

LOVE SONG.

Do I still love you? Ask the bee
If he still loves the flower?
And of the flower demand if she
Love sunshines and the showery?

Useful Hints.

To Revive Faded Clothes.—In a quart
of vinegar boil three ounces of logwood,
and when the color is extracted, drop in a piece
of carbonate of iron, the size of a large chestnut;

To Make Old Kid Gloves New.—Make a
thick mullage by boiling a handful of faxseed;
add a little dissolved soap; then, when
the mixture cools, wash a piece of white band
with the gloves, previously fitted to the hand.

Wit and Humor
A model surgical operation.—To take the
check out of a young man and the jaw out of
a woman.

CURATIVE.

TO PHYSICIANS.
NEW YORK, August 15, 1868.
ALLOW ME to call your attention to my
Preparation of Compound
Extract Buchu.

The component parts are DUCHU, LONG
LEAF, CUBEBES, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in
varco. Juniper Berries, by distillation, to
form a fine gin. Cubels extracted by dis-
placement with spirits obtained from Juniper
Berries; very little sugar is used, and a small
proportion of spirit. It is more palatable
than any now in use.

Buchu, as prepared by Druggists, is of a
dark color. It is a plant that emits its frag-
rance; the action of a flame destroys this
(its active principle), leaving a dark and glu-
cinous decoction. Mine is the color of ingre-
dients. The Buchu in my preparation pre-
dominates; the smallest quantity of the other
ingredients are added, to prevent fermenta-
tion; upon inspection, it will be found not to
be a Tincture, as made in Pharmacopoeia, nor
is it a Syrup—and therefore can be used in
cases where Beer or inflammation exist. In
this, you have the knowledge of the ingre-
dients and the mode of preparation.

Hoping that you will favor it with a trial,
and that upon inspection it will meet with
your approbation.

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience.

From the Largest Manufacturing Chem-
ists in the World!
November 4, 1854.
I am acquainted with Mr. H. T. HELM-
bold; he occupied the Drug Store opposite
my residence, and was successful in conduct-
ing the business where others had not been
equally so before him. I have been favor-
ably impressed with his character and enter-
prise.

WILLIAM WRIGHTMAN,
Firm of Powers & Wrightman,
Manufacturing Chemists,
Ninth and Brown streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU
Is the great specific for Urinary Litu-
tude, Prostration, &c.

The constitution, once affected with Urin-
ary Weakness, requires the aid of medicine
to strengthen and invigorate the system,
which HELMBOLD'S EXTRACT BUCHU
invariably does. If no treatment is sub-
stituted, to consumption or insanity causes.

In affections peculiar to Females, is unequal-
led by any other preparation, as in Chlorosis,
or Retention. Painfulness, or Suppression of
Customary Evacuations, Ulcerated or Shir-
ring State of the Uterus, and all complaints
incident to the sex, or the decline or change
of life.

Will radically exterminate from the system
diseases arising from habits of dissipation, at
little expense, little or no change in diet, no
inconvenience or exposure; completely super-
ceding those unpleasant and dangerous reme-
dies, Copavia and Mercury, in all these dis-
eases.

In all diseases of these organs, whether exist-
ing in male or female, from whatever cause
originating, and no matter how long stand-
ing. It is pleasant in taste and odor, "im-
mediate" in action, and more strengthening
than any of the preparations of Bark or Iron.

Those suffering from broken-down or
delicate constitutions, procure the remedy at
once.

The reader must be aware that, howe-
ver slight may be the attack of the above dis-
eases, it is certain to affect the bodily health
and mental powers.

All the above diseases require the aid
of a Diuretic. HELMBOLD'S EXTRACT
BUCHU is the great Diuretic.
Sold by Druggists everywhere. Price,
\$1.25 per bottle, or six bottles for \$6.50. Deliv-
ered to any address. Describe symptoms in
all communications.
