N. B. This is to notify all American Masters, that trade to Turks Island, in case of any difficulty, such as being cast away, that Col. Murray has issued a Proclamation, that no master or merchant of any vessel, shall act as agent for his owners or underwriters, as he has taken the business of every stranded vessel into his own hands. As our vessels were cast away, we applyed to the Governor to know how to proceed, whe- | phiather we might sell what was saved, or appoint an Agent to do it. The governor replied, that he should protest against us, if we sold an article, and tank the business out of our hands, and refused to let us manage our own business, as he had aiready contracted with the inhabitants to get off two of the stranded vessels for 800 dollars each. Whether they succeed or not, it is against the wish of the Captains of said vessels, as they had laboured a number of days to no purpose-
