**THE WOMAN'S FRIEND, OR—STEAM WASHER!**  
FIRST, it does its own work, thereby saving a large portion of the time usually taken in a family.  
2d. It uses much less soap than is required by any other method.  
3d. It requires no attention whatever while the process of cleaning is going on. A lady can do her washing while she is eating her breakfast and doing up the breakfast dishes.  
4th. Clothing wears double the time, washed in this washer, that it will washed with a machine, or by hand labor, or wash-board.  
5th. Lace curtains, and all fine fabrics, are washed in a superior manner. For female, this WASHER is most desirable, as it will not full them, as machine or hand-rubbing does. All fabrics, from the finest lace to a bed blanket, can be washed perfectly and with ease, without the rubbing-board.
