BONE DUST.

THE subscriber finding it impossible to supply the demand for his BONE DUST, under the old mode of manufacturing, has, since last fall, applied

The most improved Machinery to his Factory, enabling him to make from four to six tons per day, and much more than any heretofore made by him. 50 pounds per acre can be applied with a drill. His dust is made from the

RAW BONE, and WARRANTED PURE. His Bone Dust has sold the best of the Farmers of this and Montgomery counties for the last eleven years, and has found its way to the cheapest and one of the most reliable Fertilizers used, not only giving quick returns, but a quick and permanent impregnation to the soil. At the low price sold, every farmer can afford to use it. A large quantity now on hand ready for use, and facilities for manufacturing, will enable him to fill all orders from Farmers. The price this fall is reduced to

\$43 Per Ton, IN SACKS. Parties furnishing their own Sacks, \$42 per ton. But one price for large or small quantities.

Factory, Araker Mills, three miles South of Frederick. Post Office, Frederick, Md. Texas-Cash. July 21-6m J. H. GAMBRILL.

LISTER'S BONE DUST Price \$10 Per Ton.

IT IS RICH in Ammonia and Bone Phosphate of Lime. When used with one-third Peruvian Guano or Guano, the combination costs from 10 to 12 dollars per ton less than Manipulated Guano or Super-Phosphate.

This combination has no superior in the elements required for the growth of crops, the set of grass and improvement of soil; this I am prepared to show by analysis. Its standard and quality are uniform. Its success has been unvarying.

CIRCULARS with Testimonials from many leading Farmers in Montgomery and adjoining counties, will be forwarded on application. Farmers are requested to send for Circulars.

A NO. ONE PERUVIAN GUANO, Price \$75 Per Ton.

A No. 1 Peruvian Guano, Price \$67 Per Ton.

My supplies of Peruvian Guano and Guano are received direct from the Peruvian Agents from the best Cargoes, as determined by analysis.

TURNER'S EXCELSIOR. Price \$50 per Ton.

THIS ARTICLE is so well and favorably known that comment is hardly necessary. Its long continued popularity is the result of its superiority, which has been recognized and maintained for many years. Wherever it has been used it has steadily maintained its superiority.

The Manufacturers give us every assurance that it is this season even richer than heretofore.

TURNER'S HALF-AND-HALF. Price \$60 per ton, Made by the Manufacturers of Excelsior, and sold at the same price.

WHANN'S

RAW BONE SUPER PHOSPHATE.

THE GREAT FERTILIZER FOR ALL CROPS!

The unparalleled success of this renowned manure proves it to be

The BEST FERTILIZER IN THE MARKET.

28 YEARS OF EXPERIENCE have demonstrated that it is not only a

Great Crop Producer, but that nothing equals it as a

RENOVATOR OF WORN-OUT SOILS. IT IS COMPOSED OF

Pure Raw Bone, Guano, Sulphuric Acid and Salts of Potash and Soda; AND IS WARRANTED FREE FROM ADULTERATION.

Whann's Raw Bone Super Phosphate is used by many of the best Farmers and Planters in all sections of the country. We refer to all who have used it.

SANDY SPRING, MONTGOMERY CO., Md., 5th Month 10th, 1870. My friend, E. G. Edwards, Agent for Whann's Guano, Baltimore, Md.

At the instance I was induced to try a small quantity of a fertilizer prepared by the above Company, in the Spring of 1869, and was so well satisfied with its effects on corn and potatoes, that I used it on my wheat in the Fall following, and also induced several of my neighbors to use several tons. I put on other manure on my potatoes and I never had a better crop. I put the same ground, (which was thin) on wheat last Fall, with no additional manure, except a small sprinkling of the same, and the result, so far, is that it is the best wheat I have seen in this Spring, now heading, and other wheat six to twelve inches high, and as a general thing, in the best of countries, where I reside, a wheat looks unusually backward, and prospect of a short crop. I have wheat in the same field, that the ground was manured from Barn Yard, Bone and Peruvian Guano, and it is very much behind Whann's. I have called the attention of the neighboring farmers to see the wheat, and, without an exception, they say it is the best they have seen.

I am now using Whann's Raw Bone Super Phosphate as the only manure for my corn and potatoes. I used it on an acre of oats, stable ground, with an additional manure of any kind, and it now looks better than four-fifths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, is for farmers to see the effects, to induce them to use it; and, further, I have been to see the manufacturer, and am perfectly satisfied that the public may rely upon being supplied with a genuine article. Respectfully, thy friend, WM. B. STABLER.

For Corn, Potatoes, Wheat, Oats, and all other Crops, WHANN'S RAW BONE SUPER PHOSPHATE IS UNEQUALLED.

WHANN'S RAW BONE SUPER PHOSPHATE is made only by Messrs. Whann & Co., Wilmington, Delaware. It is put up in strong bags of 20 lbs. each, and THE STANDARD GUARANTEED.

If you do not care to order a large quantity, for a test, buy a single bag. PAMPHLETS, containing many letters from Farmers, together with directions for use, mailed free to all.
