

you with a copy of the account against the Nanticoke Bridge Company, from the books of this office, by which you will be informed of the amount of dividends charged and received—it is as follows:—

<i>Nanticoke Bridge Company,</i>		<i>DR.</i>
1822, June 1st, to cash for two dividends due this day,		186 67
1823, January 6th, to one year's dividend due this day,		116 67
1824, October 15th, to one year's dividends,		216 66 $\frac{2}{3}$
		<hr/>
		\$520 00 $\frac{2}{3}$
		<hr/>
	<i>Contra,</i>	<i>CR.</i>
1822, September 16th, by cash,	186 67	
1823, May 8th, by cash of Ezekiel Richardson,	116 67	
1824, October 15th, by cash of Young Medford,	216 66 $\frac{2}{3}$	
	<hr/>	
		\$520 00 $\frac{2}{3}$
		<hr/>

This account then, shews the sum of five hundred and twenty dollars and two thirds of a cent to have been charged to, and received from the Nanticoke Bridge Company, and standing thus closed on an old ledger of this office, and not having been transferred into ledgers subsequently opened, both by the late Colo. Richardson, and the late John K. B. Emory, my predecessors, I viewed it in the light of other accounts, which had been balanced, and purporting to be settled—the books as has already been observed, exhibiting no account of the investment of stock in the Nanticoke Bridge Company. As to the amount of dividends, if any, to the credit of the State, on the books of the company, I have no information—but will avail myself of the earliest opportunity of investigating the subject.

Very respectfully,
 W. K. LAMDIN,
 Treas. E. S. Md.
