> NICORR IN THE WOOD-PILE -One of the most powerful partisans whom Grant had in the South was Colonel Mosby, this Confederate guerilla. The course of such a hard fighting, uncompromising mebel, in turning his back upon so good a friend of the South as Horace Greeley, and allying himself with a party that was the author of all her political and other woes, subsequently to the war, was hard to un-derstand. We always thought there was nigger in the wool-pile somewhere, and it appears that our surmise was right.— The St. Louis Democrat "disclares the

nigger" in the following paragraph:
"Colonel Mosby, of Virginia, owns a stone quarry, and is reported to be fish-ing for a contract to furnish headstones for the National Centeteries. Having materially assisted in furnishing the corpses, Mosby now wants to see the graves handsomely decorated.

There is smothing almost ludicrously neongruous in this idea of a Southern officer, after killing off some thousands of Northern soldiers, fishing for a contract to decorate their graves with tombalones!

INFLUENCE OF Mesic -The tide of battle has been turned, even now, by the inspiring strains of military mittie, and fainting warriors have rallied to the charge in response to the clanger of their band.
