CERTIFICATE.

The State Inspector of Georgia, tays:

The recent analysis of Clatt's Ammoniated Dissolved Bone warrants me in pronouncing it a highly reliable compound for the early and effective nutrition of crops, with a sufficient manify of ammonia to minulate, develop and sustain the plant. It contains a heavy propertion of Soluble Phospheric Acid to sustain an ample fruitage. It therefore, has an official sanction as a good fertilizer.

A. NEANS, The State Inspector of Georgia, sars :
