

**VENEREAL COMPLAINTS.**

AS Dr. WARNER'S practice has seen very extensive both in public and private, daily experience convinces him of the propriety of his method of removing the venereal disease, in preference to any medicine used or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages and debility thereof, from various causes and accidents, removed in the shortest possible space of time. As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint. Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicines so prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet. N. B. Dr. Warner removed from Bond-street, to Cumberland Row, No. 64, below the Marsh-market. Oct. 13 d17

**Baltimore and Ann Arundel BRIDGE COMPANY.**

NOTICE IS HEREBY GIVEN, That the Commissioners, appointed by Law, for opening subscriptions for a special Bridge of Sixty Hundred Shares, of One Hundred Dollars each Share, for the purpose of building a bridge across the River Patapsco, at the place where the Lower Ferry is now kept, called Park Point, in Baltimore county, over said river into Ann Arundel county—Will please open subscriptions, at the house of Mr. M. M. Evans, in the city of Baltimore, on MONDAY the 5th day of July next, and continue open for three days, from 10 o'clock, A. M. until 5 o'clock, P. M. on each day; and at the counting house of John Munn, esq. in the city of Annapolis, on the same days and hours above mentioned; and said subscription shall remain open for three more days at the above respective places, and it should happen that more than the stipulated number of Shares should be subscribed on the above three days, then the Commissioners are to apportion them among the subscribers, by deducting from the highest subscribers until they are reduced to the proper number; and if more persons subscribe than there are shares, then the Commissioners are to call lots to decide to whom they shall belong. But if the shares should not be all subscribed on the above three first days, then the Commissioners will again open the subscriptions on Monday the 6th day of August next, at the aforesaid places and hours in the city of Baltimore, and city of Annapolis, and permit any person or persons, bodies corporate or otherwise to subscribe for any number of shares, until the whole number of nine hundred shares is completed, and then the Commissioners will issue receipts to whom the shares may be long, mentioning therein the receipt of 5 dollars, in part of their subscription, which must be paid in cash, on each share, at the time of subscribing; the other payments will be called for by the directors chosen from the stockholders as the bridge expenditures require, agreeably to the terms and conditions expressed in the law. The Commissioners beg leave to remark, that for the satisfaction and information of the public, they have had the road run by Mr. John Boulding, his attested plat of which is lodged at Mr. Evans's, whereby it will appear, that the distance from Mr. Evans's Tavern, in the city of Baltimore, to the Ferry landing, at Portland, is 24 miles and 70 perches, from thence across the river is 4 of a mile and 4 1/4 perches, and from the foot of the contemplated bridge on the Ann Arundel side of the river, in a straight line to Snowden's bridge, at the Furnace, where it intersects the present Federal road, is 16 3/4 miles and 60 perches, and this over remarkably level, dry, even country—Thus we shall be enabled to travel from Baltimore to Washington, the Federal City, in 39 miles, besides the great superiority of road, whereas the present road is generally estimated at 45 miles. Those natural advantages, added to a liberal law and charter of incorporation to this Bridge Company, by the legislature of Maryland, at their last session, who viewed it as of the utmost importance to the interest of the city of Baltimore and Ann Arundel county, as well as to the public in general, must assuredly prove a productive fund to the stockholders.

**To the Public.**

WHEREAS We, the undersigned, on the 16th April last bought of William Hays of the city of Baltimore, twenty three barrels of Pork, which were to have been of the usual weight for the purpose of exporting, which was done accordingly; and on its arrival at Jamaica, the place of destination, it was found in condition just similar to that in which it was received, and being weighed, was found deficient (as will appear by the following certificate) to the extent of a considerable loss hereunto referred to. We do therefore forewarn all persons from accepting or taking an assignment of the same, under a certain Note dated 16th April, 1864, in the sum of \$40 dollars which we gave to the said Hays for the said Pork. Given under our hands this thirteenth day of June, 1864, at Jamaica.

WILLIAM DAVIDSON, THOMAS THUAT.

**To the Public.**

The annexed positions & certificates, which are presumed, efface any improper impressions which the advertisement of the said H. Moore is calculated to make upon the public mind, and the laws of morality will teach them that they should not with impunity waver only aspects of such conduct of a man, as honest and respectable as themselves. WILLIAM HAYS.

**Baltimore County, to wit—**

On the 21st day of July, 1864, personally appeared before me the subscriber, one of the justices of the peace for said county, GEORGE MATTHEWS, in & of rated provisions for the city of Baltimore, and being one of the people called quakers; did solemnly, sincerely and truly declare and affirm, that some time in the month of December last he inspected for WILLIAM HAYS, two seven barrels of pork, all which were in good order and condition, and on examination of some of the barrels he found them to be of full weight, and had no reason to believe that the remaining barrels were deficient or light; and this affidavit further saith that he never before or since inspected any pork for the said William Hays. At the same time personally appeared JOHN POWERS, and made oath that he was present and assisted in picking and putting up twenty-seven barrels of pork for WILLIAM HAYS, which was afterwards sometime in the month of December last inspected by GEORGE MATTHEWS, that the quantity of two hundred and four pounds of pork was put in each barrel and with that quantity therein was headed up and was not afterwards disturbed until the inspector came when it was added and thereafter weighed, and proved to be of sufficient weight; that after the inspection took place, the barrels were immediately headed up and coopered; and in that situation twenty three barrels of said pork was sold and delivered to THOMAS MOORE, of the house of Thos. & Hugh Moore. I affirmed an oath before OWEN DORSEY.

BALTIMORE, Nov. 21st, 1863. This in recommendation of Mr. JOHN POWERS, who has resided upwards of twelve months with me, and I do not hesitate to say that he merits the confidence of any gentleman as he always executed my business with the greatest punctuality. J. W. BAYLOR. Of the house of W. Baylor & son, Lexington, Kentucky.

I certify that JOHN POWERS, who I understand is now clerk to Mr. Wm. Hays, has lived with the late firm of Greer and Casey about nine months, during which time, he conducted himself in such a manner as to merit my highest praise. ROBERT CASEY. Balt. 18th July, 1864. (19)

**The Public**

ARE respectfully informed that Messrs. Warner & Hanna are appointed by Dr. Solomon, of Liverpool, the sole agents in Baltimore, for his justly celebrated medicines, the "Balm of Gilead" and "Anti Impetigines."

**A FRESH SUPPLY OF THE Cordial Balm of Gilead,**

WHICH is prepared (only) by the sole proprietor and inventor, S. SOLOMON, M. D. author of "The Guide to Health," and other valuable works at his house, Solomon's Place, Broad-street, Liverpool. The train of melancholy disorders which afflict the human frame, and the denudation of very us discharges, are the principal source of human misery in the private as well as the public sphere. These disorders proceed from such minute viciations, and complexions of causes, as to render it impossible, if even it were always successful, to trace them to their true source. The Balm however, but we will own, and to ourselves, felt it might to go a step further, and to render it self more efficacious, we have been assured, that an eminent surgeon, who has celebrated for his skill, than Dr. Solomon's Cordial Balm of Gilead, never has been discovered. In all delicate, weak and relaxed constitutions, "tossing" spirits, hypochondria, hiccups, tremblings, loss of memory, impaired vigor, palpitations, nervous consumption, the numberless symptoms of impaired and tottering constitutions, whether arising from a life of inactivity, intemperance or inattention to health. By the steady perseverance in its use, it cheers, braces, and invigorates the whole nervous system, and gives a new tone to all the vital functions, of which, innumerable instances can be avouched. Thousands at this day live to bless the day they first applied to this admirable remedy, and enjoy the blessings of health, which might otherwise have dropped into an untimely grave, the victim of an early improvidence.

**REMARKABLE CASE.**

Lieut. COL. COLQUHOUN, of Ross Lodge, Dunbarton, (uncle to James Colquhoun, esq. M. R. Rescued House, Dunbarton) has received the most extraordinary benefit from Dr. Solomon's Cordial Balm of Gilead in a nervous complaint, attended with very alarming symptoms of weakness of many years standing, occasioned by great exertion and fatigue during a long campaign in the last American war. Many successful medicines, recommended by the most eminent in the profession, were tried, which would be tedious to recapitulate; but at last, by the use of the Cordial Balm of Gilead was the only remedy that had the desired effect. So sensible is the Colonel of the great efficacy of this medicine, that he has generously given Dr. Solomon permission to make use of his name in recommending the Cordial Balm of Gilead, as a most valuable, safe, and efficacious medicine in all cases of weakness or relaxation of the nervous system, &c. The Cordial Balm of Gilead is sold in bottles, price 30 dollars each (with directions) for the case, at 30 dollars, whereby there is a saving of 6 dollars.

**ALSO, THE Celebrated Anti-Impetigines.**

Being a safe, salutary and specific remedy for the urinary, scrofula, rheumatism, St. Anthony's fire, yaws, king's evil, gutta serena, leucorrhoea, piles, and all disorders originating in impure blood, or impurity of the blood. Prepared by S. S. SOLOMON, M. D. of Liverpool, author of "The Guide to Health," &c. The honorable state in which the physical standard at this day with respect to the Venereal Disease, can be better described than it is in Dr. Bell's Preface to his Treatise. He says, "that although much information may be obtained from two works just published on this complaint, as well as some other recent ones, there is still much left for others to elucidate." He goes on, and says, "such is the effect of his experience and observation, that further advantages are daily accruing from the labors of individuals, in this disease, as well as in almost every other." Here then is a confession from a candid, worthy and respectable surgeon, founded on experience and observation, that "further advantages are daily accruing from the labors of individuals." If you can claim so great a portion of praise as Dr. Solomon, whose labors have been indefatigable, as a who has at a great expense brought the Anti-Impetigines to perfection, and into universal use and esteem; a man of character, liberality and education, possessing public confidence, as clergymen of unsullied reputations, have recommended numerous objects of these cruel diseases, the scrofula, king's evil, &c. to Dr. Solomon's care to whom this wonderful remedy was applied with the most unbounded success; and those who were reduced to the very jaws of death by mercury and the Venereal Disease, have been snatched from destruction and restored to their relations and friends, with renovated health and vigor, and those boys which we almost starting through the chin, are covered with flesh, firm and healthy! Such are the virtues of the Anti-Impetigines, and such are its wonderful effects upon the human body! The antidote to mercury and the purifier of the blood and lymph.

W. & H. have for sale a few copies of Dr. Solomon's Guide to Health; or advice to both sexes—Price 10 dollars. July 10 eo

**FOR THE FIRST TIME IN BALTIMORE.**

**Will be exhibited, ON MONDAY NEXT,**

The 23d inst. in Lemon-street, between Market and East-streets, and near the Assembly room, A PHENOMENON,

**Which the European and American newspapers have probably spread throughout the United States, that enthusiasm which was produced in Paris, Philadelphia and New-York, by the experiment of the INVISIBLE WOMAN; and which would formerly have accredited the inventor for wizard.**

The habitation of the Invisible Woman, is a box about 5 feet long and 1 foot square, glazed with glass, so that the view of the spectators is clear through it; it is supported by a small chain and perfectly isolated; from thence the answers to any question put to her by the reflector, the will present in the form or colour of any thing presented to her; the lines, and finally do not differ in any degree from another person, but by her own ability.

It was necessary to give a more splendid account of this experiment, the proprietor could not do so; he writes by the most learned man, on the subject, but it will be sufficient here to say to request a paragraph extracted from the Philadelphia Gazette and Daily Advertiser, (Dec. 18, 1860) is as follows:

"This astonishing production was discovered about 12 months ago in Paris, by the present proprietor, and there exerted and resisted the most elaborate enquiry of numerous philosophical gentlemen. In this city we are informed it has already drawn the attention of several members of the philosophical society; but hitherto no correct picture has been formed as to the agency by which the effect is produced."

Though it is deemed, that what has already been said, is enough to excite the curious and learned, yet it is further added, that the author of this discovery is a father of a family, cast by the late St. Domingo events, into distress, and left with no other hopes, but the exhibition again of his invention, which he offers with great regret and solicits public patronage from philantropic and benevolent Americans.

Prof. J. E. Fox, in a lecture, one every day in the week, (Sundays excepted) from 9 o'clock in the morning until 12 and from 5 till 9 in the evening at the place mentioned above. \* Price of a ticket, for grown persons, half a dollar—children half price. July 19 d
