Introduction

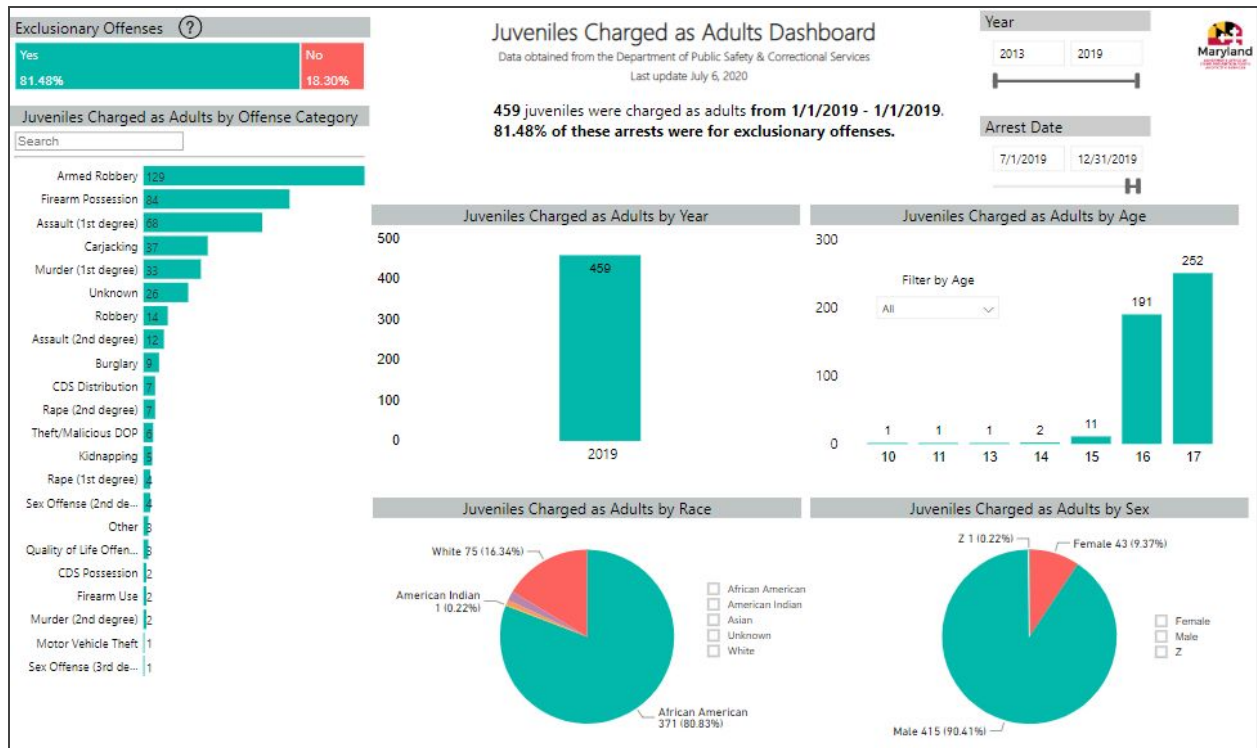

Chapter 252 of 2002 (House Bill 943), *Juvenile Justice - Criminal History Record Information - Dissemination*, required the Criminal Justice Information System Central Repository (CJIS) to report information to the Maryland Justice Analysis Center on data pertaining to juveniles charged as adults in Maryland.¹ Chapter 252 of 2002 also required CJIS to report the gender, race, and age of each juvenile charged as an adult. Furthermore, it required the Maryland Justice Analysis Center to report to the Governor and the General Assembly by June 30 and December 31 of each year, on the results of its research, evaluation, and statistical analysis on this matter. In 2007, the Maryland Justice Analysis Center moved to the Governor's Office of Crime Prevention, Youth, and Victim Services (previously known as the Governor's Office of Crime Control and Prevention²) and was renamed the Maryland Statistical Analysis Center (Center). Given this change, and pursuant to § 10-219(b)(6) of the Criminal Procedure Article, the Center shall submit the semi-annual reports to the Governor and the General Assembly.

Juveniles Charged as Adults

In accordance with § 10-219(b)(6) of the Criminal Procedure Article, this *Juveniles Charged as Adults* report provides specific information on juveniles charged as adults in Maryland between July 1, 2019 and December 31, 2019. As illustrated on the following page, the *Juveniles Charged as Adults Dashboard* includes aggregate data from CJIS.

² Maryland General Assembly. (2020). [Chapter 11, Acts of 2020](#). In March 2020, the Governor's Office of Crime Control and Prevention was renamed the Governor's Office of Crime Prevention, Youth, and Victim Services.

Demographics

Between July 1, 2019 and December 31, 2019, a total of 459 juveniles were charged as adults in Maryland. The vast majority were male (91%), African American (81%), and between the age of 16 and 17 years old (96.5%). Please see the depiction above.

Jurisdiction

As shown below, **Chart 1. Juveniles Charged as Adults by Jurisdiction** and **Map 1. Number of Juveniles Charged as Adults by Jurisdiction** illustrates the number of juveniles charged per jurisdiction. The highest number of juveniles charged as adults, between July 1, 2019 and December 31, 2019, occurred within five jurisdictions: Baltimore City (n = 127), Baltimore County (n = 109), Prince George's County (n = 86), Washington County (n = 21), and Anne Arundel County (n = 17). Thirty-one arrests also occurred in which the jurisdiction field was missing and, as a result, were coded as unknown.

Offense Type

Maryland law provides that juveniles who commit certain offenses must be charged as adults. These exclusionary offenses include the following:

<i>Juveniles 14 Years and Older</i>	<i>Juveniles 16 Years and Older</i>
<ul style="list-style-type: none"> ● First degree murder ● First degree rape ● First degree sex offense ● Any attempts or conspiracies to commit the above offenses 	<p><u>Serious Violent Offenses</u></p> <ul style="list-style-type: none"> ● Abduction ● Kidnapping ● Second degree murder (and attempted) ● Manslaughter (except involuntary) ● Second degree rape (and attempted) ● Second degree sex offense (and attempted) ● Third degree sex offense (and attempted) ● Armed robbery (and attempted) ● Carjacking or armed carjacking ● First degree assault
	<p><u>Firearms Offenses</u></p> <ul style="list-style-type: none"> ● Wear, carry, or transport handgun ● Use of a handgun or antique firearm in the commission of a crime, use of a machine gun in a crime of violence ● Use of a machine gun for aggressive purposes ● Possession of unregistered short-barreled shotgun or short-barreled rifle ● Restrictions on possession of a regulated firearm ● Restrictions on sale, rental, or transfer of a regulated firearm ● Sale, transfer, or disposal of stolen regulated firearm

As illustrated above in the *Juveniles Charged as Adults Dashboard*, over 81% of juveniles, that were charged as adults during the second half of the 2019 calendar year, were charged with exclusionary offenses that prohibited them from being charged in a juvenile court. Armed robbery, handgun possession, and first degree assault were the most common exclusionary offenses.

As shown in *Table 1. Juveniles Charged with Exclusionary Offenses by Race*, there was a significant difference between African American (86%) and White (60%) juveniles on the number of exclusionary offense arrests. *Table 2. Juveniles Charged with Exclusionary Offenses by Gender* indicates no difference between male and female juveniles who were charged with exclusionary offenses.

Table 1. Juveniles Charged with Exclusionary Offenses by Race

Six-Year Trends

As indicated in *Table 4. Juveniles Charged as Adults Statistics by Year*, the number of juveniles charged as adults decreased by 52%, between 2013 to 2017, and then increased by 35% in 2018 and another 3% in 2019. The percentage of juveniles charged with exclusionary offenses also increased from 63% of all arrests in 2013, to 78%-80% of all arrests from 2015 to 2019. In addition, there was little variation in the demographic makeup of these juveniles over the six-year period.

Table 4. Juveniles Charged as Adults Statistics by Year (2013 - 2019)

Year	2013	2014	2015	2016	2017	2018	2019
