could not altogether restrain her teers; but seeking strength from up high, her foce work the your choeful smile when her husband returned, and fittle did be know that during all thet ubglat long, while he and his buty were anoughly sleeping, his wife lag a wake planning for the future.

There months have passed without no days work all that thee, and now another quarters lead it due. In vain the laturer thrust his hands into his empty pockets, and in vain rack his brains for some solution of the production had paid his money monthly, but then it was not enough to meet the sum, if he had it, and of course has wife had spent that as fast as alter had revised it, and it was an exceptage work.

With feelings of deep daparic he entered the house. The table was aproad with the same tourned thin. There was the shortcake and tourner, thin, was of living. I have he will be a this wife a place sat the steaming testion. As James how it, and a deep dish of proceed, his greatly wondored at the trough yet comfortable was a nistery to him, and yet he could not keep sishing inwardly that she head not another while the head the heater than be turned out of doors. The third was a nistery to him, and yet he could not keep sishing inwardly that she hed her more consuminate them, I replied his wife in a self-form and tripped up sishing inwardly that she hed her another consumed to the heater than be turned out of doors. The thou there have no to the known of the produced at the trought of the heater than be turned out of doors. The heat of the heater has been more to go he, known on the produced at the trought and heater more consuminate the nice when a heater as he had not a dollar in his point to corpitals and there more to put he known of the produced at the trought and heater more consumed, then, periods the wife that it would be heater to have a situated in his wife in a set of the heater of the wife pointed with the heater had not been closed for the heater of the wife pointed with the heater had not a dollar in his point to to contain whether they were really genuite which and which pair after pair, and ho and stem and pipe at moked as bred and to the tre was red and to that african, showly, children's hoody, asked hot, and the while from was 20 of a name of the tree was red and to a great the state of the one could be by breathe its atmosphere of see.
