THE SENTINEL.

THE WAR MOVEMENTS.

The State of Mississippi is said to have now in the field eleven full regiments of volunteers, leaving seventy-five organized companies of infantry and fourteen of cavalry and artillery, anxiously awaiting orders.

Forty-four river boats are laid up at Cincinnati, having no cargoes since the promulgation of Secretary Chase's order to establish a land blockade.

Ten companies of southern troops left New Orleans on the 20th instant, for Fort Smith, Arkansas.

SUPPLY OF COAL.

There are now in Alexandria nearly 18,000 tons of coal in the possession of the United States forces.

MORE ARRESTS IN WASHINGTON.

Mr. F. Markoe, late a clerk in the State Department, was arrested, on Tuesday last, on a charge of having said, in a conversation, that he was in communication with the southern commissioners in Europe, and believed that the Confederate Government would be recognized by the European powers.

Wm. Gerecke liquor dealer, was arrested upon the information of a soldier in the 12th New York Regiment. The evidence against him was that he kept in his place of business a figure wrapped in cotton, and over it the motto "Cotton is King." The soldier couldn't solve its meaning. Mr. Gerecke proved that he was a loyal citizen, and all was right.

Franklin Minor, late a clerk in the Census Bureau, and a lawyer by profession, was arrested by a squad of troops and taken before Justice Johnson, who released him upon his own security for a further hearing.

M. A. Forrey, charged on a charge of being a secessionist from Virginia, proved that he was a Union man, and on taking the oath of allegiance, was released.

Robert Muir was discharged by Justice Johnson. He was arrested by a squad of company A Union regiment.

MANASSAS GAP.

Manassas Gap, where a large body of southern troops are reported to be, is seventy miles from Alexandria, a strong position on the Alexandria and Strasburg (Valley) Railroad. Manassas Junction is twenty-seven miles from Alexandria, and is the key to the principal roads of Virginia—the line from Richmond, as well as the Tennessee and Lynchburg line to Harper's Ferry, uniting at that point, which commands them all.

THE NEXT DEMONSTRATION.

The New York Tribune says that a military movement is now under way in Western Virginia, which is to have an important effect upon the position of affairs. Though the particulars of the movement remain to come, it is stated that it is not to be on Harper's Ferry, though that point is expected to come again into federal hands as a result of the movement.

Advices from Richmond confirm the report that troops to the number of five hundred a day arrive at that city.

VEGETABLES FOR THE ARMY AT PENSACOLA.

The Mobile members of vegetable list week determined upon presenting the southern army at Pensacola with a variety of luxuries of the season, as for 24 hours collected together one hundred and ten cart loads of the tempting products of the Alabama vegetable markets.

ARMS FOR TENNESSEE.

The Nashville Banner says that 7,500 Enfield rifles, imported from New Orleans, have been received by the proper authorities of Tennessee.

Charge of Treason--The Case of Mr. John Merryman.

The case of Mr. Merry, prisoner before the United States Commissioner Tuesday last, and at 12 o'clock the court room was opened and immediately filled with citizens. Shortly after Judge Taney appeared, when the following writ was returned to the Court by Deputy Marshal Vance:

The United States of America,
District of Maryland, to wit:

To the Marshal of Maryland and to any special Deputy. We command you that you attach the body of Arnold Merryman, if to be found within your bailiwick, and have him before the Hon. Roger B. Taney, Chief Justice of the Supreme Court of the United States, on Tuesday, 28th of May, 1861, at 10 o'clock, at the Circuit Court room of the U. States in the city of Baltimore, to answer his high contempt by him committed in not complying fully to and with the command of a writ of habeas corpus granted by the said Chief Justice, directed to the Commander of Fort McHenry, Baltimore county, and to have you then and there this writ.

Witness the Hon. Roger B. Taney, Chief Justice of the Supreme Court of the United States, the first Monday in December, in the year of our Lord, 1860.

TILGHMAN SPICER, Clerk.

Issued 27th May, 1861.

I the undersigned, to the Hon. Roger B. Taney, Chief Justice of the Supreme Court of United States, certify by virtue of the within writ of attachment to me directed, on the 27th day of May, 1861, I proceeded on the 28th day of May, to Fort McHenry, for the purpose of serving said writ. I went in my name at the office gate. The messenger returned with the report that there was no answer to my call, and therefore could not serve the writ as I was commanded. I was not permitted to enter the gate. No answers.

WASHINGTON BONIFANT,
U. S. Marshal for District of Maryland.

OPINION OF JUDGE TANEY.

The Judge, after hearing the return of the Marshal said:

Pardoned the attachment yesterday, because upon the face of the return, the detention of the prisoner was unlawful upon two grounds.

1st. The President, under the Constitution and laws of the United States, cannot suspend the privilege of the writ of habeas corpus, nor authorize any military officer to do so.

2d. A military officer has no right to arrest and detain a person, nor subject him to the rules and articles of war for an offence against the laws of the United States, except in aid of the judicial authority and subject to its control, and if the party is arrested by the military, it is the duty of the officer to deliver him over immediately to civil authority to be dealt with according to law.

I therefore yesterday, to state orally the provisions of the Constitution of the United States which make those principles the fundamental law of the Union, because an oral statement might be misunderstood in some portions of it; and I shall therefore put my opinion in writing and file it in the office of the clerk of the Circuit Court, in the course of this week.

The Judge continued, and said that the Marshal, when resisted, had the power to summon a *posse comitatus* and bring the party into Court by force; but under the circumstances—there being a large military opposition—he thought the Marshal acted prudently in not resorting to that expedient, inasmuch as it might have proven dangerous. It was, therefore, best that the Marshal pursued the course he did. He (the Judge) would, however, reduce his opinion to writing in the course of the week, and transmit a copy of it to the President, in order to ascertain if his Excellency will maintain the laws of the United States, which he has sworn to support.

The Court room was densely crowded and the street in front filled with persons anxious to learn the result of the issue between the military and the judiciary. The question now being left to the President, the public will have to await his reply to the opinion of the Chief Justice.

Law Partnership.

RICHARD J. BOWIE & JOHN T. VINSON, of Rockville, Montgomery county, Md., have entered into copartnership in the Practice of the Law.

They will practice in the Court of Appeals of Maryland, and in the Circuit Courts of Anne Arundel, Howard and Montgomery counties, and in the Circuit Court of the District of Columbia. RICHARD J. BOWIE,

A Southern Invention.

WOODWORTH'S COMPOUND TOILET & WASHING SOAP

Paented March 13th 1860.

THE subscriber having purchased of Mr. Woodsworth the Patent Right for Montgomery county, Md., for his IMPROVED SOAP, now offers for sale

Family Rights.

Also, SOAPS of every description manufactured by his process.

The subscriber has tested this soap thoroughly, and can, with confidence, recommend it to the citizens of Montgomery county. It is decidedly the

Cheapest and Best Soap

that has ever been made, and at the same time the mode of manufacturing the simplest that has ever been discovered. It can be made in TEN MINUTES. Any one can heat over the fire a quantity of water, and turn the same into the best Toilet or Washing Soap. It is made without any offensive smell. There is no lye or grease used, being made entirely from chemicals. It has been analyzed by some of the best chemists, and found to contain nothing that will injure the most delicate fibres, or the skin.

This soap has been used by thousands of families for the last six months, and it is universally preferred to any other, wherever it is known, both for its superior quality as a washing and toilet soap, and for the great economy there is in using it, being cheaper by

Several hundred per cent.

than any other soap known. Every family should possess it, and needs only to be known to be sought after by every household and laundress in the land.

☞ The chemicals for its manufacture can be obtained at any Drug Store, at a very trifling expense.

FAMILY RIGHTS, or any of the Soaps, can be obtained of the subscriber. Any one purchasing a family right, and are dissatisfied after giving the soap a fair trial, can return it. He will, if required by the person purchasing a right, make some of the soap.

PERRY TRAIL,
dec 7—tf Rockville, Md.

ROCKVILLE, Dec. 4th, 1860.

MR. TRAIL: The specimens of soap you gave me I exposed to the thorough test and found them to be all you represented. I have never seen any soap to equal them, both for their superior quality, and for the great economy there is using them. I cheerfully recommend them to the public. A. F. BOSWELL.

ATTENTION,

ALL YE LOVERS OF GOOD COFFEE!

Save your Money, and always have Good Coffee!

This can be done by using one of HERRMAN'S

Celebrated Coffee Roasters!

THIS is a little invention that every woman requires as an article of necessity and convenience. The coffee roasted in this way is not only better and far healthier, but much stronger, as the aroma is retained and not destroyed in the roasting. It is the most complete thing ever offered.

One pound of coffee can be roasted in from one to two minutes, and two pounds in two to three minutes. It is constructed that the coffee is kept constantly in motion, and exposed to the same degree of heat, consequently all the grains are roasted alike—and have, as to the same flavor—no fear of burning, as is the case when roasted in the old way. The aroma is retained from over roasting, or not roasting enough. A glass window is placed at the end of the cylinder, so that the coffee may be inspected as much as desired, thereby avoiding the danger of roasting too much, and the consequent loss of the whole operation. No one need be afraid to buy green coffee, as they can roast it themselves, and all doubt as to the quality of the coffee is done away with.

Call and see it in operation at the store of JOHN H. BROOKE, Esq., where it can be seen in full operation. Dry Goods, Grocery and Notion Stores usually keep it for sale. Price $5 00.
