Messes. C. T. Dundoe & Co., Gentlemen:
As requested, I cheerfully give you my opinion of Busey's Excelsior Guano. I have used it eftery yet since it was first manufactured, and have a ways been estisfied with its results. Last fail I used it in comparison with other fertileers and although the others cost more money. I made as good wheat with the Excelsior as with the other articles. I believe the standard is kept up, as what I used last fail was as good as any I eyer used.

Respectfully,
Jane 25s., 1871.

Mr. Enron: In your paper of June 30th praximo, you had a notice of the case of Busey vs. Moore and others, which was calculated to and I am fnformed has produced a false impression. The facts are simply these, the case has been twice tried before juries, resulting both times by verdict in my favor, which verdicts were set saide upon technical grounds by the Court. The case new stands upon the docket for a third trial.
