

DO YOU THINK IT A SIN?
Do you think it a sin in the gloaming
To sit near a nest of birds within it,
And lily white fingers to press?
Or softly to lift a stray ringer?
That darts over the bosom of snow,
From darkly fringed eyelids below?
Or to see just beyond where she's sitting
A something you ought to repair;
And pass your arm around her and fix it,
And then to forget your arm there?
Or, just in a fit of abstraction,
To tell her something you miss;
And while she's helping you to find it,
To steal from her mouth a sweet kiss?
And she's reproving you mildly,
You draw in your arm rather tight,
And tell her you never would do it,
If she does not think it quite right,
And then in your penitent moment
You say that to you it is plain,
You ought as a matter of course,
To give her the kiss back again.
Yet how to do so is the puzzle,
For to view the matter all over,
If I give back the kiss I have stolen,
She might say I'd taken one more,
O, I'm really perplexed and confounded,
I want to be just and polite,
Don't you think it were better to coax her
To give me to kissing the right?
I'm afraid I've committed a blunder,
And acted somewhat like a duffer,
I think I must get my counter,
And ask her to wed me at once.
I've done it—and she has consented—
What a fortunate man I have been!
And now you must give your opinion—
I don't think I've committed a sin.

BUSEY'S EXCELSIOR GUANO
We are sole Agents for the sale of this arti-
cle in Georgetown, and refer buyers to every
Farmer in the county who used it on the crop
of Wheat just reaped, for its superiority.
Hates, Montgomery Co., Md.,
August 26th, 1871.
Messrs. W. Dunlop & Co.:
I used "Busey's Excelsior Guano" and
Peruvian Guano on the same field: the same
quantity per acre applied. The difference, if
any, both in quality and quantity of Wheat,
was in favor of the Excelsior.
W. LAIRD, Jr.

PERUVIAN GUANOPE.
This Guano is the best imported into the
United States by the Peruvian Agent. The
cargo of which we bought contains 13 1/2 per
cent. of Ammonia, being 1 per cent. more
than any other cargo received by the Agent
this year.
PURE DISSOLVED BONE.

WHANN'S
RAW BONE SUPER PHOSPHATE.
THE GREAT FERTILIZER FOR ALL CROPS!

The unparalleled success
of this renowned manure proves it to be
The BEST FERTILIZER
IN THE MARKET.
25 YEARS OF EXPERIENCE
have demonstrated that it is not only a
Great Crop Producer,
but that nothing equals it as a **RENO-**
VATOR OF WORN-OUT SOILS.
IT IS COMPOSED OF
Pure Raw Bone, Guano, Sulphuric Acid and
Salts of Potash and Soda;
AND IS WARRANTED FREE FROM ADULTERATION.

Whann's Raw Bone Super Phosphate is used by many
of the best Farmers and Planters in all sections of the country. We refer to all who have
used it.
SANDY SPRING, MONTGOMERY CO., MD., 25th Month 16th, 1870.
My friend, E. G. Edwards, Agent for Whann's Raw Bone Super Phosphate, Baltimore, Md.
At the instance of my friend, I was induced to try a small quantity of a fertilizer prepared by the
above Company, in the Spring of 1870, and was so well satisfied with its effects on corn and
potatoes, that I used it on my wheat in the Fall following, and also included several of my
neighbors to use the same. I put no other manure on my potatoes, and I never had a
better crop. I put the same ground, (which was thin,) in what I call Fall, with no additional
manure, except a small sprinkling of the same manure, and the result, so far, is that it is
the best wheat I have ever seen, low leading, and over what are to be seen in the
high, and as a general thing, in the section of country where I reside, wheat looks usually
backward, and prospect of a short crop. I have wheat in the same field, that the usually
was manured from last year, Bone and Peruvian Guano, and it is very much behind
Whann's. I have called the attention of the neighboring farmers to see the wheat, and,
without an exception, they say it is the best they have ever seen.
I am now using Whann's Raw Bone Super Phosphate as the only manure for my corn
and potatoes. I used it on a more of oats, and the ground, with no additional manure
of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not ex-
pect to use any other fertilizer this fall for wheat. I think all that is needed, is for farmers
to see the effects, to induce them to use it, and, further, I have been to see the manufactory,
and am perfectly satisfied that the public may rely upon being supplied with a genuine article.
Respectfully, thy friend,
WM. H. STABLER.

For Corn, Potatoes, Wheat, Oats, and all other Crops,
WHANN'S RAW BONE SUPER PHOSPHATE IS UNEQUALLED.
It is made only by Messrs. W. Whann & Co., Wilmington, Delaware. It is put up in
strong bags of 200 lbs. each, and **THE STANDARD GUARANTEED.**
If you do not care to order a large quantity, for a test, buy a single bag.

THE S100
SPRAGUE MOWER!
IS THE CHEAPEST of all machines, be-
cause the lowest in price, in proportion
to its value. THE BEST, because it is the
simplest—the least liable to get out of order
—the strongest—the most durable, and the
easiest to the operator and the team, of any
Machine made.
Every Farmer, in want of a Mower,
should examine the SPRAGUE before pur-
chasing.
The undersigned bought the only one
sent to Maryland last year, and, after a
test and experience in mowing some 75 Acres
of all kinds of grass, from very thin to very
heavy and matted, and mixed Timothy and
Clover, can confidently recommend and speak
of it as above.
PRICE \$100, with cost of transpor-
tation from Baltimore added.
