YOU KNOW HOW IT IS YOURSELF.

ear Nellie, Sunday night, you know,
I hadn't much to say,
And yet 'twas twelve o'clock or so,
Before I went away;
You saw that half the time I watched
The clock upon the shelf—
Oh! Nellie, how I wished you might
See how it was yourself!

I wanted so to tell you
What I've waited long to say,
But heart and spirit failed me,
My courage died away.
Now, Nellie, only listen—
For regal as little elf,
I'm sure you'd pity me, at least,
If you knew how it was yourself.

Excuse me, Nellie, darling,
I've loved you long and well,
Then let me keep this little hand,
Nor all my hopes dispel;
I love you more than all the world
One glow of power or pelf—
But you are weak when hearts would speak
You know how it is yourself.

Her lips fell faintly quivering,
Her shy glance upward thrown—
I gently drew her to my side
My beautiful! my own!
We sat there all the evening mantel shelf—
"Twelve" came for—for
The rest you must yourself!

ORPHANS' COURT.
THOMAS W. HIGGINS,
vs.
THOMAS H. JAMIESON AND OTHERS.

In the Orphans' Court of Montgomery County, sitting as a Court of Equity.

THE object of the bill in this case is to obtain a decree for the conveyance from the defendants, heirs at law of Mary Ann O'Neale, late of said Montgomery county deceased, for all those tracts or parts of tracts of land called "Conjurer Detected" and "Token of Love," containing by supposition 160 acres, it being the same land that was sold by William Chilcell, Executor of said Mary Ann O'Neale to said James W. Higgins, September term 1850, lies on the North side of the road from Rockville to Georgetown.

The bill states that Mary Ann O'Neale, being possessed of large real estate departed this life sometime in the year 1850, leaving a last will and testament, in and by which she appointed William Chilcell, Executor, who duly qualified as such and entered upon the administration of said estate.

The bill further states that, during the life of said Mary Ann the said William Chilcell verbally contracted as agent for said Mary with said James W. Higgins for the sale of a certain piece of [illegible] on the North side of road from Rockville to Georgetown, which contract the said Mary Ann, by her last will and testament, directed said Executor to carry into effect, the same to said Executor with the terms of said agreement, will further states that in furtherance of said agreement and in accordance with the provisions of said last will, the said Executor did on September 10, 1850, convey to said Higgins the said "Conjurer Detected" and "Token of Love," containing 180 acres and 55 per acre.

The bill further states that said Higgins took possession of said property, and that he and those claiming under him have had the quiet and peaceable possession of the same ever since.

The bill further states that said Chilcell died without having fully executed the said agreement with said Higgins by said last will and testament, and that the heirs of said Mary Ann O'Neale, deceased, are the nephews and nieces of her husband, and nephews and nieces, the children of her body, and the names and residence are as follows, viz: Thomas D. Jamieson, Francis Jamieson, Mary L. the wife of John R. Rowan and Carroll Rowan, Thomas D. Jamieson, Cecilia Jamieson, wife of John R. Jamieson, and B. Jamieson, Henry Jamieson, wife, Eleanor, Charles Jamieson, Alice Jamieson, John A. B. Jamieson, and Catherine, deceased, whose husband is ignorant of residence; that Carroll Rowan, Alice Jamieson, Maurice Jamieson, of Allegheny county, are over the age of twenty-one years, and the said Ann Oneale and the defendants, heirs at law, may, by a trustee to be appointed for that purpose, be conveyed to the complainant, James W. Higgins, and for such further and other relief as the case may require.

The bill further states that the said Thomas H. Jamieson, Francis Jamieson, William Jamieson, William Edwards and Mary L. wife, Dr. John Rowan, Carroll Rowan, John A. B. Leonard, Sarah Peter, Ellen Cutts and the heirs at law of Rose Greenhough, deceased, reside out of the State of Maryland.

It is thereupon, this 21st day of July, in the year 1871, adjudged and ordered that the complainant, by causing a copy of this order to be inserted in some newspaper published at Rockville once in each of four successive weeks before the 2nd day of September next, give notice to the absent defendants of the object and substance of this bill, and warn them to appear in this Court in person or by solicitor, *by or before the 5th day of December next*, to answer the premises and show cause, if any they have, why a decree ought not to pass as prayed.

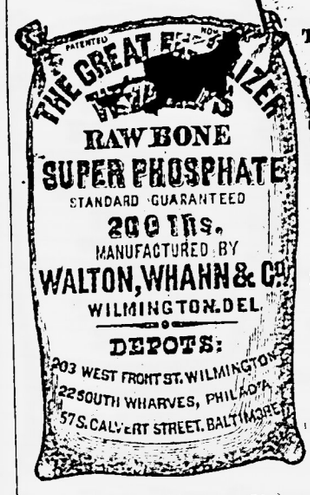
WHANN'S
RAW BONE SUPER PHOSPHATE!

THE GREAT FERTILIZER FOR ALL CROPS!



The unparalleled success of this renowned manure proves it to be

THE BEST FERTILIZER
IN THE MARKET.

[illegible] YEARS OF EXPERIENCE have demonstrated that it is not only a

Great Crop Producer,

but that nothing equals it as a *RENOVATOR OF WORN-OUT SOILS.*

IT IS COMPOSED OF

Pure Raw Bone, Guano, Sulphuric Acid and Salts of Potash and Soda;

AND IS WARRANTED FREE FROM ADULTERATION

☞ **Whann's Raw Bone Super Phosphate** is used by many of the best Farmers and Planters in all sections of the country. We refer to all who have used it.

Sunny Spring, Montgomery Co., Md., 25th March, 1870.

Mr. friend, E. G. Edwards, *Agent for Walton, Whann & Co.'s Baltimore Fertilizer:*

At the instance I was induced to try a small quantity of a fertilizer prepared by the above Company, in the Spring of 1869, and was so well satisfied with its effect on corn and potatoes, that I used it on my wheat in the Fall following, and also induced several of my neighbors to use several tons. I put no other manure on the potatoes, and never had a better crop. I put the same ground, (which was thin) in wheat but [illegible] to additional manure, except a small sprinkling of the same manure, and the result is, that it is the best wheat I have seen this Spring, now heading, and other wheat [illegible] inches high; and, as a general thing, in the section of country where I reside, wheat is unusually backward, and prospect of a short crop. I have wheat in the same field that the ground was manured from Barn Yard, Bone and Peruvian Guano, and it is very much behind Whann's. I have called the attention of the neighboring farmers to see the wheat, and, without an exception, they say it is the best they have seen.

I am now using Whann's Raw Bone Super Phosphate as the only manure on my corn and potatoes. I used it on an acre of oats, stubble ground, with no additional manure of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, the farmers have to do is to place them in reach to use it; and, further, I have been to see the factory, and am perfectly satisfied that the public may rely upon being supplied with a reliable article.

Respectfully, my friend, [illegible] M. E. SELLMAN.
