Skies Bright and Brightening.

The intelligence from all parts of the contry with reference to the Presidential canvaof the most cheering character, in favor of the election of Geeley and Brown, Every day new acressions are made to the ranks of Recals. Mr. Greeley, himself, writes from Bradford, N. il., under date of August 10, that "We shall have to work to the end, but that policies of Maj. A. L. Rogers and Mayor R. end is certain. We shall carry New York M. Bentley, (each \$5,000) make \$20,000 inheavily, with New Jersey, Connecticut, Rhode Island and New Hampshire. That is our share in the Kast The rest will be done south and west of us." The electoral vote of these States added to the vote of the South, is sufficient to Insure his election. But Greeley will get some the reputation of possessing the best Coffices, States in the West while the indications are Teas, Sugars, Flour, and all other articles that he will carry Pennsylvania. The Lan easter Intelligences, one of the most reliable this wend oid Commonwealth former party bitter political form are striking hands upor the broad platform of reconciliation and reform." Verily, the skies are bright and orightening. Keep the bail in motion.

This Bastills at Albany.—A few days since Hr. Gerritt Smith visited the prison at Albany in which the Ka-Kiar prisoners are confined, for the purpose of inquiring into their condition. last, a meeting was beld in the Court flous yard in Rockville, for the purpose of ratifying the nomination of Greeley and Brown as can-didates for the Presidency and Vice Presidener, The meeting was not a large one, bu sufficiently indicative of the sentiment of the people of Montgomery in the present canvas Many of the leading men of the county were present, giving their sanction to the movement. After the organization of the meeting by the election of the usual officers, Mr Scawarz, from the Histrict, addressed the au dience, and earnestly advocated the support of has been nominated. He was followed by other speakers, in the same line of argument. It is not our purpose even if we had space, to aive an outline of their remarks, because the ripening of wheat about 5 days and benefits people are already informed on the issues in-solved, and their minds are made up to support the nominees, and in November they will soll up a handsome majority for Greeley and Brown.

THE AGRICULTURAL PAIR.—We publish, this FAIR AND FESTIVAL. eck, to the exclusion of all news-matter, the list of Premiums to be awarded by the Monteverything connected with the Fair, which is now regarded as an "institution," and one which must be a source of pride and profit to our people. It is well known that the premi-

me awarded are not the profits derived from Agricultural Fairs. That was not the object of their formation. It is to excite a stimulus among those engaged in agriculture, and to bring about that scientific farming, which is always a source of profit—to know the adaptation of seeds to soils—the wants of the land in this or that element of fertility and to apply proper restoratives. It has been said that he who causes "two blades of grass to grow Montgomery county, are respectfully requested where but one graw-before," is a philanthropist, and that is precisely the object of all Agricultural Bocieties-to make two bushels of wheat grow where but one grew before-and the 17th of August, at 3 o'clock, P. THE WEATHER .- Words are not strong enough to express the intensity of the heat, liot, boiling, seething, are not sufficiently exressive, unless coupled with some strong adjectives it would be impolite to use. Until this heated term pass, a "lodge in some vast wilderness" or a visit to the North Pole might e agreeable, but we can't find time to go either, besides it's too hot to start.

DECLIESS .- Horace Greeley declines an invitation extended to him to visit the Virginia White Sulphur Springs, for the reason, as he says, that his steps would be dogged with spies, his motives misconstrued, and himsel lied on.

CERTIFICATE. The State Inspector of Georgia, says : The State inspector of Georgia, says:

The recent analysis of Clark's Ammoniated
Dissolved Bone warrants me in pronouncing
it a highly reliable compound for the early
and effective mntrition of crops, with a sufficient quantity of ammonia to stimulate, develop and sustain the plant. It contains a
heavy propertion of Soluble Phophoric Acid
to sustain an ample fruitage. It, therefore,
has an official sanction as a good fertilizer.

A. NEANS. Anetion as a good fertilizer.
