The first district will remain as it is; the second and third will comprise the second district, and the fourth and fifth the third district. A delegation from Baltimore called on the President to urge the retention of Mr. Erans, one of the present collectors, as collector of the new second district. The President assured them, as he has assured all others approaching him on the same subject, that the time had not yet come for the consideration of any recomnendations looking to the retention of reve nue officers in the forthcoming consolidation, Gen. Pleasanton not having presented his report and suggestions on the subject. He expects to control a few appointments himself, but will leave the burden and responsibility of consolidation mainly in the hands of the commissioner. His many friends in the rounty will regret to hear of his accident, and, no doubt, deeply sympathies with him in his present efficition. It is to be hoped he will speedily recover, and again be blessed with good health. The festival, and supper, advertised in the Sentinel to take place last Monday night at the Catholic Church, in Barnesville, came off according to notice, and was attended by a large crowd of ladies and gentlemen. Everything was conducted to the satisfaction of the audience; and, I understand, the proceeds realized on the occasion was fully up to the expectations of those who had charge of the feast. The water was let out of the canal last Wednesday, and preparations are now being made to have the needed repairs done while the water is out. The cold weather and accumulation of ice will necessarily retard the work very much; all business, dependent on the trade of the canal will be at a pathologic into the

I understand Col. E. V. Whitz, from Vir-inia, has negotiated for the purchase of the property at White's Ferry, with the intention

of engaging in the business of shipping grain from that point. Edwards Ferry and White's Ferry age the two prominent points for ship-ping grain to market from this neighborhood and Virginia.

I understand there were shipped, from Edwards' Ferry, some seventy thousand bushels of grain the past season, besides the back freightling of ferthizers, &c., from Georgetown. Messrs, Fitterman, & Searns, the present owners, have made considerable improvements at that point—having received, in the pict two years, four dwelling houses, a smith shop, and lime kiln, which is quite a contenience to every one who has occasion to ase lime for any purpose. Edwards' Ferry is destined to be one of the best business points along the canal. I believe the farmers, as a general thing, have hired their regular hands for the present year. There was no fixed plan of hiring—as I
