### ATTENTION.

ALL YE LOVERS OF GOOD COFFEE! Save your Money, and always have Good Coffee.

This can be done by using one of HEDRUM'S Celebrated Coffee Roasters!

**HEDRUM'S** is a little invention that every woman requires, as an article of convenience. The coffee roaster that you desire is kept on hand in the store, so that the coffee is not only the best, but the most convenient, and the most delicious. It is exactly the same flavoring, though it is required to be more carefully prepared than the ordinary coffee, and the beans are more carefully selected, so that the coffee is more delicious. It is also more easily digestible, and more easily absorbed by the body.

The point of the coffee roaster is to be used for twelve minutes over low heat, and for twenty minutes over high heat. The coffee is kept on hand in the store, so that the coffee is not only the best, but the most convenient, and the most delicious. It is exactly the same flavoring, though it is required to be more carefully prepared than the ordinary coffee, and the beans are more carefully selected, so that the coffee is more delicious. It is also more easily digestible, and more easily absorbed by the body.

**W. A. CUMMING** is a good deal interested in the manufacture of soap, and has a large number of customers. He would be pleased to show them at his factory, the methods of their manufacture.

They can be seen at the store of Wm. A. Cumming, 100 Main Street, just opposite to the theater, in front of the Globe Theatre, and all who are interested in a fine soap, should call at his factory.

**A Southern Invention.**

WOODWORTH'S COMPOD TOILET & WASHING SOAP.

Patented March 12th, 1863.

THE subject of leaving you, has led me to believe that you are about to leave for Montgomery County, Md., for the PHARAOH'S SOAP, now offered for sale.

**FAMILY Rights.**

Also SOAPS of every description, made for the use of infants.

The subject has tested this soap thoroughly, and can, with confidence, recommend it to the citizens of Montgomery county. It is decidedly the best.

**Cheapest and Best Soap.**

that has ever been made, and at the same time the mode of manufacturing the simplest that has ever been discovered. It can be made in TEN MINUTES. Any one can learn to make a quantity of water soap in the same time as the best Barber's Washing Soap. It is made without any animalic acid.

It is made entirely from chemicals.

It has been analyzed by some of the best chemists, and found to contain nothing that will injure the most delicate skin, or hair.

This soap has been used by thousands of families for the last six months, and it is universally preferred to any other, whatever it is known, both for its superior qualities as washing and toilet soap, and for the great economy there is in using it, being cheaper by

**Several hundred por cent.**

than any other soap known. Every family should possess it, and needs only to be known to be bought after by every household, and laundress in the land.

It is the best soap for its manufacture can be obtained at any Drug Store, at a very trifling expense.

**FAMILY RIGHTS,** or any of the Soaps, can be obtained at the subscriber's. Any one purchasing a family right, and is satisfied after giving the soap, can return it. It is sold by the person purchasing it.

If you are in a tight place, make some of the soap.

**PERRY TENNIS,** Rockville, Md.

Rockville, Dec. 4th, 1863.

Mr. Tamm: The members of my party gave

me leave to be thoroughly tried, and found

them to be all you represent.

I have never seen any cause to resent them, for the great economy

they are using them. I cheerfully recommend them to the public.
