

To the Voters of the city and county of Baltimore.

HAVING been encouraged by many of my friends in the city and county, to offer myself as a candidate to be put in nomination for the office of SHERIFF, at the ensuing election, I hope it will not be deemed improper to early to sign by my intentions, and to solicit the patronage of my friends generally, and the voters of the city and county at large.

Those who have not a personal knowledge of me, will, on enquiry, find that I have been bred to business, and have been conversant in mercantile transactions from early life—Should my fellow-citizens think proper, at the expiration of the time of the present sheriff, to bestow on me the office, I trust my conduct therein will be such as will give satisfaction, if a diligent attention and a faithful discharge of the duties thereof, are capable of doing the same.

WILLIAM MERRYMAN, Corner of Baltimore and Frederick streets, May 18.

American Printed Goods.

CALICOES, SHAWLS and POCKET HANDKERCHIEFS manufactured by the subscribers near this city, are offered to the dealers in the articles, at No. 13, Calvert-street, two doors above Lyby Lane. Their assortment is yet small, but growing—and it was not thought well to decline advertising the public on that account, at a period when so many traders from the country visit the city, to make their usual purchases; and who may, before another season, be informed of the comparative merit and prices of their goods, with those imported.

The Messrs. Lannays who conduct the printing work, have been regularly bred to the business under their father, who held, if not the largest, one of the best establishments of the kind in France; and they have for several years owned and managed one for themselves. From their knowledge of the business, as generally of themselves, they feel warranted in saying, that work of the like kind shall be as well executed here as there. The colors capable of being fixed, will be found as permanent and equal in other respects. The quality of the goods they will recommend them, and trust they will be found cheaper than the imported.

To counteract a prejudice and distrust often existing against new undertakings, and sometimes cherished by men who can feel a national as well as an individual interest to defeat them, they have enlarged more than was desirable or necessary in a simple advertisement.

AS I can devote some leisure hours in the day time, to the instruction of a few scholars, I should be happy to make an engagement.

GENEERAL COMPLAINTS.

Dr. WARNER'S practice has been a very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine vendod or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages and debility, therefore, from various causes, and accidents removed in the shortest possible space of time—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from description of their complaint.

April 14.

Baltimore and Ann Arundel

BRIDGE COMPANY.

NOTICE IS HEREBY GIVEN, That the Commissioners, appointed by law, for opening subscriptions for a Capital Stock of Nine Hundred Shares, of One Hundred Dollars each Share, for the purpose of building a Bridge across the River Patuxent, at the place where the Lower Ferry is now kept, called Patuxent, in Baltimore county, over said river into Ann Arundel county—Will proceed to open subscriptions, at the house of Mr. Wm. Evans, in the city of Baltimore, on WEDNESDAY, the 30th day of July next, and continue open for three days, from 10 o'clock, A. M. until 3 o'clock P. M. in each day; and at the counting house of JOHN MURKIN, in the city of Annapolis, on the same days and hours above mentioned; and the said subscriptions shall remain open for those three days at the above respective places, and if it should happen that more than the stipulated number of Shares should be subscribed for on the above three days, then the Commissioners are to proportion them among the subscribers, by deducting from the highest subscribers, until they are reduced to the proper number; or if more persons subscribe than there are Shares, then the Commissioners are to assign the Shares to whom they shall belong. But if the Shares should not be all subscribed on the above three days, then the Commissioners will again open the subscriptions on Monday the 6th day of August next at the above said places and hours in the city of Baltimore, and city of Annapolis, and permit any person or persons, bodies corporate or otherwise, to subscribe for any number of Shares, until the whole number of nine hundred Shares is completed, and then the Commissioners will issue receipts to whom the shares may belong, mentioning therein the receipt of dollars, a part of their subscription, which must be paid in cash, on each day, at the time of subscribing; the other payments will be called for by the directors chosen from the stock holders as the bridge expenditures require, agreeably to the terms and conditions expressed in the law.

The Commissioners have leave to remark, that for the satisfaction and information of the public, they have had the road run by Mr. John Boulding, his attest'd plat of which is lodged at Mr. Evans's, where it will appear, that the distance from Mr. Evans's tavern, in the city of Baltimore, to the Ferry landing, at Portland is 24 miles and 70 perches, from thence across the river is 4 miles and 414 perches, and from the foot of the contemplated bridge on the Ann Arundel side of the river, in a straight line to Snowden's bridge, at the Furnace, where it intersects the present Federal road, is 16 3/4 miles and 60 perches, and this over remarkably level, dry, even country—Thus we shall be enabled to travel from Baltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles.

Those natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last session, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundel county, as well as to the public in general, must assuredly prove a productive fund to the stockholders.

WILLIAM GOODWIN, PETER HOFFMAN, junr. CUM'BD DUGAN, RICHARD GRAYWELL, junr. THOMAS LEE, HENRY HALL DORSEY, Commissioners.
