

**THE SENTINEL.**  
ROCKVILLE, MD.

FRIDAY, MARCH 23, 1860.

**THE PRESIDENT.**

The Black Republican majority in the House of Representatives have adopted a resolution for the appointment of a "committee of investigation" on certain charges made by Hicken, Haskin, and Adrain, (a trio of knaves and demagogues, utterly unworthy of belief), against the President and his official friends. Upon this the Baltimore Republican remarks: "This attempt to blacken the character of Mr. Buchanan and his administration must recoil with crushing force upon the desperadoes who make it, and the faction which endorses it. We say faction, because although Black Republicanism is in the majority in the House, we do not believe for a moment that a majority of the people of these United States will ever sanction its sectional, disorganizing principles. No body believes in the immaculate purity of the trio upon whose assertions this insult to the nation is offered. Nobody believes they could not be bought if they were specially waded. But neither their talents or their position give them such importance as to make it at all probable, that any party beside the Black Republicans, with whom they are now affiliated, would have them on any terms. There is no doubt that the "investigation" is gotten up for the simple purpose of helping the Black Republicans in the approaching Presidential campaign. This is the motive which prompted the action of these traitors, and for this purpose it has been sanctioned by the majority. We have no fears as to the result. Mr. Buchanan's reputation will be unscathed by the malignancy of his foes, and the Democratic party will triumph over Black Republicans and renegades of every shade, and shine but the brighter by the contrast with its unprincipled opposers.

**CONDITION OF THE STATE TREASURY.**  
Statements have been made in the Opposition papers of the State to the effect that the Treasurer will not have money sufficient to meet the interest on the public debt, payable on the first of next month. There is not a word of truth in this statement. Although the late General Assembly were compelled to appropriate large sums of money to meet the expenses of a profligate Know-nothing administration, yet we are glad to be able to state, there will not be the least delay in the discharge of every liability of the Treasury as they may accrue. Mr. Harwood, the present Treasurer, has provided against such a contingency, and the interest on the public debt, say \$234,000, payable on the first of April, together with the ordinary expenses of government and all special appropriations not yet paid, will be promptly met.

**THE COMPTROLLERSHIP.**  
We learn that A. LEONARD JARRETT, Esq., declared by the Legislature to have been elected Comptroller of the State, presented his bond to Governor Hicks on the 10th instant, for his approval, and also requested to be qualified and commissioned. The Governor stated, in reply, that the present Comptroller had entered his protest against his qualification and the acceptance of his bond, on the part of the Executive, and under the circumstances, he desired time to consult upon the subject. The Governor fixed upon yesterday to give Mr. Jarrett a final answer to his application.

**MR. MEXCASTER AND EDWARD W. OWEN, Esq.,** of the First District, and CALES STANLEY, Esq., of the Fifth District, recently appointed by the Legislature to divide the county into School Districts, sent their resignations to the Orphans' Court, on Tuesday last, and that the Court will, on Tuesday next, fill their places as directed by the law.

**NATIONAL CONVENTIONS.**  
The national conventions of the several political parties will be held in a few weeks. The following are their times of meeting:—The Democratic convention at Charleston, 23d of April. National Union party convention, at Baltimore, 9th of May, and the Republican convention at Chicago, 16th of May.

**DEATH OF A PURSER IN THE NAVY.**  
Purser Samuel Forrest, of the United States navy, died last week at Stanton, Va. Mr. Forrest was a native of the District of Columbia, but for some time past has resided at Stanton. He was appointed a purser in the navy in October, 1859.

**MARYLAND POLITICS.**  
The delegates selected to the Charleston convention by the Democratic convention for the second Congressional district of Maryland, at Havre-de-Grace, on Tuesday, are Col. Wm. S. Gilting, of Baltimore county, and Samuel S. Maffett, of Cecil county.

**JURORS OF THE CRIMINAL COURT.**  
Gov. Hicks has appointed Hiram L. Boss, Esq., Judge of the Criminal Court of Baltimore, in place of Judge Brown.

**DEMOCRATIC CONVENTION.**

Pursuant to notice, the delegates to the County Convention assembled at the Court-House, in Rockville, on Saturday last, 17th instant, and was organized by appointing EDWARD W. OWEN, Chairman, and GEORGE R. BRADDOCK, Secretary.

The object of the meeting having been stated by the Chairman, on motion of W. Veira Bouie, it was Resolved, That the delegates in attendance from each District be entitled to cast the full vote of the District.

On motion of Robert W. Carter—Resolved, That the delegates from each District present names to this convention, and from those suggested this convention select by ballot three delegates to represent this county in the State Convention, to be held in Baltimore on the 23d instant.

The Convention proceeded to ballot, which resulted in the unanimous selection of Dr. H. B. Crawford of 1st District, W. Veira Bouie, of 4th, and Thomas Connolly of 5th, as delegates to the State Convention; and Thomas Lansdale, of 1st District, John T. Heason, of 2d, and Wm. T. Jones of 3d, to the Congressional Convention.

Geo. T. Pope, offered the following: Resolved, That we congratulate the people of Maryland upon the defeat, by the "Free Soil" party, of the bill known as the "Brock bill."

W. Veira Bouie, presented the following resolutions as a substitute, which were unanimously adopted:—

1st. Resolved, That the Democracy of this county have great reason to be proud of JAMES BUCHANAN, a patriot, wise statesman, and diligent and faithful public officer.

2d. Resolved, That James Buchanan, as President, has administered the internal and foreign affairs of the government wisely, justly, and advantageously to the country, and in pursuance of the great Democratic principles, to carry out which the people elevated him to power.

3d. Resolved, That we cordially approve and re-affirm the resolutions of the Democratic National Convention, which assembled at Cincinnati in 1856.

4th. Resolved, That the only hope of securing the requisite unity of action in defence of constitutional rights depends upon the success of the Democratic party, and that all organizations in this State or elsewhere, are calculated to give aid and comfort to the enemies of the Constitution, and thereby gravely impend the very existence of the Union.

5th. Resolved, That we solemnly, but kindly, declare that the people of this State will resist aggression upon their constitutional rights whenever the emergency arises.

6th. (This resolution was offered by Dr. H. B. Crawford, and directed by the convention to be incorporated in the record.) Resolved, That we endorse the principles of legislation, either by direct or indirect means, which have for their object or result to impair the constitutional right of any citizen of the United States to take his slave property into the common territory, and there hold and enjoy the same while the territorial condition remains.

7th. Resolved, That H. Winter Davis, by his writings, speeches, and votes in Congress, satisfies us that he is in principle a Black Republican, that he holds his seat in Congress under color of an election which was fraud upon the rights of the people; that he misrepresents the wishes of the people of the State; and, as he has not sufficient respect for the people whom he misrepresents, to resign his pretended claim to election, it is the duty of Congress speedily to declare his election void, and his seat vacant.

The thanks of the convention were tendered to the officers for the faithful discharge of their duties. Ordered by the Convention, that the proceedings be attested by the Chairman and Secretary, and published in the "Montgomery County Sentinel."

EDWARD W. OWEN, Chm.  
Geo. R. BRADDOCK, Sec'y.

**NEGOTIATIONS BETWEEN ENGLAND AND MEXICO.**  
New Orleans, March 23.—The Delta publishes the details of the negotiations pending between the British and Mexican governments. Lord John Russell proposes an armistice, a general amnesty and religious toleration. If the proposition is declined, England must demand from both parties full indemnity due to English subjects. Miramon had proposed terms for an armistice. He stipulates that England, France, Spain, Prussia and the United States shall be mediators for the establishment of peace. That meantime the custom houses of peace, etc. The Juárez government restored Miramon's commission on the 3d, with a declaration that the propositions were absurd and inadmissible.

**DEATH OF THE GOVERNOR OF ILLINOIS.**  
Col. Wm. H. Russell, the Governor of Illinois, died of the 18th instant, of pneumonia. He was a native of Cooperstown, N. York; commenced his education at common school teacher; subsequently studied and practiced medicine; but on removing to Illinois studied law, and was chosen to the Legislature, and afterwards State's attorney. On the breaking out of the Mexican war, he was chosen colonel of the 2d regiment of Illinois, and distinguished himself at the battle of Buena Vista. On his return home he was elected to Congress, but in 1854 declined a re-election on account of ill-health. In 1859 he was elected by the republicans Governor of the State.

**THE CLEVELAND "PALMIST."**  
The committee deputed to visit Charleston and engage quarters for the Ohio delegation has returned and made a report. A hall large enough to accommodate the delegation from the whole West is an assembly room has been engaged for \$200 a day for ten days; \$500 for board and lodging for the forty-six Ohio delegates at \$1 per day—\$93.00.

**The New Lottery Law for Maryland.**

The provisions of this act are of a very stringent character, and in substance are as follows:—It makes the violation of the code, now existing against lotteries, a misdemeanor, punishable by a fine for each offense of not less than \$200, nor more than \$1,000, or imprisonment for not less than three nor more than twelve months, or they may be both fine and imprisonment. In addition to thirty any person buying a lottery ticket, or certificate or any other device by which the vendor promises to deliver the purchaser any money, property or evidence of debt on the happening of any contingency in the nature of a lottery, may recover from the seller, as small debts are recoverable, the sum of \$50 for every ticket, &c., purchased. The purchaser is also made a competent witness against the seller. Any person keeping a house, office, or other place for the sale of lottery tickets, &c., to be subject to a fine of \$1,000 for each offense—one-half for the informer, and the other of the house permitting them to be used for the sale of tickets are also made subject to a fine of \$1,000, or any person writing, printing, or in any other way publishing an account of a lottery, siting where it is drawn, the price of tickets, &c., to be fined \$100, or imprisoned 30 days. Any person who shall insure, or receive any consideration for insuring for, or against the drawing of any ticket, &c., to be subject to a fine of not less than \$100, nor more than \$1,000, or be imprisoned for not less than three nor more than six months, or may be both fined and imprisoned. Every sale, bargain, or conveyance, made in pursuance of a lottery, is declared void, and a second conviction for any offense under this act is to be punished by imprisonment in the penitentiary for not less than two nor more than seven years.

**EXECUTION OF HARPER FERRY IV.**  
REPRESENTATIVES AT CHARLESTON.—A dispatch from Charleston, Virginia, 10th instant, says: The town was thronged with visitors to-day, anxious to witness the execution of the law, and the sentence of the law was put into effect at noon. Both the condemned appeared resigned to their fate and exhibited great firmness and resignation. Stephens died very hard, but Hazlet expired without a struggle. The condemned declined all the professional attentions from the ministry, and there were no religious ceremonies on the gallows or during their confinement. They were both spiritualists, and have a peculiar religion of their own, which enabled them to meet their fate with coolness and resignation. Their bodies were put on board to the care of Marcus Spring, South Amboy, New Jersey.

**FAMINE PREVENTION IN CHARLESTON.**  
The house-keepers of Charleston will certainly have no occasion to be gratified with the coming of the Democratic National Convention, to that city since the prices of marketing here has put into effect greatly, and the high rates will be continued until after the 23d of April. Choice veal is thirty cents a pound; turkeys, from four to six dollars per pair; geese, two dollars to two and a half; fowls, one dollar and a quarter to one and a half; and northern cabbages, twenty-five cents for small and thirty-seven for large heads.

**A YOUNG PARLIAMENTARIAN.**  
The present page of the Speaker of the House of Representatives, first appointed to office by Speaker Boyd, is said to be one of the best parliamentarians in the country, knows perfectly all the rules of order and the routine of business, is acquainted with every member of the House, and is very useful to the Speaker in the discharge of his duties. He is a lad only nineteen years of age.

**FROM TEXAS.—New Orleans, March 21.**  
—Advice from Texas state that Gov. Houston is actively engaged in raising militia men in each county, traveling day and night. The Governor is at San Antonio, acting in concert with Col. Lee's militia on the Rio Grande. Col. Lee will leave on the 15th for active work. Five hundred Rangers are in the field. The Indians are again murdering, plundering and burning.

**NEWSPAPER SUSPENSION.**  
The next number of the National Era will contain a notice announcing its suspension after three more numbers are issued. Mrs. Bailey has been reluctantly compelled to cease to issue the paper, and because a majority of the House refused to follow the inevitable custom of all parties, and give its printing patronage to the journals of its own party in Washington.—N. Y. Tribune.

**The New York Courier and Enquirer,** of the 10th, says: "We learn from a satisfactory source in Paris that the French Government were advised that Spain has agreed to sell Cuba to the United States. Everything is in arrangement except the price about which there was some little difference of opinion."

**BURIAL OF STEVENS AND HAZLET.**  
The remains of these two men, executed at Charleston, Va., on Friday, were buried at Eaglewood, N. Y., on Sunday. About 150 persons were present, and brief addresses were made by Rev. Dr. Arms, T. Tilton, Mr. and Mrs. Springs and others. Among those present was the lady to whom Stevens was engaged to be married.

**KIDNAPING.**  
—A slave of Capt. Windsor, of Wilmington, Delaware, disappeared last December. A few days ago it was ascertained that he had been sold to a slave trader at Pointers Anne, Md. Six white men, one of them a substantial farmer, are implicated in the affair, and all but one have fled the State.

**The communication of the "Foreign Affairs" has decided to report in favor of the payment of the French Spoliation claims during the present session of Congress.**

**CHESAPEAKE AND OHIO CANAL.**

For the Montgomery County Sentinel. Mr. EORRIS: In the last communication of your correspondent "B," I find a lengthy quotation from the opinion of the Attorney General of Virginia, of which the following sentence is especially commended to our attention:—"It is inconsistent with good faith that creditors, with a lien upon the assets of a company, subject only to one condition, should be repudiated by the Commissioners of Maryland." Now I was not aware before that such was the fact nor do I suppose the Attorney General intended to convey that idea—though I must say the whole citation is rather murky at best. Its introduction, however, is evidently brought forward for the purpose of fortifying the main object of "B," which is to induce the Legislature to pass an Act for the benefit of that class of creditors who hold the preferred bonds of the Company, and virtually to repudiate the claims of other creditors who are equally meritorious and entitled to protection.

"B" likens my objection to that measure to a man "fighting a shadow." The simile may be appropriate, but unlike it in one respect—usually, in combats of that character, nobody is hurt; but, as the *story goes*, an unlucky victim, in passing within reach of my random blows, was so unfortunate as to receive their expellative against his own ribs with such force and effect as to cause him to cry out to his friend (the Attorney General) for help.

"B" further says: "It was not aware that the bill to which 'B' objects is before the Legislature." Well, suppose it was not, but does not even know that the Attorney General of Virginia, accompanied by a committee of the corporate authorities of Alexandria and the District cities recently visited Annapolis, and carried with them that very bill, for the purpose of urging its passage upon the Legislature.

"B" in continuation, says: "I understand that the McKaig bill is the same that was agreed upon at a convention of the creditors of the canal, held in the city of Baltimore last summer, at which the scrip-holders largely preponderated." Now, I do not presume that I have to you any business. I admit, that I have to say to that, that I have seen and conferred with several of that class of creditors, some of whom reside in Montgomery county, and they considered the McKaig bill in the form in which it was reported to the Senate, as even more objectionable than the one against which my criticisms have been more particularly directed.

"B" charges me with inconsistency, for having at one time accepted as correct his estimates of the indebtedness of the canal, and afterwards characterizing them as extravagant. I admit, that in my reply to his first communication, I did allude to his estimates as probably mathematically correct, but then doubted, as I still do, the basis upon which he founded them, inasmuch as he calculated interest on the stock subscribed by the State, as if the same had been a loan. I was perfectly aware that the subscription of stock was made proffered, upon which the company guaranteed a dividend of 6 per cent. (It might just as well have been 600.) but I objected to considering it a loan merely because the company had guaranteed such specified dividend.

Now when one individual or party loans another money at any legal per cent, his profit is confined to the rate of interest named in the loan, and he can by no possibility claim more; but let me ask, would not the State of Maryland have claimed a pro rata increase of dividend on her stock, over and above the 6 per cent, guaranteed to her per cent, investment had yielded a greater per cent than what was actually guaranteed to her? She certainly would. I cannot see, therefore, how the subscription of stock in the canal can be called a loan in any sense of the term; and it was on this ground I considered the amount of interest computed on the \$7,163,724, as not forming a part of the actual expenditure or loss by the State in the canal, and that such subscription might well be viewed rather in the light of an appropriation towards the construction of the Chesapeake and Ohio canal, than a loan to it.

[But this is not material to the issue, and I again repeat the enquiry: Where is the justice of legislating to protect one class of creditors, whilst claims of an older date, and equally meritorious, are substantially unprovided for? That is the question, and to any bill of such a character I am unchangeably opposed.]

**ENCAMPMENT OF POLITICIANS.**  
The Republicans of Hartford, Connecticut, are erecting a "camp-site," on a hill of seventy-two feet wider than the Fremont camp of '60, and capable of seating 2,500 persons, with standing room for about a thousand more. There will be two galleries exclusively for the ladies, sufficiently commodious to seat about four hundred.

**The New Orleans Picayune,** the most successful newspaper in the South, and which realizes a princely income yearly for its owners, was started by the principal editor, George Wilkes Kendall, upon a capital of seven hundred dollars won at a game of poker.

**COST OF JOHN BROWN'S RAID.**  
According to an official statement, the John Brown raid has already cost the State of Virginia the sum of two hundred and sixty thousand dollars, besides the valuable lives that were sacrificed by that madraider and his gagg.

**THE PRESIDENT.**  
A writer in the Charleston Courier recommends the Democratic national convention to nominate the Hon. Benjamin O. Howard, of Maryland, for President of the United States, as a strong State's rights and Union candidate.

**It is said that the Committee on Foreign Affairs** has decided to report in favor of the payment of the French Spoliation claims during the present session of Congress.

**A Washington correspondent of the Baltimore Sun,** under date of the 20th instant, says: "A petition was presented in the Senate to-day, which is indubitably as more fully indicating the real sentiments of the republican party than is to be found in the declarations of their leaders here or in their official platforms. Mr. Sumner, with an unaffected impressiveness of manner, stated that it was signed by Samuel Maine, a wealthy and aged citizen of Boston, and over four hundred others. It asks Congress to repeal the fugitive slave law of 1850, to abolish slavery in the District of Columbia and in the U. S. Territories, to prohibit the inter-State slave trade, and to pass a resolution pledging Congress against the admission of any slave State into the Union, the acquisition of any slave Territory, and the employment of any slaves by any agent, contractor, officer or department of the federal government.

Mr. Sumner asked its reference to the committee on the judiciary, but on motion of Mr. Davis it was laid on the table by a party vote. The sturdy created considerable sensation with Southern Senators.

**DEATH OF AN OLD DEFENDER.**  
—Mr. Jacob Frey died at Columbia, Pa., last week, and was buried at York. The deceased was, in 1814, a member of Capt. Thomas Schriver's rifle company, which marched to the defense of Baltimore. That company consisted of 70 members, of whom only ten survive, seven of whom attended Mr. Frey's funeral.

**LOCAL ELECTIONS IN PENNSYLVANIA.**  
The borough election held in Carlisle county, on the 19th inst., show a democratic gain. Summit Hill, which last fall gave 109 majority for the republican Assembly ticket, has now gone democratic. All the townships show democratic gains.

**CHICAGO CONVENTION.**  
—The proprietors of 35 hotels in Chicago, who charge from \$1 to \$2 50 a day, have pledged themselves not to advance on the price during the week the Republican Convention will be in session there.

**The Albany Times publishes the names of forty Southern journals** who are out in favor of the nomination of Daniel S. Dickinson for President.

**In Virginia,** as far as ascertained, six delegates for Hunter and two for Wise have been elected to the Charleston convention.

**Prominent politicians at Washington do not favor the idea of changing the place for holding the Democratic National Convention.**

**One thousand persons, it is said,** will attend the Charleston Convention from Illinois.

**The sixteenth child of Gov. Hicks** was born at Annapolis on Thursday last.

**The Markets.**

**DATUMS, March 21, 1860.**

**A GUANO CARD.**

THE undersigned having noticed in the "Herald" "Essential" an advertisement of the Farmers of certain farms in Guano for the District, would respectfully state to all Farmers, who trade in Washington, that, since his accession to business, he has extensively and highly realized an effort either at combination or single prices, as all his friends, and the dealers themselves, must bear witness.

On the contrary, he has very much sought to keep the price of Peruvian Guano as near root as possible, as his advertisements to that effect, and the less price at which the article has been purchased from his establishment, will testify.

He is aware (and renders to the public his acknowledgments for the same) that by withholding certain quantities to the contrary, the Guano stands in the highest repute among farmers of the surrounding sections of Maryland and Virginia, as always the purest and best article to be had.

As the undersigned has thus far, in his business career, been able to make a "livens" profit on his Guano, and as he believes every one has the right to regulate his own prices, he now has the pleasure to say, that, for this Spring, or until the price of the agents of the Peruvian government is changed, he will sell for any and all quantities the Purest Article of A No. 1 PERUVIAN GUANO, Washington and Annapolis, at

**\$57.00 per 2000 Pounds,**  
Cash, in current funds.  
Farmers are particularly assured that the Peruvian Guano sold by me, is all of the purest character, as I receive none that does not come direct from the Agents' Depot in Baltimore, every bag bearing the Inspector's mark. Farmers are further assured, that I keep the second class Peruvian Guano, and that my Guano, as herebefore, will be to keep the prices low, and to preserve the Inspector's mark. Bear in mind, that if your interest is to buy a pure article, at the lowest price, at my Guano Depot, No. 519 High Street, above the Avenue.
