We wish farmers to hike especial notes, that the conditions upon which we have the agency of this Giano are, that every cargo is regularly inspected and analyzed by Dr. Laisto, whose authority in such matters is paramount.

This arrangement affords us and consumers a protection not had in the purchase of fertilizers generally. It must also be noticed that the phosphates of this Guano are not susprebut the phosphates, which is greatly to its advantage.

The following is a summary of last cargo: While the process of the Guano are not susprebut the condendant, Contacting A. Sciable Phosphates of Line 17.07
