

A Report to the Maryland General Assembly

Regarding

Reduction of Outstanding Arrest Warrants
(HB 1259, Chapter 683, Acts 2000)

The Motor Vehicle Administration
The Maryland Department of Transportation

MSAR# 458

November 2020

Reduction of Outstanding Arrest Warrants (HB 1259, Chapter 683, Acts 2000)

This annual report was prepared in response to language contained in HB 1259 (Chapter 683, Acts 2000). Specifically, the language directs:

“That the Motor Vehicle Administration, in consultation with the primary law enforcement officers in the State that provide information to the Administration under Section 1 of this Act regarding individuals named in outstanding arrest warrants, shall report to the General Assembly pursuant to § 2-1246 of the State Government Article by October 1, 2002 and each year thereafter on the effectiveness of this Act in reducing the number of outstanding arrest warrants in those jurisdictions that provide arrest warrant information to the Administration.”

This Act directed that the Maryland Department of Transportation Motor Vehicle Administration (MDOT MVA) suspend an individual’s driver’s license and refuse to register or transfer the registration of the individual’s vehicle(s) if the individual is named in an outstanding arrest warrant (OAW). The legislation specifically says that the program is optional for local police agencies. Despite this, the MDOT MVA has reached out to State and local law enforcement agencies on numerous occasions, initially working to design the program and acquaint police officers with the program’s benefits and operation.

The MDOT MVA worked with the Department of Public Safety and Correctional Services to develop an automated interaction between the OAW Program and the current Maryland Electronic Telecommunications and Enforcement Resource System (METERS) used by law enforcement. Law enforcement agencies who are participants in the OAW program no longer need to enter the warrant information into two separate systems, thus eliminating duplicative steps. All law enforcement agencies are aware of this service.

Since the program’s inception on December 1, 2001, 54 law enforcement agencies, totaling approximately 19% of all law enforcement agencies in Maryland, have either participated or enrolled to participate. Although Maryland State Police (MSP) is one agency, there are 23 MSP Barracks that participate and report separately. It appears that each year, the number of outstanding warrants that are reported by the participating law enforcement agencies, the number of suspensions imposed by the MDOT MVA, and the number of warrants that are satisfied are all increasing.

In monitoring the branch activity, the “false positive” rate is about 50%. This means that approximately half of the individuals who come to a MDOT MVA Branch with driving privileges suspended for having an outstanding arrest warrant have actually satisfied the warrant, but the law enforcement agency did not notify the MDOT MVA to clear the suspension. The false positive rate remains a concern, and the MDOT MVA continues to work with law enforcement in an effort to reduce it.

Reduction of Outstanding Arrest Warrants (HB 1259, Chapter 683, Acts 2000)
