Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the half has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining mann of the most powerful and restorative agents in the YECET-ABLE KINDDOM. It restores GREY HAIR TO ITS ORIGINAL YOUTH-FUL GOLOR. It makes the scalp white and clean; cives dandruff and humors, and fulling out of the hair: and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the chapest preparation seer offered to the sublic as and hollis will ac-

glossy, and is unsurpassed as a II AIR D BESING. It is the cheapest preparation over offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.

It is recommended and used by the First Medical Authority.

The Wonderful results produced by one Sicilian Hair Renever have induced many to manufacture preparations for the Hair, under various names: and, in order to induce the trade and the public to purchase their compounds, they have resorted to falschood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
