1872.

1872. TO TOBACCO PLANTERS.

Containing Ammonia, - Oper ct Super Phosphate equivalent to Bone Phosphate of Lime 67

MIRTEEN YEARS' EXPERIENCE IN

"EXCELSIOR," as a TOBACCO GROWER, has convinced the most skeptical Planters of Maryland and Virginia that it has no competitor in the production of that cop. It is now their unanimous opinion that, "from the application of EXCELSIOR the errop is house and of fine quality, curse earlier and letter, and is not so holde to angler from drought us from the use of Peruvian Guana."

Peruvian Guano."
We refer to every Planter in Maryland.
20 EXCELSIOR is in hor, dry powder, prepared expressly for drilling, and 100 lbs. of it are equal to from 200 to 300 lbs. of any other Fertilizer sold.
20 Uniformity of quality guaranteed by manufacturers.

annfacturers. PRICE \$60 PER TON. J. J. TURNER & Co., 42 Pratt Street, Baltimore, Md.

CAUTION —The popularity of "Excel-sior," as the only reliable substitute for Pe-rusian Guano, has induced unscrupulous par-ties in this and other crities to use our trade-mark, "Excelsior," to sell their worthless compounds. Every bag of genuine "Excel-sior" has our name on it in RED LETTERS. All others are counterfeits.

DED MC BURGER ON

GREAT REDUCTION

IN THE PRICE OF FERTILIZERS.

PARMERS OF MONTGOMERY aread-rised that I have greatly reduced the orice of Fertilizers for the FALL TRADE, and they will do well not to buy until they know my prices.

I have, I am confilent, the best stock not on hand ever offered in this market.

I have the following articles:

BUSEY'S EXCELSIOR GUANO BUSEY'S

Pure Bone and Peruvian AMMONIATED DISSOLVED BUSES. CROUND BONE. Ground Plaster DISSOLVED BONES,

> PERUVIAN GUANO For those who desire to mix their fertilizers. I have Dissolved Bone, ground and dissolved by myself and not bought of irresponsible parties in the northern cities.
>
> For those who want Bone Dust, I have ground given bone made here, the purity of which can be guaranteed.
>
> I challence comparison.

I challenge compari-W. G. BUSEY,

GEORGETOWN, D. C. That my fertilizers have maintained their high standard, I refer to the certificates of some of the leading farmers of the county, here annexed. I have many more.

MR. BURRY, Dear Sir: I used some your's and Turner's Excelsior on my whea i rop last fall, both applied in the same man-ner, and at the same time, and both did well

but your's the better of the two.

Respectfully. Respectfully, June 12th, 1871. ORATIO CLAGETT. Ma, W. G. Pristy, Dear Sir: I have used your Excelsior forse 'eral years satisfactorily, used it last fall on part of my wheat crop and have a good crop, quite as good as where I applied another fertilizer in a much larger quantity per acre.

June 17th, 1971.

June 17th, 1911.

Messne, G. T. Duxloy & Co., Gentlemen:
As requested, I cheerfully give you my opinion of Busey's Excelsior Gunno. I have used it every year since it was first manufactured, and have alwars been satisfied with its results. Last fall I used it in comparison with other fertilizers and although the others cost more money, I made as good wheat with the Excelsion as with theother articles. I believe the standard is kept up, as what I used last fall was as good as any I ever used.

Respectfully,
June 23d, 1871.

H. B. PENN.

MR. W. G. Brser, Dear Sir: I used your MR. W. G. BERT, Dear SIT: I used your Excelsion on part of my wheat crop, just gathered, and where used have a fine crop, quite as good if not better than where I applied another fertilizer costing much more per ton. Have been using your Excelsior Guano on various crops for about five years, and have found its high standard maintained in every instance.

EDWARD M. VEIRS.

July 19th, 1871. Grongerowy July 21st 1871 Ma. EDITOR: In your paper of June 30th proximo, you had a notice of the case of Busey vs. Moore and others, which was calculated to, and I am informed has produced a false impression. The facts are simply these the case has been twice tried before juries rebutting both times by verdict in my favor, which verdicts were set aside upon technical grounds by the Court. The case now stands upon the docket for a third trial. Respectfully, aug 4—tf

AND IS WARRANTED FREE FROM ADULTERATION.

My friend, E. G. Edwards, Agendy or Wollon, Whoma & Co., Billinere, Md.:

At thy instance I was induced to try a small quantity of a fertilizer prepared by the above Company, in the Spring of 1883, and was so well satisfied with its effects on core and potate is, that I used it on my wheat in the Fall following, and also induced serveral of my neighbors to use several lons. I put no other manure un for; jotatoes, and I never had a better crop. I put the same ground, (which was thin,) in wheat last Fall, with no additional manure, except a residl sprinking of the same manure, and the result, so far, is that it is the best wheat I have seen this Spring, now heading, and other wheat six to twelve in its high; and, as a general thing, in the section of conhery where I reside, wheat locks unusually backward, and prospect of a short crop. I have wheat in the same field, that the ground was manured from Barn Yard, Bone and Peruvian Guano, and it is very now be thind Whann's. I have called the attention of the neighboring farmers to see the wheat, and, without an exception, they say it is the best they have seen.

I am now using Whann's Raw Bone Super Phosphate as the only manure for my sorn and petatoes. I used it on an acre of onts, stubble ground, with no additional manure of any kind, and it now looks better than three-fourths of the wheat I have seen. I do not expect to use any other fertilizer this fall for wheat. I think all that is needed, is for fatneres to see the effects, to induce them to use it; and, further, I have been to see the manufactory, and am perfectly satisfied that the public may rely upon being supplied with a genericearticle.

Respectfully, thy friend, My friend, E. G. EDWARDS, Agent for Walton, Whonn & Co., Biltimere, Md.:
