POWDERS.

THESE POWDERS have proved, of the a grait of several years, to be comperted to ship preparation of the kind in acc. The chief superiority of these powelers arises from the fact that they are composed of medicines that nave interesting to the same interesting the same interesting to the same interesting the same interesting that the same interesting that the same interesting the same interesting to the same interesting the same interesting fat when not really so—but to remove his disease and promote his general health.

These powders will strengtine the through and intestings cleane the termands and intestings cleanes the termands and intestings cleanes the termands.

These powders will strengthen the stomach and intestines, cleanse them These powders will strengthen the stomach and intestines, cleanse them from effensive matter, and bring them from effensive matter, and bring them for a healthy state. They are a sine prevention of Lung Fever and a certain its recommended.

The mely for all diseases incident to the relation of Lung Fever and a certain its recommended.

So apparent to its usefunds, and so remarkable has been its cube, that it is recommended.

So apparent to its usefunds, and so remarkable has been its cube, that it is fast superceding every atter could for those diseases. The affile do on possible the winter and spring, your house will laterer get the Lung Fever. Cholic, or Botts. A few doses of these ponders will remove the worst cough on any horse. Were owners of horsets to feed a few of these powders every year, they might save the lives of mrsy valuable horses.

MILCH COWS.

The properties this powder possesses in increasing the amenatic of a large parador of the first feathless of the outcomes of the interest of council, in the properties this powder possesses in increasing the magnetic of the side of the first feathless of the outcomes of the other properties this powder possesses in increasing the magnetic of the side of the first feathless of the outcomes of the outco

MILCH COWS.

The properties this powder possesses in increasing the quantity of milk incows, gives it an Importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, loosens their bide, and makes them thrive mush

In all diseases of Swine, as Coughs, a Ulcers in the Lungs and Liver, &c., by Justing from half a paper to a paper of these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders, the Hog Gholera can be prevented. Prepared by S. A. FOUTZ, Westmingter, Marvland.

THE SENTINE

ROCKVILLE, MD. FRIDAY, AUGUST E. 18

THE CLOSE OF VOLUME SEVENTH With the present number closes the Ber Volume of the Sentings. During, the year, we have experienced our fallshare o upe and downs of life; but, through every circitude, we have the gratifying consola to annuance, that we still survive. The neral approval of our course is, of itself, cially encouraging, and we shall perseve our efforts to merit its continuance. To t individuals, if any there be, who may felt aggrieved at any thing that fell fro in the columns of our paper, we would dischafining any intention of the kind, rethem of the rugged road an elitor of a pr journal has to travel through life. We l at least, mideavored to keep on the trace our duty, wherever it led, and to crit passing events with an impartial pen; an as humble exponents of the individual r of the States, we have sppeared to exhib over-zeal in combatting invasion of them any quarter, we have no excuse to offer cause we think some is needed; and our ders may rest assured, that, to long as w allowed control over the columns of the resert, we shall continue to defend shoe cred privileges, which, as Marylanders, berited as a birthright: and they may a us in the future, as in the past, 10 m with our whole might, any and all att to abridge them.

WHEN THE DRAFTING CONNEXCES .- It is co that some misapprehension has aris partment for drafting to be entered up the event of the quota required in each not being obtained, from the fact of th naving been printed August 15th in so pers and August 18th in others. The Department, in answer to inquiries, mitte the 15th us the date specified.

ARLIVAL OF THE ARABIA ... The stenting bin, which was bourded off Cape R. Tuesday last, brings advices from Eur the 27th alt. What the general tends of advices is we are not jet informed. A we know is, that the question of Ca. delence had been detated in the British of Commons, and that some of the s did not apprehend any danger to the from the United States. Cotton had a declined, and Daring Brothers repo American securities are pressed, and is difficult to give quotations.

RELEABLE ON PARGLE.-Messrs His Bowie, whose arrest we noticed last (says the Marlborough Gazette,) har discharged on parole, and have to again at Washington. They are charge Laving aided Federal soldiers to esca seems that two spies, representing the culied upon these gentlemen for relie in the kindness of their hearts, gas meat and drink, as they would have any war-faring many little supposit were hartoring vite serpents ready t them in their vital part. There was to intention to "aid deserters, " as th and would no doubt, moner see t tuined to their regiments and punish

A NAULO BESIMENT TO BE RAISED -jut sut General of Rhode Island Las an a regiment to be raised in that State composed wholly of regroes. The la expected to respond with scal and shi the call. The order states further th Strague wil. lead them in person to "and will there with them, in comme the patients midders of the Legal! trisls and dangers, and will participa glories of their successes."

Six HUNDRED TROUBAND MAN.-T deut's order of the 5th instant, adds nine moutas' drafted men to the 300 unteers lately eatled for. This will new force almost count in itself to th number the Federal army has had at during the war Added to the force the field, it will make a round mil

BRAFTING .- The Providence (R. things that "drafting will have to be to in nearly all the States. The nur unteering in the whole loyal country supposed to be less than one thousan or thirty thousand fer menth. Att would require ten monthe in which the President's cail.

Senares Wittens's Orizion-A ENANCIPATION .- A writer in the Bu eter, of Friday, unya

rier, of Friday, 2878:

"Sersier Wilson, on Monday lass between Lynn and Boston, asserted tieman well known in beth cities, it soos to be made as war of emmergatishers and astermination to the mar homestends for our soldiers are to out of the confinented cuates of the item." REKOVAL OF COIR.—The St. Louis

can says the coin and saleables in ton Branch of the Bank of the Sta souri have been removed to St. Le ing the excitement in that section of Branches of other beaks hare ad permaiary measures. Abstract of a Daughter or Lesus Mrs. Mitchell, the daughter of G

mbr, of Kentucky, was arrect sinnati last week, on suspicion of pers and letters draigned to conve tien to the rebeir. Nothing of the frang bu bet betant.

In the first branch of the City Council, on Tarotsy lad, rench adopted reporting Happe General 9 minister the path of allegiums to man of Baltimore at the mariliest position.

Empressia Burnes brinoir' in it has been decided by a ladicial at Vermont that the man who signed montroll of a regiment atthough in, to be and to years the rame as easien the oath.
