Dr. MACE'S ANTI-BILIOUS TINCTURE & HEALTH

PRESERVING PHALS OR preserving health in general, and especially for preventing the diseases of warm climates and warm seasons, such as the cholera morbus, dysentery or flux and lax, sickness of the stomach and overflow of bile, ague and fever, biliaus er yellow sever, liver complaints, biliaus pleurisy, bilious head ache, and jaundice or yelcwiless of the skin and eyes.

It is here as erted with confidence, and with out the least fear of a contradiction, by the use of these medicines, that they are the best remedies for carring as well as preventing, bilious complaints of all kinds. A detail of many cases might be given to prove this assertion, but the fellowing, which are taken from real facts, it is oped will be sufficient:

E. M. ha i been afflisted with a bilious cemplaint six years, so that every summer he was forced to take large doses of mercury, or else be c usined to his bed. By the emedies here recommerded be has been res ned to a good state of health during the summer and fall. The ague and fever wich which he was torm rly aflected vervaften has entirmy leit him.

F M was iffl fled with jaundice or bilious yellowness, and was perfusily relieved in 10 days by the same means

G & had been for a long time subject to mys of the Irist Revolut miers, from the year | jan dice and bilieus fever in the highes begree-He face and eyes were v ry vellow, and e was much swelled in the bory. He had tried rany seme Seise commended by the cians and others, but without any binefit. He was, however, scon cura by the remedies given in the above cates.

I. T. had been for a long time afficted with a bilious complaint. He had applied to different thy sicians, and had taken the usual remedies recon mended in such cases. He also took a jurney to the springs. All, however, were meless. By the same remedies taken by the above mentioned patients he was completely relieved in four days.

M P. a young lady, was affected for a long time with a bilious yellowness of the skin and whites of the eyes, with other particular complaints, (for which the Tincture is a certain remedy) She had consulted a physician and had taken many remedies in vain, but was completely relieved by the same medicines as the above. S. P. another young lady, in the same condition, was cured in the same manner.

B S. had been subject to biliou: complaints sor a long time, and had taken the medeeines generally recommended in such cases to no purpose, but was restored to heal, h in a short time by the above mentioned remedies.

B. B. was affected with a bilious fever in a vi lent degree. He had severe pains in his headback and imbs, with a sick stemach and yellow, ness of the skin and eyes, attended with a high. fever. He took a tea spoonful of the tinctuie every hour or half hour until better, and then every two hours, together with the pills, and in a very few days was entirely restered to health.

The Anti-Bilieus Tindure and Pills have been taken by many in this city with the greatest benen: that could be ex; ected, to whom reserence for furtner satisfaction may be made if necessary On the Exstern s'orc of this state, so far famed for hilious complaints, the reputation of these medicines is established up in the most solid foundation. The inventor of them has not yet known of a single instance in which they have | Stock. not been taken with all the advantage which could be exteded. Every day they are coming more in demand, while their credit is increasing in the same degree . Neither the tindure nor pilis contain any mercury, or any dangerous medicine whatever; they are composed of simples enti ely, and are persectly innocent. These medicines are found, when taken for the prevention of summer and fall diseases, to carry off the bile in as gradual manner as, it increases, and thereby hinder its coming to excess. When taken for the cure of bilious diseases, they carry the bile away very speedily, but without any inconvenience; increase the strength of the sto mach and occasion a good appetite, by which the patient is soon restored to health and spirits

The price of the tine ture is one dollar by the bottle, and of the pills half a dollar by the box: wholesale purchasers are supplied with both at a dollar, which makes a generous allowance fo retailing. Sold by the inventor on the Point, No. 21, Fell's street, and in sown by George Baily, druggist, No, 68, Market-street, and no where else in this city.

The inventor of these medicines recommends them upon principles which he will not hevitate to avow upon a proper occasion. He detesta a willingly apethe Mock-doctor of Molier July 26. 2w8: 12w8t.
