ANTI-BII ICUSTINCTURE & HEALTH-PRESERVING PILLS TOR preserving health in general, and especially for preventing the diseases of wa m comates and warm seasons, such as the cholera morbus, dysentery or flux and lax, sickness of the stomach and overflow of bile, ague and fever, bilious er rellow fever, liver complaints, bilious pleurisy, lillious head ache, and jaundice or yel-

lowress of the skin and eyes. I is here asserted with confidence, and without the least scar of a contradiction, by the use of there medicines, that they are the best remedies for caring as well as preventing, bilious complaints of all kinds. A detail of many cases might be given to prove this assertion, but the following, which are taken from real tacks, it is Gidem Lennison, des exten. 2. a will be solis, or

hoped will be sufficient: E. M had been afflisted with a bilious complaint fix years, so that every summer he was ion ed to take large doses of mercury, or else be emained to his beat. By the remedies here recommended he has been restored to a good state. of health during the summer and fall. The ague and f ver with which he was formerly affected

very fren har entirely left him. F M. was afficied with jaundice or bilious will owners, and was perfectly a lieved in ludays y the same means.

G A had reen for a long time subject to in a ace and talious tever in the hig es degree. ! sur intra deves were viry veliew, and rewas much swelled in the bo v. He had tried many remedie recommende by physici ne and others, but without any benefit. He was, however, soon cured by the remedies given in the above C3'65.

i. 'a' had been for a long time afficied with a Lilious complaint. He had appled to ellerent physicians, and had taken the usual remedies recon mended in such cases. He also took a journey to the springs. All, however, were useless. By the same remedies taken by the chove mentioned patients he was completely relieved in four days.

M. P a roung lady, was affected for a long time with a bilious yellowress of the akin and whites of the eyes with other particular complaints. (for which the Tincture is a certain remedy) She had consulted a physician and had taken many remedies in vain, but was complicely relieved by the same medicines as the above. S. P another young lady, in the same con-

dition, was cured in the same manner - B. S. had been subject to bilious complaints for a long time, and had taken the medecines generally recommended in such cases to no purpos, but was restored to health in a short time by the above mintioned remedies.

B. B. was affected with a bilious fever in a vir lent degree. He had severe pains in his head, back and imbs, with a sick stomach and yellown ss of the skin and eyes, attended with a high fever. He took a tea spoonful of the tincluse every hou or half hour until better, and then every two hours, together with the pills, and in very few ays was entirely restored to health.

The Anti-Bilious To: Aure and Pills have been taken by many in this city with the greatest berefit that could be exteded, to whom reserenc for further satisfaction may be made if necessary. On the Eastern-store of this state, so far famed for bilious complaints, the reputation of these medicines is established upon the most solid foundation. The inventor of them has not jet known of a single instance in which they have not been taken with all the advantage which could be exzeded. Every day they are coming more in demand, while their credit is increasing in the same degree. Neither the tincture nor pills contain any mercury, or any dangerous mean dicine whatever; they are composed of simples entirely, and are perfectly innocent. These medicines are found, when taken for the prevention of summer and fall diseases, towarry off the bi'e in as gradual manner as it increases, and thereby hinder its coming to excess. When taken for the cure of bilious diseases, they carry the bile away very speedily, but without any Inconvenience; increase the strength of the stomach and occasion a good appetite, by which the patient is soon restored to health and spirits

The price of the tincture is one dollar by the bottle, and of the pills half a dollar by the box: wholesale purchasers are sup; lied with both at a dellar, which makes a generous allowance for Fetailing. Sold at No. 21, Fell's street, Fell's The inventor of these medicines recommends
