June 23 1aw

This Day Published,
By SAMUEL BUTLER,
At the corner of Market and Charles-streets,
Price 1 dollar neatly bound and lettered,
Ferdinand & Elmira.
Printed from the original manuscript of an A-
merican lady, author of 'Dorval,' 'Julia and
the Baron,' and 'Amalia.'
The writer of this instructive and amusing
work, has heretofore published the effusions of
her pen in New England, and there (where the
flights of fancy, as if chilled by the rigidity of
the north, are not received with that friendly
welcome which they experience in the more ge-
neral climate of the south and middle states) com-
manded that applause, which genius and fancy
never fail of producing on those liberal and can-
did minds who will take the trouble to discrimi-
nate between the ordinary day-labor of the com-
mon English novelist, who works for a living the
same as any other mechanic, and has no other
end in view than to bring forth a fashionable
piece of goods, that will serve the moment and
remunerate himself; and the lady of refined sen-
timent and correct taste, who writes for the
amusement of herself, her friends and the public.
It contains upwards of three hundred pages,
is well printed on a new type and fine paper.
Also, just published as above,
INTERESTING ANECDOTES
OF THE
Heroic conduct of Women,
Previous to, and during the French revolution;
translated from the French of M. Du Broca,
and other modern writers of authenticity.
When it is considered that this work records
some of the most shining virtues of human na-
ture, such as constancy, fortitude, courage, affec-
tion, tenderness, love and patriotism, as well as
good sense and judgment, which have
been exhibited by females, and shews that the
Fair Sex, when exigency requires, are by no
means inferior in these virtues, and the several
of them superior to what in like cases would be
expected from the boasted lords of the creation—
it is reasonable to expect, that almost every
body of information will be happy in purchasing
a book so well calculated to demand the esteem of
every man, when attended by a judicious and
tasteful selection.
The present edition is enlarged by additional
anecdotes of about one-third more than the first
edition. Translation of Du Broca's Anecdotes, and
the addition of a fine cream colored paper, and
will sell at only one-half the price of the London
copy.
At the press, and with all convenient speed
will be published, the second part of the Bal-
timore Musical Miscellany, consisting of the most
approved songs set to music.
