Price \$40 Per Ton.

IT IS RICH in Ammonia and Bone Phosphate of Lime. When used with one-third Peruvian Guano or Guanage, the combination costs from 10 to 12 dollars per ton less than Manipulated Guano or Super-Phosphate.

This compound is an equal part of the elements required for the growth of crops; it is a set of grass and improvement of soil; this I am prepared to show by analysis. Its standard and quality are uniform. Its success has been unerring.

CIRCULARS with Testimonials from many leading Farmers in Montgomery and adjoining counties, will be forwarded on application.

Farmers are requested to send for Circulars.
