> The Commissioners beg leave to remark, that for the satisfaction and information of the public, they have had the road run by Mr. John Boulding, his attested plat of-which is lodged at Mr. Evans's, whereby it will appear, that the dis tance from Mr. Evans's tavern, in the city o Baltimore, to the Ferry landing, at l'ortland, is 21 miles and 70 perches, from thence across the river is 1 of a mile and 411 perches, and from the foot of the contemplated bridge on the Ann Arundle side of the river, in a streight line to Snowden's bridge, at the Furnace, where it interrects the present Federal read, is 163-4 miles and 60 perches, and this over remarkably level, dry, even country-Thus we shall be enabled to travel from Haltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles.

Those natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last ression, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundle county, as well as to the public in general, must assuredly prove a productive fund to the stockholders.
