Bus Maintenance division with a bus frame straightening machine.

Award: Bee Line Company
Bettendorf, IA

Contract Term: 09/03/2020* – 03/02/2021 (**or earlier upon BPW approval*)

Amount: \$186,953

Procurement Method: Sole Source

MBE Participation: 0% (Single Element of Work)

Incumbent: None

Requesting Agency Remarks: The MDOT MTA's Bus Maintenance division requires a bus frame straightening machine. This machine will fix deformed chassis and suspensions on MDOT MTA's buses, bringing damaged buses back to factory specifications. The contractor will deliver, test, and install the equipment, and provide training to MDOT MTA personnel.

Bee Line Company is the only contractor who has developed a bus frame straightening machine that is compatible with MDOT MTA's buses. Bee Line Company is the sole provider and sole licensee of the equipment that MDOT MTA requires.

MDOT MTA has determined that the price offered is fair and reasonable for the services to be provided, based on market price.

12-M. MARYLAND TRANSIT ADMINISTRATION
Maintenance Contract

Contract ID: Metro Standpipe Maintenance; *MTR-20-011-MT*
ADPICS No.: MTR20011MT

Contract Description: This contract provides for the inspection, testing and maintenance of fire standpipe systems throughout the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Metro SubwayLink system.

Award: Advanced Fire Protection Systems, LLC (Certified Small Business)
Baltimore, MD

Contract Term: 09/03/2020* - 09/02/2022 (*or earlier upon BPW approval)

Amount: \$313,505

Procurement Method: Negotiated Award After Unsatisfactory Competitive Sealed Bidding

Bids: Advanced Fire Protection Systems, LLC \$1,547,856
Baltimore, MD

Living Wage Eligible: Yes

MBE Participation: 3%

Incumbent: BFPE International, Inc.
Hanover, MD

Requesting Agency Remarks: In 2019, MDOT MTA attempted to replace its incumbent fire suppression system inspection & testing services contract with an Invitation for Bids (IFB). Contract No. MTR-19-020-MT was advertised on July 31, 2019. Twenty potential bidders were notified via eMaryland Marketplace Advantage (eMMA) and five (5) contractors were directly solicited. The bid opening was conducted on October 10, 2019. The incumbent, BFPE International, Inc. (BFPE), submitted the only bid.

MDOT MTA decided to cancel the solicitation and reject the one (1) bid received. In an effort to encourage competition, these services were split into two (2) separate procurements; Contract No. MTR-20-012-MT for Metro Fire Protection Equipment Maintenance and Contract No. MTR-20-011-MT - Metro Standpipe Maintenance.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

12-M. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

The solicitation for Contract No. MTR-20-011-MT was advertised on eMMA on May 7, 2020 notifying 51 vendors. Copies of the solicitation notice were sent directly to seven (7) prospective vendors. One (1) bid was received on May 28, 2020 from Advanced Fire Protection Systems, LLC (Advanced Fire).

Based on the history of single bids received as the result of two (2) IFBs and the lack of interest among local, qualified contractors to perform this service, MDOT MTA canceled the solicitation and rejected the one (1) bid, and in accordance with COMAR 21.05.04.01, determined that it is in the State's best interest to proceed with Procurement by Negotiated Award After Unsatisfactory Competitive Sealed Bidding.

MDOT MTA carefully reviewed the requirements and quantities of the scope of work. Reaching out to Advanced Fire, a detailed discussion on the scope took place to ensure there was a mutual and consistent understanding of the scope. MDOT MTA then engaged in pricing negotiations and on July 2, 2020, all parties agreed to a base contract term of two years at \$313,505.

The contract provides for the vendor to perform inspections, tests, and repairs to Metro SubwayLink's fire standpipe systems. This includes fire standpipe systems located in select Metro SubwayLink stations, street level value pits, and line vent shaft value pits.

The MBE goal established for this contract is 3% and Advanced Fire has committed to the goal.

Advanced Fire is a State-certified Small Business.

Contract ID: Metro Fire Protection Equipment Maintenance; *MTR-20-012-MT*
ADPICS No.: MTR20012MT

Contract Description: This contract provides for the inspection, testing and maintenance of fire protection equipment throughout the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Metro SubwayLink system.

Award: BFPE International, Inc.
Hanover, MD

Contract Term: 09/3/2020*- 09/2/2023 (**or earlier upon BPW approval*)
(with one 2-year option)

Amount: \$1,530,240 NTE (Base Contract, 3 Years)
\$1,020,160 NTE (Renewal Option No. 1, Years 4 & 5)
\$2,550,400 NTE (Total, 5 Years)

Procurement Method: Negotiated Award After Unsatisfactory Competitive Sealed Bidding

Bids: BFPE International, Inc. \$3,260,221
Hanover, MD

Living Wage Eligible: Yes

MBE Participation: 5%

Incumbent: BFPE International, Inc.

Requesting Agency Remarks: In 2019, MDOT MTA attempted to replace its incumbent fire suppression system inspection & testing services contract with an Invitation for Bids (IFB). Contract No. MTR-19-020-MT was advertised on July 31, 2019. Twenty potential bidders were notified via eMaryland Marketplace Advantage (eMMA) and five (5) contractors were directly solicited. The bid opening was conducted on October 10, 2019. The incumbent, BFPE International, Inc. (BFPE), submitted the only bid.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

13-M. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

MDOT MTA decided to cancel the solicitation and reject the one (1) bid received. In an effort to encourage competition, these services were split into two (2) separate procurements: Contract No. MTR-20-012-MT for Metro Fire Protection Equipment Maintenance and Contract No. MTR-20-011-MT - Metro Standpipe Maintenance.

The solicitation for Contract No. MTR-20-012-MT was advertised on eMMA on May 7, 2020, notifying 55 vendors. Copies of the solicitation notice were sent directly to seven (7) prospective vendors. One (1) bid was received on May 28, 2020 from the incumbent, BFPE.

Based on the history of single bids received as the result of two (2) IFBs and the lack of interest among local, qualified contractors to perform this service, MDOT MTA canceled the solicitation and rejected the one (1) bid, and in accordance with COMAR 21.05.04.01, determined that it is in the State's best interest to proceed with Procurement by Negotiated Award After Unsatisfactory Competitive Sealed Bidding.

BFPE submitted a revised pricing on June 23, 2020. This pricing was still over the budgeted amount. MDOT MTA revised the specifications and quantities in an effort to narrow the gap between budget and pricing, while still meeting safety and reliability requirements. On July 2, 2020, all parties agreed to a three (3) year contract, with one (1), two (2) year option at a total price Not to Exceed of \$2,550,400.

The contract provides for the vendor to perform inspections, tests, and repairs to Metro SubwayLink's fire protection equipment. This includes fire protection equipment located in Metro SubwayLink stations, street level value pits, and line vent shaft value pits, maintenance facilities, operations control center, systems buildings, and traction power substations.

The MBE goal established for this contract is 5% and BFPE has committed to the goal.

State Finance and Procurement Article, §4-415(b)
Annotated Code of Maryland

Property: MC# 19-5092
Timonium Light Rail Station MTA Right-of-Way Drainage
Easement (0.031 acres +/-), located in Baltimore County, MD.

Grantor: State of Maryland, MDOT MTA

Grantee: Kaiser Foundation Health Plan of the Mid-Atlantic States
(Kaiser Permanente)

Consideration: \$8,150

Appraised Value: \$8,150 – S.H. Muller & Associates, LLC (Selected)
William T. Caffrey, Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20200205-0098. It is recommended to declare the +/- .031-acre drainage easement near the Timonium Light Rail surplus to the needs of the state for use as drainage of the adjacent property, contingent upon consideration of the Maryland Department of the Environment and Baltimore County's qualifying comments.

Requesting Agency Remarks: MDOT MTA intends to grant a 0.031 acre or 1,356 SF +/- Perpetual Easement to Kaiser Permanente, for the purpose of providing drainage from their adjacent private development. Easements are noted in the Consent Agreement between MDOT MTA, MDOT State Highway Administration, Baltimore County and TLR Land & Kaiser Permanente. MDOT MTA proposes to dispose of the subject property to Kaiser Permanente, by Deed of Easement in the amount of \$8,150 which is 100% of the appraised value. The BPW deemed the subject real property as surplus to the agency needs on May 20, 2020.

16-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Surplus

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) deeming real property as surplus as it is excess to the agency’s needs.

Authority: Transportation Article, § 10-305
State Finance and Procurement Article, § 7-204
Annotated Code of Maryland

Property: MC # 19-5095
Dorsey MARC Station Sewer Easement (+/- 0.0187-acre) and
Temporary Construction Easement (+/- 0.0011-acre), located in
Howard County, MD.

Grantor: State of Maryland, MDOT MTA

Grantee: N/A

Consideration: N/A

Appraised Value: \$2,263 – Karen Belinko (Approved)
\$4,500 – Dennis D’Argenio (Selected)
Wesley A. Barkley, Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20200331-0244. It is recommended to declare the +/- 0.0187-acre sewer easement and a 0.0011-acre temporary construction easement at the Dorsey MARC Station property surplus to the needs of the State for transfer to Howard County DPW in exchange for a 1,203-square-foot sewer easement, contingent upon the Maryland Department of the Environment’s qualifying comments.

Requesting Agency Remarks: In 1994, MTA granted Howard County a 1,203 square foot Sewer Easement on the site. At the request of the County, MTA is proposing to exchange the existing Sewer Easement with a new 816 square foot (.0187 acres) Public Sewer and Utility Easement and a 49 square foot (.0011 acres) Temporary Construction Easement located at the southwest corner of the MDOT MTA Dorsey MARC Station property for \$0.00 consideration.

17-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Surplus

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) surplus real property as it is excess to the agency’s needs.

Authority: Transportation Article, § 10-305
State Finance and Procurement Article, § 7-204
Annotated Code of Maryland

Property: MC# 20-5097
Blackiston Road (± 1.2816 acres), located at Blackiston Rd at Roos Ln, Kenton, Delaware 19955, Freight Line 169 near Milepost 4.68

Grantor: State of Maryland, MDOT MTA

Grantee: N/A

Consideration: N/A

Appraised Value: \$12,000 – Laurence Moynihan (Selected)
Neil Mengel, SHA Review Appraiser

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20200507-0349. It is recommended to declare the 1.2816 +/- acres of right-of-way surplus to the needs of the state, contingent upon consideration of the Maryland Department of the Environment’s qualifying comments.

Requesting Agency Remarks: In 2018, MDOT MTA received a request from an adjoining landowner at 248 Blackiston Road to acquire idle Freight Rail Right-of-Way (ROW) associated with Freight Line 169, known as the Clayton-Easton Track. The proposed surplus consists of approximately 1.2816 acres +/- of excess ROW, which extends outside the standard 66’-0” ROW, located near Milepost 4.68. Surplus the idle rail will allow the adjoining owner to construct a shed, driveway and pasture fencing.

MBE Participation: 100%

Performance Security: Annual Renewable Payment and Performance Bonds for 100% of the award amount exists for this contract.

Incumbent: Tri-State Solutions of Maryland, LLC
Columbia, MD

Requesting Agency Remarks: This contract was advertised on eMaryland Marketplace Advantage on May 14, 2019 notifying 17 potential contractors, six (6) of which were MDOT-certified Minority Business Enterprises (MBE's). Bids were opened on June 20, 2019.

The apparent lowest bidder was rejected because they were unable to get the required bonding for this contract. The second lowest bidder originally asked to have their bid withdrawn, however, after several failed attempts to respond to MDOT-SHA as to the reason why they wanted to withdraw their bid, this firm was deemed to be a non-responsible bidder. The third lowest bidder was rejected due to their failure to respond to repeated communication by SHA.

The Maryland Department of Transportation State Highway Administration has confirmed Unified Solutions Services, LLC.'s bid price and work conducted on this contract is performed 100% by a Certified Minority Business Enterprise.

29-RP. STATE HIGHWAY ADMINISTRATION
Real Property – Disposition

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) disposing real property as it is excess to the agency's needs.

Authority: Transportation Article, § 8-309(f)(1)(ii)
Annotated Code of Maryland

Property: MC# 20-2688
Former Fisherman's Inn, Inc. (0.144 acres ±), located between MD 18 (Kent Narrow Way) and Main St in Grasonville, Queen Anne's County.

Grantor: State of Maryland, MDOT SHA

Grantee: Schulz Development, LLC, a Maryland limited liability company

Consideration: \$60,000

Appraised Value: \$75,650 – Thomas B. Herbert (Selected)
\$98,000 – Dennis R. D'Argenio (Approved)
Neil Mengel, Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: N/A

Requesting Agency Remarks: In 1989, MDOT SHA acquired the property from Fisherman's Inn, Inc. for the US Route 50/301 East of Piney Creek to West of Muddy Creek. The subject is no longer needed by MDOT SHA. MDOT SHA proposes to convey the subject property to an adjoining owner through a negotiated sale of \$60,000 which is 80% of the appraised value.

30-S -OPT. STATE HIGHWAY ADMINISTRATION
Renewal Option: Service Contract

Contract ID: Provide accurate and timely year-round atmospheric and specified pavement weather forecast products and analysis; J02B6400016
ADPICS No.: J02B6400016

Contract Approved: DOT Agenda 10/04/2017, Item #4-S

Contractor: DTN, LLC (formerly Iteris, Inc.)
Norman, OK

Contract Description: Provide accurate and timely year-round atmospheric and specified pavement weather forecast products and analysis.

Option Description: The Maryland Department of Transportation State Highway Administration (MDOT SHA) would like to exercise renewal option one (1) with the same contract terms, for a maximum of one (1) additional two (2) year period for the subject contract. This will add an additional 730 calendar days of continued weather and pavement forecasting services provided by the contractor while creating a mechanism for compensation to the contractor for the additional services.

Original Contract Term: 10/05/2017 -10/04/2020

Option Term(s): 10/05/2020 - 10/04/2022

Original Contract Amount: \$386,340

Option Amount: \$273,960

Prior Mods/Options: None

Revised Total Contract Amount: \$660,300

Percent +/- Change: 70.90%

Overall Percent +/-: 70.90%

Original Procurement Method: Multi-Step Competitive Sealed Bidding

MBE Participation: 0%

MBE Compliance: 0%

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
August 12, 2020

30-S-OPT. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks: The purpose of this contract is to provide weather and pavement forecasting services to assist MDOT SHA and MDTA with their responsibility for snow and ice control on the interstate, primary and secondary State maintained roadways (State numbered routes). As the State becomes involved in winter operations, it relies on a forecasting service provider to provide critical weather and pavement forecasting services. This service provides information on anti-icing activities, predictions of snow, freezing precipitation, winds, and pavement temperatures so MDOT SHA and MDTA can make cost effective decisions in allocating crews and determining what type of chemicals to apply to pavement surfaces. These actions must be based on accurate weather and pavement forecasts. Accordingly, accurate weather and pavement forecasts are critically important to public safety, the State's economy, and the environment.

31-RP. THE SECRETARY OFFICE
Real Property – Interagency Transfer

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) transferring real property to the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA).

Authority: Transportation Article, §8-309
Annotated Code of Maryland

Property: MC# 19-1088
G.B.H.R. Corporation (3.691 acres ±), located at the intersection of William Street and Loudon Avenue in Howard County.

Grantor: State of Maryland, MDOT SHA

Grantee: State of Maryland, MDOT MAA

Consideration: \$1.00

Appraised Value: \$580,000 – Melville Peters, (Selected)
\$422,550 – Joan Derby, (Approved)
William Caffrey, Review Appraiser

Special Conditions: Sale is subject to a reversionary condition stipulating that the property would revert to MDOT SHA should the property not be used for a public purpose.

Legislative Notice: Notice was sent to the Senate Budget and Taxation Committee and the House Appropriations Committee of the General Assembly on December 18, 2019. The 45-day review period expired on February 3, 2020.

State Clearinghouse: The Clearinghouse reviewed subject as a monitor project under MD20200206-0100. Recommendation is not required for interagency transfer.

Requesting Agency Remarks: In 1992, MDOT SHA acquired the above property for the MD Route 100 project. The property is no longer needed by MDOT SHA. MDOT SHA proposes to convey the property to MDOT MAA for \$1.00. MDOT MAA intends to utilize the property to install a noise monitor terminal to measure aircraft noise in the vicinity of BWI Thurgood Marshall Airport and provide data to the noise and operations monitoring system.

This item was withdrawn as Item 14-RP from the 04/22/2020 Agenda.

Recommendation: That the Board of Public Works authorize that funds be encumbered for the following grant:

Anne Arundel Community College

Health Science & Biology Building - Construction

The scope of work for this project is to construct a new 106,188 NASF/175,210 GSF Health Sciences and Biology Building on the main campus of Anne Arundel Community College in Arnold, MD. The college had originally proposed to renovate and expand the Florestano Building on the Arnold campus, which currently houses the Nursing program. However, upon further review, the college now proposes the construction of a new building adjacent to the main core of buildings on the campus (Florestano is located slightly to the west). Upon completion of the building, the biology program as well as the health programs will occupy the new space.

Upon completion, the envisioned new building aims to double the amount of assignable square footage for these two programs. About a quarter of the new building will be used for administrative purposes, while the rest of the building is for lab and classroom space. The particular demands of the disciplines planned for this space increases the NASF requirements significantly. Further, housing two science departments in one building increases the amount of NASF needed.

*MCCBL 2020 Provides funds to continue the construction of the Health & Science Building. Item121 (CC-11-MC18/19/20-450) **\$26,928,392.00***

Matching Fund: Anne Arundel Community College – **\$26,928,392.00**. Cost sharing is 50.0% for the State, 50.0% local share and is in accordance with Section 11-105(j) of the Education Article.

Recommendation: That the Board of Public Works authorize that funds be encumbered for the following grant:

Hagerstown Community College

Center for Business Entrepreneurial Studies – Construction & Equipment

The project is to renovate 25,649 NASF/34,089 GSF of the Technical Innovation Center and construct a small expansion. The new building will be called Center for Business Entrepreneurial Studies (CBES). The renovation will create more functional space, upgrade technology, and improve the aesthetics of the building. The building will house its current programs as well as all the business disciplines offered at HCC, including accounting, business, and entrepreneurial studies. This project provides the opportunity to expand economic development efforts in Washington County.

Sustainability is achieved by new high efficient installations of HVAC systems and upgraded electrical system to support the mechanical upgrades as well as the LED lighting installation. The light plan incorporates daylighting, which reduces the impact of electrical usage. All existing plumbing fixtures are being replaced with verified high efficient and performing fixtures and equipment.

MCCBL 2020 *Provide funds to continue the renovation and purchase of equipment for the Center for Business Entrepreneurial Studies.* Item 121; (CC-02-MC18/19/20-461)

\$6,011,000.00

MBE/VSBE Participation: 25% / N/A

Performance Security: Performance and payment bonds for 100% of contract amount

Incumbents: N/A

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on the DGS website and eMaryland Marketplace Advantage on April 28, 2020. Fourteen bids were received and opened on May 27, 2020. A&S Unlimited Construction, LLC has been found responsible and its bid responsive. The bid pricing has been confirmed.

HVAC upgrade work includes the replacement of antiquated systems and devices with new energy efficient equipment along with a new building automation system. Electrical system improvements include replacement of the existing power distribution system and upgrading all interior lighting and controls in accordance with Energy Conservation Code (IECC) 2015. Roof will be replaced with a new system that will increase the insulation to meet current code and control the climate in the building. Windows will be replaced with new energy efficient units to meet current building code and increase thermal performance. Plumbing work includes replacement of all roof drains, interior plumbing fixtures, and cleaning of storm water piping to improve quality of water run-off. A completely new fire alarm system will be installed to further protect the building occupants.

ACTION AGENDA
August 12, 2020**

30-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Invitation for Bid (IFB) was advertised on eMaryland Marketplace Advantage on January 17, 2020, notifying 20 vendors. Copies of the solicitation notice were sent directly to four prospective vendors. The bid opening was conducted on March 3, 2020.

One bidding vendor filed a protest on May 1, 2020 asserting that IPS Lynx, Inc. was not a responsible bidder, nor was its bid responsive to the IFB. The Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) found the protest to be untimely and the assertions to be inaccurate. The protest was denied on June 11, 2020.

On June 25, 2020, the protesting vendor appealed MDOT MTA's decision to the Maryland State Board of Contract Appeals (MSBCA) and the appeal is still under review. In order to protect substantial State interests, MDOT MTA intends to award the contract prior to the final disposition of the appeal ruling.

The aforementioned State's interests are rooted in a settlement, between Disability Rights Maryland (DRM) and MDOT MTA, in August 2016, of a complaint regarding an alleged violation of the ADA. The MDOT MTA has worked diligently to meet all of the terms of the agreement with DRM, but the current contract has a vague scope and a restrictive pricing model which has limited MDOT MTA's ability to fully comply. This contract, MOL-20-001-SR contains all of the provisions necessary to comply with the settlement agreement. Delay in awarding this contract would mean further delaying compliance with the DRM agreement for at best four to five months, and at worst be considered a breach of our agreement with DRM. It would also mean that MDOT MTA would continue to manage the Paratransit program with insufficient reporting, poor metrics, obsolete quality control measures, and out of date staffing requirements. Lastly, the exit provisions of the settlement are dependent upon the new contract award.

The MSBCA was formally notified by MDOT MTA on July 29, 2020 of the agency's intention to award the contract while the appeal is being processed.

As required by the ADA, the MDOT MTA has operated paratransit services for disabled and elderly adults since the late 1990s. A key component of the Paratransit Program involves determining eligibility of applicants and providing formal certification, based upon interviews and physical and/or cognitive functional assessments, to use the door to door paratransit transportation services in lieu of MDOT MTA's fixed-route transit services. The contractor will ensure quality assurance, provide appeals/complaints resolution, and dissect complex medical information to accurately and appropriately assess and grant or deny eligibility to applicants.

 Cohn Reznick; Roseland, NJ (Local Office in Baltimore, MD)
 F. S. Taylor & Associates, P.C.; Largo, MD
 SB & Company, LLC; Owings Mills, MD

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on February 10, 2020.. Copies of the solicitation notice were emailed directly to 66 prospective vendors, including 16 minority businesses and 32 veteran-owned small businesses. A copy was also sent to the Governor's Office of Minority Affairs.

Offers were due on April 6, 2020; 18 offerors submitted proposals, all of which were determined to be responsible and their offers were determined to be reasonably susceptible of being selected for award. All offerors are being recommended for award on this Master Contract, as provided for in the RFP.

The purpose of this contract is to retain licensed Certified Public Accounting Firms and Sole Proprietors to perform Audit Services for State of Maryland agencies. Audit services may be for an entire agency, a specific program or other component of an agency, or a contract being performed for an agency or component program. The Master Contractor performing an audit will provide specific recommendations to correct any deficiencies it discovers and otherwise provide recommendations for improvement in the performance of the agency, program or contract.

Each audit will be competed between master contractors as a TORFP. TORFPs will be issued solely by DGS, as needed. All master contractors will be invited to compete for each TORFP, with the exception of those designated as Small Business Reserve task orders.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
August 12, 2020**

31-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

For each TORFP, Master Contractors may propose labor support within nine labor classifications. The hourly labor rates for each recommended vendor (which have been fixed at a maximum per hour rate) cannot be exceeded. Under the previous contract, the master contractors due to the competitive nature of the secondary competition took advantage of the opportunity to lower their designated rates as they proposed to task orders.

The *Award Amount* above is estimated for a total 5-year period. The actual amount of work resulting from this award is indeterminate and will be monitored by DGS OSP. Should the amount near the estimated total for the 5year period, the Department will seek BPW approval to increase the total contract authority.

A 30% MBE participation goal has been established for the master contract. Each master contract has committed to meeting the goal. Each task order will be reviewed, and MBE goals will further be established based on that scope of work. In addition, there is an overall Veteran-owned Small Business Enterprise (VSBE) participation goal of 5% established for the Master Contracts which each Master Contractor has committed to meet. Each TORFP will establish a specific VSBE participation subcontracting goal for that particular task order. The TORFP specified VSBE subcontracting percentage will typically, but not necessarily always, be at least 5% of the dollar value of all payments made by the State to the Master Contractor under each TORFP.

**33-S. SERVICES CONTRACT
*Maryland Department of Disabilities***

Contract ID: MDOD Money Follows the Person Demonstration (MFP) Peer Outreach and Support – METRO Region; *DEXB 160001*
ADPICS No.: DEXB 160000

Contract Description: Continue the Money Follows Person (MFP) Demonstration to provide peer outreach and support services to interested and eligible Medicaid recipients currently residing in nursing facilities in the METRO Region (Montgomery and Prince George’s Counties) of the State for the purpose of transitioning to independent living in their communities.

Award(s): Independence Now, Inc.; Silver Spring, MD

Term: 08/01/2020 - 06/30/2021 (w/two 1-year renewal options)

Amount: \$ 182,490 (11 Months; Base Term)
\$ 182,490 (Renewal Option No. 1, 1-year)
\$ 182,490 (Renewal Option No. 2, 1-year)
\$ 547,740 Total

Procurement Method: Sole Source (Continuity of Service)

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: This sole source contract will allow the Maryland Department of Disabilities (MDOD) and the Maryland Department of Health (MDH) to continue its partnership in the implementation of peer outreach and support services as part of the final phase of the Maryland Money Follows the Person Demonstration Grant (MFP).

MDH, the single State Medicaid agency, has requested MDOD’s assistance to complete peer outreach and support, Statewide, as part of Maryland’s MFP Grant. MDOD has administered peer outreach and support contracts in eight regions throughout the State since the program’s inception in 2012.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
August 12, 2020**

33-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

MDH has requested MDOD to continue to provide peer outreach and support for the MFP grant's final phase. During the MFP grant demonstration, Independence Now, Inc. has been the peer outreach contractor for the Metro Region, which includes Montgomery and Prince George's Counties.

It was determined that a sole source contract with Independence Now, Inc. for the contract term was in the best interest of the State, for continuity of service. The contractor has hired and trained the peers with disabilities that provide outreach to Medicaid recipients residing in nursing facilities. A new contractor would require significant start-up time to get peers in place and perform the contractual services. It was also determined that the price for this sole source contract is fair and reasonable, based on previously awarded contracts for these services. The \$182,490 contract price represents approximately a 10% increase from the previous contract.

Additional funding from previous years budgeted by MDH's MFP Program for FY21 has allowed for a 10% increase in allocations for the eight contractors providing Peer Outreach and Support Services throughout the state.

The Department holds that this increase is justified for the following reasons:

1.) The contractors have not seen an increase in their budgets since FY18 when a 5% increase was allocated. Prior to FY18, there had not been increases to the contractors' budgets since the program started in 2012.

2.) The Scope of Work has been modified from previous years requiring an increase in frequency of nursing facility visits (from every 90 days to every 45 days with the exception of facilities that have dementia care units); enhanced outreach activities to share resource information on a larger scale and contribute to the development and achievement of independent living goals to ensure successful community living outcomes; and expedited response to a potential surge in nursing facility admissions as a result of the COVID-19 pandemic.

3.) In addition to expected increases in staff time to meet the requirements of the Scope of Work, contractors will need to invest in critical IT infrastructure and remote technology to continue to fulfill the requirements of the contract during times of limited nursing facility access as has been experienced during the COVID-19 pandemic. Funding should also be used to purchase Personal Protective Equipment and outreach and promotional materials as well as to provide necessary peer training on emergency response protocols.

34-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: On February 7, 2020, a notice of the availability of the Invitation for Bids (IFB) was advertised on eMaryland Marketplace Advantage (eMMA). In addition, copies of the solicitation notice were sent directly to 12 prospective vendors, including one MBE. Three bids were received. The recommended contractor has been found responsible, and its bid meets the scope of work and technical requirements set forth in the IFB. Moreover, the price has been determined to be fair and reasonable.

This contract is recruits physicians and physician assistants to determine whether the practitioners under investigation (physicians, physician assistants, and certain allied health practitioners) violated any provisions of the Maryland Practice Act as cited in §14-404 of the Health Occupations Article, Annotated Code of Maryland.

The Board is authorized to discipline physicians when there is a preponderance of evidence of a failure to meet appropriate standards of quality medical and surgical care or a failure to keep adequate medical records.

To do this, the Board requires the services of physician peer reviewers, board certified in various specialties, to render expert opinions as to whether the care rendered by the physician under review met the standards of quality care and/or whether the physician kept adequate medical records. These opinions/reports will be presented to and assist Board members to vote on appropriate case disposition. Also, these peer reviewers may also be required to consult with the Board's administrative prosecutors; as well as, testify as expert witnesses at a hearing that may ensue from their expert opinion.

**35-S. SERVICES CONTRACT
*Department of Disabilities; Money Follows the Person Demonstration Peer Outreach and Support Program***

Contract ID: Money Follows the Person Demonstration Peer Outreach and Support Northern Region; *DEXP 1600002*
ADPICS No.: DEXP 1600002

Contract Description: Continue the Money Follows Person (MFP) demonstration to provide peer outreach and support services to interested and eligible Medicaid recipients currently residing in nursing facilities in Baltimore and Harford Counties for the purpose of transitioning to independent living in their communities.

Award: The IMAGE Center of Maryland; Towson, MD

Term: 08/01/2020 - 06/30/2021 (w/two 1-year renewal options)

Amount: \$ 150,000 (Base Term, 11 Months)
\$ 150,000 (Renewal Option 1, 1-year)
\$ 150,000 (Renewal Option 2, 1-year)
\$ 450,000 Total

Procurement Method: Sole Source

MBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: MDH, the single State Medicaid agency, has requested MDOD's assistance to complete peer outreach and support Statewide as part of Maryland's MFP Grant. MDOD has administered Peer Outreach and Support contracts in eight regions throughout the State since the program's inception in 2012.

It was determined that a sole source contract with IMAGE Center of Maryland for the contract term was in the best interest of the State because the contractor has already hired and trained the peers with disabilities that provide outreach to Medicaid recipients residing in nursing facilities. A new contractor would require significant start-up time to get peers in place and perform the contractual services. It was also determined that the price for this sole source contract is fair and reasonable.

35-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The \$150,000 contract price represents a 10% increase from the previous contract.

Additional funding from previous years budgeted by the MD Department of Health's MFP Program for FY21 has allowed for approximately a 10% increase in allocations for the eight contractors providing Peer Outreach and Support Services throughout the state.

The Department holds that this increase is justified for the following reasons:

- 1.) The contractors have not seen an increase in their budgets since FY18 when a 5% increase was allocated. Prior to FY18, there had not been increases to the contractors' budgets since the program started in 2012.

- 2.) The Scope of Work has been modified from previous years requiring an increase in frequency of nursing facility visits (from every 90 days to every 45 days with the exception of facilities that have dementia care units); enhanced outreach activities to share resource information on a larger scale and contribute to the development and achievement of independent living goals to ensure successful community living outcomes; and expedited response to a potential surge in nursing facility admissions as a result of the COVID-19 pandemic.

- 3.) In addition to expected increases in staff time to meet the requirements of the Scope of Work, contractors will need to invest in critical IT infrastructure and remote technology to continue to fulfill the requirements of the contract during times of limited nursing facility access as has been experienced during the COVID-19 pandemic. Funding should also be used to purchase Personal Protective Equipment and outreach and promotional materials as well as to provide necessary peer training on emergency response protocols.

36-S-MOD. SERVICES MODIFICATION (cont'd)

MBE/VSBE Participation: 5%/ / 1%

MBE/VSBE Compliance: 2.5% / 1%

Requesting Agency Remarks: Alvarez and Marsal Public Sector Services, LLC has worked with DDA to identify deliverables impacted by the COVID-19 State of Emergency and has delayed the LTSS project. Additional time is required to complete the project, originally supplied rates determined to be fair and reasonable by DDA will remain for the additional hours requested.

Alvarez and Marsal Public Sector Services, LLC has worked with DDA to identify deliverables impacted by the COVID-19 State of Emergency and has delayed the LTSS project. There is no increase in rate, but adding additional hours to account for the increased level of support and shifting of resources to accommodate increased safety protocol measures. Additional time at the current rate previously determined to be fair and reasonable by DDA is required to complete the project.

37-S-MOD. SERVICES MODIFICATION (cont'd)

Original Procurement Method: Competitive Sealed Bidding

MBE/VSBE Participation: 21.6% / N/A

MBE/VSBE Compliance: 23% / N/A

Requesting Agency Remarks: In 2019, MDH extended this contract for 1-year and advertised a solicitation for these services in an attempt to award a new contract. That advertisement received a single bid.

In an effort to foster competition, MDH modified the solicitation to add example data for vendors to review. The new procurement was advertised on eMaryland Marketplace Advantage on April 21, 2020. Bids were due June 2, 2020 and are currently under evaluation. MDH anticipates returning to BPW to present the future contract in January 2021.

This extension will ensure that there is no interruption to critical claims processing services.

\$ 6,466,666 (Renewal Option No. 3: 09/01/2029 - 08/31/2020; DBM 18-S-OPT, 06/05/2019)

\$ 0 (Mod. No. 6: Bridge to BPW, 09/01/2020 - 09/02/2020; Delegated Authority 07/31/2020)

Total Contract Amount: \$52,466,143

Percent +/- (This Item): 27.9%

Overall Percent: 226.1%

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 10% (Primary Contractor Only) / N/A

MBE/VSBE Compliance: 10.2% / N/A

Requesting Agency Remarks: The State Lottery and Gaming Control Agency seeks approval to extend the contract term for a period of one year, which is in the best interest of the State. This contract contains fixed fee components for the production of Instant Tickets and delivery to retailers that were established by a competitive procurement in 2013. There are only three vendors that supply instant ticket production services in North America and all of them are included on this contract. The MLGCA has been satisfied with the performance of all three contractors and has an ongoing need for this service.

This extension will allow the Lottery to continue the existing services for an additional year while allowing time to complete a competitive procurement for a replacement contract and transition services to a new contract.

39-S-MOD. SERVICES MODIFICATION (cont'd)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 17% / N/A

MBE/VSBE Compliance: 17% / N/A

Requesting Agency Remarks: Request for approval to extend the current contract by six months with one three-month option. This contract continues the ongoing development, operation and management of Maryland's POS Pharmacy System for Medicaid enrollees and other specified Department program enrollees. The contract also includes services for Prospective Drug Utilization Reviews; Automated Drug Formulary Updating Services; Eligibility Services; and services for the National Manufacturers Drug Rebate Program.

In October 2019, the Board approved the new contract for these services and the incumbent was awarded the contract. After the kickoff meeting of the new contract, a review of the implementation timeline identified Gaps in the vendor's implementation project plan related to multiple overlaps in project milestones, including requirement gathering, development, testing and operational readiness testing, which added significant risk to a successful implementation. Furthermore, upon additional review of the MDH staff tasks, it was determined that MDH does not have adequate staff to support the original 6-month implementation window. This was exacerbated by the COVID pandemic, which further pulled MDH staff from the project. In order to allow sufficient time for thorough and complete testing, the Department is requesting an extension of the current contract.

It is in the State's best interest to modify the current contract to allow MDH to implement a new system successfully. In addition, the vendor continues to satisfactorily perform these services on behalf of the State. The pharmacy claims are adjudicated in real time and recipients are able to start the needed drug therapy right away and any interruption in this service can have a significant impact to the recipient's health and well-being.

**40-IT. INFORMATION TECHNOLOGY CONTRACT
*Maryland State Department of Education, Division of Rehabilitation Services***

Contract ID: AWARE Case Management System; R00B1600001
ADPICS No.: R00B1600001

Contract Description: Maintenance and upgrades to the existing AWARE web-based rehabilitation case management system.

Award: Alliance Enterprises Inc.; DuPont, WA

Contract Term: 10/01/2020 - 09/30/2025

Amount: \$1,778,529

Procurement Method: Sole Source (Proprietary)

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: AWARE has been customized for DORS to include a specific module for the DORS Workforce and technology Center and DORS batch accounting interface for FMIS. The system is in compliance with the Code of Federal Regulation (CFR) and the Federal Rehabilitation Act (Title IV of the Workforce Investment and Opportunity Act of 2015). The system is 100% federally funded.

The AWARE system is currently being used by the vocational rehabilitation agencies of 41 states. This enables Maryland to leverage the cost of maintaining and upgrading their existing AWARE system. Alliance provided customization of their product to meet the needs of Maryland and the core functionality of the system is considered proprietary; therefore, there are no other contractors capable of making changes to the system.

Contract ID: Lane Use Signal Software Integration; J01B0600037
ADPICS No.: J01B0600037

Contract Description: Software integration support and professional services for the Lane Use Signal System currently installed on the William Preston Lane, Jr. Memorial (WPL) Bay Bridge to support traffic control as new devices are commissioned.

Award: Maryland Control Technologies, Inc.; Milford, VA
Term: 09/03/2020* - 09/02/2025 (*or earlier upon BPW Approval)
Amount: \$594,940

Procurement Method: Sole Source (Proprietary))

MBE Participation N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: Include driver development, firmware development, firmware and central software lab test, modifications of Traffic Control Plans (TCPs), field acceptance testing, central software acceptance testing, system integration testing, operational testing, training on software and firmware, graphical user interface (GUI) development and central software, troubleshooting and repairs for 2070LX controllers, enhanced lane use control signs (ELUSs), illuminated pavement markers (IPMs), roadway gates, dynamic message signs (DMS), and two-way-traffic-when-flashing signal heads.

Maryland Control Technologies, Inc. is the original equipment manufacturer and developer of the custom software. Due to the proprietary nature of the ELUS, only certified specialists from Maryland Control Technologies, Inc. can provide the appropriate integration, acceptance, and troubleshooting of the lane crossover systems.

42-IT-OPT. INFORMATION TECHNOLOGY OPTION (cont'd)

Requesting Agency Remarks: Through these contracts, the State Police issues Task Orders request for proposals to the four vendors and selects the candidate that is the best value to the State. This secondary level of competition has proven extremely successful. The State Police continues to be pleased with the quality of resources provided and the competitive labor rates.

State Police is heavily dependent on federal grant funds for many IT development projects. Most of its federal grant projects must be completed in one year; waiting six months after award to obtain resources is problematic. Previously, the State Police had been able to request grant extensions based on staffing needs; however, our federal grantors are increasingly unable to extend the timelines.

With these four contracts in place, the Maryland State Police have been able to staff technical positions in four to six *weeks* rather than the six to ten months necessary in the absence of master contractors. The contract has also been used successfully to staff technical positions across the agency, including the CAD/RMS support team, 700 MHz radio engineers, and development of licensing automation.

**43-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION
*State Treasurer's Office***

Contract ID: Microsoft Dynamic Enterprise 365 Implementation and IT Support; E20B8400002
ADPICS No.: COI7646

Contract Approved: DOIT 4-IT, 09/05/2018

Contractor: A&T Systems, Inc.; Silver Spring, MD

Contract Description: Provide staffing, programmers, developers, network engineers and technical writer support for the design, development and implementation of the Office's new financial and insurance management systems using Microsoft Dynamics 365 (D365). Also assist with i5/AS400 programming related to the State's master depository account conversion.

Modification Description: Exercise the second renewal option. This renewal option will cover Project Year 3 of a 5 year contract to provide specialized programming and development support services for Microsoft Dynamics 365 (D365) Finance & Operations (F&O), D365 Customer Service (CRM), and databases created in SQL and Azure to manage daily file transmissions and bank reconciliation processes within the cloud based Azure environment.

In addition to the three positions originally included the Contract for Year 3, STO requests extending support for the following labor categories based on estimated hours at the hourly rates listed in the Change Order:

1. Extend Azure .ASP and SSIS programming support to manage ongoing development of file transfer programs, and twenty banking reconciliation programs that are used to transport, reconcile and process data between D365, Rstars, State Retirement, Child Support, RAD, Azure, M&T, Bank of America, and Wells Fargo bank applications.
2. Senior network engineer support to assist the IT division with ongoing monitoring, troubleshooting, and environment setups of the new Azure environment.
3. Application development expert (F&O) to continue with development of integration of new accounting module with the CRM insurance module and the new banking modules. This position is helping STO to train our existing i5 programmer in the new D365 system and to understand the custom setups so that they can assume management of the new system.
4. Two application programmers to continue to assist with file migrations from legacy system, and development of new file interfaces with D365, Azure and SQL. Needed for banking file transfers, insurance claims conversion data, and file transfers between Rstars, banks and other state agencies. These positions are required to ensure the integrity of the data being converted is scrubbed for invalid code and is formatted properly for conversion requirements. Also provides troubleshooting support for production issues.

ACTION AGENDA
August 12, 2020**

43-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

Finally, we are including revised hourly rates for year 3 for positions included in our original contract but not yet utilized in the event we need to hire contractors to assist with system audits, security reviews or technical writing in the next contract year.

Original Contract Term: 09/05/2018 - 09/04/2019 (w/four 1-year renewal options)

Modification Term: 09/05/2020 - 09/04/2021

Original Contract Amount: \$ 3,050,820 (Base, 1-year; implementation)

Modification Amount: \$ 2,216,120

Total Contract Amount: \$10,070,451

Percent +/- (This Item): 25%

Total Percent Change: 69%

Prior Mods/Options: \$ 1,308,947 (Mod. 1: change to staffing; DoIT 4-IT-MOD, 06/05/2019)
 \$ 1,334,054 (Mod. 2: exercise renewal option 1 through 2020 and increase project hours; DoIT 7-IT-MOD, 09/04/2019)
 \$ 484,880 (Mod. 3: extend programming support; DoIT 65-IT-MOD, 01/08/2020)
 \$ 192,300 (Mod. 4: extend support through 09/04/20; DGS OSP approved, 07/14/2020)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 20% Year 1 - 10% Per Renewal Option Year. / N/A

MBE Compliance: 44% / N/A

Requesting Agency Remarks: Due to phased deliverable approach, F&O accounting module went live on June 30, 2020. Insurance claims citizen portal was implemented in December 2019, along with the rollout of our new citizen portal to search for unpaid checks in the Undeliverable and Unpresented funds. The insurance module and bank reconciliation modules have been continuing to rollout various components since December, with the agency portal scheduled for our next implementation.

OFFICE OF STATE PROCUREMENT
ACTION AGENDA
August 12, 2020**

43-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

Agency Remarks (cont'd):

Despite the recent challenges due to COVID-19 and the implementation of remote work for all STO staff and project members work has continued on the project. Banking and IT divisions have been impacted significantly as a result of the increased volume and amount of transactions flowing through STO to support agencies and citizens of Maryland in obtaining financial relief. In addition, there are other critical statewide IT projects underway that require interface with our agency, such as EMMA, Compass, and MDTHINK that are putting a strain on our limited IT resources during this critical time. Now that STO has migrated to Office 365 and have moved applications into the Azure environment, this support is critical to ensuring continuity of operations. Our master depository contract conversion is nearing completion and has begun developing new automated reconciliation processes to merge the two concurrent depository accounts into SQL and Azure environments. This support is needed in order to prevent potential disruption in operations that could have a devastating impact to statewide disbursement and depository functions, daily reconciliations, and our ability to process insurance claims.

The Contractor has provided excellent resources and support to the State during the development and programming period and has exceeded the original MBE participation goal. For the reasons stated above, STO requests approval of the requested changes. This is an on-going project and re-procuring of these services for this project would create significant complications, would not be cost effective and would create lapses in security and operating functions operations creating unmitigated risks.

45-M. MAINTENANCE CONTRACT (cont'd)

Agency Remarks (cont'd):

This indefinite quantity statewide blanket contract is used by State agencies, as well as other government entities under SFP §4-316, to obtain basic trash removal and recycling services at facilities within the awarded counties.

Previous versions of this contract only awarded one vendor per county, but the new contract allows for multiple awards per county to ensure adequate capacity for agencies using the contract and also allows agencies to choose the vendors that would provide the most economical and efficient services for their facilities. Bid quantities were based on historic usage by State agencies for certain size and types of trash containers for each county, with a minimum of one of each type in each county. Award amounts divided each bidder's bid by the number of awardees for each county.

The recommended awardees were determined responsible vendors and confirmed their bid prices.

46-M. MAINTENANCE CONTRACT (cont'd)

Hiring Agreement Eligible: Yes

Incumbent: Watkins Security Agency, Inc.; Baltimore, MD

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on the DGS Web Site and eMaryland Marketplace Advantage.com on April 17, 2020 with a 10% MBE goal and a 3% VSBE goal. Automated notices were sent to 39 vendors through eMMA and 106 vendors were directly solicited. Eleven bids were received and opened on June 1, 2020. One bid was rejected because the bidder did not meet the minimum qualifications. Trust Consulting Services, Inc. has been found responsible and its bid responsive. The bid pricing has been confirmed.

The DPSCS Division of Parole & Probation facilities covered on this contract are:

- Aberdeen Field Office (Harford County);
- Easton Field Office (Talbot County);
- Gaithersburg Field Office (Montgomery County);
- Hagerstown Field Office (Washington County);
- Oakland Field Office (Garrett County);
- Princess Anne Field Office (Somerset County);
- Rockville Field Office (Montgomery County);
- Snow Hill Field Office (Worcester County);
- Waldorf Field Office (Charles County); and
- Westminster (Littlestown Pike) Field Office (Carroll County).

47-M-MOD. MAINTENANCE MODIFICATION (cont.)

Original Procurement Method: Competitive Sealed Bidding

MBE/VSBE Participation: 30% / 2%

MBE/VSBE Compliance: 14.76% / 1.80%

Requesting Agency Remarks: The extension is needed to allow additional time to update the bid requirements to complete a new procurement. DGS is satisfied with the performance of the contractor and the MBE and VSBE subcontractors are continuing to make progress toward their goals.

**48-LL. LANDLORD LEASE
*Department of Health***

Recommendation: Approve a new 25-year lease

Tenant: Anne Arundel County Government

Property Location: Hawkins Road, on the Crownsville Hospital Center

Space Type: 5,200 sq. ft. land w/ associated utility and ingress/egress easements

Lease Type: New

This Term: 09/01/2020 - 08/31/2045

Future Option Term: 09/01/2045 - 08/31/2070
 09/01/2070 - 08/31/2095

Annual Rent: \$1.00 ***Rate/Month:*** \$0.00

Utilities/Custodial Responsibility: N/A

Termination for Convenience Clause: Yes

Remarks: The Maryland Department of Health will lease to Anne Arundel County a 100' x 100' parcel on which Anne Arundel County will erect a communications tower to supplement and enhance their emergency communication system. The County and the State have a long history of cooperation when it comes to critical radio communications matters. The County provides tower space and commercial/generator power at no charge for MDFiRST (First Responders Interoperable Radio System Team) System MD DNR and MIEMSS at several County-owned towers (Solley, Greenbury Point, Sudley, Broad Creek, Millersville, Jessup) and has included extra capacity for State equipment in the eight new self-supporting towers proposed for the future County APCO (Association of Public-Safety Communications Officials) Project 25 public safety radio system should the State require it. The State has already expressed strong interest in utilizing a new 300' tower in Davidsonville to augment MD FiRST coverage in southern Anne Arundel County. The County and the State work together to share fiber optic cable throughout the County, and the County is planning to host State backhaul data on a new mission-critical MPLS (Multi-Protocol Label Switching) fiber/microwave transport network that is currently being designed and implemented in the County.

48-LL. LANDLORD LEASE (cont'd)

STATE CLEARINGHOUSE: The Clearinghouse conducted an intergovernmental review of the project under MD20190813-0688. It is recommended that the transfer of the Maryland Department of Health excess property (100'x100' portion of the Crownsville Hospital Center) via lease be approved, for installation of a communications tower.

At the time the transaction was submitted for Clearinghouse Review, the survey of the leased area had not been done. The final area necessary for the tower is a rectangle 80' x 65', or 5,200 square feet.

49-LL-MOD. LANDLORD LEASE MODIFICATION (cont'd)

Remarks: Reference is made to item 9-LL dated 11/01/2006 wherein, the Board approved an Amendment of Lease Agreement between the Department of Natural Resource and Weckers, Inc. The agenda item presented to the Board of Public Works in 2006 had two errors. It incorrectly stated the duration of the remaining Original Term as three years and nine months and it should have listed three years and six and a half months. The Amendment deleted the renewal options provided for in the Original Lease and provided for seven consecutive renewal options of five years each with BPW approval to have been requested in the 2006 item. DNR is seeking to correct the records to reflect the dates of the Original Term and the Renewal Terms and to request retroactive Board of Public Works approval for the renewals that have lapsed and request approval in advance for the remaining renewal terms pursuant to the Amendment of Lease Agreement approved by Board Item 9-LL dated 11/01/2006.
