GREAT REDUCTION IN PRICES!!
WE ARE PREPARED TO SELL FERTILIZERS at \$1 per ton lower than last Fall. We only ask that the Farmers will call and see our stock of Fertilizers before purchasing elsewhere, feeling assured that we can furnish them with the very best articles at the lowest prices.

BUSEY'S EXCELSIOR GUANO
 We are sole Agents for the sale of this article in Georgetown, and refer buyers to every Farmer in the county who used it on the crop of Wheat just reaped, for its superiority.
 Hays, Montgomery Co., Md., August 5th, 1871.
 Henry G. T. Dunlop & Co.
 I used "Busey's Excelsior Guano" and Peruvian Guano on the same field, the same quantity per acre applied. The difference in ear, both in quality and quantity of Wheat, was in favor of the Excelsior.
 W. LAIRD, Jr.

PERUVIAN GUANAPE.
 This Guano is the best imported into the United States by the Peruvian Agent. The cargo of which we brought contains 12 1/2 per cent. of Ammonia, being 1 per cent. more than any other cargo received by the Agent this year.
PURE DISSOLVED BONE.
 This article has been pronounced by every Farmer who has seen it, to be the best Dissolved Bone they have ever seen. To those who do their own mixing of fertilizers, we all their especial attention to this article.
BUSEY'S AMMONIATED BONE.
 This Fertilizer has been so largely used during the past season, and from its universally good results, have obtained a fine reputation, it is something cheaper in price than EXCELSIOR.

WHANN'S RAW BONE SUPER PHOSPHATE.
THE GREAT FERTILIZER FOR ALL CROPS!

THE UNPARALLELED SUCCESS of this renowned manure proves it to be **THE BEST FERTILIZER IN THE MARKET.**
17 YEARS OF EXPERIENCE have demonstrated that it is not only a **Great Crop Producer,** but that nothing equals it as a **RENOVATOR OF WORN-OUT SOILS.**
 IT IS COMPOSED OF **Pure Raw Bone, Guano, Sulphuric Acid and Salts of Potash and Soda,** AND IS WARRANTED FREE FROM ADULTERATION.

Whann's Raw Bone Super Phosphate is used by many of the best Farmers and Planters all sections of the country. We refer to all who have used it.
 SADDY SPRING, MONTGOMERY CO., MD., 5th Month 16th, 1870.
 My friend, E. G. Edwards, Agent for Whann's Raw Bone Super Phosphate, Baltimore, Md., at the instance of I was induced to try a small quantity of a fertilizer prepared by the above Company, in the Spring of 1869, and was so well satisfied with its effects on corn and potatoes, that I used it on my wheat in the Fall following, and also sowed several of my neighbors to use several tons. I put no other manure on for potatoes, and I never had a better crop. I put the same ground, (which was the best I had last Fall), with no additional manure, except a small sprinkling of the same manure, and the result, so far, is that it is the best wheat I have seen this Spring, now heading, and other wheat just to twelve inches high, and a general thing, in the section of country where I reside, wheat looks unusually backward, and poorer of a winter crop. I have wheat in the same field, that the ground was manured from Bass' Yard, Bone and Peruvian Guano, and it is very much behind Whann's. I have called the attention of the neighboring farmers to use the wheat, and without any opinion they say it is the best they have seen.
 I am now using Whann's Raw Bone Super Phosphate as the only manure for my corn and potatoes. I used it on an acre of oats, stubble ground, with no additional manure of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, is for farmers to see the effect, to induce them to use it, and, of course, I have been to see the manufacturer, and am perfectly satisfied that the public may rely upon being supplied with a genuine article. Respectfully, thy friend,
 W. H. STABLER.

WHANN'S RAW BONE SUPER PHOSPHATE is made only by Messrs. WALTON, WHANN & CO., WILMINGTON, DELAWARE. It is put up in strong bags of 200 lbs. each, and THE STANDARD GUARANTEED.
 If you do not care to order a large quantity, for a test, buy a single bag.
 PAMPHLETS, containing many letters from Farmers, together with directions for use, mailed free to all.
FOR SALE BY
 R. M. JOHNSON, 620 Louisiana Avenue, WASHINGTON, D. C.
 1871. WHEAT SEEDING!
EXCELSIOR. COMPOSED OF 500 pounds of No. 1 Peruvian Guano and 1,200 pounds of Soluble Phosphate of Lime, (bones dissolved in Sulphuric Acid,) Potash and Soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating properties of Peruvian Guano, and the ever durable fertilizing qualities of Ground Bones.
 EXCELSIOR is in fine dry powder, prepared expressly for drilling, and can be applied in any quantity per acre, however small, and it is the opinion of many close calculating Farmers, after TWELVE years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to 200 to 250 pounds of any other fertilizer or Guano offered for sale, therefore is fully one hundred to two hundred per cent. cheaper.
 The very best evidence we can offer of the value of our Excelsior as a crop, guano and fertilizer, is the fact of its being imitated and counterfeited in this and other cities.
 Farmers should see that every bag is branded as above, the only one, and our name in Red Letters—all others are counterfeits.
