

Twenty Dollars Reward.

WENT off, on Sunday the 16th instant, a dark mulatto young man named *William*, calling himself *William Castle*. He has a good, and rather lively countenance, inactive and well made; five feet five or six inches high, & about twenty years of age, or rather more. He took with him a variety of good cloths; his coats were blue, with a buff cape. He was seen on *Fell's Point* on Wednesday, and it is probable that he intends to make his escape on board of some vessel, in company with a black man from *St. Domingo*, called *George* or *Zore*, formerly in the service of the reverend *Dr. Bead*. *William* being well known in this city, a more particular description is unnecessary. Masters of vessels are cautioned against receiving and carrying him off. The above reward will be given for securing and delivering him to the subscriber, and reasonable charges paid by

FRANCIS BEESTON.
