The commissioners appointed to receive subscriptions for the FARMERS BANK of MARYLAND, for the city and county of Baltimore, met at the courthouse yesterday, agreeably to the articles of association. On closing the subscrip. tion for the day, it appeared that 354 shares were subscribed. From the known determination of several gentlemen to become the patrons of this institution, it is expected that the remainder will speedily be taken on opening the books this morning.

Extract of a letter from a British Merchant a. Leghorn, to his correspondent here, da. ted June 2, 1804.

"You will have heard I suppose of the arrest of all the English in this place-There is no doubt of the fact, but the truth of the matter is, the measure was never in ended by the commander in chief, and originated in a mistake occa-iened by two Corsicans pensioned by England, having in violation of their pa role, made their escape from hence -A memorial drawn up by the Merchants & sent through the medium of the Queen, to the commander in chief Jourdan, explained the natter, and finding that those who had been arrested in consequence of the escape of the other two were Merchants, and not as he supposed, military men, he immediately gave orders for their release, which we accordingly obtained the day before yesterday."
