American Printed Goods.

CALICOES, SHAWLS and POCKET HANDKERCHIEFS manufactured by the subscribers near this city, are offered to the dealers in those articles, at No. 13, Calvert-street, two doors above Lovely Lane. Their assortment is yet small, but growing—and it was not thought well to decline advertising the public on that account, at a period when so many traders from the country visit the city, to make their usual purchases; and who may, before another season, be informed of the comparative merit and prices of their goods, with those imported. The Messrs. Lannays who conduct the printing work, have been regularly bred to the business under their father, who held, if not the largest, one of the best establisments in France; and they have for several years owned and managed one for themselves. From their knowledge of the business, as generally done in Europe, they feel warranted in saying, that work of the like kind shall be as well executed here as there. The colors capable of being fixed, will be found as permanent, and equal in other respects. The quality of the goods they hope will recommend them, and trust they will be found cheaper than the imported. To counteract a prejudice and distrust often existing against new undertakings, and sometimes cherished by men who are not a national as well as an individual interest to defeat them, they have enlarged more than was desirable or necessary in a simple advertisement. M'GILLOUGH & LANNAYS, No. 13, Calvert-street. Two of three boys will be taken as apprentices to the Calico printing business. June 2

VENEREAL COMPLAINTS

A S Dr. WARD'S practice has
A very extensive both in public and
private, daily experience convinces him of the
propriety of his method of removing
venereal disease, in preference to any medicine
vended or known in Baltimore. He has
removed the most desperate cases with care and
dispatch, after the failure of some of the ablest
physicians both in Europe and America. Compli-
cations of the urinary passages, and debility
thereof, from various causes, and accidents,
removed in the shortest possible space of time.
—As there are persons from various causes
cannot personally apply, it may be necessary
to inform them, they may be relieved from a
description of their complaint.
Dr. W. warrants a cure in all cases. Masters
of vessels and travellers may have their medi-
cine so prepared that a safe, effectual and ex-
pedient cure may be effected, without the
least restriction in drink or diet.
