TO COUSIN JOE.

BY GREEN BOWERS.

We parted in anger;
Too well the cold word
I remember you uttered—
The last I e'er heard
From lips curling proudly,
And eyes flashing fire,
And a heart schooled in firmness,
To speak its desire.
Farewell," and we parted
To meet never more
In the old tie of friendship,
Which bound us of yore.
You paused on the threshold,
You heaved a deep sigh;
The tears came unbidden,
And dimm'd that bright eye;
You turned to the window,
In silence to weep,
And I walked away sternly—
But felt mighty cheap.

—There is many a man whose tongue might govern multitudes, if he could only govern his tongue.

—Shrewd inquiries are being made whether the cup of sorrow has any saucer. Can any one tell us?

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

☞ *Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*

☞ *On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest,* and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adopting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME, prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration, &c.* and for these things *our Inspection System has never afforded has adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged a *legal guarantee* and my *personal one.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

☞ I will also attend to the **Buying of Real Estate,** and EVERYTHING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

JOHN ALLEN'S IMPROVED TUB WASHING MACHINE,

Patented Sept. 14, 1858.

THE subscriber having purchased the right of "JOHN ALLEN'S Improved Tub Washing Machine" for Montgomery county, would respectfully inform the citizens that he is prepared to supply them at very moderate prices.

This Tub combines in itself all the advantages of the best patented wash-tubs without their defects, having 300 Inches in Length of Smooth Semi-Cylindric Rubbers. These Rubbers are indispensible. They perform an essential work in rubbing the clothes, which they do in an oblique manner, thus avoiding sudden or abrupt contact which would be injurious.

It also possesses 168 Pummels or Knuckles. These also have an important action in knuckling or pummelling the clothes, which they do most effectually.

It contains also 95 Squeezing Angles. This feature is not possessed by any other tub, and is considered to be the most important feature of this invention. The clothes in this tub are *Rubbed, Knuckled and Squeezed,* all at the same time—three movements essential to good washing.

Over 2,000 of these Tubs are now in use in Maryland and the adjoining States, and give entire satisfaction every where.

Certificate from E. R. Craven.

I have had *John Allen's Improved Washing Machine* in my laundry in working operation. It washes cleaner and better than any I have ever had in this place. I recommend it to all as being one of the best machines for family use I ever saw.

GETTING OUT GRAIN.

AGENCY FOR WHEELER, MELICK & CO.'S IMPROVED COMBINED

THRESHER AND WINNOWER.

THE most convenient, portable, easily worked and perfectly operating machine for threshing, separating and winnowing wheat, rye and oats, now in use. Though comparatively but little known here there are about 1400 of them in use in other grain growing districts, all giving entire satisfaction.

It is the machine (but much improved) that obtained the First Premium at the Montgomery County Fair at the exhibition in 1853, and elicited universal approbation; and wherever exhibited, as a working test in competition with others has always taken the *Premium.*

The two-horse machine cleans in the best manner ready for market, with 5 or 6 hands, from 150 to 200 bushels of wheat per day, and the one-horse from 70 to 100 bushels; occupies but little space; is easily moved from stack to stack and readily put up.

For Farmers who raise from 500 to 2000 bushels of wheat and who prefer to do their work with their own force, no other machine is so desirable.

This machine is *warranted* to give entire satisfaction, or may be returned at the expiration of a reasonable time on trial.

New Leaf Turned Over!

IN REGARD to Silks, Robes, Fine Dress Goods, Cloaks, Shawls, Embroideries, &c. we offer an immense stock, all marked in plain figures at the actual cash standard value. No "fancy prices" put on, to be taken off according to the customer's skill in "Jewing." We have "blazed the way" and showed the public that a one price business can be done in this market, and we doubt not our ability to show them that all luxurious fabrics can be sold really cheap, and there is no actual necessity for those who buy for cash paying for Shawls, Silks, Robes, Cloaks, &c. more than their value.

Customers are invited to inspect our Stock of the above fabrics critically as to quality and prices. Purchasers quote daily that our prices for Cloaks, Robes, &c. are two profits less than some of the stores who keep bills. Of course it cannot be expected where bills are kept that goods can be sold so cheap as at cash stores; nevertheless, two profits above the cash value renders luxurious fabrics very dear.

New supplies from the North and East daily. In future it will be understood that we sell Silks, Robes, Fine Dress Goods, Cloaks, Embroideries, and other "luxurious fabrics" all remarkably cheap, and purchasers may come with the assurance that bargains in reality may be had. We expect to move large lots at a small advance.

Medium and rich Silks by the pattern and in the piece.

Our trade for all the above classes of Goods is rapidly and daily augmenting, simply because we mark the cash standard value in plain figures, and no "fancy prices." Discriminating purchasers begin to see that we can afford to sell all the goods at prices vastly less than those stores who keep bills, books, bad debts, and have store rent to pay.

An examination of our stock solicited. We invite the closest and most searching scrutiny as to quality, styles and prices.

All of the above articles, and a great many others not enumerated, were purchased at the opening of the present Parisian season, and are consequently a whole season in advance of the styles usually found here, as the goods imported to this country are generally ordered the preceding March, and hence are necessarily of the previous fall's Parisian style. Hence, to avoid the annoyance of being always behind the fashions, while making a visit to Europe I stopped a few weeks in Paris and bought goods in person, from first hands. I hope the kind patronage of the ladies will enable me to make a yearly trip to Paris, with the sole object of keeping pace with the Parisian fashions, and to have all the new styles of the season at the same time they appear upon

An Important Letter

From Rev. Jacob Seckler, well known and highly respected throughout the State of Pennsylvania.

HANOVER, Pa., February 20, 1858.

Messrs. S. W. Fowle & Co., Boston.—Dear Sirs: Having realized in my family important benefit from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

MILTON, Del., October 15, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption,* without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB V. KOULK.*

REMEMBER, THEREFORE, *all who seek health,* that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston,* on the *outside wrapper. Take no other;* it were money wasted and health jeopardized.

HOWARD ASSOCIATION,

PHILADELPHIA.

A Benevolent Institution, established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a *Charitable Act* worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *Medical Advice Gratis* to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, *to furnish Medicines free of charge.* It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope,) *free of charge,* on receipt of *two stamps* for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c. are constantly being published for gratuitous distribution, and will be sent to the afflicted.
