AN Association having been formed by a number of master Ship-Carpenters, under the denomination of "The Baltimore Ship-Wrights," for the purpose of executing in the most expeditious and workmanlike manner any commands in the said line of business—they hereby solicit a share of public patronage, and inform that JAMES CONRADY, their president, and JAMES WOODEN and WILLIAM DRUMMOND, superintendants, on Fell's Point, are prepared to receive all orders which merchants, captains or others may favor them with. It is deemed expedient to notice, that all the persons forming this association are masters of their business, and as they intend themselves, principally, to give their personal application in executing work for their employers, it is fully hoped, that on this score they will claim a preference from those who make it an object to have things done in a masterly manner. N. B. They have now on hand a sufficient quantity of well seasoned stuff for the building of several vessels. June 20

Dr. MACE'S

ANTI-BILIOUS TINCTURE & HEALTH-PRESERVING PILLS.

FOR preserving health in general, and especially for preventing the diseases of warm climates and warm seasons, such as the cholera morbus, dysentery, or flux and diarrhoea, sickness of the stomach and overflow of bile, ague and fever, bilious or yellow fever, liver complaints, bilious pleurisy, bilious head-ache, and jaundice or yellowness of the skin and eyes. It is here asserted with confidence, and without the least fear of contradiction, by the use of these medicines, that they are the best remedies for curing as well as preventing, bilious complaints of all kinds. A detail of many cases might be given to prove this assertion, but the following, which are taken from real facts, it is hoped will be sufficient. E. M. had been afflicted with a bilious complaint six years, so that every summer he was forced to take large doses of mercury, or other confined to his bed. By the medicines here recommended he has been restored to a good state of health during the summer and fall. The ages and fever with which he was formerly afflicted very often has entirely left him. F. M. was afflicted with jaundice or billi- yellowness, and was perfectly relieved in 10 days by the same means. G. A. had been for a long time subject to jaundice and bilious fever in the highest degree. His face and eyes were very yellow, and he was much swollen in the body. He had tried many remedies recommended by physicians and others, but without any benefit. He was, however, so cured by the medicines given in the above cases. L. T. had been for a long time afflicted with a bilious complaint. He had applied to different physicians, and had taken the usual medicines recommended in such cases. He took a journey to the springs, but, however, was useless. By the same medicines taken by the above mentioned patients he was completely relieved in four days. M. P. a young lady, was afflicted for a long time with a bilious yellowness of the skin, and a whitening of the eyes, with other painful complaints, (of which the Tincture is a certain remedy.) She had consulted a physician and had taken many remedies in vain, but was completely relieved by the same medicines as the above. S. P. another young lady, in the same condition, was cured in the same manner. B. S. had been subject to bilious complaints for a long time, and had taken the medicines generally recommended in such cases, to no purpose, but was restored to health in a short time by the above mentioned remedies. B. B. was afflicted with a bilious fever in a violent degree. He had severe pains in his back and limbs, with a sick stomach, and a yellowness of the skin and eyes, attended with a high fever. He took a tea spoonful of the tincture every hour or half an hour until better, and then every two hours, together with the pills, and in a very few days was entirely restored to health.

The Anti-Bilious Tincture and Pills have been taken by many in this city, with the greatest benefit that could be expected, to whom a reference for further satisfaction may be made if necessary. On the Eastern shore of this State, so far inland for bilious complaints, the reputation of these medicines is established upon the most solid foundation. The inventor, if there has not yet known of a single instance in which they have not been taken with all the advantage which could be expected. Every day they are coming more in demand, while their credit is increasing in the same degree. Neither the tincture nor pills contain any mercury, or any dangerous medicine whatever; they are composed of simples entirely, and are perfectly innocent. These medicines are found, when taken for the prevention of summer and fall diseases, to operate all the time in a gradual manner as it increases, and they hinder its coming to excess. When taken for the cure of bilious diseases, they carry the bile away very speedily, but without any inconvenience; increase the strength of the stomach and occasion a good appetite, by which the patient is soon restored to health and spirits. The price of the tincture is one dollar by the bottle, and of the pills half a dollar by the box; wholesale purchasers are supplied with both at a dollar, which makes a generous allowance for retailing. Sold by the inventor on the Point, No. 21, Fell's street, and in town by George Baily, druggist, No. 68, Market-street, and no where else in this city. The inventor of these medicines recommends them upon principles which he will not hesitate to avow upon a proper occasion. He deprecates a charade of a Nostrum-monger, nor would he willingly see the Stock-doctor of Molier.
