# **Annual Report on Maryland Casinos Calendar Year 2019**

**In compliance with SG §9-1A-34**

**September 30, 2020**

**Maryland Lottery and Gaming Control Commission**

**1800 Washington Boulevard, Suite 330, Baltimore, MD 21230**

The Maryland Lottery and Gaming Control Commission (MLGCC), with assistance from the Maryland Lottery and Gaming Control Agency (MLGCA), is responsible for all matters relating to regulation of casino licensees. In this regulatory role, the MLGCC conducts background investigations and licensing activities and oversees all internal controls, auditing, security, surveillance and accounting procedures for each of the facilities with Agency Compliance Representatives on site at all properties 24/7.

This annual report covers the licensee status, revenue totals, crime statistics, and community engagement activities for each casino during the reporting period of January 1, 2019 through December 31, 2019.

## **MARYLAND CASINOS 2019 REVIEW:**

Maryland's casino industry continued to thrive and increased its contribution to the State's good causes in 2019 while maintaining a close watch on an evolving competitive landscape, both in the state and more broadly in the northeast corridor.

In Calendar Year 2019, Maryland's six casinos generated \$1,757,055,709 in gaming revenue – a 0.6% increase from 2018. Casino contributions to state causes in 2019 were \$727,038,283 – a 2.4% increase from 2018. Contributions to the Education Trust Fund in 2019 were \$545,360,415 – a 3.9% increase from 2018.

The casinos combined for a single-month record of \$163,262,848 of gaming revenue in March of 2019. Casino employees totaled 7,335 at the end of 2019, including 6,139 full-time employees.

Maryland's casino operators continued to monitor competitors in nearby states. "Mini-casino" licenses were approved for three locations in Pennsylvania, the closest of which is tentatively scheduled to open in York County, Pa., in 2021. All three of these locations are permitted to have a maximum of 750 slot machines and 30 table games, and all three are planning to have sportsbooks. The Virginia General Assembly published an extensive report on casino gaming in December 2019.

Meanwhile, Maryland's casinos engaged in ongoing efforts to grow their businesses in 2019:

- MGM National Harbor's year-over-year gaming revenues improved 0.3%, as it continued to promote appearances by headline artists and entertainers at its theater, helping to draw new customers to the property.
- Live! Casino & Hotel completed construction of its events center, The Hall, in December 2019 and began booking headline artists and entertainers. The property is using The Hall and its hotel, which opened in 2018, to market itself as an entertainment destination and expand its customer base. Year-over-year gaming revenues increased 4.4% in 2019.
- Horseshoe Casino continued development of an entertainment district adjacent to the property. Site clearing of a Topgolf driving range began along Stockholm Street on property owned by Baltimore City. In October 2019, Horseshoe announced plans to build a 4,000-seat theater at 1300 Warner Street, between M&T Bank Stadium and the casino. In November 2019, the casino opened its outdoor gaming patio, The Terrace. The casino's gaming revenue declined 8.5% year over year.
- Ocean Downs Casino drove new business with numerous promotional activities throughout the year. The casino ended the year on a high note on New Year's Eve, which was its top slot win day to date and its ninth-best coin-in day to date. Gaming revenues increased 4.7% year-over-year.
- Hollywood Casino's gaming revenue decreased 1.1% year-over-year. Plans were announced for the construction of a Great Wolf Lodge on a property adjacent to the casino, bringing another entertainment destination to Perryville. Construction was scheduled to begin in early 2020 and expected to take 20 months.
- Rocky Gap Casino and the Governor's Office of Small, Minority and Women-Owned Businesses played host to a minority business outreach event in September 2019. Casino management reported that Rocky Gap has doubled the recommended goal for minority business participation. Gaming revenue increased 4.3% year-over-year.
