WHANN'S RAW BONE SUPER PHOSPHATE.

THE GREAT FERTILIZER FOR ALL CROPS!

The unparalleled success
of this renowned manure proved to be

The BEST FERTILIZER
IN THE MARKET.

27 YEARS OF EXPERIENCE

have demonstrated that it is not only a

Great Crop Producer,

but that nothing equals it as a **RENOVATOR OF WORN-OUT SOILS.**

IT IS COMPOSED OF

Pure Raw Bone, Guano, Sulphuric Acid and Salts of Potash and Soda;

AND IS WARRANTED FREE FROM ADULTERATION.

Whann's Raw Bone Super Phosphate is used by many of the best Farmers and Planters in all sections of the country. We refer to all who have used it.

My friend, E. G. Rowland, Agent for Walton, Whann & Co., Baltimore, Md.,

At the instance of J. J. Turner, a small quantity of a fertilizer prepared by the above Company, in the Spring of 1869, and was so well satisfied with its effect on corn and potatoes, that I used it on my wheat in the Fall following, and also induced several of my neighbors to use several tons. I put no other manure on for potatoes, and I never had a better crop. I put the same ground, (which was thin) in wheat last Fall, with no addition of manure, except a small sprinkling of the same manure, and the result, so far, is that it is the best wheat I have ever seen this Spring, now heading, and other wheat six to twelve inches high; and, as a general thing, in the section of country where I reside, wheat looks unusually backward and prosy of a short crop. I have wheat in the same field, that the ground was manured from Horse Yard, Bone and Peruvian Guano, and it is very much behind Whann's. I have called the attention of the neighboring farmers to see the wheat, and, without an exception, they say it is the best they have seen.

I am now using Whann's Raw Bone Super Phosphate as the only manure for my corn and potatoes. I used it on an acre of oats, stubble ground, with no additional manure of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, is for farmers to see the effects, to induce them to use it; and, further, I have been to see the manufactory, and am perfectly satisfied that the public may rely upon being supplied with a genuine article. Respectfully, thy friend,

W. H. STABLEY.

Whann's Raw Bone Super Phosphate is used by many of the best Farmers and Planters in all sections of the country.

WHANN'S RAW BONE SUPER PHOSPHATE
is made only by Messrs. WALTON, WHANN & Co., Wilmington, Delaware. It is put up in strong bags of 200 lbs. each, and THE STANDARD GUARANTEED.
