He tiek a tea spoinful ci the tindure every hour or half hour until better, and then every two hours, together with the pills, and in very few mays was entirely restored to health.

The Anti-Billion: Tindure and Pills have been taken by many in this cire with the greatest beneti: that could be ex; efted, to whom reference for further cansaction may be made if necessary. On the Easternesi orc of this state, so far famed for bilious complaints, the reputation of these medicines is established upon the most solid foundation. The inventor of them has not yet known of a single instance in which they have n t been taken with all the advantage which could be expected. Every day, they are coming more in demand, while their credit is increasing in the same degree. Neither the tincture nor polls contain any recreury, or any dangerous medicine whatever; they are composed of simples entirely, and are perfectly innocent. These medicines are found, when taken for the prevention of summer an! fall diseases, to carry off the b'e in a: gradual maener as it incicases, and thereby hinder its corring to excess. When taken for the cure of bilious diseases, they carry the bile away very speedily, but without any inconvenience; inclease the strength of the stnmuch and occasion a good apperite, by which the patient is soon restored to health and spirits.

The price of the tindure is one doi!ar by the bottle, and of the pills half a dollar by the box: wholesale purchasers are sup liedswith both at a dollar, which makes a generous allowance for retailing. Sold at No. 21, Fell's street, Fell's

The inventor of these medicines recommends them upon prisciples which he will not hesitate to avow upon a proper occasion. He detests a character of a Nestrum-menger, nor would be willingly ape the Mock-doctor of Molier. 2w8: 13w8: July 26.
