Hox. ANDREW K. SYESTER.

For Comptroller of the Treasury,

COL. LEVIN WOOLFORD.

It is proposed to continue the publication oposed as continue the parties in the same ing agony, she expired. line editorially and practically as marked out and pursued by its late immented proprietor We look back upon its past career with mingled emotions of pleasure and regret-pleasure arising from the encouraging support received from a generous public, and regret that the iuprevent our paper from reaching the high and Mexico, and the United States-in them

To those who stood so nobly by the Scatinew our cordial acknowledgments, and beration now that times of difficulty and trial have come upon us. On all in the county, who such a degree that it frequently gave me a dishave heretofore withheld their patronage, we inquished importance to have come from the call to come forward with a helping hand, to make country.—Helds letters from abroat.

maguaged importance in maguaged in maguaged importance in maguaged importance in maguaged importance in maguaged importance in maguaged in maguag

It is to be hoped that the best men of the party will be chosen as delegates to the Coup-Convertion, and that they will patiently and with deliberation present for the suffrages of the people the strongest ticket that can be framed out of the excellent material at command; that we may go into the contest with our Radical opponents and their colored coborts with a full and confident assurance All that the Democracy of this county need

for an overwhelming triumph, this Fall, is a Primary Meetings and County Conticket that can command their undivided support. Every true Democrate will unite in this great purpose and aid, by every means in his power, to promote this great end—far more noble and patriotic than the accomplishment of any personal ambition or the gratification

The Approaching Fair.

The Fair is coming on space, and we would again repeat what we have, time and again, urged upon the people of our county, without distinction of sex, are or occupation, the importance of sustaining an organization that has already' under less favorable circumstan ces, greatly promoted the substantial interests of all classes and conditions of our people and which is destined, under the happy aus pices, now existing, to place our county in the van of agricultural, mechanical, domestic and social improvement. In our judgment, there is not an individual smong us who is not deeply interested in the highest success of the objects of this Society, and, therefore, no one, who should not contribute to the extent his ability, to secure such success.

We call upon every friend of the Society to do his part towards making this an emisently successful Fair—to contribute as liberally to the funds of the Society as his interest in its operations demands. Let every one get something ready for exhibition that will add to the attractiveness of the occasion. This is not only your duty, but you will and it also greatly to your interest to do all gran to promote the success of this noble

TESTIMONIALS.

PRODERVILLE May 13, 1871.

DEAR SIR: Your favor of the 3d instant is received. You wish to learn of me the effect of Lister Bone and Pertvian Guano on my wheat crop of last fall. I used these articles in equal parts, at rate of 275 pounds per actr, and asceded in about 135 acres, and used this mixture on my entire crop. I never had a crop that promised so well. The crop was seeded on stubble and corn land; I think the laster Bone a very superior article, and I don't think I can say too much in its praise, and it must become very popular. I think it is the very best article mixed with Peruvian Guano for wheat, and at ten to twelve dollars a ton for theat, and at ten to twelve dollars a ton fact is fally set fort to the farmers that they will manipulate their own fertifizers, and ferd assured that they will get a letter article, and thereby save let to twelve dollars per ton.

Very respectively.

FIEDDERICK S. POOLE.

FREDERICK S. POOLE. [* Here several very popular tertilizers are monitored, which I deem it proper to omit as I shall also in the following communications.

Since the above better was reduced, I have seven Mr. Poole and fluid that the results of his mixture have mather most song the anticipations.]

I have used, with the greatest success turn have mather most song the anticipations.

Towns Day, Jone 13, 1871.

Dear Sing It gives me great pleasure to comply with your tropost in warring in my experience? of the Lister Bone. There because the content of the Lister Bone. There because the standard and wheat, and find that it acts finely. On my wheat rice, after proof the ground.

There are because the proof of the market.

It pays in the Cron. and it is because to the It paye in the Crop, and its benefits to the rounded by analysis.

It paye in the Crop, and its benefits to the rounded by analysis.

It paye in the Crop, and its benefits to the remainded by analysis.

It paye in the Crop, and its benefits to the rounded by analysis.

It paye in the Crop, and its benefits to the rounded by analysis. TURNER'S EXCELSIOR.

Gueno, and, considering one oscillated do a 1.1.1 letter.

There you has been crop of about that I have had for years, had deed but the laster Bane. I shall use it at an on the fall.

You're respectfully.

W. C. BIANOND.

Terms will be accommodating a 6 made known on day of sole, for by application to the subscribe, a ferman finance last full nathe propose a method for the subscribe over one that I braven a foamo to the idea of a portion of me land, a donated to be subscribed by the form to any person who Pernyam Guino alone to the applied at the same cast \$1/pr agre. Where I said ps thou Peruvien. Guzno abore—both applied at the same cost. \$12 per saye. Where I had the bester lone and Gnano the crop was better than where I need the Gound abore. The character of the land the Same. The same is also used Lister. Buse on earn had year with great success.

ber, 1871, at 10 d'eleck, a. m., of Lister Bobe per acre on wheat, and had a fine growth of straw; but as with all my one; but, owing to the season, not unter wheat. I used it on timothy with succes.

Two of them Borel Marcs, ised the same mixture last full and raised a

ter Bone and one-third Peravian Guano, mixed fast fail, at the rate of 220 pounds to the are, and have never had better results from any other factilizers. This mixture cost me \$11 per ton less than my neighbors pay for fertilizers. Island a fine opportunity of testing it on one of my fields, which was very poor, and not capable of producing more than two barrels of corn to the acre, I used this mixture at the same rate, and the wheat crop from this field was nearly equal to that from my best had. My neighbors think mine the less crop of wheat in the neighborhood, and I think it equal to any in the county. I have also a fine set of grass following the wheat. I have use! it on potatoes also with success—I recommend it legily."

it on solators also with success—I recommend it biglist."

Mr. John H. Gassawar, of Darnestown, writes: "I have used Litater ione for several years, applying it with one-third Peruvian Guano at the rate of 300 pounds per acre, on all kinds of crops, and I have made as good crops as my neighbors who have used other fertilizers at a coat of ten or fifteen dollars more per ton. I raised last fall a large and uniform crop of wheat, and have now a fine set of grass. I shall continue to use it on all crops."

Mr. A. C. P. Shoemaker advises : I have used the Lister Bone and one-third Perusian Guano for three years past to good effect, and perfer it to all other fertilizers. I had this season a fine wheat crop and an egcellent set of grass to follow. I have now the best field of clover to follow. I have now the best field of clover in any part of my neighborhood. I have used it also on Potatoes with one-third Guano, and on corn aldnewith as great success self-could have anticipated. I shall continue to use it to the exclusion of all other manures.

Mr. N. C. Dickerson advises: "Nothing I have ever used in the way of fertilizers has given me more satisfaction than the Lister. Bong, used with ohe-third Peruvian Guano. I have used it several seasons on all crops."

Rev. Jas. B. II. Honderson writes: "[was niuch pleased with Lister Bone and Peruvian Giano that I bought from you last fail. In a field that I sowed with this mixture I used a few bags of * * * * * * * through the centre and there was marked difference in favor of Bone and Peruvian.

Mr. John L. DuFief writes: "I have used Lister flone with ongethird, Peruvisa Guano and Plaster for the past 3 years, on all kinds of medius, with great success, rating good crops, and resilians, after whest, fine sets of grass. I have saved from \$10.10 \$10 per ton in the cost of my fertilizers by using this mixture; have had good crops, and improved my land. I recommend it highly, and shall continue the use of it."

Mr. Americus Dawson, of Dawsonville, advices: "I used Lister Bone with one-fourth Pergrain Guano on my wheat crop last fall at a root of seventeen dollars per too less than my neighbors paid for the fertilityre they used, and I made equally a most excellent crop of wheat I dm much pleased with the article."
