BALTIMORE SATURDAY, AUGUST 11, 1801.

Col. Joseph Hiester, representative n congress from the district composed of the counties of Lancaster, Chester and Berks, in Pennsylvania, declines being considered a candidate at the next general election.

It seems to be a principle with the French Emperor to remove, by one way or other, all his former revolutionary friends. The Republican spi-1 it is certainly not suited to a man who has just dissolved a republic. Bonaparte, therefore, has, it is reported ed, very consistently ordered Carnot, Sieyes, Ganat, Coulon, Gregoire, and Lanjaunats to reside on their respective estates in the country, until further orders; which will probably remove them altogether out of the country.

COMMERCIAL CORRESPONDENCE.

. Liverpool, June 14, 1804: Sugar, Muscovado, brown, 40 a 44s; Middling, 46 a 48; Good, 50 a 52; Fine, 54 a 56; Clayed, Tetes, 46 a 52; Terres, 60 a 64; Powders, 74 a 78,

There has been very little done in export sugar since our last, few orders for the article having been received from the continent; but the stock is inconsiderable, and if there were a moderate demand, any material reduction in prices is not apprehended:

Coffee, Triage, 114 a 126s; Ordinary, 134 a 148; Middling, 142 a 144; Good, 146 a 149; Fine, 154 a 156; Surinam, 122 a 145.

In the course of the last month there was a pretty brisk demand, at advanced prices; but just of late the continental orders have not been so extensive, and the article has again rather declined, and some further reduction may probably be experienced, when the recent importations can be brought forward into the market.
