American Printed Goods. CALICOES, SHAWLS and POCKET HANDKERCHIEFS manufactured by the subscribers near this city, are offered to the

dealers in those articles, at No. 13, Calvertstreet, two doors above Lovely lane. Their assortment is yet small, but growingand it was not-thought well to decline advertising the public on that account, at a period when so many traders from the country visit the city. to make their usual purchases; and who may, before another season, be informed of the comparative merit and prices of their goods, with

those imported. The Messrs. Lannays who conduct the printing mork, have been regularly bred to the business under their sather, who held, if not the largest; one of the best esteemed factories formerly in France ; and they have for several years owned and managed one for themselves. From their knowledge of the business, as generally done in Europe, they feel warranted in saying, that work of the like kind shall be as well executed here as there-The colors capable of being fixed, will be found as permanent, and cqual in other respects. The quality of the goods they hope will recommend them, and trust they will be found cheaper than the imported.

To counteract a prejudice and distrust often existing against new undertakings, and sometimes cherished by men who can feel a national as well as an individual interest to defeat them. they have enlarged more than was desirable or necessary in a simple advertisement. M'CULLOCH & L'ANNAYS.
