**Land for Sale.**  
A PART of that very valuable tract of LAND, formerly the property and residence of John Mercer Porter, deceased—situated in Baltimore county, in Back river neck, and about 14 miles from the city—containing 249 acres of strong fertile land, a great part of which is in a high state of cultivation; 14 acres in excellent timothy meadow, and about 20 acres more may be added at a very small expense.—The improvements are a wood, lately erected, and such as would suit for farm houses.—The part in wood, which is at least equal to the support of the place, abounds in lofty white oaks, interspersed with hickory. This property will be sold part for cash, and part for credit, or bartered for approved property in the city of Baltimore. It is presumed a purchaser will view the premises, therefore it is unnecessary to give any further description of them. Peregrine Porter, adjacent to the premises, will show them, and treat for the sale thereof—or, if more convenient to purchasers, apply to

**100 Dollars Reward.**  
RAN away from the subscriber on the 23d of February last a Negro lad named JIM, 19 years of age, 5 feet 6 or 7 inches high, square built, black brown complexion, a small scar under one of his eyes and had one on each cheek, the white of his eyes are mixed with a yellowish red, and a good countenance; he has a hurt in one of his legs which is not perceivable unless he walks back. His dress when he went away was a blue baize outside jacket lined with green, longer than common—a blue inside ditto half worn, a grey farnought pair of breeches, a coarse shirt, white yarn stockings and two pair of shoes. He is an artful villain and will change both name and dress, and will endeavor (through the means of his father who lives on Fell's Point) to pass for a free man and no doubt will enter on board some vessel as such. This is the 5th time he has run off—He ran away the 3d of January 1861, and was caught in York county, Pennsylvania, and lodged in Little York jail. If he is taken up in Maryland, I will pay fifty dollars and reasonable expenses if brought and delivered to me—in any other state the above reward, and all reasonable expenses on his being delivered to  
Wm. STINSON.

**100 Dollars Reward**  
FOR apprehending negro ROBBIN, who ran away from Doney's Forge, near the city of Baltimore, on Wednesday the 1st ultimo, a very black fellow, about 30 years of age, 6 feet high, short curly hair, which he very seldom combs, rather of a thin visage, has a good set of teeth, broad shouldered and tapers gradually downwards: His right leg formerly has been very sore, and retains the scar on the shin bone. Indeed they have both been very sore; but the right much worse than the left. He is fond of strong drink, and after drinking is very apt to stammer or stutter when he speaks, though he speaks low and slow. He has been accustomed to working in the Forge, and is not a bad fireman, and can handle iron tolerably well. His clothing when he went away was, a country mixed felled cloth jacket, a pair of new ditto breeches, a pair blue felled stockings, osanbrig shirts, coarse shoes, and hat; but as he is a smart, artful fellow, he will probably change his dress and obtain a pass.  
I will give the above reward including what the law allows, for apprehending and securing said fellow, and reasonable expenses if brought to the subscriber.  
ALLEN DORSEY, Manager  
At Doney's Forge.

**Dr. MACE'S**  
ANTI-BILIOUS TINCTURE & HEALTH-PRESERVING PILLS.  
FOR preserving health in general, and especially for preventing the diseases of warm climates and warm seasons, such as the cholera morbus, dysentery or flux and lax, sickness of the stomach and overflow of bile, ague and fever, bilious yellow fever, liver complaints, bilious pleurisy, bilious head-ache, and jaundice or yellowness of the skin and eyes.  
It is here asserted with confidence, and without the least fear of contradiction, by the use of these medicines, that they are the best remedies for curing as well as preventing bilious complaints of all kinds. A detail of many cases might be given to prove this assertion; but the following, which are taken from real facts, it is hoped will be sufficient.  
E. M. had been afflicted with a bilious complaint six years, so that every summer he was forced to take large doses of mercury, or else he confined to his bed. By the remedies here recommended he has been restored to a good state of health during the summer and fall. The ague and fever with which he was formerly affected very often has entirely left him.  
F. M. was afflicted with jaundice or bilious yellowness, and was perfectly relieved in 10 days by the same means.  
G. A. had been for a long time subject to jaundice and bilious fever in the highest degree. His face and eyes were very yellow, and he was much swelled in the belly. He had tried many remedies recommended by physicians and others, but without any benefit. He was, however, soon cured by the remedies given in the above cases.  
L. T. had been for a long time afflicted with a bilious complaint. He had applied to different physicians, and had taken the usual remedies recommended in such cases. He also took a journey to the springs. All, however, were useless. The same remedies taken by the above mentioned patient he was completely relieved in four days.  
M. P. a young lady, was afflicted for a long time with a bilious yellowness of the skin and whites of the eyes, with other particular complaints, (for which the Tincture is a certain remedy.) She had consulted a physician and had taken many remedies in vain, but was completely relieved by the same medicines as the above.  
S. P. another young lady, in the same condition, was cured in the same manner.  
B. S. had been subject to bilious complaints for a long time, and had taken the medicines generally recommended in such cases to no purpose, but was restored to health in a short time by the above mentioned remedies.  
B. B. was afflicted with a bilious fever in a violent degree. He had severe pains in his head, back and limbs, with a sick stomach and yellowness of the skin and eyes, attended with a high fever. He took a tea spoonful of the tincture every hour or half hour until better, and then every two hours, together with the pills, and in very few days was entirely restored to health.

The Anti-Bilious Tincture and Pills have been taken by many in this city with the greatest benefit that could be expected, to whom reference for further satisfaction may be made if necessary. On the Eastern shore of this state, so far famed for bilious complaints, the reputation of these medicines is established upon the most solid foundation. The inventor of them has not yet known of a single instance in which they have not been taken with all the advantage which could be expected. Every day they are coming more in demand, while their credit is increasing in the same degree. Neither the tincture nor pills contain any mercury, or any dangerous medicine whatever; they are composed of simples entirely, and are perfectly innocent. These medicines are found, when taken for the prevention of summer and fall diseases, to carry off the bile in a gradual manner as it increases, and thereby hinder its coming to excess. When taken for the cure of bilious diseases, they carry the bile away very speedily, but without any inconvenience; and in case the strength of the stomach and occasional good appetite, by which the patient is soon restored to health and spirits.  
The price of the tincture is one dollar by the bottle, and of the pills half a dollar by the box; wholesale purchasers are supplied with both at a dollar, which makes a generous allowance for retailing. Sold at No. 21, Fell's-street, Fell's Point.  
The inventor of these medicines recommends them upon principles which he will not hesitate to avow upon a proper occasion. He detests a character of a Nestrum-monger, nor would he willingly give the block-doctor of Molier.

7290 Blanks. Sum raised 12,500

11000 tickets at 5 dols. Dollars 55,000  
Not two Blanks to a Prize.  
The above Lottery is intended to raise a sum of money, in addition to the liberal subscription heretofore obtained, for building the second Presbyterian Church in this city.  
The laudable purpose to which this money is to be applied, together with the advantages in a pecuniary view, which must appear obvious to adventurers, cannot fail to produce a ready sale of the tickets.  
It is expected the drawing will commence the first week in September, or sooner, if a sufficient number of tickets are disposed of. All Prizes in this Lottery will be paid, without deduction, in sixty days after the drawing is completed—Prizes not demanded within twelve months after the drawing is finished, will be considered as generously relinquished for the benefit of the church.  
Tickets, at five dollars each, to be had of the Managers.

**Merchants & owners of Vessels**  
GENERAL:  
AN Association having been formed by a number of master Ship-Carpenters, under the denomination of "The Baltimore Shipwrights" for the purpose of executing in the most expeditious and workmanlike manner any commands in the said line of business—they hereby solicit a share of public patronage, and inform that JAMES CORNWALL, their president, and JAMES WHEELER and WILLIAM DRUMMOND, superintendants, on Fell's Point, are prepared to receive all orders which merchants, captains or others may favor them with. They will for the present conduct their business, on the wharf occupied by J. Wheeler, adjoining Mr. Jno. Hollins's wharf, where they will always be provided with spare Spars and other outfits, to furnish at the shortest notice and on the most moderate terms.  
It is deemed expedient to notice, that all those persons forming this association, are masters of their business, and as they intend themselves principally, to give their personal application in executing work for their employers, it is confidently hoped, that on this score they will claim a preference from those who make it an object to have things done in a masterly manner.  
N. B. They have now on hand a sufficient quantity of well seasoned stuff for the building of several vessels.
