S. P. another young lade, in the same con-

rally recommended in turk cases to no purpose, above mentioned remedies.

B. B. was assected with a bilious sever in a i took tem up, is as fellows, viz : is requested to insert the above once a week for | violent degree. He had severe pains in his in aci, back and imbs, with a sick stomach and yellow. ness of the skin and eyes, attended with a high fever. He tock a tea spoonful of the tinciuie every hour or half nour until better, and then every two hours, together with the pills, and in a very few days was entirely restored to health.

> The Anti-Bilious Tincture and Pills have been taken by many in this city with the greatest benefit that could be expected, to whom reference | ing rich soil for further satisfaction may be made if necessary On the Eastern-shore of this state; so far famed for bilious complaints, the reputation of these medicines is established upon the most solid foundation. The inventor of them has not yet known of a single instance in which they have not been taken with all the advantage which could be expeded. Every day they are coming ! more in demand, while their credit is increasing ! in the same degree Neither the indure nor pills contain any mercury, or any dangerous medicine whatever; they are composed of simples entitely, and are perfectly innocent. These medicines are found, when taken for the prevention of summer and fall diseases, to carry off the hie in as gradual manner as it increases, and thereby hinder it's coming to excess. When taken for the cure of bilious diseases, they earry the bile away very speedily, but without any inconvenience; increase the strength of the stomach and occasion a good apperite, by which the patient is soon restored to health and spirits.

The price of the tincture is one dollar by the bottle, and of the pills half a dollar by the box: wholesale purchasers are sup; liedfwith both at a dollar, which makes a generous allowance for N. B. All masters of vessels are warned not attailing. Sold by the inventor on the Point, Waste No. 21, Fell's street, and in town by George Baily, druggist, No. 63, Market-street, and no where else in this city.

The inventor of these medicines recommends them upon principles which he will not hesitate character of a Nestrum-monger, nor would be July 26. 2w8: law8t.
